France Enters Space Race By Orbiting First Satellite

Launched From Algeria

COMBINED AP & UPI

PARIS (UPI) — France today fired into orbit its first satellite, a simple 83.7-pound capsule launched by rocket. The feat put France in the space age along with the United States and the Soviet Union.

President Charles de Gaulle, personally drafted a communique announcing the event and congratulated the scientists and technicians involved.

De Gaulle hailed the achievement as a prelude to France's participation in the conquest of space.

The official announcement said a three-stage, 18-ton Diamond rocket—the rocket designed to deliver France's atomic bomb—took aloft and placed the A1 space capsule into orbit at 3:47 p.m. from the Algerian Sahara launch site.

Scientists had hoped to launch it Monday — De Gaulle's 75th birthday—but ran into technical difficulties and desert sandstorms.

France already has manufactured an atomic bomb and hopes to test its first hydrogen bomb soon in the Pacific Ocean.

The satellite was first the French have tried to launch.

The rocket, with a thrust of about 28 tons, lofted the A1 into an orbit whose apogee is 1,100 miles and whose perigee is 315 miles.

Two Nuclear Ships Cruise Off Viet Nam

SAIGON (UPI) —The first nuclear powered U.S. Navy ships assigned to the Viet Nam war moved into combat stations off the coast of Viet Nam today. They are the carrier Enterprise, the largest ship afloat, and the guided-missile frigate Bainbridge.

While the Navy threw more muscle into the ever-growing American might, B-52 strategic bombers from Guam today struck enemy targets in Binh Tuy Province, 75 miles northeast of Saigon where U.S., Vietnamese and Australian troops were trying to prevent a vast rice harvest from falling into Viet Cong hands.

The campaign by the "several thousand" allied troops was in the fifth day of a probe through the Communist-dominated area, but there have been no reports of fighting. In the past villagers in the area have had to turn over their rice to the Viet Cong.

U.S. military sources said the harvest of about 3,400 tons of rice would be enough to feed several Viet Cong divisions for a year if it should fall into enemy hands.

California, As Always, Leads Traffic Deaths

SAN FRANCISCO (UPI)—California motorists once again led the nation in holiday traffic fatalities today in the second day of a rainy four-day Thanksgiving period.

A United Press International count showed a total of 19 traffic deaths in the state, with 13 in Northern California and six in the south.

A United Press International count showed at least 205 persons killed in traffic accidents nationwide since the start of the four-day holiday weekend.

The breakdown: traffic, 205; fires, 31; planes, 4; miscellaneous, 27, for a total of 267 deaths.

The holiday period, marred by bad weather in many parts of the state, began at 6 p.m. Wednesday. Law enforcement officials predicted a continued high fatality count because of wet roads and poor driving conditions.

Texas reported 16 dead in traffic and New York state counted four.

One of the worst accidents reported was the collision at Wichita, Kan., of two cars, one of which was pursued by police for speeding early yesterday. Five persons were killed and three were injured.

An explosion and fire at a Keokuk, Iowa, armory on Thanksgiving Eve killed seven persons when the roof collapsed on a roomful of square dancers.

Three children burned to death in a fire in a house trailer at Norfolk, Va., and three persons

McNamara To London, Viet Nam

Nuclear Weapon Spread, Strategy Conferences Set

COMBINED AP & UPI

LONDON — Robert S. McNamara, U.S. secretary of defense, talked over European defense and nuclear problems at luncheon today with Prime Minister Harold Wilson and top figures of the British government.

McNamara will hasten to Paris later in the day and then travel to Viet Nam.

Among other things, McNamara is in England to investigate the prospects for reaching agreements with the Russians to halt the spread of nuclear weapons without antagonizing the West Germans.

McNamara arrived here from Washington early today. In Paris he will attend the meeting tomorrow of NATO defense ministers.

Informed sources said talks at today's luncheon at No. 10 Downing Street were in the context of European defense and stopping dissemination of nuclear weapons and did not apparently deal with Britain's own defense review.

McNamara was accompanied by Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, Undersecretary of State George W. Ball and John T. Naughton, the assistant secretary of state for international security affairs. Before lunching with Wilson, McNamara met Foreign Secretary Michael Stewart and Defense Minister Denis Healy.

McNamara and his party arrived at London airport shortly before the West German Defense Minister Kai-Uwe Von Hassel, was due to depart for Paris. He has been having talks with Healey and Fred Mulley, deputy secretary for defense and minister of defense for the army.

American sources said McNamara and his team hoped to discuss some of the current issues in the North Atlantic Treaty Organization, including the ways in which both the United States and Britain would contribute to strengthening the alliance cooperation in the field of nuclear policy.

Before leaving Washington, McNamara told newsmen, "You can expect increasing emphasis" on the bombing operations against the North Vietnamese infiltration routes in South Viet Nam.

Americans In Paris Urge Peace Talks

PARIS (AP)—More than 200 Americans in Paris, led by Jean Davidson, son of the late sculptor Jo Davidson, today joined in urging a negotiated end to the war in Viet Nam.

The group presented a petition to a U.S. embassy official for forwarding to Washington.

COMFORT TO THE VIET CONG?

Communist Korean authorities might think the United States Army and Navy have declared war on each other and dropped their fighting with the Viet Cong and North Vietnamese, to judge by the sign sported today by the submarine Grouper off Norfolk, Va. But, it's just "big game fever" before tomorrow's annual football clash between West Point and Annapolis. Presumably, the Army has an amphibious tank all primed to take care of the sub. Supervisor Suggests Park As Memorial To Stevenson

A memorial park in Marin for the late Adlai Stevenson was proposed today by County Supervisor Ernest N. Kettenhofen.

Kettenhofen, in a letter to fellow supervisors, said there are ranch properties in southwest Marin of sufficient grandeur to provide a fitting memorial to the statesman.

The supervisor called for a world-wide campaign to raise funds for purchase of the property, which could be called "The Adlai Stevenson Memorial International Park."

Kettenhofen mentioned the Brazil Ranch as an example of what he has in mind. This land is owned by a group headed by Stevenson's son, John Fell Stevenson.

The Brazil Ranch has been eyed by the state for addition to Mount Tamalpais State Park, and also eyed by Nature Conservancy for preservation as open space.

Kettenhofen suggested that Nature Conservancy could serve as trustee in the worldwide drive for funds.

The supervisor said he does not want to single out any parcel at this time, but the Brazil Ranch is the largest single holding in the area. It was purchased by John Fell Stevenson and his associates with an eye to future development.

More Winds, Less Water Due Marin

After light overnight rain, gray clouds are expected to show their silver linings over Marin County tomorrow and give way to fairer weather, the U.S. Weather Bureau predicted today.

Winds of up to 25 miles an hour will combine with temperatures in the middle 50's to give the area an improved if somewhat gloomy weekend outlook.

Outdoor types will find sailing a little too rough for light craft in the Bay, but skiing conditions are reported as ideal in the Sierra, with more snow predicted tomorrow.

Snow level in the Yosemite region had dropped from 5,500 feet to 1,900 feet yesterday. Chains are required on Highways 50 and 80 in the Sierra.

Highest rainfall reading in the 24 hours to 8 a.m. today in Marin was .36 of an inch in Tamalpais Valley.

Other figures included: San Rafael .08, Sausalito .28, Mill Valley .20, Santa Venetia .18, Point Reyes Station .14, Woodacre .14, and Novato .03.

Probers Seek Source Of Gas In Armory

KEOKUK, Iowa (AP) — Officials agree that seeping gas ripped apart a National Guard armory in a fiery explosion killing seven people — but they don't know how it got into the building or what touched it off.

The blast turned a lighthearted Thanksgiving Eve square dance into a nightmare of death and pain. A survivor said it was "like a bomb going off."

Forty-four persons were hospitalized with burns and about 30 of them were in critical condition.

The victims were attending the weekly meeting of the Swing Ezy Club, a square dance group with most of its members from Keokuk and surrounding communities in Iowa, Illinois and Missouri.

Iowa Adjutant General Junior Miller and State Fire Marshal Wilbur Johnson explored the wrecked building yesterday.

They said they agreed with local officials that an accumulation of gas had burst the building with terrific force and searing heat.

An investigation is under way to determine how the gas leaked into the building and what set it off.

Sixty to 70 people were at the square dance when the blast tore the building apart Wednesday night. Most suffered burns and injuries.

Without warning, the violent explosion blew out the walls of the Armory and brought the roof crashing down on the dancers.

"It was a mass of human fire," said caller Kenny Anderson, a resident of Burlington. "I saw people screaming and timbers laying on top of some of them. One man was running through the wall all ablaze."

TURKEY FALL RESULTS IN CAR CRASH

Because of a falling turkey, a car was pushed over a bank yesterday in Sausalito.

Jean Claude Semeria told police at 4:50 p.m. that he was driving to his home at 34 Marie Street when a bag containing his turkey dinner fell over in the car against his foot.

Semeria reached down to straighten the bag. His car hit the parked car of Elvia Farnham in front of her home at 123 Girard Street. Miss Farnham's auto rolled down a bank, stopping in some bushes.

Police said there was minor damage to the left front fender of the Farnham car. The turkey was fine.

Courthouse Title Is Clear

Marin County Counsel Douglas J. Maloney said today that a check on the deed the county holds on the courthouse block in downtown San Rafael shows clear title.

Last Tuesday, when supervisors and San Rafael city councilmen held a joint session on the future of the property, Councilman Louis H. Baar reported he had heard from City Atty. David J. Menary that the title was in doubt.

Maloney said today he is having copies of the deed made, with a report of his title search, to be distributed to all interested.

Tornado Tops Southland's Woes

LOS ANGELES (UPI)—Southern California had a mixed-up Thanksgiving—a rare tornado, rain, snow, sunshine and below freezing temperatures.

About 2:30 p.m. yesterday a tornado whipped through the Los Angeles County Fairgrounds at Pomona. It narrowly missed 200 parked airplanes at Brackett Field and the tower had to warn three planes flying the area to get out of its path.

An extremely rare phenomenon in this area, the whirlwind leveled a 200-foot-wide swath at the fairgrounds, tossing 3-by-8-foot pieces of corrugated metal roofing 2,000 feet into the air, according to observers.

As evening progressed, the mercury slid to around the 30 degree mark in many fruit-growing communities around Los Angeles, sending growers scurrying for smudge pots to protect their crops.

In the San Jacinto Mountains above the desert resort of Palm Springs, more than 8 inches of snow fell on the Palm Springs Aerial Tramway.

Workmen throughout the region labored during the holiday to clear away mud and debris and restore utility service to areas that were hit hardest by the recent storm.

Lynda Bird Dates Film Star

JOHNSON CITY, Tex. (UPI)—Lynda Bird Johnson and Hollywood star George Hamilton IV star of the TV show "Shindig," were a chaperoned twosome at Acapulco, Mexico, today while her sister Luci and boy friend Patrick J. Nugent spent a farewell weekend at the LBJ ranch.

Lynda Bird

The White House said that the President's elder daughter, black-haired, brown-eyed Lynda, flew to Acapulco yesterday with Mr. and Mrs. Earl Deathe of Austin, Tex., long time friends of the Johnsons.

Informed sources said that Lynda, 21, was invited by Hamilton to spend the holiday weekend with him and several other guests at the plush Mexican resort, during a film festival.

Hamilton

Lynda spent only a few hours on the holiday with Luci, 18, who had flown to Texas with Nugent, 22, of Waukegan, Ill., who is being drafted.

Heiress Reportedly Located

CARACAS (UPI) — A woman believed to be 17-year-old Anna Maria Hitz, missing heiress to a $10-million Swiss coffee fortune, turned up here Thursday—married and the mother of a 24-day-old daughter.

Anna Maria

She said she was the wife of Ulrich Bierschenk, a 25-year-old Polish-born German with whom Miss Hitz was traveling when she dropped out of sight in California last month. The date of their marriage was not known.

The heiress' whereabouts became a matter of speculation when her mother, Anna Spring-Hitz of Washington, reported her missing this month. Mrs. Spring-Hitz said she feared her daughter might have been "kidnaped" by relatives of the late Swiss coffee magnate Othmar J. Hitz, from whom she was divorced several years ago.

Mrs. Hitz

Mrs. Bierschenk said she has cabled her mother to let her know that "I am happy, married and have a baby daughter," and to ask her to "leave me in peace."

In Washington, Mrs. Spring-Hitz said she had received no word from her daughter. Until she did, she said, she would continue to worry about Anna Maria's welfare.

AND NOW, TORNADO — Debris, including a spare tire blown from a truck, litters the "fun zone" of Los Angeles County Fairgrounds at Pomona after the area was struck yesterday by a tornado, almost unheard of in California, but regarded by some residents as about the only weather phenomenon that hadn't already taken a swipe at the flood-plagued southland in the last week. U.S. Refuses To Halt Tests Underground

UNITED NATIONS, N.Y. (AP)—The United States Thursday rejected an appeal by 34 non-nuclear nations to suspend all underground tests of nuclear weapons without requiring on-site inspections.

"A moratorium on underground testing is unacceptable to the United States," said U.S. disarmament negotiator William C. Foster, addressing the U.N. General Assembly's main political committee.

He called instead for a permanent agreement in the form of a comprehensive test-ban treaty. He said such a treaty must involve "some on-site inspection" to distinguish illegal underground tests from earthquakes.

As a signer of the 1963 Moscow test-ban treaty, the United States is obligated not to test nuclear weapons in the air, in space and under water, but the treaty does not outlaw tests underground.

A draft resolution sponsored Thursday by 34 U.N. members would have nuclear powers suspend all tests, including tests underground, until a comprehensive test-ban treaty with adequate safeguards can be worked out.

Foster noted that the Russians resumed testing Sept. 1, 1961, despite a voluntary moratorium on all nuclear tests that Britain, the United States and the Soviet Union had observed since Oct. 31, 1958.

LBJ's Plans Extended For Staying At Ranch

JOHNSON CITY, Tex. (UPI) —President Johnson may extend his Texas visit into December now that his meeting with West German Chancellor Ludwig Erhard has been put off until Dec. 19-21.

The Chief Executive has not set a date for returning to Washington and apparently hopes to soak up more sunshine to aid recuperation from his gall bladder operation last Oct. 8.

Weather at his LBJ Ranch has been unseasonally warm and he has sandwiched rides around the hills with work on his new budget, state-of-the-union message and other duties.

The White House announced yesterday the postponement in Erhard's visit to Texas was proposed by the West German leader. Administration sources said Erhard, reported to be suffering from influenza, wanted to recover fully before making the trans-Atlantic journey to the meeting that had been set for Dec. 2-3.

This delay, however, will give Johnson a chance to confer with British Prime Minister Harold Wilson on Dec. 17 before the talks with Erhard.

One key issue involving both European leaders will be the West German demand for a greater voice in control of nuclear weapons in NATO defenses.

Wilson also plans to take up the British moves to try again to bring peace to Viet Nam despite previous rebuffs by the Hanoi regime in the North.

There are unconfirmed reports that Pakistani President Mohamed Ayub Khan is coming to the United States in mid-December and hopes to see the President.

Shastri Meeting

India's Prime Minister Lal Bahadur Shastri is expected to arrive sometime in January for yet another top-level session with Johnson.

Senate Democratic Leader Mike Mansfield, who is on a world tour that already has taken him to Paris and Moscow for talks with French President Charles De Gaulle and Soviet Premier Alexei Kosygin, also plans to brief Johnson on his return.

Red Cross Donates To India, Pakistan

WASHINGTON (UPI)—The American Red Cross has sent $5,000 each to the Pakistan and Indian Red Cross societies to aid refugees from the Kashmir conflict.

In addition, the Red Cross said yesterday, $10,000 worth of children's clothing, to be divided equally, is also being made available to the Red Cross societies of the two nations.

Negro Jurors

MONTGOMERY, Ala. (AP)— A three-judge federal court opens a hearing today on a suit aimed at getting more Negroes listed on the jury rolls in Lowndes County, scene of two civil rights slayings this year. The Negroes who filed the suit, the Justice Department, and the Episcopal Society For Cultural and Racial Unity contend that only a fractional number of Negroes have been used on juries in the county, although 80 per cent of Lowndes County's population is Negro.

She Charges Groom Is Draft Dodger

SAN JOSE, Calif. (UPI) — Karen M. Wilson, 22, of Mountain View, Calif., has filed a complaint in Superior Court asking that her six-months marriage to Kenneth Wilson, 22, be annulled on grounds of fraud.

She charged her husband wed her only to dodge the draft. The couple was married last summer just before President Johnson withdrew draft exemptions for married men.

Peace March Rules Argued

WASHINGTON (UPI)—Organizers of tomorrow's "Peace March" on Washington protesting U.S. policy in Viet Nam are running into some roadblocks — not from the government but from some of the prospective marchers.

Representatives of a host of anti-war committees, mostly student groups, holding a four-day convention here in connection with the march, were sharply divided today as to just what its aims are.

"The tone mf the march will be affirmative and creative," says the call issued by the 40 sponsors. "There will be no civil disobedience."

Originally, they planned to ban use of signs and placards not prepared by the march committee. They felt this would keep the rally focused on its policy statement, which is that both sides are at fault, but that the United States should take the first step toward a cease-fire by ending its bombing of Communist North Viet Nam and suspending its steady military buildup.

Apparently, the other peace groups — ranging from the "Berkeley (Calif.) Viet Nam Day Committee" to the "Youth Against War and Fascism" — disagreed.

Havana May Host Afro-Asia Conference

LONDON (UPI) —A three-continent, 100-nation conference will open in Havana Jan. 3 to align Afro-Asian-Latin American strategy against worldwide "imperialism and colonialism in all its forms," official sources said today.

A preparatory committee in Prague which has been planning the meeting for some time gave the green light to the conference yesterday. It will be held in Havana from Jan. 3 to 10, the sources said.

The conference, which has strong Russian support and is to include also Communist China, may prove a substitute for the Afro-Asian conference which was to have taken place in Algiers earlier this month. The Algiers meeting was put off indefinitely because of Red Chinese opposition.

Peking apparently has been unable to block the Havana meeting where it may find itself in a delicate position of near isolation—unless it prefers to back out at the last minute.

The conference plans to draw up "a common program of action," although no details of its ultimate aims have so far emerged.

But among the plans which have become known is the idea of a joint program for a stepped-up struggle against "imperialism and colonialism in all their forms."

Another issue to be considered is a pledge of solidarity to North Viet Nam.

Further problems are to include disarmaent, economic cooperation among the emerging nations in the three continents and the fight against racial discrimination.

Some 100 nations from Africa, Asia and Latin America are expected to participate.

Youth Loses Hand Playing 'Chicken'

SAN FRANCISCO (UPI) — Fifteen-year-old Terry Suluga and a friend played "chicken" the other night by placing their hands on a railroad track to see who would pull away last as a train approached.

Terry won—but his courage cost him his left hand and all but the thumb and index finger of the right.

Egyptian Relations

CAIRO (AP)—President Gamal Abdel Nasser told the opening session of the National Assembly yesterday that American-Egyptian relations are determined by the official U.S. position in Israel. Nasser said Egypt feels extreme friendship for the Soviet Union and would like closer ties with Red China.

Tornado Tops Southland's Woes

LOS ANGELES (UPI)—Southern California had a mixed-up Thanksgiving—a rare tornado, rain, snow, sunshine and below freezing temperatures.

About 2:30 p.m. yesterday a tornado whipped through the Los Angeles County Fairgrounds at Pomona. It narrowly missed 200 parked airplanes at Brackett Field and the tower had to warn three planes flying the area to get out of its path.

An extremely rare phenomenon in this area, the whirlwind leveled a 200-foot-wide swath at the fairgrounds, tossing 3-by-8-foot pieces of corrugated metal roofing 2,000 feet into the air, according to observers.

Mother, Six Children In Motel On Welfare

Marin County's welfare department is trying to support a mother and six children staying at a San Rafael motel where the rent is $125 a week.

The family was living at the San Rafael Inn since last August when the welfare department (now called the department of public social service) came to its aid.

Under the county's assistance formula for families with dependent children, a total of $418 a month was provided. This was for the couple and six children, ages 3 to 14.

However, the father, disabled from a back injury, has recently left the family, and the aid could drop to $364 a month.

With the $418 a month, the wife has been unable to pay all the bills for the furnished rooms at the motel, but does pay about $200 a month, still far above the $80 allowed in the aid formula.

Eleanor Wight, social services supervisor, said today it is very unusual for welfare recipients to stay in a motel.

In this case, she said, the family was evicted from a former unfurnished apartment and the furniture was impounded.

The mother said today that it will take $295 to get her furniture back and some extra money to have it moved.

Beverly Wood, social worker in charge of the case, said she will see if the present landlord will give the family an additional break so money can be saved to free the furniture.

"One of our biggest problems in Marin is finding cheap rentals for large families," Mrs. Wight said.

It is technically not the department's responsibility to find homes for such recipients, she explained.

Each revolution of the satellite is to take one hour and 48 minutes.

An announcement relayed from the launching base at Hammaguir said, "everything is functioning normally."

France is the third nation to launch a satellite with its own rocket. The others are the United States and Russia.

Italy launched a spacecraft into orbit from Wallops Island, Va., last December. But the rocket was a U.S. Scout.

This country has launched one Canadian and two British satellites into orbit and will shortly launch a second Canadian spacecraft. It plans to launch 10 other foreign satellites under present programs.

Since the space age began, the United States has launched 342 payloads into earth orbit or on lunar or planetary missions. Of these 247 were fired by the Defense Department, the rest by the civilian National Aeronautics and Space Administration.

Russian has had 158 successful launches. This counts the 97th Cosmos satellite orbited today.

power thus far, supplies and men, including regular Vietnamese army units, continue to flow to the Communists in the south.

Newsweek magazine reported this week, without any official denial, that Westmoreland's air staff wanted to use the Air Force's big B-52 bombers on antiaircraft guns, missile sites and industrial targets in North Viet Nam. Thus far, Washington has restricted B-52s to bombing Viet Cong strongholds in the South and sent much lighter planes to do precision bombing in the North.

McNamara's last visit to Viet Nam, in July, set the stage for the huge build-up of American power ordered by Johnson. Next week's trip will be the seventh the defense secretary has made to Southeast Asia since 1962.

Bomb Blast Hits Rural Postman

OKLAHOMA CITY (AP) — Wayne Best, 41, an Oklahoma City postman, escaped serious injury today when a rural mail box exploded as he opened it to deposit a customer's mail.

Best, a 20-year veteran of the postal service, was treated for minor injuries and released.

Postal Inspector H. D. Cooper said the explosion apparently was caused by a homemade bomb.

Cooper said Best and the box owner are well liked "and we don't know why anyone would have done something like this."

Talk Of Tshombe Return To Post

LEOPOLDVILLE, the Congo (AP) — There was speculation today that Moise Tshombe may be called back to the government now that his rival, Joseph Kasavubu, has been ousted from the presidency in a bloodless coup.

Tshombe supporters hailed the coup by Lt. Gen. Joseph Mobutu, who declared himself president yesterday for the next five years.

Mobutu, the army commander, seized power from Kasavubu and ousted Kasavubu's handpicked premier, Evariste Kimba.

A friend of the West, Mobutu, apparently believed Kasavubu had swung away from a pro-Western policy.

India Rejects Pakistan Talks

NEW DELHI, India (AP) — Prime Minister Lal Bahadur Shastri said today talks in the Soviet Union with Pakistani President Mohammed Ayub Khan would be unreal with firing continuing across the India-Pakistan border.

He was commenting on Pakistani Foreign Minister Z. A. Bhutto's statement in Moscow yesterday that Pakistan had accepted Soviet Premier Alex N. Kosygin's offer for the talks at Tashkent and that they were likely to be held in December or January.

Shastri said the immediate need was to create the necessary peaceful atmosphere on the subcontinent.

Family Quarrel Results In Death

LOS ANGELES (AP)—A 29-year-old father of six was shot and killed, police said, after he threatened his wife and family and then was shot by police.

Ronald Colin was shot to death by one blast from police shotguns after he stepped onto the porch of his home and fired at officers Thursday.

Police said Colin's wife, Mary, and their six children, ages 1 to 11, fled down a ravine behind the house after Colin threatened them.

terday as fighting spread to the normally quiet part of South Viet Nam.

The torrid pace of war in recent days was tapering off and the U.S. command headquarters in the 2nd and 3rd Corps area said yesterday and today were the quietest days in November

The 7th Fleet destroyer Orleck hammered land targets in the 1st Corps area, firing 700 rounds at 19 different targets. They included Viet Cong assembly points and weapons emplacements.

In the air war against North Viet Nam, U.S. Navy and Air Force planes destroyed a communications site near Dien Bien Phu, bombed a group of 22 lighters further east, and dropped the span of a bridge 105 miles west of Hanoi, a U.S. spokesman reported.

Christmas Gifts Deadline Nears

Tuesday is the deadline for receiving names and donations for Christmas packages for Novato servicemen in Viet Nam, according to Mrs. Bea Carpenter, co-chairman of the Novato citizens committee formed to organize the good-will drive.

The committee has brought the deadline date forward from Dec. 5 because airlift of Christmas packages to Viet Nam will leave Hamilton Air Force Base Dec. 4.

Mrs. Carpenter said today she expects about 50 packages will be ready by Tuesday to send to the men fighting in the trouble spot.

New Clue Found In Cancer Cases

CHICAGO (UPI) — Doctors may be able to detect cancer in some patients by reading their palms.

Three members of the University of Oregon's Medical School staff said they discovered that cancer patients frequently had small horny growths called keratoses on the palms of their hands.

Drs. Richard L. Dobson, Marvin R. Young and Jeffery S. Pinto found that these growths appear four to five times as frequently in persons with cancerous tumors as in a comparable group without cancer.

Church, Bircher Home Targets Of Fire Bombs

SALEM, Ind. (AP)—Bottles of flaming liquid were thrown early today through a stained glass window of a rural Baptist church and against a second-floor window at the home of C. Rod Heinrich, Salem coordinator for the Birch Society.

Sheriff's Deputy Clyde Nichols Jr., said the damage in the church was limited to a burned table and a scorched section of flooring in the sanctuary and vestibule. The major loss, he said, would be the smashed stain glass window.

The Molotov cocktail thrown against the Heinrich residence in this southern Indiana city, 25 miles northwest of Louisville, Ky., bounced back from a window screen but broke two panes and set fire to two curtains.

Deputy Nichols said: "It looks like the same person or persons threw the fire bombs but we don't see any connection between the Birch Society organizer and the church."

Clerk Survives Robber's Bullet

LONG BEACH (AP)—A Long Beach liquor store clerk gave thanks "for being alive," after he was shot in the belt buckle during a robbery earlier in the day.

Denver Bundy, 67, said yesterday, "I have to be the most thankful man in town," after James M. McCarthy, 37, allegedly walked into the liquor store in which Bundy works, fired his 22-caliber revolver at close range, and fled taking $50.

The bullet, however, hit Bundy's belt buckle, glanced, and lodged in his shirt. McCarthy was arrested 20 minutes later, and booked on suspicion of robbery and assault with intent to commit murder.

Burglars Loot Home Of Jewel Salesman

SAN FRANCISCO (UPI)—Burglars broke into the home of a jeweler's representative last night and stole $35,000 worth of semiprecious stones, police reported today.

Dope, Theft Suspect Due In Court

Herman Joseph Sanchez, 20, charged with burglary and also being held for investigation of possession of marijuana, was to be arraigned this afternoon on the burglary charge.

Sanchez, of 5 West End Avenue, San Rafael, was arrested on a complaint charging him with the Nov. 9 burglary of an apartment house storeroom at 103 Ross Street, San Rafael.

Barbara Arrigni, manager, told police she entered the storeroom and found Sanchez holding several men's suits.

Officers said in a search of Sanchez during booking at County jail, 10 hand-rolled cigarettes —possibly containing marijuana —were found.

The contents have been taken to California Criminal Investigation and Identification Bureau in Sacramento for analysis, police said. Sanchez was held in lieu of $5,000 bail and on a hold order by California Youth Authority.

Queen's Official Still Defiant Of Rhodesia Order

SALISBURY, Rhodesia (AP) —Sir Humphrey Gibbs said today he intends to continue to be Britain's governor of Rhodesia and hopes to "provide a link which may provide a settlement of the present situation."

Prime Minister Ian Smith fired Gibbs as governor when he declared Rhodesia independent of Britain Nov. 11 and has since been trying to get him out of Government House.

"I intend to remain in Government House as the lawful governor of Rhodesia until such time as constitutional government is restored, which I very much hope will be soon," Gibbs said.

Gibbs, who said he was in good health, read a one-minute prepared statement to reporters from the step of Government House but would not answer questions.

Men Arrested In Postal Thefts

SAN FRANCISCO (UPI) — Even if they did it out of sympathy for overworked postmen around the holidays, nine men suspected of stealing five and a half bags of mail realized today it was against the law.

The sacks, which had disappeared over the past few months from a postal building here, were recovered Wednesday in a nearby abandoned warehouse.

Police arrested nine men in connection with the theft. One of the men, Jordan F. Bryant, 42, who lives in the warehouse, admitted taking two sacks from a postal truck, police said. He was charged with suspicion of grand theft, receiving stolen property and trespassing.

Also arrested and booked on possession of stolen property and trespassing were Stanley A. Petersen, 41; Joseph Jennings, 37, of San Francisco; and Daniel Curtin, 40; Edward Gardner, 55; William Hayward, 42; Dean Hibbert, 33; Frank Wells, 50, and Elvea Clemens, 33. The last six said they lived in the abandoned warehouse.

Andrade, a native of the Azores, died in a San Francisco hospital Wednesday after a long illness. He was 78.

He was a member of Wilkins Post of the American Legion in San Rafael.

Survivors are three brothers, Luiz, Joaquin and Victarinio Andrade.

Rev. Oscar Johnson Dies

OAKLAND (AP) — Dr. C. Oscar Johnson, 79, internationally known Baptist minister whose career covered 60 years, died Wednesday of leukemia.

Dr. Johnson was president of the 23-million Baptist World Alliance from 1947 to 1950. He was elected in Copenhagen and bowed out after presiding at the Cleveland convention.

He was the only Baptist to serve high offices in both the southern and northern conventions of the church. He was vice president of the Southern Baptist Convention which has headquarters in Nashville, Tenn. Later he was president of the Northern Baptist Convention, now called the American Baptist Convention with headquarters at Valley Forge, Pa.

For 27 years, until he retired in 1958, he was pastor of the Third Baptist Church at St. Louis. Partly in belated recognition of that service, the Religious Heritage of America Foundation at Washington, D.C. named him Clergyman of the Year 1961.

Until four years ago, he continued in active service as a teacher at the Baptist Divinity School in Berkeley. But he still filled speaking engagements as far away as Florida until a few months ago.

He is survived by his widow, Rose; a son, Dr. Ralph Johnson, former president of the divinity school at Berkeley and now a pastor at Everett, Wash., and a daughter, Miss Ruth Johnson, counselor in the school system at San Jose.

Funeral services will be held Monday at the First Baptist Church in Oakland.

Bakers Strike Affects Millions In London Area

LONDON (UPI)—Housewives shivering in freezing cold formed breadlines in London long before dawn today in an attempt to beat Britain's widespread breadless weekend.

A 48-hour bakers' strike for more pay affected an estimated 20 million persons in London, its surrounding counties, western England and parts of the midlands, including the big city of Manchester. Many of them will be without bread all weekend.

Shops in these areas served by members of the Wholesale and Multiple Bakers' Federation, which normally bakes three out of every four British loaves, were completely sold out of bread.

The strike by 10,000 bakers in the affected areas was the second walkout in a week to back demands for a 30 per cent wage increase and shorter hours.

WILLIAM MARLAND

CHICAGO (UPI) —William Casey Marland, the former West Virginia governor who became a taxi cab driver in his fight against alcoholism, died today at his suburban home.

The one-time political "boy wonder," who at 34 became his state's youngest governor, had been suffering from cancer of the pancreas. He was 47.

Marland dropped out of West Virginia politics six years ago because of an admitted drinking problem and began wheeling a cab around Chicago at $60 to $90 a week "to help me compose my character."

He lived anonymously in a YMCA while his wife and their four children lived in Barrington, Ill. After his story brought him nationwide attention, he was offered several jobs.

Last April, he was hired to help run the industrial empire of James F. Edwards, an admiring multi-millionaire. He had worked in an executive capacity at Waterford Park race track, Chester, W. Va.

Stirlen-Pieper funeral home in Barrington said Marland returned to his home in that village several days ago when his illness worsened. His widow was with him when he died, the funeral home said.

Mother, Six Children In Motel On Welfare

Marin County's welfare department is trying to support a mother and six children staying at a San Rafael motel where the rent is $125 a week.

The family was living at the San Rafael Inn since last August when the welfare department (now called the department of public social service) came to its aid.

Under the county's assistance formula for families with dependent children, a total of $418 a month was provided. This was for the couple and six children, ages 3 to 14.

However, the father, disabled from a back injury, has recently left the family, and the aid could drop to $364 a month.

With the $418 a month, the wife has been unable to pay all the bills for the furnished rooms at the motel, but does pay about $200 a month, still far above the $80 allowed in the aid formula.

Eleanor Wight, social services supervisor, said today it is very unusual for welfare recipients to stay in a motel.

In this case, she said, the family was evicted from a former unfurnished apartment and the furniture was impounded.

The mother said today that it will take $295 to get her furniture back and some extra money to have it moved.

Beverly Wood, social worker in charge of the case, said she will see if the present landlord will give the family an additional break so money can be saved to free the furniture.

"One of our biggest problems in Marin is finding cheap rentals for large families," Mrs. Wight said.

It is technically not the department's responsibility to find homes for such recipients, she explained.

Each revolution of the satellite is to take one hour and 48 minutes.

An announcement relayed from the launching base at Hammaguir said, "everything is functioning normally."

France is the third nation to launch a satellite with its own rocket. The others are the United States and Russia.

Italy launched a spacecraft into orbit from Wallops Island, Va., last December. But the rocket was a U.S. Scout.

This country has launched one Canadian and two British satellites into orbit and will shortly launch a second Canadian spacecraft. It plans to launch 10 other foreign satellites under present programs.

Since the space age began, the United States has launched 342 payloads into earth orbit or on lunar or planetary missions. Of these 247 were fired by the Defense Department, the rest by the civilian National Aeronautics and Space Administration.

Russian has had 158 successful launches. This counts the 97th Cosmos satellite orbited today.

power thus far, supplies and men, including regular Vietnamese army units, continue to flow to the Communists in the south.

Newsweek magazine reported this week, without any official denial, that Westmoreland's air staff wanted to use the Air Force's big B-52 bombers on antiaircraft guns, missile sites and industrial targets in North Viet Nam. Thus far, Washington has restricted B-52s to bombing Viet Cong strongholds in the South and sent much lighter planes to do precision bombing in the North.

McNamara's last visit to Viet Nam, in July, set the stage for the huge build-up of American power ordered by Johnson. Next week's trip will be the seventh the defense secretary has made to Southeast Asia since 1962.

Talk Of Tshombe Return To Post

LEOPOLDVILLE, the Congo (AP) — There was speculation today that Moise Tshombe may be called back to the government now that his rival, Joseph Kasavubu, has been ousted from the presidency in a bloodless coup.

Tshombe supporters hailed the coup by Lt. Gen. Joseph Mobutu, who declared himself president yesterday for the next five years.

Mobutu, the army commander, seized power from Kasavubu and ousted Kasavubu's handpicked premier, Evariste Kimba.

A friend of the West, Mobutu, apparently believed Kasavubu had swung away from a pro-Western policy.

Church, Bircher Home Targets Of Fire Bombs

SALEM, Ind. (AP)—Bottles of flaming liquid were thrown early today through a stained glass window of a rural Baptist church and against a second-floor window at the home of C. Rod Heinrich, Salem coordinator for the Birch Society.

Sheriff's Deputy Clyde Nichols Jr., said the damage in the church was limited to a burned table and a scorched section of flooring in the sanctuary and vestibule. The major loss, he said, would be the smashed stain glass window.

The Molotov cocktail thrown against the Heinrich residence in this southern Indiana city, 25 miles northwest of Louisville, Ky., bounced back from a window screen but broke two panes and set fire to two curtains.

Deputy Nichols said: "It looks like the same person or persons threw the fire bombs but we don't see any connection between the Birch Society organizer and the church."

The bullet, however, hit Bundy's belt buckle, glanced, and lodged in his shirt. McCarthy was arrested 20 minutes later, and booked on suspicion of robbery and assault with intent to commit murder.

Queen's Official Still Defiant Of Rhodesia Order

SALISBURY, Rhodesia (AP) —Sir Humphrey Gibbs said today he intends to continue to be Britain's governor of Rhodesia and hopes to "provide a link which may provide a settlement of the present situation."

Prime Minister Ian Smith fired Gibbs as governor when he declared Rhodesia independent of Britain Nov. 11 and has since been trying to get him out of Government House.

"I intend to remain in Government House as the lawful governor of Rhodesia until such time as constitutional government is restored, which I very much hope will be soon," Gibbs said.

Gibbs, who said he was in good health, read a one-minute prepared statement to reporters from the step of Government House but would not answer questions.

Men Arrested In Postal Thefts

SAN FRANCISCO (UPI) — Even if they did it out of sympathy for overworked postmen around the holidays, nine men suspected of stealing five and a half bags of mail realized today it was against the law.

The sacks, which had disappeared over the past few months from a postal building here, were recovered Wednesday in a nearby abandoned warehouse.

Police arrested nine men in connection with the theft. One of the men, Jordan F. Bryant, 42, who lives in the warehouse, admitted taking two sacks from a postal truck, police said. He was charged with suspicion of grand theft, receiving stolen property and trespassing.

Also arrested and booked on possession of stolen property and trespassing were Stanley A. Petersen, 41; Joseph Jennings, 37, of San Francisco; and Daniel Curtin, 40; Edward Gardner, 55; William Hayward, 42; Dean Hibbert, 33; Frank Wells, 50, and Elvea Clemens, 33. Why So Much Stress On Red Body Counts?

By JOHN T. WHEELER

SAIGON (AP)—How accurate are announced claims of Viet Cong killed in battle in Viet Nam?

Why are such figures as enemy body counts used at all?

These questions are being raised anew today in the wake of the bloody Ia Drang Valley battles.

The validity of Saigon and Washington announcements of the enemy dead has been questioned by both U. S. officers and correspondents in the field. In some cases in the past the counts have unquestionably been inaccurate, can be misleading.

Some U. S. officers warn that the statistics, even when accurate, can be misleading.

The loss of a town, the breakthrough of an opponent's defensive positions, the crossing of a key river defense line, the failure of a massive attack to carry—these were some of the guidelines in past wars.

In August, American troops had their first major engagements with the Viet Cong. Saigon demanded enemy body counts quickly to show how things had gone.

In the field, unit commanders counted the bodies in front of their positions and took estimates from squads and platoons of what they felt was accurate. The Viet Cong as always tried to recover as many bodies as possible, partly to prevent any hard government victory claims with photographic proof.

In many instances, estimates of spotter plane pilots on the results of air strikes and artillery bombardment were thrown into the "confirmed body count" figure.

In the Ia Drang fighting, U. S. unit commanders reported the pressure from Saigon for a body count was immense. U. S. casualties were by far the highest of the war. At no point did the Americans control the complete battlefield when they were being required to count bodies. To try to make an accurate count would have meant more Americans killed.

The actual confirmed body count was only a fraction of the 1,209 Saigon claimed. The situation was such that combat units made derisive jokes about the count submitted to headquarters.

In the field officers went to units demanding a "wag" count to give to Saigon. This meant a wild guess of the number of enemy killed based on bodies counted and on estimates by individual squads, platoons and companies. As the pressure from Saigon mounted the jargon was altered to "swag" count, meaning stupid wild guess.

North Viet Nam has shown it is willing to sacrifice large numbers of men like a heavy bettor at a roulette table who wants to make one big kill.

The kill ratio by U. S. command figures is just under three Communists to one Allied dead.

The French average was 2.5 to one in their favor. They lost the war when Ho Chi Minh's biggest bet paid off at Dien Bien Phu.

Three Children Die In Blaze

NORFOLK, Va. (AP) — A Thanksgiving morning fire swept through a trailer here leaving three small children dead when their mother stepped out for a moment's chat with a neighbor.

The victims, Audrey, 3; Annette, 1; and Pamela, 2 months, were the children of Mr. and Mrs. Joseph E. Kelman of Leicester, Mass. Kelman, a fire controlman with the Navy, was aboard ship when the fire erupted.

Mrs. Kelman saw the flames from a trailer nearby but was blocked by the heat from rescuing the children. She was hospitalized in shock.

Cause of the fire was not determined.

Novelist Dies

MONTREAL (AP) — Gwethalyn Graham, 52, Canadian author of two governor-general's award-winning novels, died yesterday. Miss Graham, who was born in Toronto Gwethalyn Graham Brown had been suffering from brain cancer. Her first novel, "Swiss Sonata," won the top award for Canadian fiction in 1938. Her second governor-general's award was in 1955 for her novel, "Earth and High Heaven."

Rebels Plan Santo Domingo Sabotage, Defector Says

WASHINGTON (AP) — A defector from the rebel forces in Santo Domingo says the group plans to assassinate U.S. Ambassador W. Tapley Bennett Jr., "sabotage the whole Dominican Republic" and take control of the country.

Juan Isidro Tapia, 24, said in testimony released today by the Senate Internal Security subcommittee that some bombings were carried out after a new government took office last September. The bombings, he said, had been planned early in the April revolution.

Tapia said he served the rebels as a commando captain and decided to defect when he became convinced the rebels ere not seeking a return to constitutional government, but Communist-style takeover of the country.

The plan to kill Bennett, he said, involves putting a time bomb in the ambassador's automobile. Rebel plotters, he added, have expert technicians — some of them trained in guerrilla camps of the Fidel Castro's Communist Cuba—to carry out such an assignment.

Rocket Testing Caused Quake?

HUNTSVILLE, Ala. (AP) — Space technicians are checking to see if reports of earth tremors in north Alabama could have been triggered by the testing of the Saturn 5 booster rocket.

National Aeronautics and Space Administration spokesmen said the 160-million horsepower booster was ground tested for its full flight duration of about 2½ minutes Wednesday at the Marshall Space Flight Center.

Within minutes after the testing was completed, reports of earth tremors poured into the Birmingham Weather Bureau about 100 miles away.

Lawmakers Predict 'Subtle' Effects From Redistricting

Changes in boundaries in state legislative districts will have a subtle effect on California politics, Assemblyman William T. Bagley, R-San Rafael, told a radio station KTIM audience today.

"I don't anticipate the rape of Northern California," he said. "Los Angeles won't steal our water or cut our redwood trees or even steal our highway money."

Instead, there will be a different "political establishment" running the state, the assemblyman predicted. Los Angeles powers will have more say on who runs for office, he predicted.

State Sen. John F. McCarthy, R-San Rafael, said he felt the main hope for a return of some measure of control to Northern California was the Dirksen Amendment defeated this year in the United States Congress. (The Dirksen Amendment would provide specifically that one house of a bicameral state legislature need not be districted on a basis of population).

The comments came as the two discussed state reapportionment on KTIM's "Sounding Board." The program, directed by Kitty Oppenheimer, will be rebroadcast by tape recording at 12:30 p.m. Sunday.

The two legislators reviewed the history of the redistricting, which was required after a United States Supreme Court decision saying that both houses of a bicameral state legislature must have districts based on population.

McCarthy said he disagreed with the decision, and hoped the Dirksen Amendment would be adopted by Congress next year.

Bagley, however, said that move would be too late, since three-fourths of the state legislatures would have to ratify the change, and most of them would have been reapportioned by then.

Many new legislators, he noted, might be voting themselves out of their new jobs by supporting the amendment.

McCarthy complained about his own new district, which now includes Napa and most of Solano county, noting it was not contiguous by land, but only by water. He said the State Supreme Court's proposal for a district including Napa and Sonoma counties would have been better.

Bagley claimed the new lines were drawn up by a computer which the Democrats had in a locked room.

Into that machine were poured not just population figures, he said, but such things as the number of persons with Spanish surnames in each precinct, and previous voting records.

McCarthy claimed his new district was probably aimed as a slap at him as a Republican leader and at State Sen. Luther Gibson, D-Vallejo, who has earned displeasure in his own party.

Bagley said he was unhappy that so many districts were made "safe" for one party or another.

On the question of big pension benefits offered outgoing legislators in a bill vetoed by Gov. Edmund G. Brown, Bagley said most legislators did not even know about the rider that had been attached to the bill in conference at the last minute.

Both Bagley and McCarthy said they opposed the pensions.

Killing Ruins Holiday For Kin, Police

NEW YORK (UPI) —The rap on the door came as the Thanksgiving dinner was simmering in the kitchen at Donald Buckley's apartment.

The to Brooklyn detectives at the door noted the festively-set table and the scrubbed faces of Buckley's seven youngsters.

Donald Buckley, 43, a man who held to jobs so his family would have plenty to be thankful for, was dead. He was stabbed to death and robbed by a group of young hoodlums in Brooklyn's Bedford-Stuyvesant section yesterday after finishing work.

The detectives showed Doreen Buckley, 39, to sets of keys which she identified as belonging to her husband. Then they took her to the morgue while the teen-aged children minded the little ones.

Two dozen Brooklyn detectives skipped their Thanksgiving meals to hunt Buckyey's killers. With the aid of neighborhood residents, they had found fivs suspects by evening.

Daniel Robinson, 16, and Ronald Perkins, 17, both of Brooklyn, were booked

Rocket Firing Success Ends Joint Tests

ADELAIDE, Australia (AP)—The British Black Knight research rocket flashed back into the Earth's atmosphere at a 10,800 miles per hour after a successful firing at Woomera Rocket Range, officials said today.

Woomera officials told newsmen the rocket reached an altitude of 390 miles after it was fired last night. The upper stage was ignited after the rocket started to fall and pushed the vehicle to blazing brilliant destruction as it re-entered the atmosphere at a height of 300,000 feet.

The firing concluded "Project Dazzle," a series of upper atmosphere tests being conducted by Australia, Britain and the United States.

Light from the rocket could be seen 400 miles away.

Stolen Motorcycle Damaged By Flames

A motorcycle was stolen early today in Mill Valley from the home of Dean S. MacLees at 12 Molino Avenue, taken down the Molino hill and set afire in the old quarry next to Old Mill Park. Fire damaged the gasoline tanks and seat. Police conjectured that the thief may have become angered when the cycle wouldn't start and then set it afire.

Marin Dining And Wining

DINING OUT AND INNS

By HARRY CRAFT

If You Want To Celebrate Out There Are Plenty Of Places

Now that the first of the holiday dinners is over—comes next the office parties, club parties, luncheon group celebrations and group dinners. So—where should you hold them in Marin?

Here are a few suggestions—but let's classify the accommodations broadly as large (say from 80 on up—some of these places can handle over 200); medium (40-75) and small (20-35).

LARGE BANQUET ACCOMMODATIONS. Alta Mira Hotel, Sausalito; **Sabella's** in Mill Valley; **Tiburon Tommie's Mai Tai,** Tiburon; **Bob's of Marin,** Corte Madera; **Rancho Nicasio** in West Marin; **Dominic's Harbor Restaurant,** San Rafael, **Lin Fa Gardens,** Northgate Shopping Center; **Peacock Gap Country Club,** San Rafael; **Rancho Rafael,** Ignacio; **Cloud 5,** Novato; **Hill Top,** Novato; and the **Lodge** in Novato.

I'm inclined to think that under certain conditions both Sam's in Tiburon and **Deer Park Villa** in Fairfax, might qualify in this category—certainly Deer Park on Wednesday nights when the restaurant is ordinarily closed, and during any day for lunches.

Just about any restaurant in the county, in fact, will take special groups on their nights of closing—up to capacity. In most cases this would be on Monday or Tuesday. And if they are not open regularly for lunches, count them in as available for group luncheons.

For example — this year's luncheon for the Society for the Preservation of Executive Secretaries (secretaries and their bosses—or maybe it's the other way around) will be held Dec. 15 at **La Petite Auberge** in San Rafael. This restaurant is ordinarily closed for lunches but has agreed to turn it over to the group, which will number about 50, at that time. It probably could handle up to 80 or more almost as easily.

MEDIUM GROUPS. Any of the above restaurants that can take large groups. Also the **Dock** in Tiburon, **Gregory's Restaurant** in Corte Madera; the **Woodlands** in Kentfield; **Brothers Two Restaurant,** Northgate Shopping Center; **King Cotton,** San Rafael; **Le Chalet Basque** in Santa Venetia; **Nero's Restaurant,** Nave Lanes, Ignacio; **Black Point Inn.** Eventually the **Ark** at Waldo Point should be able to handle medium-sized groups when the upstairs in completed.

SMALL GROUPS. **Caprice,** Tiburon; I believe **El Borro** in Tiburon also qualifies; **Confucius** in the Bon Air Shopping Center can take small groups and screen them off in the regular dining room; **Blue Rock Inn,** Larkspur. Probably **MacArthur's** in San Anselmo could arrange for use of the dining room at certain times — certainly for lunches; **Chez Dumont** in San Anselmo has a small party room . . .

Drake's Arms at Inverness; **Bill and Adolph's West End Villa,** San Rafael. Other San Rafael restaurants: **Franchini's Chateau,** the **Griddle, Mission Inn, Pete's Pier 15, Travelers Inn** and maybe **Villa Rafael Motel. Spiro's Red Vest** in Novato should also be able to handle small groups during regular hours.

I may have missed one or two places, but I don't think so. I've tried to cover those with private or semi-private rooms. And some of places listed are small - medium and medium-large borderline cases.

Again, remember — you can make special group arrangements for almost any restaurant on its closing day if you can meet its minimum requirements. Wherever you go, make your reservation well in advance.

ANOTHER THING to remember: Be as accurate as possible in stating the number of guests expected. If you reserve for 50 and turn up with 75, don't blame the restaurant for running out of food—especially when it has to be ordered and prepared for the occasion. And if you have reserved for 60 and only 40 show—who's to pay for the food? The restaurant? Well, maybe—if it can be used in its regular service.

When it is impossible to determine with reasonable accuracy how many will be present, it's often customary to guarantee the restaurant payment for a minimum number of meals.

NEW COCKTAIL WAITRESS at the **Cellars** in San Rafael is **Judy Cloud** of Santa Venetia, truly something to behold. If she were a vocalist, **Dock Saltzman** would hire her in a minute for his group—or maybe he's been so busy looking he hasn't taken time for listening. Meanwhile he's auditioning girl vocalists during his playing nights at the Cellars—Friday and Saturday, from 9 p.m. to 2 a.m.

WITH ALL THE WORK that has been going on in front of **Le Chalet Basque** in Santa Venetia, **Raymond Coscaret** says he has lost only one parking space, so don't be annoyed if they are filled. There are more in back of the restaurant. I understand he expects to get the front completed in a few days, if the rain holds off — patio, ornamental iron fence and everything.

IF YOU'RE WONDERING what happened to **George Duke** and his orchestra since leaving the **Ark** in Sausalito, they are now holding themselves open for private engagements that crop up during December and January. George is listed in the Marin County telephone directory.

OUR NEXT Marin Dining and Wining Guide now appears to be slated for publication on Feb. 17, 1966. Until then keep the old one handy. It may be slightly dated—but it's still the most complete directory available.

In spite of some closures during the past year, they seem to more than offset by new openings. Total number of listings should again exceed the 100 mark by a comfortable margin.

A FEW DISHES to remember in your wanderings: Lobster tails Swedish style at the **Old Viking** in Lagunitas . . . The onion soup at the **Spinnaker** in Sausalito . . . Saltimboco at **Mission Inn,** San Rafael (but you'll have to order for a group) . . . Veal scallopini at **Enrico's,** Fairfax . . . Natur schnitzel out at **Inverness Lodge** . . . Jungfrau steak at **Gregory's,** Corte Madera . . . That sauce on the oysters at **Tarantino's** in Bolinas . . . Steaks for big eaters at **Galli's** in Ignacio . . . Abalone amandine at **MacArthur's,** San Anselmo . . . Those turkey sandwiches for lunch at **Rico's** in Sausalito—and the pastrami and Swiss cheese sandwiches at **Kappie's** in Tiburon . . . Steak and lobster-steak at **Rubini's** of Fairfax . . . The Scampi at **Bill and Adolph's West End Villa,** San Rafael . . . Salad—all kinds at **San Rafael Joe's** . . . Beef Bourguignon at **Chez Dumont** in San Anselmo . . .

What is your favorite—and where?

Maybe you'd like to tell me!

Citizens Angry At Hard-To-Hear Board Hearing

SAN FRANCISCO (UPI)—Some San Franciscans felt today that the state was not the only "bullheaded" party in the city's freeway controversy.

The Board of Supervisors and state officials attended an informal open meeting Wednesday on a proposed freeway that will cut through a corner of Golden Gate Park and destroy some trees.

About 75 spectators were forced to stand outside a rail a dozen or so feet from the conference table and were unable to hear the discussion.

Supervisor Joseph Tinney said there weren't enough microphones for every speaker, and a city attorney said the hearing was legal and within the Brown Act forbidding closed hearings.

State Public Works Director John Erreca said that "we might have been kind of bullheaded before" and suggested that federal requirements for the park route might be modified to reduce the amount of land needed.

However, many citizens were more concerned with what they didn't hear than what Erreca said.

Some 50 members of the audience signed a petition expressing their "outrage."

Demo Campaigner To Visit Clubs

Jack Tomlinson, northern California campaign manager for Gov. Edmund G. Brown, will outline next year's election program for the Mill Valley and Sausalito Democratic Clubs at the Alta Mira Hotel in Sausalito at 8 p.m. Tuesday.

Tomlinson, who has been on the governor's staff for several years, is now executive secretary of the California Democratic Coordinating Committee. He will give local party workers the strategy for the campaign.

A membership drive is now underway and inquiries concerning joining the clubs will be answered at the meeting, said Caroline Ramberg, publicity chairman.

Dystrophy Campaign

The muscular dystrophy campaign had collected $4,100 in Marin County, B. Cutler of Hamilton Air Force Base, campaign chairman, reported. The campaign will continue next month, not ending Nov. 30 as earlier reported.

West Berliners May Visit East

BERLIN (AP)—For the third straight year West Berliners will be able to visit relatives in Communist East Berlin this Christmas.

Processing of pass application from the 700,000 West Berliners with relatives in East Berlin is expected to begin Monday.

Holiday passes will be issued from Dec. 18 to Jan. 2, under an East-West pass agreement signed yesterday.

Novato Pair On Honeymoon Half A Century Delayed

A Novato couple are taking their honeymoon just 50 years late.

Mr. and Mrs. Joaquin P. Miranda of 1631 Centro Road, will observe their 50th wedding anniversary tomorrow all by themselves.

When they married half a century ago, Joaquin was an immigrant ranch hand from Portugal. Emma Mary Lee of Genoa, Nev., then 13 years old, was teaching him to read and write English when they fell in love.

Once, he wrote on a slip of paper to her: "will you marry me?" and she asnwered "yes." They were married in Minden, Nev.

The couple moved to Klamath Falls and Portland, Ore., where Joaquin learned to be a mechanic. Then they moved to San Francisco where he continued in the auto mechanic field. He has owned the Geary Street Garage in San Francisco for 35 years.

They had three children, Carmen, now Mrs. Lawrence Ray Simmons of Novato; Joaquin Junior of Novato and Rosa, now Mrs. Frank Ternullo of San Francisco. They also have six grandchildren and four great-grandchildren.

In 1950 they bought a house on an acre lot on Center Road, Novato, where they have lived ever since.

His hobby has been gardening and growing orchids. His garden has been the envy of the neighborhood, and his fruit trees and grape vines keep many friends in fresh fruit during the season. This year he grew pumpkin-like squash that were knee high and weighed 70 to 100 pounds each.

His orchids, however, are his pride and joy. He has more than 2,000 of them in green houses and lath houses. They are a year-round source of pleasure with their exotic blooms.

Their children wanted to give them some sort of anniversary party, but the happy couple said "no" to it. Instead, they left last Saturday, headed perhaps for Las Vegas and Los Angeles, but destination uncertain to enjoy the honeymoon which they missed 50 years ago.

Cat Show Solves Problem With Oversize Entry

FRESNO (AP) — Pierre may not have the most luxurious cage at the Valley Empire Cat Fanciers, Inc., championship show next month, but he will surely have the biggest.

The show's directors were in a quandary earlier this week when they found out Pierre was entered.

The show had no accommodations for Pierre, who is about 40 inches from nose to tail-tip and weighs 32 pounds.

The directors finally solved the problem by deciding to fit two ordinary cages together.

His owners, Mr. and Mrs. Fred Violette of Coalinga, say they entered him mostly to prove such a large housecat exists.

Well, not for everybody.
You have to be 21 and come over to Sam's in Tiburon to get it.
And, if you find fulfillment in the works of Edgar Guest, Paul Harvey, Daddy Warbucks, Jane Addams, Norman Rockwell, and Henry Doelger... you might prefer to stick with Sam's tried and true Burger & Beer.

If she were a vocalist, **Dock Saltzman** would hire her in a minute for his group—or maybe he's been so busy looking he hasn't taken time for listening. Meanwhile he's auditioning girl vocalists during his playing nights at the Cellars—Friday and Saturday, from 9 p.m. to 2 a.m.

WITH ALL THE WORK that has been going on in front of **Le Chalet Basque** in Santa Venetia, **Raymond Coscaret** says he has lost only one parking space, so don't be annoyed if they are filled. There are more in back of the restaurant. I understand he expects to get the front completed in a few days, if the rain holds off — patio, ornamental iron fence and everything.

IF YOU'RE WONDERING what happened to **George Duke** and his orchestra since leaving the **Ark** in Sausalito, they are now holding themselves open for private engagements that crop up during December and January. George is listed in the Marin County telephone directory.

OUR NEXT Marin Dining and Wining Guide now appears to be slated for publication on Feb. 17, 1966. Until then keep the old one handy. It may be slightly dated—but it's still the most complete directory available.

In spite of some closures during the past year, they seem to more than offset by new openings. Total number of listings should again exceed the 100 mark by a comfortable margin.

Citizens Angry At Hard-To-Hear Board Hearing

SAN FRANCISCO (UPI)—Some San Franciscans felt today that the state was not the only "bullheaded" party in the city's freeway controversy.

The Board of Supervisors and state officials attended an informal open meeting Wednesday on a proposed freeway that will cut through a corner of Golden Gate Park and destroy some trees.

About 75 spectators were forced to stand outside a rail a dozen or so feet from the conference table and were unable to hear the discussion.

Supervisor Joseph Tinney said there weren't enough microphones for every speaker, and a city attorney said the hearing was legal and within the Brown Act forbidding closed hearings.

State Public Works Director John Erreca said that "we might have been kind of bullheaded before" and suggested that federal requirements for the park route might be modified to reduce the amount of land needed.

However, many citizens were more concerned with what they didn't hear than what Erreca said.

Some 50 members of the audience signed a petition expressing their "outrage."

Demo Campaigner To Visit Clubs

Jack Tomlinson, northern California campaign manager for Gov. Edmund G. Brown, will outline next year's election program for the Mill Valley and Sausalito Democratic Clubs at the Alta Mira Hotel in Sausalito at 8 p.m. Tuesday.

Tomlinson, who has been on the governor's staff for several years, is now executive secretary of the California Democratic Coordinating Committee. He will give local party workers the strategy for the campaign.

A membership drive is now underway and inquiries concerning joining the clubs will be answered at the meeting, said Caroline Ramberg, publicity chairman.

Dystrophy Campaign

The muscular dystrophy campaign had collected $4,100 in Marin County, B. Cutler of Hamilton Air Force Base, campaign chairman, reported. The campaign will continue next month, not ending Nov. 30 as earlier reported.

West Berliners May Visit East

BERLIN (AP)—For the third straight year West Berliners will be able to visit relatives in Communist East Berlin this Christmas.

Processing of pass application from the 700,000 West Berliners with relatives in East Berlin is expected to begin Monday.

Holiday passes will be issued from Dec. 18 to Jan. 2, under an East-West pass agreement signed yesterday.

Novato Pair On Honeymoon Half A Century Delayed

A Novato couple are taking their honeymoon just 50 years late.

Mr. and Mrs. Joaquin P. Miranda of 1631 Centro Road, will observe their 50th wedding anniversary tomorrow all by themselves.

When they married half a century ago, Joaquin was an immigrant ranch hand from Portugal. Emma Mary Lee of Genoa, Nev., then 13 years old, was teaching him to read and write English when they fell in love.

Once, he wrote on a slip of paper to her: "will you marry me?" and she asnwered "yes." They were married in Minden, Nev.

The couple moved to Klamath Falls and Portland, Ore., where Joaquin learned to be a mechanic. Then they moved to San Francisco where he continued in the auto mechanic field. He has owned the Geary Street Garage in San Francisco for 35 years.

They had three children, Carmen, now Mrs. Lawrence Ray Simmons of Novato; Joaquin Junior of Novato and Rosa, now Mrs. Frank Ternullo of San Francisco. They also have six grandchildren and four great-grandchildren.

In 1950 they bought a house on an acre lot on Center Road, Novato, where they have lived ever since.

His hobby has been gardening and growing orchids. His garden has been the envy of the neighborhood, and his fruit trees and grape vines keep many friends in fresh fruit during the season. This year he grew pumpkin-like squash that were knee high and weighed 70 to 100 pounds each.

His orchids, however, are his pride and joy. He has more than 2,000 of them in green houses and lath houses. They are a year-round source of pleasure with their exotic blooms.

Their children wanted to give them some sort of anniversary party, but the happy couple said "no" to it. Instead, they left last Saturday, headed perhaps for Las Vegas and Los Angeles, but destination uncertain to enjoy the honeymoon which they missed 50 years ago.

Cat Show Solves Problem With Oversize Entry

FRESNO (AP) — Pierre may not have the most luxurious cage at the Valley Empire Cat Fanciers, Inc., championship show next month, but he will surely have the biggest.

The show's directors were in a quandary earlier this week when they found out Pierre was entered.

The show had no accommodations for Pierre, who is about 40 inches from nose to tail-tip and weighs 32 pounds.

The directors finally solved the problem by deciding to fit two ordinary cages together.

His owners, Mr. and Mrs. Fred Violette of Coalinga, say they entered him mostly to prove such a large housecat exists.

Well, not for *every*-body.
You have to be 21 and come over to Sam's in Tiburon to get it.
And, if you find fulfillment in the works of Edgar Guest, Paul Harvey, Daddy Warbucks, Jane Addams, Norman Rockwell, and Henry Doelger... you might prefer to stick with Sam's tried and true Burger & Beer.
But if a spark of the *bon vivant* burns in your soul, your taste will be abundantly rewarded with this bizarre combination.
Sam's Anchor Cafe has even bottled its own champagne for the occasion.
That would be Sam's in Tiburon.

Sausalito Parents' Reactions Solicited

Four meetings for parents and pupils attending school in the Sausalito School District will be sponsored by the interpersonal relations committee of the Sausalito and Mill Valley School Districts, commencing Tuesday.

The meetings will discuss changes, including desegregation and cluster grouping, which went into effect Sept. 13.

"The committee wants honest reactions as to what is happening in classrooms, on buses and on playgrounds," said James E. Symons, one of 12 discussion leaders in the program. "It is not just a discussion of integration."

Meetings will be Tuesday for parents of fifth and sixth graders; Thursday, seventh and eighth graders; Dec. 7, kindergarteners and first graders, and Dec. 9, second, third and fourth graders. All meetings are at 7:30 p.m. at Richardson Bay School library, where parents will be divided into small discussion groups. Discussion leaders are from the four communities, said Symons.

The church bus from St. Andrew United Presbyterian Church, Marin City, where Symons is a minister, will transport people from Marin City to the meetings, leaving the community lounge at 7:15 p.m.

Cuban Sealift Is Completed

KEY WEST, Fla. (AP) — The sealift of Cuban refugees across the Florida Straits came to an end Wednesday after bringing 4,598 Cubans to the United States.

The excursion boat Skipper K, chartered by the U.S. government after Cuban Prime Minister Fidel Castro agreed to stop the perilous small-boat exodus, made the last run with 83 persons.

The exodus from Cuba will continue by air. Beginning Dec. 1, between 3,000 to 4,000 Cubans are expected to arrive in the United States monthly.

Brown Asks Court Nod On Redistricting Law

SAN FRANCISCO (AP)—Gov. Brown says the Legislature's reapportionment plan is constitutional, and has asked the State Supreme Court to approve it.

Brown, in a brief filed Wednesday, asked the court to order the secretary of state's office to follow the provisions of the plan in conducting next year's elections.

The governor noted that he vetoed a companion reapportionment bill that originally was designed to correct technical boundary line errors. Brown said it received his veto because it would have added further retirement benefits for lawmakers.

The Legislature, which approved the plan at a special session, was under court order to redistrict by Dec. 9 or have the court do the job.

The court will review the plan next month and decide if it meets the "one-man one-vote" mandate of the U.S. Supreme Court which ruled last year that both houses of state legislatures must be apportioned on a population basis.

The Senate, districted along geographical lines, was completely overhauled with populous Southern California wresting political control from the rural areas.

The Assembly, already aligned according to population, was only slightly altered.

Brown said the plan falls within the court's population guidelines whereby no district could vary more than 15 per cent from an ideal size based on population.

De Gaulle Speech To Be Televised

PARIS (AP)—President Charles de Gaulle will make a televised campaign speech Tuesday, the Elysee Palace said today.

It will be the first time De Gaulle will have actively entered the campaign for the Dec. 5 presidential elections since the campaign opened Nov. 19.

Sit-Ins Gird To Save Park From Freeway, But When?

BERKELEY, Calif. (UPI)—About 250 conservationists could stage an anti-freeway sit-in at Jedediah Smith Park in Del Norte County on eight hours notice, according to a spokesman for Active Conservation Tactics (ACT).

Jim Conley of ACT said yesterday the protestants would be drawn mainly from Bay Area colleges and universities and Humboldt State College in Arcata.

The "redwood army" could be mustered "on eight hours notice" if the state attempts to put a freeway through the park, Conley said.

However, a spokesman for the State Division of Highways said Conley's troops would have plenty of time to get their weapons in shape because "there are no funds earmarked for building it (the freeway) until 1968."

"Besides," said Robert H. Jarling," the commission has asked planners to find a route which would skirt the park."

Sausalito Parents' Reactions Solicited

Four meetings for parents and pupils attending school in the Sausalito School District will be sponsored by the interpersonal relations committee of the Sausalito and Mill Valley School Districts, commencing Tuesday.

The meetings will discuss changes, including desegregation and cluster grouping, which went into effect Sept. 13.

"The committee wants honest reactions as to what is happening in classrooms, on buses and on playgrounds," said James E. Symons, one of 12 discussion leaders in the program. "It is not just a discussion of integration."

Meetings will be Tuesday for parents of fifth and sixth graders; Thursday, seventh and eighth graders; Dec. 7, kindergarteners and first graders, and Dec. 9, second, third and fourth graders. All meetings are at 7:30 p.m. at Richardson Bay School library, where parents will be divided into small discussion groups. Discussion leaders are from the four communities, said Symons.

The church bus from St. Andrew United Presbyterian Church, Marin City, where Symons is a minister, will transport people from Marin City to the meetings, leaving the community lounge at 7:15 p.m.

Cuban Sealift Is Completed

KEY WEST, Fla. (AP) — The sealift of Cuban refugees across the Florida Straits came to an end Wednesday after bringing 4,598 Cubans to the United States.

The excursion boat Skipper K, chartered by the U.S. government after Cuban Prime Minister Fidel Castro agreed to stop the perilous small-boat exodus, made the last run with 83 persons.

The exodus from Cuba will continue by air. Beginning Dec. 1, between 3,000 to 4,000 Cubans are expected to arrive in the United States monthly.

Brown Asks Court Nod On Redistricting Law

SAN FRANCISCO (AP)—Gov. Brown says the Legislature's reapportionment plan is constitutional, and has asked the State Supreme Court to approve it.

Brown, in a brief filed Wednesday, asked the court to order the secretary of state's office to follow the provisions of the plan in conducting next year's elections.

The governor noted that he vetoed a companion reapportionment bill that originally was designed to correct technical boundary line errors. Brown said it received his veto because it would have added further retirement benefits for lawmakers.

The Legislature, which approved the plan at a special session, was under court order to redistrict by Dec. 9 or have the court do the job.

The court will review the plan next month and decide if it meets the "one-man one-vote" mandate of the U.S. Supreme Court which ruled last year that both houses of state legislatures must be apportioned on a population basis.

The Senate, districted along geographical lines, was completely overhauled with populous Southern California wresting political control from the rural areas.

The Assembly, already aligned according to population, was only slightly altered.

Brown said the plan falls within the court's population guidelines whereby no district could vary more than 15 per cent from an ideal size based on population.

De Gaulle Speech To Be Televised

PARIS (AP)—President Charles de Gaulle will make a televised campaign speech Tuesday, the Elysee Palace said today.

It will be the first time De Gaulle will have actively entively entered the campaign for the Dec. 5 presidential elections since the campaign opened Nov. 19.

Sit-Ins Gird To Save Park From Freeway, But When?

BERKELEY, Calif. (UPI)—About 250 conservationists could stage an anti-freeway sit-in at Jedediah Smith Park in Del Norte County on eight hours notice, according to a spokesman for Active Conservation Tactics (ACT).

Jim Conley of ACT said yesterday the protestants would be drawn mainly from Bay Area colleges and universities and Humboldt State College in Arcata.

The "redwood army" could be mustered "on eight hours notice" if the state attempts to put a freeway through the park, Conley said.

However, a spokesman for the State Division of Highways said Conley's troops would have plenty of time to get their weapons in shape because "there are no funds earmarked for building it (the freeway) until 1968."

"Besides," said Robert H. Jarling," the commission has asked planners to find a route which would skirt the park."

ALMANAC

FRIDAY'S ALMANAC

Today is Friday, Nov. 26, the 330th day of 1965 with 35 to follow.

The moon is approaching its first quarter; the morning star is Jupiter; the evening stars are Venus, Mars and Saturn.

In 1789, President George Washington set this day aside as one of national thanksgiving for adoption of the U.S. Constitution.

In 1925, Americans could buy a Ford roadster for $260.

In 1930, one-quarter of all the office space available in New York City's skyscrapers was for rent in the wake of the depression.

In 1940, the Nazis forced 500,000 Jews of Warsaw to live in a ghetto surrounded by an eight-foot concrete wall.

A Thought for the Day — Mark Twain said: "Habit is habit, and not to be flung out of the window by any man, but coaxed down stairs one step at a time."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; **bold-face type** indicates p.m. times.

ALMANAC

FRIDAY'S ALMANAC

Today is Friday, Nov. 26, the 330th day of 1965 with 35 to follow.

The moon is approaching its first quarter; the morning star is Jupiter; the evening stars are Venus, Mars and Saturn.

In 1789, President George Washington set this day aside as one of national thanksgiving for adoption of the U.S. Constitution.

In 1925, Americans could buy a Ford roadster for $260.

In 1930, one-quarter of all the office space available in New York City's skyscrapers was for rent in the wake of the depression.

In 1940, the Nazis forced 500,000 Jews of Warsaw to live in a ghetto surrounded by an eight-foot concrete wall.

A Thought for the Day — Mark Twain said: "Habit is habit, and not to be flung out of the window by any man, but coaxed down stairs one step at a time."

TIME AND TIDE

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Division Of State Gets Opposition

SAN FRANCISCO (UPI) — Assembly Republican leader Robert T. Monagan said today that splitting California into two states could become an issue "only if future legislators act too much like politicians and not enough like statesmen."

Monagan said in a speech prepared for the Commonwealth Club that he was "unalterably opposed" to any move that would split the state.

"Our interests are far too interrelated to separate," he said. "Our goals are too common in nature and our financial responsibilities are too overlapping."

Monagan, mentioned as a potential GOP gubernatorial candidate, said both ends of the state faced the same major problems, primarily in urban areas.

"The reapportionment of the state legislature will offer new challenges which will increase the competition beteen the to areas of the state, but it need not bring about incompatability."

Family Feared Killed In Holiday Plane Crash

SAN ONOFRE (AP)—After a family of four failed to arrive at Van Nuys for a Thanksgiving get-together with relatives, the wreckage of a plane, believed to be theirs, was found washed up on the beach near here A search was being made today for the victims.

The Coast Guard said it was feared the four were killed in the crash of their Piper Comanche plane yesterday. They were identified as Edward Wayne Rutherford, 28, of Vista, San Diego County, the pilot; his wife, Virginia, 26, and their children, Brian, 5, and Lorrell, 4.

Relatives said the Rutherfords took off about 2 p.m. Wednesday from Palomar Airport near Carlsbad and were due to arrive at Van Nuys airport about 3:15 p.m. They planned to have Thanksgiving dinner at the home of Mrs. Rutherford's sister, Mrs. Shirley Clark, and her husband Robert, with other members of the family at the Clark home in Reseda, Los Angeles County. When they failed to arrive the Clarks notified authorities.

A Coast Guard helicopter spotted wreckage of a plane on the coast three miles south of here late yesterday.

Division Of State Gets Opposition

SAN FRANCISCO (UPI) — Assembly Republican leader Robert T. Monagan said today that splitting California into two states could become an issue "only if future legislators act too much like politicians and not enough like statesmen."

Monagan said in a speech prepared for the Commonwealth Club that he was "unalterably opposed" to any move that would split the state.

"Our interests are far too interrelated to separate," he said. "Our goals are too common in nature and our financial responsibilities are too overlapping."

Monagan, mentioned as a potential GOP gubernatorial candidate, said both ends of the state faced the same major problems, primarily in urban areas.

"The reapportionment of the state legislature will offer new challenges which will increase the competition beteen the to areas of the state, but it need not bring about incompatability."

Family Feared Killed In Holiday Plane Crash

SAN ONOFRE (AP)—After a family of four failed to arrive at Van Nuys for a Thanksgiving get-together with relatives, the wreckage of a plane, believed to be theirs, was found washed up on the beach near here A search was being made today for the victims.

The Coast Guard said it was feared the four were killed in the crash of their Piper Comanche plane yesterday. They were identified as Edward Wayne Rutherford, 28, of Vista, San Diego County, the pilot; his wife, Virginia, 26, and their children, Brian, 5, and Lorrell, 4.

Relatives said the Rutherfords took off about 2 p.m. Wednesday from Palomar Airport near Carlsbad and were due to arrive at Van Nuys airport about 3:15 p.m. They planned to have Thanksgiving dinner at the home of Mrs. Rutherford's sister, Mrs. Shirley Clark, and her husband Robert, with other members of the family at the Clark home in Reseda, Los Angeles County. When they failed to arrive the Clarks notified authorities.

A Coast Guard helicopter spotted wreckage of a plane on the coast three miles south of here late yesterday.

Marin Again Pioneering Preservation Of Nature

Once again, Marin County takes the lead in setting an example for conservation and preservation of natural beauty.

We refer to the historic signing of an agreement between the county and the owners of the 650-acre Green Gulch Ranch in Southern Marin to make the ranch an "agricultural preserve."

Mr. and Mrs. George W. Wheelwright, the landowners, became the first in the state to sign under the California Land Conservation Act of 1965.

As provided in the law, introduced by Assemblyman John C. Williamson, D-Bakersfield, participation in the agreement is purely voluntary, both for the county and for the ranch owner.

This law was passed to help relieve the economic pressures that have forced rich farmland and scenic grazing land throughout the state to yield to urban sprawl.

The pattern of urban sprawl is a familiar one, even in Marin County, and more so in other areas:

Homes radiate out from cities and population centers and begin encroaching on farm and grazing land. Rising land prices are accompanied by rising taxes. Farm land, which has a relativey low yield as compared with commercial areas and subdivisions, begin to feel the pinch of higher taxes. The pinch becomes so oppressive that the rancher is forced to sell his ranch to developers, who can get a better yield from subdivisions and shopping centers.

The new Land Conservation Act provides tax relief to bona fide ranchers who agree to keep their land agricultural for 10 years.

The relief comes through lower assessment valuations. The act permits the assessor to value the ranch as "agricultural" instead of appraising it as potential subdivision or commercial land.

Per square foot of land, the homeowner and the commercial owner will have to pay more than the farmer. But in exchange, the home and commercial owner are assured of open space, at least for 10 years.

It's a fair exchange.

As Assemblyman Williamson, the author of the bill, declared:

"The citizens of Marin deserve congratulations in selecting to serve on the Board of Supervisors, men with sufficient vision and energy to embark upon the perservation of this land . . .

"They are equally fortunate to have a couple as open to innovation and as concerned with the full measure of value of land to all the people as Mr. and Mrs. Wheelwright."

It is fitting that Marin is taking the lead in the new concept of preserving agricultural land.

We hope that others will follow the precedent set here.

Supervisor Storer Looks Like A Probable Congress Candidate

By WAT TAKESHITA

Takeshita

WEST MARIN Supervisor Tom Storer isn't committing himself yet, but it's better than an even bet that he's priming himself for a try at the Congressional seat held by Don Clausen.

Look at the public exposure he's been getting lately, especially on his proposal that ferryboats be revived between Marin and San Francisco.

Storer is thinking, not only in terms of passenger ferries but also the possibility of ferrying vehicles across the bay.

He envisages jitneys, carrying about 10 people, boarding ferries at several takeoff points (from Sausalito, Tiburon and perhaps near Corte Madera Creek) and discharging passengers at several points in downtown San Francisco.

The ferryboat revival idea seems to be catching fire on both sides of the Bay. This may be just the boost he needs to induce him to make the try for Congress.

ANOTHER MAN with similar ideas for Congress is George McCabe of Santa Rosa, who manages to keep himself in the public eye with his current work on the proposed Redwood National Park.

As consultant to Rep. Jeffery Cohelan of Berkeley, McCabe participated in the series of conferences and hearings in Washington last weekend. His prediction: The ambitious federal plan for a national redwood park including Del Norte Coast, Jedediah Smith, and Prairie Creek will probably be turned down because it's too costly and would throw the lumber industry into turmoil.

McCabe says that the state's plan for a National Redwood Park in Southern Humboldt County is more likely. This would comprise Humboldt Redwood State Park as a nucleus, with additional acreage including the Kings Range area which has several miles of ocean frontage.

CONGRESSMAN CLAUSEN hasn't taken a stand on the various redwood park proposals offered so far. He says his number one priority is the Point Reyes National Seashore. He is trying to get authorization for an appropriation of an additional $30 million needed to acquire the 53,000 acres for the Seashore. The original cost estimate was far too low, and Clausen has the job of trying to justify the additional outlay.

THE ANNUAL election and installation of officers for the Marin Federated Republican women is scheduled for Dec. 7. The slate of officers, suggested by the nominating committee, is headed by Barbara Hennessy.

LABOR LEADERS from Marin and other counties in the First Congressional District will meet on Dec. 4 (a week from tomorrow) in Petaluma to coordinate and develop a program for labor's political activity in 1966.

L. C. Brooks of Marin, secretary treasurer for the First Congressional District Committee on Political Education (COPE), announces that the meeting will start at 2 p.m. at the Petaluma Labor Administration Building, 331 Keller Street, Petaluma.

REMEMBER THAT "Hubert Humphrey Salutes California" $100 a plate dinner that was put off last month? It's been rescheduled for next Friday, Dec. 3, at the Fairmont Hotel in San Francisco.

Pre-School Stand Is Decried

Editor, Independent-Journal:

Having read the article, "Sausalito's Pre-School Program Hit by Doctor," I can hardly believe that Dr. Degengardt could represent the Marin Medical Society, or the medical profession in Marin County.

Any citizen who has examined the Sausalito pre-school program at all, would see the need to include in the program 30 per cent of the students whose families have an income of over $4,000. One can clearly understand this need, if one realizes that the entire Sausalito school system has become integrated. What would be the purpose of separating the preschool program entirely, making this program available only to families of low income?

The federal government, under the Economics Opportunities Act, must have considered the integration factor, in allowing 30 per cent of the students to be those of families whose income is over $4,000. Under these circumstances, it would hardly seem the point that a family with income over $4,000 should be set apart, to have to pay a different and separate fee to a physician. Perhaps Dr. Degenhardt has done an injustice to his profession, by not understanding the situation, himself.

Assessment May Be Economic Key

Editor, Independent-Journal:

I was interested in your recent article which quoted the National Assn. of Home Builders on the fairly consistent decline in home building during the last two years while all other economic indicators go up and up. The most striking point in the article was that land costs have risen 75 per cent in the last five years, a figure that is obviously far out of keeping with the general inflationary rise of all other prices and wages.

Although this increase in land costs reflects several factors, the most consistent factor which has been found all over the country is the wolf of under assessment of land. This has been further spotlighted by the assessment scandal in California this year.

Only by full and accurate assessment of land are we going to minimize the artifical scarcity of land, and the speculative prices we must pay for land both for commercial and private home development. If not, the strong possibility exists that this persistent thorn in the side of our economy coupled with a burdensome war effort could prove to be a turn-around factor in what would otherwise be continued prosperity.

Doctor Shouldn't Criticize Center

Editor, Independent-Journal:

I do not think Dr. Degenhardt has any business to criticize the child care center in Marin City in his official capacity as president of the Marin Medical Society. He may be learned in the field of medicine, but when it comes to expressing an opinion such as this, he is as any other mortal man.

If the people who are running the program and the people who have their children enrolled therein are satisfied, I do not see that it should concern the Marin Medical Society.

It would be interesting, too, to see Dr. Degenhardt estimating the size of his patients' incomes, which again I don't think is any of his business.

Martha Gave Out, Police Came In

Editor, Independent-Journal:

I will long remember rainy Tuesday in marvelous Marin.

Like many a busy little suburban housewife, I hopped into the station wagon to pick up my first-grader in Larkspur as, of course, there is no school bus service. With my little brood (a 14-months-old and a 4-year-old) tucked snugly inside our faithful servant, I circled the street and dutifully stopped at the stop sign. Well, Martha decided she had had enough of us all and promptly gave up the ghost.

As there was no phone available I hoofed it a mile toting the two-ton 14-months-old and trailed by a lachrymal lad of 4 years who didn't find walking in the rain a treat at all.

Being a solid citizen I immediately phoned the police of my plight and that Martha would be towed away when my long-suffering groom came home from work. So! Long Suffering got home late due to rain, grabbed a bit of sustenance, hopped in No. 2 servant with a friend, scooted to Larkspur and there was Martha neatly tagged in pink.

In my ensuing conversation with the law I learned that so many citizens complained, and that since we didn't move the poor old girl soon enough, that we had to pay the fine.

I can't help but wonder if Marin's high divorce rate isn't because a suburban housewife almost has to have a boyfriend handy to help her out of life's little emergencies in the suburbs. I realize I am prejudiced about the ticket but I would like to state quietly: unfair!!!

Positive Word For Public Schools

Editor, Independent-Journal:

I would like to add a positive word to the often unjustly negative views of our public school system. Last night I attended the dedication of Gallinas School annex, a public school facility for hearing-handicapped pupils.

Doubtless this dedication was similiar to many other dedications, except for the addition of perhaps a little more amazement on the part of those who for the first time realized what is being done to help these special children, and surely a great deal more emotion on the parts of the parents and teaching staff.

It is a small building, as school buildings go, but it takes on the aspects of an enchanted cottage, for here, children who would seldom or perhaps never comprehend language by ear can nevertheless be taught the one vitally indispensable tool in today's loudly vocal world, clear communication.

Here, for a few hours a day, away from the loud silence they feel about them, the children are taught lip reading and to recognize words from the distorted sounds they do hear.

Words cannot be made big nor strong enough to praise our public school system for the miracle they are accomplishing here.

U.S. Must Adjust Thinking Now Regarding U.N. Seat For Peking

WASHINGTON—The United States has led its last successful fight to keep Red China out of the UN.

When the issue next comes up, there is little doubt there will be enough votes to offer Peking a seat.

THIS MEANS that American opinion and American policy will need to adjust to the inevitable and to decide, well in advance of the next vote, what our own course should be.

Does this mean that a majority vote for Peking will prove that those who opposed Red China in the UN were wrong and those who supported her were right? Certainly not.

But it does mean realizing calmly that the world isn't going to come to an end if the UN votes to admit Red China.

Let us not be the ones to threaten to break up the United Nations or to withdraw when we don't get our way.

We could continue to argue that Peking does not meet the requirements of the UN charter. It doesn't.

The charter says its members must give up "armed force" as a means of settling disputes.

Mao Tse-tung says: "The seizure of power by armed force . . . is the highest form of revolution."

WE COULD continue to argue that Red China's presence will hamper still further the ability of the UN to keep the peace. If Peking had been on the Security Council, the UN would have been helpless to bring about the India-Pakistan truce.

But this is now a futile exercise. It is clear that the majority wants Red China inside instead of outside the UN.

Uncompromising opposition is now a lost cause and we ought to find the most constructive course the U.S. can pursue.

There are two lines of action we could usefully pursue.

ONE IS TO do everything possible to make sure that a vote to admit Red China is not a vote to expel Nationalist China. Here is a country of 12 million, more than most of the present UN states. There is no reason why Taiwan should lose its representation because the UN wants to admit another member. If the principle of universal membership is to govern, there is no basis for expelling Taiwan.

The other line of policy the U.S. might take is to help the UN find out if Peking really wants membership. The easiest way to do that is to put a simple resolution before the General Assembly inviting Peking to apply for admission. If it passes, the next step would be up to Red China.

Thus far, from Red China's standpoint, it is the UN which must make itself over to suit Peking, not Peking which should adjust itself to the UN. Even after the near-admission vote earlier this month Peking's official newspaper again stated what the UN would have to do to persuade Red China to join: oust Taiwan, expunge the 1950 resolution citing Peking as an aggressor against South Korea, condemn the U.S., and remove the "imperialist" nations (the Soviet Union, Britain, the U.S., India, etc.) from the UN.

APPARENTLY most of the UN states doubt that Peking means what it says. Perhaps it doesn't. Let's find out.

McNamara Opposed On Nuclear Vessels

By ROBERT S. ALLEN
and PAUL SCOTT

WASHINGTON — The House Armed Services Committee is on a new collision course with Defense Secretary Robert McNamara.

Spearheaded by Representative L. Mendel Rivers, D-S.C., outspoken chairman, the congressional military specialists have served notice on McNamara of their intention to launch a multi-billion dollar nuclear surface fleet building program next year—with or without his approval.

The controversial Pentagon boss has been bluntly told that, as the first step in this huge eventful plan, the committee has decided to both "authorize" and "direct" the Navy to begin construction of a $400 million nuclear-powered carrier in 1966—which McNamara vigorously opposes.

Although the composition of the atomic fleet will not be determined until the legislators hold hearings early next year on the Navy's ship building requests, committee members are discussing a five-year program calling for the construction of at least 35 nuclear-powered surface vessels. The nuclear surface fleet would include all types of warships.

While the committee has decided to authorize only one atomic carrier next year, the lawmakers plan to make it crystal clear that it is the "intent of Congress" that several of these mighty floating "airbases" be laid down in the next five years.

If President Lydon B. Johnson supports McNamara, a bitter clash will ensue. Rivers is stressing that his committee is prepared to "direct" the undertaking of an atomic naval program under Congress' constitutional authority "to provide and maintain a Navy."

Stung by McNamara's decision to eliminate numerous reserve units without congressional approval, Representative Rivers is pulling no punches in espousing the committee's position.

The private word he has sent McNamara is:

"The Committee on Armed Services is serving notice that with or without departmental concurrence, it will authorize and even direct, if necessary, the construction of a new nuclear-powered aircraft carrier next year.

". . .We reject the concept that we must not build nuclear warships because we could build a larger number of conventional ships with the same amount of money.

"We are going to increase our naval shipbuilding program because if we don't, the obsolescence of our fleet will overcome us. The committee does not propose to be a party to any program that will lead the U.S. to the position of being the second greatest sea power in the world.

IN ADDITION to this history making atomic fleet program, the Armed Services Committee is prodding the Navy to seek funds to mount five and eight inch guns as well as missiles on the newer ships.

"In wars like Viet Nam," a committee report states, "naval guns have no substitute. The present deficiency must be overcome and corrected as soon as possible."

House Armed Services Committee members, who recently made an on-the-spot inspection of the Viet Nam fighting, report that "in spite of all the advances we have made in technology, the U.S. still has not found a sure-fire method of detecting enemy troop movements at night in the jungles." Intelligence sources say the Russians are testing a new portable "night viewing device" which can be operated by two guerrillas. . . Chairman Rivers, has ordered the committee's staff to begin a probe of "shortages in war equipment" in South Viet Nam.

Look at the public exposure he's been getting lately, especially on his proposal that ferryboats be revived between Marin and San Francisco.

Storer is thinking, not only in terms of passenger ferries but also the possibility of ferrying vehicles across the bay.

He envisages jitneys, carrying about 10 people, boarding ferries at several takeoff points (from Sausalito, Tiburon and perhaps near Corte Madera Creek) and discharging passengers at several points in downtown San Francisco.

The ferryboat revival idea seems to be catching fire on both sides of the Bay. This may be just the boost he needs to induce him to make the try for Congress.

ANOTHER MAN with similar ideas for Congress is George McCabe of Santa Rosa, who manages to keep himself in the public eye with his current work on the proposed Redwood National Park.

As consultant to Rep. Jeffery Cohelan of Berkeley, McCabe participated in the series of conferences and hearings in Washington last weekend. His prediction: The ambitious federal plan for a national redwood park including Del Norte Coast, Jedediah Smith, and Prairie Creek will probably be turned down because it's too costly and would throw the lumber industry into turmoil.

McCabe says that the state's plan for a National Redwood Park in Southern Humboldt County is more likely. This would comprise Humboldt Redwood State Park as a nucleus, with additional acreage including the Kings Range area which has several miles of ocean frontage.

CONGRESSMAN CLAUSEN hasn't taken a stand on the various redwood park proposals offered so far. He says his number one priority is the Point Reyes National Seashore. He is trying to get authorization for an appropriation of an additional $30 million needed to acquire the 53,000 acres for the Seashore. The original cost estimate was far too low, and Clausen has the job of trying to justify the additional outlay.

THE ANNUAL election and installation of officers for the Marin Federated Republican women is scheduled for Dec. 7. The slate of officers, suggested by the nominating committee, is headed by Barbara Hennessy.

LABOR LEADERS from Marin and other counties in the First Congressional District will meet on Dec. 4 (a week from tomorrow) in Petaluma to coordinate and develop a program for labor's political activity in 1966.

L. C. Brooks of Marin, secretary treasurer for the First Congressional District Committee on Political Education (COPE), announces that the meeting will start at 2 p.m. at the Petaluma Labor Administration Building, 331 Keller Street, Petaluma.

REMEMBER THAT "Hubert Humphrey Salutes California" $100 a plate dinner that was put off last month? It's been rescheduled for next Friday, Dec. 3, at the Fairmont Hotel in San Francisco.

Pre-School Stand Is Decried

Editor, Independent-Journal:

Having read the article, "Sausalito's Pre-School Program Hit by Doctor," I can hardly believe that Dr. Degengardt could represent the Marin Medical Society, or the medical profession in Marin County.

Any citizen who has examined the Sausalito pre-school program at all, would see the need to include in the program 30 per cent of the students whose families have an income of over $4,000. One can clearly understand this need, if one realizes that the entire Sausalito school system has become integrated. What would be the purpose of separating the preschool program entirely, making this program available only to families of low income?

The federal government, under the Economics Opportunities Act, must have considered the integration factor, in allowing 30 per cent of the students to be those of families whose income is over $4,000. Under these circumstances, it would hardly seem the point that a family with income over $4,000 should be set apart, to have to pay a different and separate fee to a physician. Perhaps Dr. Degenhardt has done an injustice to his profession, by not understanding the situation, himself.

Assessment May Be Economic Key

Editor, Independent-Journal:

I was interested in your recent article which quoted the National Assn. of Home Builders on the fairly consistent decline in home building during the last two years while all other economic indicators go up and up. The most striking point in the article was that land costs have risen 75 per cent in the last five years, a figure that is obviously far out of keeping with the general inflationary rise of all other prices and wages.

Although this increase in land costs reflects several factors, the most consistent factor which has been found all over the country is the wolf of under assessment of land. This has been further spotlighted by the assessment scandal in California this year.

Only by full and accurate assessment of land are we going to minimize the artifical scarcity of land, and the speculative prices we must pay for land both for commercial and private home development. If not, the strong possibility exists that this persistent thorn in the side of our economy coupled with a burdensome war effort could prove to be a turn-around factor in what would otherwise be continued prosperity.

Doctor Shouldn't Criticize Center

Editor, Independent-Journal:

I do not think Dr. Degenhardt has any business to criticize the child care center in Marin City in his official capacity as president of the Marin Medical Society. He may be learned in the field of medicine, but when it comes to expressing an opinion such as this, he is as any other mortal man.

If the people who are running the program and the people who have their children enrolled therein are satisfied, I do not see that it should concern the Marin Medical Society.

It would be interesting, too, to see Dr. Degenhardt estimating the size of his patients' incomes, which again I don't think is any of his business.

Martha Gave Out, Police Came In

Editor, Independent-Journal:

I will long remember rainy Tuesday in marvelous Marin.

Like many a busy little suburban housewife, I hopped into the station wagon to pick up my first-grader in Larkspur as, of course, there is no school bus service. With my little brood (a 14-months-old and a 4-year-old) tucked snugly inside our faithful servant, I circled the street and dutifully stopped at the stop sign. Well, Martha decided she had had enough of us all and promptly gave up the ghost.

As there was no phone available I hoofed it a mile toting the two-ton 14-months-old and trailed by a lachrymal lad of 4 years who didn't find walking in the rain a treat at all.

Being a solid citizen I immediately phoned the police of my plight and that Martha would be towed away when my long-suffering groom came home from work. So! Long Suffering got home late due to rain, grabbed a bit of sustenance, hopped in No. 2 servant with a friend, scooted to Larkspur and there was Martha neatly tagged in pink.

In my ensuing conversation with the law I learned that so many citizens complained, and that since we didn't move the poor old girl soon enough, that we had to pay the fine.

I can't help but wonder if Marin's high divorce rate isn't because a suburban housewife almost has to have a boyfriend handy to help her out of life's little emergencies in the suburbs. I realize I am prejudiced about the ticket but I would like to state quietly: unfair!!!

Positive Word For Public Schools

Editor, Independent-Journal:

I would like to add a positive word to the often unjustly negative views of our public school system. Last night I attended the dedication of Gallinas School annex, a public school facility for hearing-handicapped pupils.

Doubtless this dedication was similiar to many other dedications, except for the addition of perhaps a little more amazement on the part of those who for the first time realized what is being done to help these special children, and surely a great deal more emotion on the parts of the parents and teaching staff.

It is a small building, as school buildings go, but it takes on the aspects of an enchanted cottage, for here, children who would seldom or perhaps never comprehend language by ear can nevertheless be taught the one vitally indispensable tool in today's loudly vocal world, clear communication.

Here, for a few hours a day, away from the loud silence they feel about them, the children are taught lip reading and to recognize words from the distorted sounds they do hear.

Words cannot be made big nor strong enough to praise our public school system for the miracle they are accomplishing here.

A VIVACIOUS Hollywood star was boasting about her new personal press agent. "Darlings, he's simply marvelous," she gurgled. U.S. Must Adjust Thinking Now Regarding U.N. Seat For Peking

WASHINGTON—The United States has led its last successful fight to keep Red China out of the UN.

When the issue next comes up, there is little doubt there will be enough votes to offer Peking a seat.

THIS MEANS that American opinion and American policy will need to adjust to the inevitable and to decide, well in advance of the next vote, what our own course should be.

Does this mean that a majority vote for Peking will prove that those who opposed Red China in the UN were wrong and those who supported her were right? Certainly not.

But it does mean realizing calmly that the world isn't going to come to an end if the UN votes to admit Red China.

Let us not be the ones to threaten to break up the United Nations or to withdraw when we don't get our way.

We could continue to argue that Peking does not meet the requirements of the UN charter. It doesn't.

The charter says its members must give up "armed force" as a means of settling disputes.

Mao Tse-tung says: "The seizure of power by armed force . . . is the highest form of revolution."

WE COULD continue to argue that Red China's presence will hamper still further the ability of the UN to keep the peace. If Peking had been on the Security Council, the UN would have been helpless to bring about the India-Pakistan truce.

But this is now a futile exercise. It is clear that the majority wants Red China inside instead of outside the UN.

Uncompromising opposition is now a lost cause and we ought to find the most constructive course the U.S. can pursue.

There are two lines of action we could usefully pursue.

ONE IS TO do everything possible to make sure that a vote to admit Red China is not a vote to expel Nationalist China. Here is a country of 12 million, more than most of the present UN states. There is no reason why Taiwan should lose its representation because the UN wants to admit another member. If the principle of universal membership is to govern, there is no basis for expelling Taiwan.

The other line of policy the U.S. might take is to help the UN find out if Peking really wants membership. The easiest way to do that is to put a simple resolution before the General Assembly inviting Peking to apply for admission. If it passes, the next step would be up to Red China. . .

Thus far, from Red China's standpoint, it is the UN which must make itself over to suit Peking, not Peking which should adjust itself to the UN. Even after the near-admission vote earlier this month Peking's official newspaper again stated what the UN would have to do to persuade Red China to join: oust Taiwan, expunge the 1950 resolution citing Peking as an aggressor against South Korea, condemn the U.S., and remove the "imperialist" nations (the Soviet Union, Britain, the U.S., India, etc.) from the UN.

APPARENTLY most of the UN states doubt that Peking means what it says. Perhaps it doesn't. Let's find out.

McNamara Opposed On Nuclear Vessels

By ROBERT S. ALLEN
and PAUL SCOTT

WASHINGTON — The House Armed Services Committee is on a new collision course with Defense Secretary Robert McNamara.

Spearheaded by Representative L. Mendel Rivers, D-S.C., outspoken chairman, the congressional military specialists have served notice on McNamara of their intention to launch a multi-billion dollar nuclear surface fleet building program next year—with or without his approval.

The controversial Pentagon boss has been bluntly told that, as the first step in this huge eventful plan, the committee has decided to both "authorize" and "direct" the Navy to begin construction of a $400 million nuclear-powered carrier in 1966—which McNamara vigorously opposes.

Although the composition of the atomic fleet will not be determined until the legislators hold hearings early next year on the Navy's ship building requests, committee members are discussing a five-year program calling for the construction of at least 35 nuclear-powered surface vessels. The nuclear surface fleet would include all types of warships.

While the committee has decided to authorize only one atomic carrier next year, the lawmakers plan to make it crystal clear that it is the "intent of Congress" that several of these mighty floating "airbases" be laid down in the next five years.

If President Lydon B. Johnson supports McNamara, a bitter clash will ensue. Rivers is stressing that his committee is prepared to "direct" the undertaking of an atomic naval program under Congress' constitutional authority "to provide and maintain a Navy."

Stung by McNamara's decision to eliminate numerous reserve units without congressional approval, Representative Rivers is pulling no punches in espousing the committee's position.

The private word he has sent McNamara is:

"The Committee on Armed Services is serving notice that with or without departmental concurrence, it will authorize and even direct, if necessary, the construction of a new nuclear-powered aircraft carrier next year.

". . .We reject the concept that we must not build nuclear warships because we could build a larger number of conventional ships with the same amount of money.

"We are going to increase our naval shipbuilding program because if we don't, the obsolescence of our fleet will overcome us. The committee does not propose to be a party to any program that will lead the U.S. to the position of being the second greatest sea power in the world.

IN ADDITION to this history making atomic fleet program, the Armed Services Committee is prodding the Navy to seek funds to mount five and eight inch guns as well as missiles on the newer ships.

"In wars like Viet Nam," a committee report states, "naval guns have no substitute. The present deficiency must be overcome and corrected as soon as possible."

House Armed Services Committee members, who recently made an on-the-spot inspection of the Viet Nam fighting, report that "in spite of all the advances we have made in technology, the U.S. still has not found a sure-fire method of detecting enemy troop movements at night in the jungles." Intelligence sources say the Russians are testing a new portable "night viewing device" which can be operated by two guerrillas. . . Chairman Rivers, has ordered the committee's staff to begin a probe of "shortages in war equipment" in South Viet Nam.

RAIN TO THE family man means baggy pants. And they don't have those "pants pressed while you wait" places any more where you could go into a cubby hole, take off your pants, have them pressed and walk out in three minutes a new man.

To a gal in our office who answers telephones "people are ruder in the rain."

"There's a scarcity of human beings in the square," says Si Weil, Redhill liquor proprietor.

Dan Dagney of Del's says "there's an influx when it lets up."

Checking the book houses we learned from Dolly Georgetti at Sausalito Public Library that on rainy days "people come in just like ants. They stop puttering with their boats and gardens," she added.

Dorothy Thomas at Mill Valley Library said the first heavy rain stops people but the next one brings them in as fast as ever.

THE CAROB TREES in Lytton Square have been trimmed and now look something like umbrellas. Don Dimitratos says "they were growing crazy and bothering people walking by."

Bruce W. Shaw, superintendent, Muir Woods National Monument, reports the rain brought a "drop in visitations."

But, he said, people still come in buses and "forge in" despite rain. Or, they hit the coffee shop and hope it will quit. One wrote in the visitors' book, "It was beautiful even though soggy and wet."

Jerry Wolfram at the 666th Radar Squadron says when high winds come, men increase pressure in the soft radome (golf ball) so it doesn't pull, and everyone with foul weather gear wears it. Bob Anderson compares the top of the mountain with a town and says he is something like a city manager. He says rain means everything turns green—even the Tamalpais Valley fire area. "It's beautiful," he said.

Old barnacled wood carver Barney West says "people don't do anything, especially in the first rains. Then, they come out again. There is a general retreat from buying at first except for groceries or a bottle of booze.

"THE FIRST RAIN is always fighting people. They get insecure. They imagine things. Their security is threatened.

"It is a very primitive instinct in man. He's frightened. It used to be, when rains came, they brought sickness. Man would have to hole up in a shelter, a cave or under a tree. But," said West, "I prefer it to the brown fog of L. A."

They told Eldon Beck, landscape architect, at a city council meeting that grass wouldn't grow in Old Mill Park. But, sure enough, it's growing like crazy and, between rains, the kids are swinging like 60 on the new equipment.

Marcy Christian called the other day saying she is looking for a little old lady who would like to have her black Peke, Rose. She said she, Mrs. Christian, is working now and being alone makes Rose nervous. Rose needs a little old lady, Mrs. Christian believes.

THE ONLY odd thing about Rose is that she snores.

Somehow, This Is Supposed To Explain Thanksgiving To French

WASHINGTON—(At the urgent request of the State Department we have been asked **to reprint our column on explaining Thanksgiving Day to the French. It is hoped that this explanation will help bridge one of the major information gaps between these two great countries. If the French can't understand Thanksgiving, they can't understand America.)**

One of our most important holidays is Thanksgiving Day (known in France as **Le jour de merci donnant**).

Le jour de merci donnant was first started by a group of Pilgrims (**Pelerins**) who fled from **l'Angleterre before the McCarran Act to found a colony in the New World (le Nouveau Monde)**, where they could shoot Indians (**les peaux-rouges**) and eat **turkey (dinde)** to their heart's content. They landed at a place called Plymouth (now a famous **voiture americaine**) in a wooden sailing ship called the Mayflower (or **Fleur de mai**) in 1620. But while the **Pelerins** were killing the **dindes**, the **peaux-rouges** were killing the **Pelerins**, and there were several hard winters ahead for both of them. The only way the **peaux-rouges** helped the **Pelerins** was when they taught them to grow corn (**mais**). The reason they did this was because they liked corn with their **Pelerins**.

In 1623, after another harsh year, the **Pelerins'** crops were so good that they decided to have a celebration and give thanks because more **mais** was raised by the **Pelerins** than **Pelerins** were killed by **les peaux-rouges**.

EVERY YEAR on the **Jour de merci donnant** parents tell their children an **amusing** story about the first **celebration**.

It concerns a brave **captaine** named Miles Standish (**known** in France as **Kilometres Deboutish**) and a young, shy **lieutenant** named Jean Alden. Both of them were in love with a flower of Plymouth called Priscilla Mullens) no translation). The **vieux capitaine** said to the **jeune lieutenant:**

"Go to the damsel Pricilla (**allez tres vite chez Priscilla**), the loveliest maiden of Plymouth (**la plus jolie demoiselle de Plymouth**). Say that a blunt old captain, a man not of words but of action (**un vieux Fanfan la Tulipe**), offers his hand and his heart, the hand and heart of a soldier. Not in these words, you know, but this, in short, is my meaning.

"I am a maker of war (**je suis un fabricant de la querre**) and not a maker of phrases. You, bred as a scholar (**vous, qui etes pain comme un etudiant**), can say it in elegant language, such as you read in your books of the pleadings and wooings of lovers, such as you think best adapted to win the heart of the maiden."

Although Jean was fit to be tied (**convenable a etre emballe**), friendship prevailed over love and he went to do his duty. But instead of using elegant language he blurted out his mission. Priscilla was muted with amazement and sorrow. (**rendue muette par l'etonnement et la tristesse**).

At length she exclaimed, interrupting the ominous silence: "If **the great captain of Plymouth is so very eager to wed** me, **why does he not come** himself **and take** the trouble to woo me?" (**Ou estil, le vieux Kilometres? Pourquoi ne vient-il pas aupres de mot pour tenter sa chance?)**

Jean said that Kilometres Deboutish was very busy and didn't have time for those **things. He staggered on, telling what a wonderful** husband **Kilometres would** make. But finally **Priscilla arched** her eyebrows **and** said in **a** tremulous voice: **"Why don't you speak for yourself, John?" (A chacun sun gout.)**

And so, every fourth Thursday in November, American families sit down at a large table brimming with tasty dishes, and for the only time **during the year** eat better than **the French do.**

No one can deny that **Le jour de merci donnant is a grande fete, and** no matter how well-fed American families are, they never forget to give thanks to Kilometres Deboutish, who made this great day possible.

REMEMBER WHEN?

10 YEARS AGO

Marin County **participated** in a civil defense test to determine how fast the county can be re-occupied after a Bay Area nuclear attack.

A stringent anti-loitering law, aimed at curbing juvenile delinquency, was passed by the Marin County Board of Supervisors. The law prohibits any youth under 18 from loitering in a public place, or in a car on a public highway between 11 p.m. and sunrise.

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

Retirement Fund Investments In Public Projects Cost Taxpayer

FUSSELMAN

THE PROPOSAL to use retirement money for financing . . . "such public projects as the developing of the court house square . . . and the golf course that would be converted from a dump in Corte Madera," as was reported in the I.J., has two facets that, I believe, should be considered thoroughly.

There is no question that a 5.5 per cent interest return would be wonderful for the Fund's portfolio of investments. The most important consideration, though, is what will be the impact on Mr. Citizen Taxpayer's pocketbook.

You see, it goes like this: The retirement fund is made by a withholding from the salary of each non-elected member of county government and by those elected ones who subordinate themselves to the retirement system (It is not mandatory for them) and also from contributions by the county.

These amounts in toto are then included in the budget and become part of the tax levy. An interesting element in all this is that most of the employees are also taxpayers, so they pay twice.

FOR THE MOMENT, let's assume that any money borrowed from the retirement fund to be used for county projects will be paid back with interest at 5.5 per cent out of county funds which will be raised by taxes. This, then, must be observed: The county enjoys an interest rate on bonds slightly over 3 per cent. Therefore, the taxpayer will be paying the original contribution to the retirement fund plus the additional tax to amortize the loan for the projects, with an interest rate 2 and a fraction per cent more than normally would be paid on county borrowings.

IT IS MUCH better for the taxpayer when the retirement board invests funds in other securities, where the principal and interest payments come from outside sources. This brings us to another consideration respecting the present proposal.

It is stated that the county dump and conversion would cost some $600,000.

There has been no publication of the estimated receipts from dumping fees and a net return from the golf course. (This assumes a net profit can be assured from the latter.) Should such receipts be ample to pay the loan and interest back to the fund without a tax levy, then and then only would such a loan, in my opinion, be good financing and justified.

RESPECTING the court house square, the situation is basically the same. Unless the $1.4 million or any part is paid back by private enterprise, Mr. Citizen Taxpayer will be the angel for the project. It may be asked if the $7 million in the fund is to be built up into stratospheric amounts. The answer is this: From time to time actuaries review the situation and, when warranted, reductions are authorized in the contributions by both the county and employees.

THERE SHOULD have been more said in the column last Friday relating to density. As far as it went, what I said was correct.

One dwelling unit per acre means a one acre lot, if the property is subdivided. Two dwellings mean half acre lots or could indicate a duplex on an acre lot. An apartment building of several floors (high rise) and/or cluster housing (a number of dwellings close together) with a relatively large amount of open area such as lawns, parks, playgrounds etc., will be calculated and equated to such densities as 1.5 . . . 2.2. . . . or 3.5, which are being allowed by ordinance governing planned community zoning.

RAIN TO THE family man means baggy pants. And they don't have those "pants pressed while you wait" places any more where you could go into a cubby hole, take off your pants, have them pressed and walk out in three minutes a new man.

To a gal in our office who answers telephones "people are ruder in the rain."

"There's a scarcity of human beings in the square," says Si Weil, Redhill liquor proprietor.

Dan Dagney of Del's says "there's an influx when it lets up."

Checking the book houses we learned from Dolly Georgetti at Sausalito Public Library that on rainy days "people come in just like ants. They stop puttering with their boats and gardens," she added.

Dorothy Thomas at Mill Valley Library said the first heavy rain stops people but the next one brings them in as fast as ever.

THE CAROB TREES in Lytton Square have been trimmed and now look something like umbrellas. Don Dimitratos says "they were growing crazy and bothering people walking by."

Bruce W. Shaw, superintendent, Muir Woods National Monument, reports the rain brought a "drop in visitations."

But, he said, people still come in buses and "forge in" despite rain. Or, they hit the coffee shop and hope it will quit. One wrote in the visitors' book, "It was beautiful even though soggy and wet."

Jerry Wolfram at the 666th Radar Squadron says when high winds come, men increase pressure in the soft radome (golf ball) so it doesn't pull, and everyone with foul weather gear wears it. Bob Anderson compares the top of the mountain with a town and says he is something like a city manager. He says rain means everything turns green—even the Tamalpais Valley fire area. "It's beautiful," he said.

Old barnacled wood carver Barney West says "people don't do anything, especially in the first rains. Then, they come out again. There is a general retreat from buying at first except for groceries or a bottle of booze.

"THE FIRST RAIN is always fighting people. They get insecure. They imagine things. Their security is threatened.

"It is a very primitive instinct in man. He's frightened. It used to be, when rains came, they brought sickness. Man would have to hole up in a shelter, a cave or under a tree. But," said West, "I prefer it to the brown fog of L. A."

They told Eldon Beck, landscape architect, at a city council meeting that grass wouldn't grow in Old Mill Park. But, sure enough, it's growing like crazy and, between rains, the kids are swinging like 60 on the new equipment.

Marcy Christian called the other day saying she is looking for a little old lady who would like to have her black Peke, Rose. She said she, Mrs. Christian, is working now and being alone makes Rose nervous. Rose needs a little old lady, Mrs. Christian believes.

THE ONLY odd thing about Rose is that she snores.

Somehow, This Is Supposed To Explain Thanksgiving To French

WASHINGTON—(At the urgent request of the State Department we have been asked to reprint our column on explaining Thanksgiving Day to the French. It is hoped that this explanation will help bridge one of the major information gaps between these two great countries. If the French can't understand Thanksgiving, they can't understand America.)

One of our most important holidays is Thanksgiving Day (known in France as **Le jour de merci donnant**).

Le jour de merci donnant was first started by a group of Pilgrims (**Pelerins**) who fled from **l'Angleterre** before the McCarran Act to found a colony in the New World (**le Nouveau Monde**), where they could shoot Indians (**les peaux-rouges**) and eat turkey (**dinde**) to their heart's content. They landed at a place called Plymouth (now a famous **voiture americaine**) in a wooden sailing ship called the Mayflower (or **Fleur de mai**) in 1620. But while the **Pelerins** were killing the **dindes**, the **peaux-rouges** were killing the **Pelerins**, and there were several hard winters ahead for both of them. The only way the **peaux-rouges** helped the **Pelerins** was when they taught them to grow corn (**mais**). The reason they did this was because they liked corn with their **Pelerins**.

In 1623, after another harsh year, the **Pelerins'** crops were so good that they decided to have a celebration and give thanks because more **mais** was raised by the **Pelerins** than **Pelerins** were killed by **les peaux-rouges**.

EVERY YEAR on the **Jour de merci donnant** parents tell their children an amusing story about the first celebration.

It concerns a brave **captaine** named Miles Standish (known in France as **Kilometres Deboutish**) and a young, shy **lieutenant** named Jean Alden. Both of them were in love with a flower of Plymouth called Priscilla Mullens) no translation). The **vieux capitaine** said to the **jeune lieutenant**:

"Go to the damsel Pricilla (**allez tres vite chez Priscilla**), the loveliest maiden of Plymouth (**la plus jolie demoiselle de Plymouth**). Say that a blunt old captain, a man not of words but of action (**un vieux Fanfan la Tulipe**), offers his hand and his heart, the hand and heart of a soldier. Not in these words, you know, but this, in short, is my meaning.

"I am a maker of war (**je suis un fabricant de la querre**) and not a maker of phrases. You, bred as a scholar (**vous, qui etes pain comme un etudiant**), can say it in elegant language, such as you read in your books of the pleadings and wooings of lovers, such as you think best adapted to win the heart of the maiden."

Although Jean was fit to be tied (**convenable a etre emballe**), friendship prevailed over love and he went to do his duty. But instead of using elegant language he blurted out his mission. Priscilla was muted with amazement and sorrow. (**rendue muette par l'etonnement et la tristesse**).

At length she exclaimed, interrupting the ominous silence: "If the great captain of Plymouth is so very eager to wed me, why does he not come himself and take the trouble to woo me?" (**Ou estil, le vieux Kilometres? Pourquoi ne vient-il pas aupres de mot pour tenter sa chance?**)

Jean said that Kilometres Deboutish was very busy and didn't have time for those things. He staggered on, telling what a wonderful husband Kilometres would make. But finally Priscilla arched her eyebrows and said in a tremulous voice: "Why don't you speak for yourself, John?" (**A chacun sun gout.**)

And so, every fourth Thursday in November, American families sit down at a large table brimming with tasty dishes, and for the only time during the year eat better than the French do.

No one can deny that **Le jour de merci donnant is a grande fete**, and no matter how well-fed American families are, they never forget to give thanks to Kilometres Deboutish, who made this great day possible.

REMEMBER WHEN?

10 YEARS AGO

Marin County participated in a civil defense test to determine how fast the county can be re-occupied after a Bay Area nuclear attack.

A stringent anti-loitering law, aimed at curbing juvenile delinquency, was passed by the Marin County Board of Supervisors. The law prohibits any youth under 18 from loitering in a public place, or in a car on a public highway between 11 p.m. and sunrise.

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

Retirement Fund Investments In Public Projects Cost Taxpayer

FUSSELMAN

THE PROPOSAL to use retirement money for financing . . . "such public projects as the developing of the court house square . . . and the golf course that would be converted from a dump in Corte Madera," as was reported in the I.J., has two facets that, I believe, should be considered thoroughly.

There is no question that a 5.5 per cent interest return would be wonderful for the Fund's portfolio of investments. The most important consideration, though, is what will be the impact on Mr. Citizen Taxpayer's pocketbook.

You see, it goes like this: The retirement fund is made by a withholding from the salary of each non-elected member of county government and by those elected ones who subordinate themselves to the retirement system (It is not mandatory for them) and also from contributions by the county.

These amounts in toto are then included in the budget and become part of the tax levy. An interesting element in all this is that most of the employees are also taxpayers, so they pay twice.

FOR THE MOMENT, let's assume that any money borrowed from the retirement fund to be used for county projects will be paid back with interest at 5.5 per cent out of county funds which will be raised by taxes. This, then, must be observed: The county enjoys an interest rate on bonds slightly over 3 per cent. Therefore, the taxpayer will be paying the original contribution to the retirement fund plus the additional tax to amortize the loan for the projects, with an interest rate 2 and a fraction per cent more than normally would be paid on county borrowings.

IT IS MUCH better for the taxpayer when the retirement board invests funds in other securities, where the principal and interest payments come from outside sources. This brings us to another consideration respecting the present proposal.

It is stated that the county dump and conversion would cost some $600,000.

There has been no publication of the estimated receipts from dumping fees and a net return from the golf course. (This assumes a net profit can be assured from the latter.) Should such receipts be ample to pay the loan and interest back to the fund without a tax levy, then and then only would such a loan, in my opinion, be good financing and justified.

RESPECTING the court house square, the situation is basically the same. Unless the $1.4 million or any part is paid back by private enterprise, Mr. Citizen Taxpayer will be the angel for the project. It may be asked if the $7 million in the fund is to be built up into stratospheric amounts. The answer is this: From time to time actuaries review the situation and, when warranted, reductions are authorized in the contributions by both the county and employees.

THERE SHOULD have been more said in the column last Friday relating to density. As far as it went, what I said was correct.

One dwelling unit per acre means a one acre lot, if the property is subdivided. Two dwellings mean half acre lots or could indicate a duplex on an acre lot. An apartment building of several floors (high rise) and/or cluster housing (a number of dwellings close together) with a relatively large amount of open area such as lawns, parks, playgrounds etc., will be calculated and equated to such densities as 1.5 . . . 2.2. . . . or 3.5, which are being allowed by ordinance governing planned community zoning.

Sausalito Slates Lost, Found Sale

Chances of picking up an unusual—though well worn—Christmas gift will be excellent at the City of Sausalito public auction to be held at 9 a.m., Dec. 4 at the old Purity Store, 660 Bridgeway.

Items to be sold include a swing set, several trucks described as in "poor condition," two pewter mugs, a lawn mower, overnight bags and one water ski.

City Mgr. Charles A. Brown said today that some of the items are police "found" and evidence property. They include automobile parts and accessories, bicycles, silver, television sets, luggage and miscellaneous household items.

Full payment must be made at the time of sale and the successful bidder must remove his property no later than 4:30 p.m. that day.

The city will accept sealed bids prior to Dec. 4 and these will be included with bids during the auction. The bid must be accompanied by cashier's check, personal check or money order. Items may be inspected Dec. 3 between 4 and 5 p.m. at the former market.

The city will auction off its traffic control device, once used and still located at the entrance to the city parking lot at Humboldt and Bay Streets. The device, including two gates, two coin units and two treads, was replaced at the lot by parking meters.

Terra Linda High Grad To Receive Eagle Rank

JOHN B. BELLAMY III
Eagle Scout

John B. Bellamy III, son of Mrs. and Mrs. John B. Bellamy Jr. of Palo Alto, will receive the Eagle Scout badge at a special court of honor to be held by Boy Scout Troop 64 of Lucas Valley on Wedensday at 8 p.m. at the Marinwood Community Center.

A freshman at University of California at Davis, 18-year-old John graduated in June from Terra Linda High School, where he was voted the "Most Dependable Senior Boy." He received a Parent-Teacher Assn. scholarship for achievement in physical education.

He was a scout for many years in Marinwood's Troop 74, but transferred to the Lucas Valley troop to help scoutmaster Charles Convis reactivate the group. He served as junior assistant scoutmaster under Convis.

He holds the historic trails and 50-mile hike awards, the mile swim badge, and the 21 merit badges required for the Eagle rank. He earned badges in machinery, music, citizenship, cooking, camping, first aid, among other fields.

Carl G. Brown Jr. of Ross, past president of the Marin County Boy Scout Council, will deliver the award.

Top Soil Moving Contract Made

The Tamalpais High School District board Wednesday awarded a contract to move approximately 40,000 cubic yards of topsoil at the San Geronimo Valley High School site to Piombo Brothers of San Rafael.

That company was the lowest of four bidders at 25.7 cents per cubic yard. Next lowest bid was 26 cents per cubic yard by Merz Brothers, also of San Rafael.

The district wants to move the rich topsoil from the flatland area of the high school site before grading the surrounding knolls, said board secretary Mrs. Marion Higgins. Then it can be spread on the area to be turfed after the school is built.

Gravity Car On Go Again

Mill Valley's gravity car is on the go-go again.

First located in Old Mill Park, then moved about a year ago to grace the front of the bus depot in Lytton Square, it was moved this week to the corporation yard.

Don Dimitratos, park and recreation director, said the car, damaged by youngsters while in the square, is to be repaired by high school students headed by David Gilliam, then a decision will be reached by the parks and recreation commission as to where the car will go next.

San Rafael Officer Honored At Presidio

Army Second Lt. Fred H. Tarasawa of 238 Merrydale Road, San Rafael, was presented the Army Commendation Medal this week in ceremonies at the Presidio of San Francisco.

Tarasawa received the medal from Maj. Gen. F. R. Zierath, 15th Army Corps commander. He was cited for service as a communications officer and weapons platoon leader.

SEEING THE SOVIET

'Fair Lady' Braves Language Barriers

One of a series of articles on a just-completed trip through Russia and India.

By BARBARA HOSMER

After hurrying through the night to the Leningrad comedy theater, the audience settled into the straight-backed armchairs as comfortably as possible, round Russian faces expectant as the lights dimmed. It was a common scene that takes place almost nightly in theaters throughout the Soviet Union.

But this night as the orchestra begins the overture, for an American the evening takes on an odd time-out-of-whack feeling, the music sounding so familiar in a setting so foreign. It is "My Fair Lady," far from home and in Russian, but she's still luverly in the person of a petite brunette with a captivating smile.

That a play by an Irishman about English and the English language, produced into musical form by Americans and now translated into Russian for the enjoyment of Soviet audiences, could come over the footlights with meaning and amusement is a wonder in itself, but there it was, the laughs still coming and in the right places.

The language of the play was translated so literally that even an American with only a smattering of Russian could get much of the dialogue and lyric. Cockney was simulated by using a lower sort of Russian speech, but some of the phonetics lessons as sung by the chorus were intact and very amusing to hear mixed in with the Russian, which has no equivalent of the "eye" sound so prominent in the cockney dialect of Eliza (Eleesa). Another technical problem was lack of the letter "H" in Russian, and much of the lyric centers around the cockney flower girl's learning to put in the "H"s to be able to pass in uppercrust society. This caused Professor Higgins sometimes to become "Genry Giggins" in the mouths of the cast, and perhaps it was for this reason that the song "Just You Wait, Henry Higgins" was not used, or possibly because it had to do with Eliza's spiteful imagining of herself getting the king to cut off 'Iggins 'ead, a non-constructive thought for a healthy Soviet society. But who knows?

Without exception, every voice in the cast was fine, Eliza and Professor "Giggins" especially. But to an American who had nothing to compare it with except the original New York production with Julie Andrews and Rex Harrison, the Leningrad show was done without the glossy Broadway sophistication and lilt familiar to American audiences, and had instead an amusing Russian flavor, with some distinctly non-Shavian touches.

One classic scene that stopped the show every night for years on Broadway passed completely over the heads of the Soviet citizens—the Ascot Gavotte race with its devastating comment on British reserve. The actors played it with some slight understanding but the whole scene passed in total silence, without a crinkle of humor from the audience until Eliza's broad dialogues fraught with faux pas finally drew guffaws from the appreciative Russians. One can only chalk it up as one effect of a certain historic isolation. . .

People were much more sympathetic and at ease with the rough and tumble Soho of Alfred P. Doolittle's rollicking "Get Me To the Church on Time." Funny as it is, the scene became more incredible as the supposedly cockney chorus — hefty, well-scrubbed and well-drilled—sang on more and more earnestly while the whole thing turned into a wild, leaping Russian folk dance, the huge actor in the Stanley Holloway part amiably flashing a

Dr. Spock's Wishes At Christmas Time—

NEW YORK (UPI)—Yes Virginia, there is a Santa Claus. But Dr. Benjamin Spock wishes he would remain in the hearts and minds of children and steer clear of street corners and department stores.

Spock, regarded an authority on children, said in a copyrighted article in Redbook Magazine today the experience of seeing a "live Santa" is "quite upsetting" to young children.

"Most of these characters believe their job is to talk and laugh louder than anyone else a small child has ever met," Spock said. "Their clothes and beards are equally strange."

Another "real hazard" of Christmas and Hanukka is gift giving, the doctor said. One of the strongest reactions a child has to the holidays is "greediness," he said.

Most children do not need—"practically or symbolically"—the many gifts they get, and he recommended that parents limit their presents to one or two for each child.

On the holiday season in general, Spock said it can cause a child to "go to pieces," and he suggested a minimum number of large family gatherings.

Redwood High P-TA Plans Rag Collection Campaign

A rag collection drive is scheduled at Redwood High School next week, and the Parent-Teacher Assn. hopes to make a bundle out of it.

"Rags to riches" is the idea, as Redwood classes compete to bring in the most bagsful of rags. The P-TA will award at least $25 to the winning class, and will itself benefit when United Textile Co. of San Francisco pays three cents a pound for the total. If 2,000 or more bags are brought in, the price goes up to four cents.

If it succeds, the rag drive will be the sole fund-raising activity of the P-TA this year, according to ways and means chairman Mrs. Austin Lea.

Empty bags provided by the textile company will be passed out on Monday and Tuesday to all students. They and their parents are asked to fill them with rags and return them to school starting Wednesday and no later than Friday. Each bag should be plainly marked with the grade which is to get credit, as the competition for prize money is keen among the classes.

Cloth of any description is acceptable. Clothes need not be stripped of buttons or zippers. Nylon, linen, wool, curtains, rugs—anything but plastics, mattresses or rugs too large for the shopping-size bags—will count in the weigh-in.

The rag drive is the first ever tried in Marin, to P-TA knowledge. The 800 students of St. Paul's School in San Francisco las year earned $1,500 for their P-TA. It'll take a heap o' rags to earn that much, but with the enthusiasm of 2,000 students and their parents, P-TA President Herbert Leney feels it's in the bag!

Party Circuit Fashions Need Special Care

Parties, gift exchanges, unexpected guests, and plenty of excitement round out the winter holiday social circle. It's time for celebration, dances, and good times for all.

Whether you're the hostess or the guest, you're always on view, so it's extra important to keep your clothes and hostess aprons bright, fresh, and ready.

For the party circuit, just follow these tips:

—When laundering, be sure to separate red and green holiday fashions and other dark colored clothes from white blouses and shirts, so there's no danger of fading or lint transfer.

—Follow manufacturers' laundering instructions, then damp dry or dry completely, as you prefer.

—When ironing, add the finishing touch of spray-on starch to each article to restore body and freshness. For larger items and heavier fabrics, spray and iron a portion at a time. For smaller items like aprons and lightweight fabrics like organdies, spray the article completely, roll it up to let the starch distribute evenly throughout, unroll, and iron at once.

—If an article is damp dry, press with a regular iron; if it is completely dry, press with a steam iron, as usual.

How To Make A Wife A Widow

You may be well on the road to making your wife a widow—without knowing it! If you're not yet a candidate for membership in the Coronary Club, you can become one soon by assuming the role of one of the following short-lived characters:

1. THE WORKHORSE. This part is a snap; all you have to do is try to get to the top in the shortest possible time and put your job ahead of all personal considerations. Go to the office evenings, Saturdays, Sundays and holidays. Or, at least take your brief case home; it's a good opportunity to review all the worries of your working day. It's also wise to stay up late working every night, because too much sleep may dull your senses.

Never say "No" to a request —no matter how "beat" you are, ond don't delegate responsibility. You're the only one that can be counted on, so carry the ball yourself at all times. And it's also a poor policy to take all the vacation time you have coming.

2. THE WEEKEND ATHLETE. When you assume this role, you'll be joining thousands of others who are on their way to "the happy hunting grounds" in a hurry! It's far easier to kill yourself having a good time than you may realize—especially if you've spent all week sitting behind a desk. Tempt the fates by lifting weights, running a mile or two before Sunday breakfast, or by indulging in a fast game of basketball or handball with the kids. And if you feel that a lack of supervised exercise is the reason for that spare tire around your middle, join a 3-hour calesthenics class at the local gym—but be sure to indulge only on the weekends.

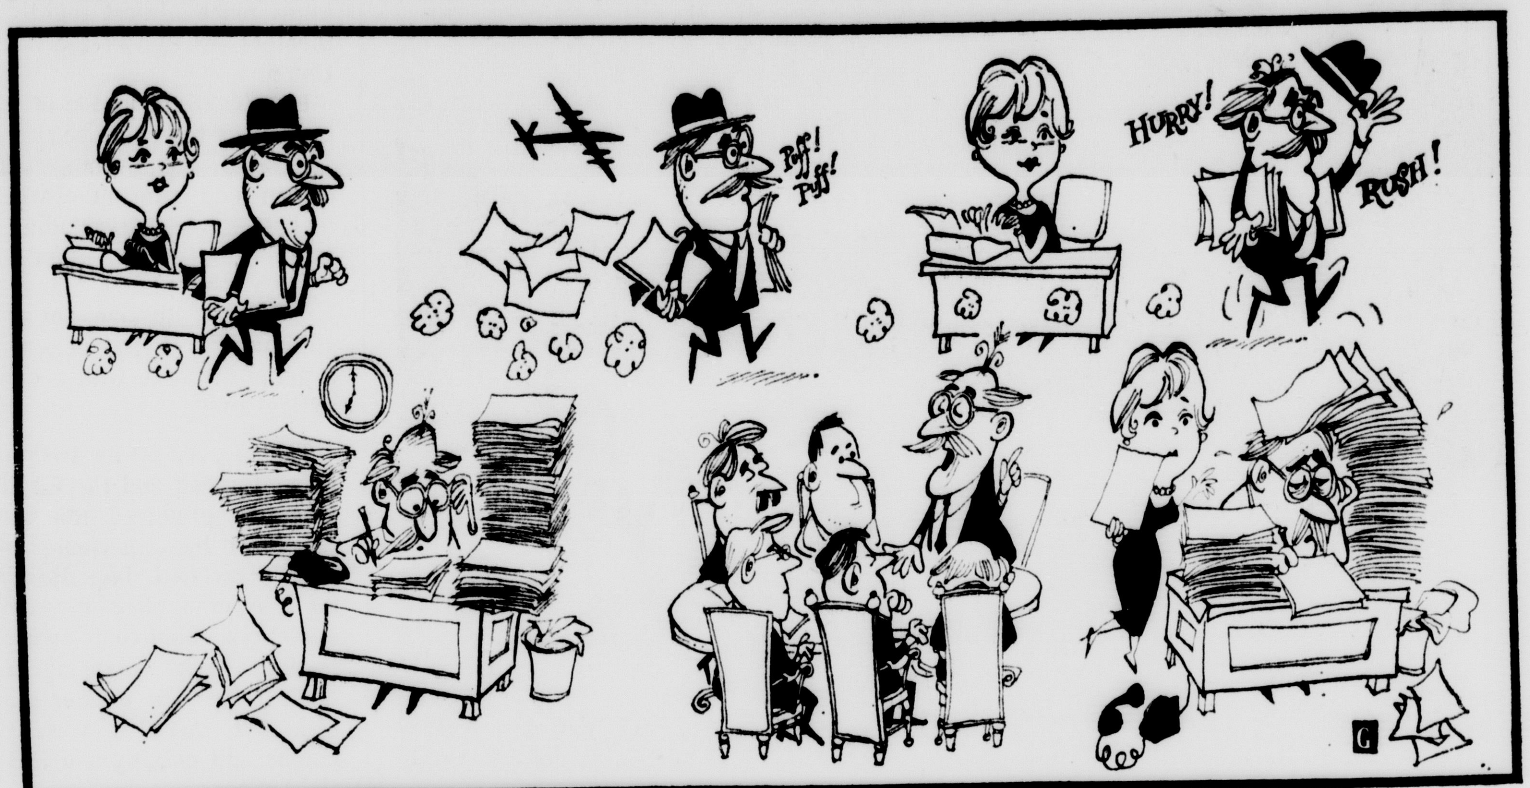
3. THE JET-SETTER. When you travel, make sure you wear yourself to a frazzle. One good way is to get up at the crack of dawn, catch a plane to your destination, work all day, then late at night jet back home—to save the few bucks a hotel or motel would cost you. If you drive on business or pleasure trips, instead of flying, drive all day and night to see your client or your friends—then head back immediately to the office or home.

If you sometimes feel that you can't catch up with yourself and that you're out of tune with your surroundings, you're probably a victim of "Jet Pace Fatigue." That's just fine! But don't listen to doctors, who have discovered that jet travel which crosses back and forth over time zones, upsets the body's metabolism. And don't follow the advice of the American Hotel & Motel Assn., that adequate rest and comfortable lodgings are important to your health during a long trip. After all, it's your life! What do they know?

4. THE MEAL-MISSER. Here's another ticket to the Coronary Club; just forget about your eating habits. A balanced diet at three regular meals a day is great for kids, but you're a busy grown man. A restful meal is a waste of time for the man-on-the-go. You'd probably get more done by working at your desk or cramming an extra conference into the meal hour. Missing meals has a way of making you hungry between meals. So keep plenty around to nibble on during the day. In the process of feeding your frustrations, you may eat your way into the hospital — and maybe even an early grave!

5. THE "TEACHER." When on the road make sure you're the fellow who teaches the other guys a lesson. It's really important. After all, the teacher should feel that he alone has the job of protecting the public—that that's a real service. On the highway, he zooms out around the offending driver or refuses to dim his lights if the other guy doesn't. He is often a "knight in an older-model" new car owners rarely do this. His common curse is, "I'll teach those dopes!" He's already worked himself into a wreck; the next wreck may be his car!

If you find yourself falling into any of these five roles, get out your shovel and start digging. The standard size for graves, by the way, is nine feet by 30 inches.



Puff! Puff!
HURRY!
RUSH!
G

A SURE WAY to an early grave is to live too hard and too fast. All work and no play can make Jack a dull boy and perhaps even a dead one, long before his time. The American Hotel and Motel Association counsels living it up—but in moderation—by taking frequent vacations and by staying at a hotel or motel overnight on business trips rather than working around the clock and trying to get out of town and home again the same day.

The flavor of alcohol makes its entrance into the liquid diet food field with a rum punch flavor from one manufacturer. Three other new flavors from the same manufacturer lend themselves to the addition of rum or brandy flavorings or the alcoholic beverages themselves. row of gold teeth as he belted out the chorus.

And the Russians, like Hollywood, couldn't resist adding the ballroom scene which was so cleverly avoided in the original Broadway version. This became the big production number, lavishly costumed and allowing the highly accomplished Soviet dancers to perform what seemed like 60 second fragments from the Bolshoi for several minutes before the entire stage went into a high-leaping and low-kicking folk routine reminiscent of the Moiseyev company that toured the U.S. Very good, but distinctly non-Mayfair, making one realize that he was still in the beautiful canalled city on the Gulf of Finland which was once the capital of Imperial Russia.

The Broadway gloss and the magic of an Andrews and Harrison had been left behind in the West, along with the subleties of the relationship between the cockney flower girl and the aloof phonetics professor, and the orchestra may have been a little too smooth, but, as Professor Giggins strode across the stage and demanded, "Gdyeh Eleesa?" one knew that the spirit of Shaw had crossed all borders successfully.

What Lerner and Loewe would have thought of the production one can only speculate, but no doubt Peter the Great would have been proud of this city he built as a "window to the West."

TAKES YOU EVERYWEAR

The non-stop coat takes you everywhere — here to a New York Fur Dressers plant—where the particular operation in the background is "drumming." Fur skins are being cleaned with a special sawdust to absorb the excess oil and dirt, giving a cleaner skin for handling and easy draping. The shirttale shape of this horizontal ranch mink coat, designed by Tiffeau Busch, is a length that looks equally well over a tweed skirt, pants or evening coat. Three buttons placed strategically create an empire closing. This year wear your mink hat unmatched, as shown by this white toque.

Party Circuit Fashions Need Special Care

Parties, gift exchanges, unexpected guests, and plenty of excitement round out the winter holiday social circle. It's time for celebration, dances, and good times for all.

Whether you're the hostess or the guest, you're always on view, so it's extra important to keep your clothes and hostess aprons bright, fresh, and ready.

For the party circuit, just follow these tips:

—When laundering, be sure to separate red and green holiday fashions and other dark colored clothes from white blouses and shirts, so there's no danger of fading or lint transfer.

—Follow manufacturers' laundering instructions, then damp dry or dry completely, as you prefer.

—When ironing, add the finishing touch of spray-on starch to each article to restore body and freshness. For larger items and heavier fabrics, spray and iron a portion at a time. For smaller items like aprons and lightweight fabrics like organdies, spray the article completely, roll it up to let the starch distribute evenly throughout, unroll, and iron at once.

—If an article is damp dry, press with a regular iron; if it is completely dry, press with a steam iron, as usual.

How To Make A Wife A Widow

You may be well on the road to making your wife a widow—without knowing it! If you're not yet a candidate for membership in the Coronary Club, you can become one soon by assuming the role of one of the following short-lived characters:

1. THE WORKHORSE. This part is a snap; all you have to do is try to get to the top in the shortest possible time and put your job ahead of all personal considerations. Go to the office evenings, Saturdays, Sundays and holidays. Or, at least take your brief case home; it's a good opportunity to review all the worries of your working day. It's also wise to stay up late working every night, because too much sleep may dull your senses.

Never say "No" to a request —no matter how "beat" you are, ond don't delegate responsibility. You're the only one that can be counted on, so carry the ball yourself at all times. And it's also a poor policy to take all the vacation time you have coming.

2. THE WEEKEND ATHLETE. When you assume this role, you'll be joining thousands of others who are on their way to "the happy hunting grounds" in a hurry! It's far easier to kill yourself having a good time than you may realize—especially if you've spent all week sitting behind a desk. Tempt the fates by lifting weights, running a mile or two before Sunday breakfast, or by indulging in a fast game of basketball or handball with the kids. And if you feel that a lack of supervised exercise is the reason for that spare tire around your middle, join a 3-hour calesthenics class at the local gym—but be sure to indulge only on the weekends.

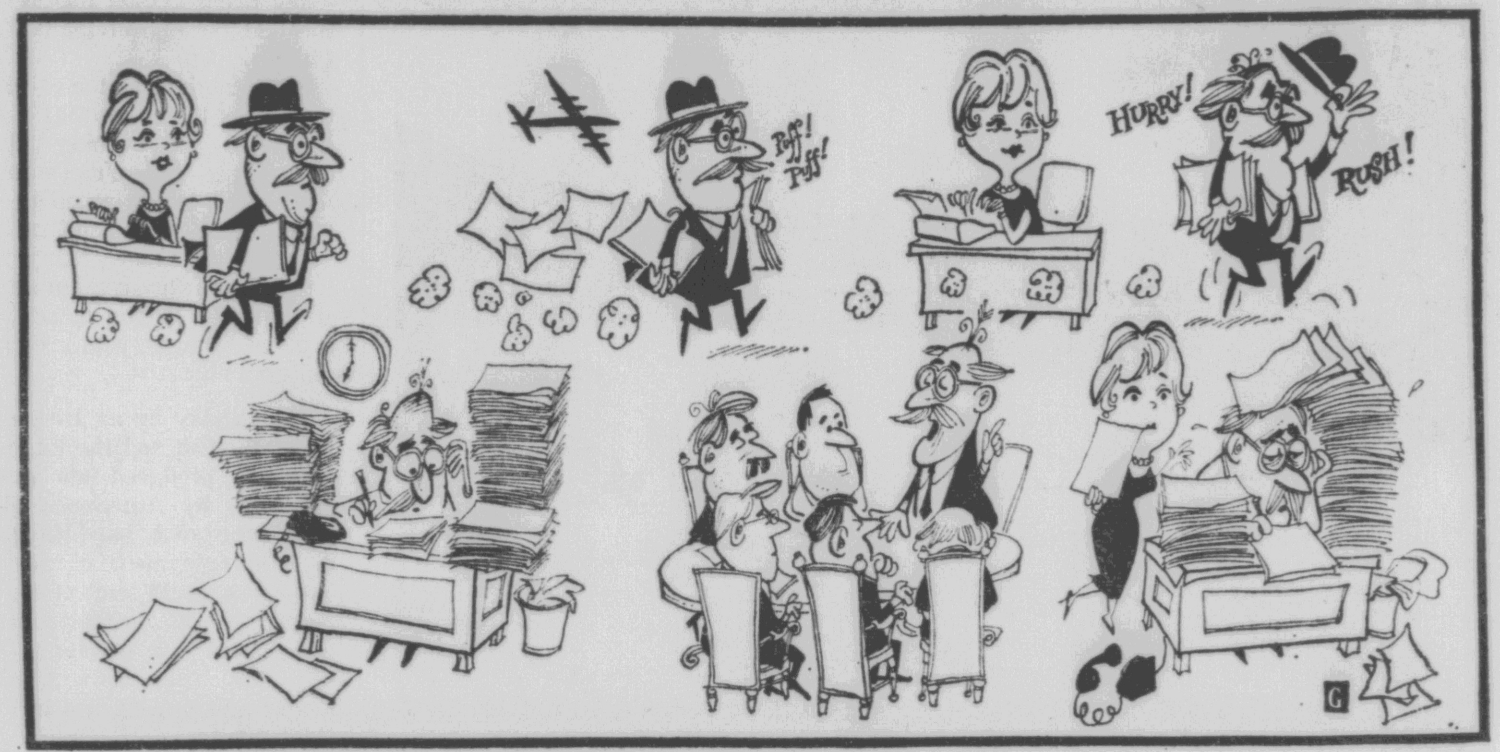
3. THE JET-SETTER. When you travel, make sure you wear yourself to a frazzle. One good way is to get up at the crack of dawn, catch a plane to your destination, work all day, then late at night jet back home—to save the few bucks a hotel or motel would cost you. If you drive on business or pleasure trips, instead of flying, drive all day and night to see your client or your friends—then head back immediately to the office or home.

If you sometimes feel that you can't catch up with yourself and that you're out of tune with your surroundings, you're probably a victim of "Jet Pace Fatigue." That's just fine! But don't listen to doctors, who have discovered that jet travel which crosses back and forth over time zones, upsets the body's metabolism. And don't follow the advice of the American Hotel & Motel Assn., that adequate rest and comfortable lodgings are important to your health during a long trip. After all, it's your life! What do they know?

4. THE MEAL-MISSER. Here's another ticket to the Coronary Club; just forget about your eating habits. A balanced diet at three regular meals a day is great for kids, but you're a busy grown man. A restful meal is a waste of time for the man-on-the-go. You'd probably get more done by working at your desk or cramming an extra conference into the meal hour. Missing meals has a way of making you hungry between meals. So keep plenty around to nibble on during the day. In the process of feeding your frustrations, you may eat your way into the hospital — and maybe even an early grave!

5. THE "TEACHER." When on the road make sure you're the fellow who teaches the other guys a lesson. It's really important. After all, the teacher should feel that he alone has the job of protecting the public—that that's a real service. On the highway, he zooms out around the offending driver or refuses to dim his lights if the other guy doesn't. He is often a "knight in an older-model" new car owners rarely do this. His common curse is, "I'll teach those dopes!" He's already worked himself into a wreck; the next wreck may be his car!

If you find yourself falling into any of these five roles, get out your shovel and start digging. The standard size for graves, by the way, is nine feet by 30 inches.



Puff! Puff!
HURRY!
RUSH!

A SURE WAY to an early grave is to live too hard and too fast. All work and no play can make Jack a dull boy and perhaps even a dead one, long before his time. The American Hotel and Motel Association counsels living it up—but in moderation—by taking frequent vacations and by staying at a hotel or motel overnight on business trips rather than working around the clock and trying to get out of town and home again the same day.

Rum Flavored Diet

The flavor of alcohol makes its entrance into the liquid diet food field with a rum punch flavor from one manufacturer. Three other new flavors from the same manufacturer lend themselves to the addition of rum or brandy flavorings or the alcoholic beverages themselves. They are Danish coffee, French vanilla and double fudge.

SEEING THE SOVIET—

Continued from page 15

row of gold teeth as he belted out the chorus.

And the Russians, like Hollywood, couldn't resist adding the ballroom scene which was so cleverly avoided in the original Broadway version. This became the big production number, lavishly costumed and allowing the highly accomplished Soviet dancers to perform what seemed like 60 second fragments from the Bolshoi for several minutes before the entire stage went into a high-leaping and low-kicking folk routine reminiscent of the Moiseyev company that toured the U.S. Very good, but distinctly non-Mayfair, making one realize that he was still in the beautiful canalled city on the Gulf of Finland which was once the capital of Imperial Russia.

The Broadway gloss and the magic of an Andrews and Harrison had been left behind in the West, along with the subleties of the relationship between the cockney flower girl and the aloof phonetics professor, and the orchestra may have been a little too smooth, but, as Professor Giggins strode across the stage and demanded, "Gdyeh Eleesa?" one knew that the spirit of Shaw had crossed all borders successfully.

What Lerner and Loewe would have thought of the production one can only speculate, but no doubt Peter the Great would have been proud of this city he built as a "window to the West."

FEATURED THIS SATURDAY

If you haven't already done so, it's time to begin thinking seriously about your Christmas shopping. And if you are stumped for a present for mom, dad or junior this year, tomorrow's I-J Marin Magazine will help you out. Starting tomorrow, the weekend supplement begins its annual holiday feature of advertisements and stories featuring unusual gift ideas. It will be a regular Marin Magazine feature until Christmas.

The regular stories in the Marin Magazine tomorrow also reflect the spirit of the holiday season. For instance, the women of the San Rafael Ward of Church of Jesus Christ of Latter-day Saints share with you their recipe for gingerbread boys that have become so popular at their annual Cookie Carnival. And there's another story about some centuries-old antiphonals of religious music that will also be sold this Christmas season.

Priceless Manuscripts Stolen From Vatican

VATICAN CITY (UPI) — Thieves have taken two priceless manuscripts and two relics worth nearly half a million dollars from the Vatican library, Vatican police reported today.

The hit-or-miss theft of the four unrelated items from the heart of the apostolic palace was the first reported at the Vatican in years. The theft was discovered this morning.

Although Vatican library sources said the two ancient literary manuscripts were "priceless" they put a value on the stolen relics as ranging from 200 to 300 million lire or up to $500,000.

The most valuable was an original work of Francesco Petrarch's "Canzoniere," the outstanding work of the 14th century poet. Much of it was in Petrarch's own handwriting and included important notations. "Canzoniere" includes a number of sonnets, madrigals and ballads.

The second manuscript was series of poems by Torquato Tasso, the 16th century Roman poet who wrote "Jerusalem Liberated" among other things.

The other subjects stolen were a replica of a crown of St. Stephan, the Hungarian saint and a national hero, and a box that contained objects belonging to Garcia Morena. Morena was the president of Ecuador who was assassinated at the end of the last century. The box and its contents had been sent to the late Pope Leo XIII.

Longfellow Tale Site Again Burns

SUDBURY, Mass. (UPI) — Fire today damaged historic Wayside Inn a 279-year-old hostelry immortalized in the poems of Henry Wadsworth Longfellow.

Twenty overnight guests fled down fire escapes or were escorted to safety while the two-alarm blaze roared through ventilating ducts and swept upstairs to the attic.

The blaze broke out almost 10 years after flames nearly destroyed the 28-room heritage-rich inn. That was at Christmastime in 1955. The inn since has been restored.

Private Shopping For Beatles

LONDON (AP)—Harrods, the London store where Queen Elizabeth II goes shopping, allowed the Beatles to do their Christmas shopping after hours behind locked doors last night.

That privilege has never before been granted—not even to the Queen, Jacqueline Kennedy or visiting royalty and nobility. They all had to jostle with Harrod's regular customers.

The management feared that mob scenes might erupt if they allowed the Beatles to shop during normal opening hours.

Top Pianist Myra Hess Succumbs

LONDON (UPI) — Dame Myra Hess, the famed concert pianist, died of a heart attack in her home here last night, it was announced today. She was 75.

She made her last public appearance at London's Royal Festival Hall in September 1961. Since that time rheumatism of the hands had forced her retirement.

She had been seriously ill for several months.

Miss Hess became popular with the man-in-the-street during World War II when she gave hundreds of concerts, often staying at the keyboard during air raids.

Prince Handles Power Blackout In Saudi Arabia

BEIRUT, Lebanon (AP)—They know how to deal with power blackouts in Saudi Arabia, the Jiddah newspaper Okaz reported.

This is its story:

When power failed at night in downtown Jiddah, consumers appealed to the governor, Prince Mishal, who pleaded in vain with the city electrician.

The no-nonsense prince then pulled the switch on the electric executives' private power supply—"they must not enjoy the pleasure of electricity while their clients go without"—and sent technicians to fix the main plant.

Moscow Expels U.S. Reporter

MOSCOW (AP) — The Soviet Union has expelled the Moscow correspondent of the Washington Post because his newspaper is publishing the "Penkovsky Papers."

The correspondent, Stephen Rosenfeld, yesterday was given seven days to leave the country. He has been here a year and a half.

Oleg Penkovsky was a Soviet colonel executed for spying for the west. A book purporting to be his diaries has recently been published in the United States. The Soviet Union has denounced it as a forgery.

MARIN FILM FARE

Gambling Epic Fits Classic Mold

By LES DARD

Here's what's on tap this weekend at Marin area theaters:

TAMALPAIS THEATER

Taut, edge-of-the-seat drama is coupled with great acting in "The Cincinnati Kid," now on screen.

At times very similar to "The Hustler," the film depicts the attempt of an ambitious professional gambler to defeat the reigning king.

Steve McQueen is the poker player of the title. He comes to New Orleans to face the legendary undefeated champion, Edward G. Robinson. Their marathon contest is the gripping climax of the show.

Meanwhile though, McQueen has other problems. For instance: he is living with a sweet girl (Tuesday Weld), but is desired by another (Ann Margaret) —wife of his friend and backer, Karl Malden.

The performances here are simply terrific — keeping pace admirably with the taut story line. The smoky, mysterious atmosphere that is New Orleans is created with all the color and tone of life.

This is sure to be one of the big hits of the year.

RAFAEL THEATER

Charlton Heston forcefully plays the title role of the epic new film "The War Lord," now showing.

The setting is the 11th Century. War Lord Heston is sent to secure and hold a fortress that is an outpost of the Duke of Normandy's territories. With all his knights and warriors, this should be a simple matter, but Heston falls in love with a peasant girl, refuses to give her up, and has to fight the peasantry too.

Intermingled with the action, there is an interesting contrast between old and new values. For instance, Maurice Evans plays a Christian priest, but he and his flock sometimes slip back to the ancient Druidical rites.

Lots of action, good performances and very authentic reproduction of a colorful era will make this film appeal to all ages.

HISTORY RECREATED—Charlton Heston leads his victorious army as "The War Lord," now playing at the Rafael. Portraying a sometime Christian, sometimes pagan monk is Maurice Evans (right) in the colorful film set in the Middle Ages.

TIBURON PLAYHOUSE

The latest one from the fabulous Beatles is now showing, "Help!" and you don't have to be a Beatle manic to enjoy it.

The spontaneous humor which made such a hit in their previous film, "A Hard Day's Night," comes through even better in color.

Jack Lemmon and pretty Italian import Virna Lisi star in the comedy co-feature: "How to Murder Your Wife."

**SEQUOIA THEATER
101 DRIVE-IN**

Michael Caine stars as an incongruous secret agent in "The Ipcress File," a first-rate British thriller now on screen at both theaters.

Sent to recover a kidnapped British scientist, Caine discovers the secret of the "brain drain." This is an elaborate technique "they" are using to brainwash Britain's top scientists.

To supplement the intriguing story, special photography is tactfully employed.

An off-beat, but genuine, competitor for James Bond.

MOTOR MOVIES

On screen tonight and tomorrow night only is "The Amorous Adventure of Moll Flanders," an earlier-written version of "Tom Jones," female style. This one's also British.

Kim Novak plays the title role of a lusty heroine who makes good without being at all good in 18th Century England.

Sharing top billings are Richard Johnson, Angela Lansbury, Vittoria De Sica, George Sanders and Lili Palmer.

The second feature is a naval tale, set in the beginning of World War II. "In Harm's Way" stars John Wayne, Kirk Douglas and Patricia Neal.

NOVATO THEATER

Dean Martin and the ever-versatile Jerry Lewis team up in a double bill now on screen.

"Living It Up" is a zany entry that gets off to a bang start when Jerry misunderstands his doctor and thinks he is going to die of radiation poisoning. It's fun from there on in.

Co-featured is "Partners," another comedy favorite from a few years back.

It's a crazy spoof of the Western that any fan of Jerry's (or Dean's) won't want to miss.

LARK THEATER

Richard Lester, the Beatles' director, does a great job with "The Knack—and How to Get It," held over.

It's the story of three London bachelors and a naive girl.

It's all a lark, very British, and very funny.

FAIRFAX THEATER

"Ecco" is remaining here. You might find some of the scenes slightly sickening, but you'll have to admit they're interesting.

Some of the most breathtaking photography on record is contrasted with some of the most sordid.

Saw, Tools Gone In Two Thefts

Loss of a saw worth $135 in burglary of a house under construction by Dick York Construction Co. of Sausalito was reported Tuesday by sheriff's officers.

York said the building at 108 Marina Court, San Rafael, was entered via a bathroom window. Sheetrock stored inside was damaged, officers reported.

Greenbrae Construction Supply Co., San Quentin Road, Greenbrae, reported an open shed was entered and tools worth $25 were taken. The items were owned by Donald Stump, an employee, according to the report.

Team's Physician To Go To Viet Nam

WASHINGTON (UPI)—Dr. John E. Stephens of Columbus, Ohio, team physician for the Columbus Jets baseball team and other Pittsburgh Pirates farm clubs, has volunteered for a two-month medical tour of duty in South Viet Nam.

A spokesman for "Project Viet Nam," which has recruited two dozen doctors for voluntary service in the war-torn land, today said Stephens would leave for Saigon Dec. 3.

Galloway cattle are black and hornless.

Pottery Sale To Benefit Art Students

Pottery made by College of Marin students and then either abandoned or donated to the college will be auctioned during the college fine arts division's annual pottery sale Dec. 10 at 7:30 p.m. in Room 60 of the art building.

The 1,000 pieces of pottery were described by fine arts division chairman Edwin S. Cadogan as "running from the type that we don't quite know what they are to pottery which is so fine it could be submitted to juried exhibitions."

The sale will take the form of a silent auction.

The auction will close at 9:30 p.m. Proceeds will be used to purchase art equipment and supplies and provide scholarships for college art students.

Jewish Center Sets Art Show

More than 400 works by 80 Marin County and Bay Area artists will be on display when the 13th annual art exhibition at the Marin Jewish Community Center opens to the public Dec. 5 from 1 to 6 p.m.

A program of chamber music will be given during the exhibition by a quartet of Marin musicians under the direction of Abe Millstein.

The jurors this year are the painters Janet Schrock Jones and Henry Rasmuson, and the ceramacist Allan Weiderhoff who will choose about 40 works out of 250 for display in the juried section.

Works in this section will be on show at the center through Jan. 3. A preview for members and artists will be held Dec. 4 from 8:30 to 11 p.m.

CHRISTMAS STILL TO COME

Priceless Manuscripts Stolen From Vatican

VATICAN CITY (UPI) — Thieves have taken two priceless manuscripts and two relics worth nearly half a million dollars from the Vatican library, Vatican police reported today.

The hit-or-miss theft of the four unrelated items from the heart of the apostolic palace was the first reported at the Vatican in years. The theft was discovered this morning.

Although Vatican library sources said the two ancient literary manuscripts were "priceless" they put a value on the stolen relics as ranging from 200 to 300 million lire or up to $500,000.

The most valuable was an original work of Francesco Petrarch's "Canzoniere," the outstanding work of the 14th century poet. Much of it was in Petrarch's own handwriting and included important notations. "Canzoniere" includes a number of sonnets, madrigals and ballads.

The second manuscript was series of poems by Torquato Tasso, the 16th century Roman poet who wrote "Jerusalem Liberated" among other things.

The other subjects stolen were a replica of a crown of St. Stephan, the Hungarian saint and a national hero, and a box that contained objects belonging to Garcia Morena. Morena was the president of Ecuador who was assassinated at the end of the last century. The box and its contents had been sent to the late Pope Leo XIII.

Longfellow Tale Site Again Burns

SUDBURY, Mass. (UPI) — Fire today damaged historic Wayside Inn a 279-year-old hostelry immortalized in the poems of Henry Wadsworth Longfellow.

Twenty overnight guests fled down fire escapes or were escorted to safety while the two-alarm blaze roared through ventilating ducts and swept upstairs to the attic.

The blaze broke out almost 10 years after flames nearly destroyed the 28-room heritage-rich inn. That was at Christmastime in 1955. The inn since has been restored.

Private Shopping For Beatles

LONDON (AP)—Harrods, the London store where Queen Elizabeth II goes shopping, allowed the Beatles to do their Christmas shopping after hours behind locked doors last night.

That privilege has never before been granted—not even to the Queen, Jacqueline Kennedy or visiting royalty and nobility. They all had to jostle with Harrod's regular customers.

The management feared that mob scenes might erupt if they allowed the Beatles to shop during normal opening hours.

Top Pianist Myra Hess Succumbs

LONDON (UPI) — Dame Myra Hess, the famed concert pianist, died of a heart attack in her home here last night, it was announced today. She was 75.

She made her last public appearance at London's Royal Festival Hall in September 1961. Since that time rheumatism of the hands had forced her retirement.

She had been seriously ill for several months.

Miss Hess became popular with the man-in-the-street during World War II when she gave hundreds of concerts, often staying at the keyboard during air raids.

Prince Handles Power Blackout In Saudi Arabia

BEIRUT, Lebanon (AP)—They know how to deal with power blackouts in Saudi Arabia, the Jiddah newspaper Okaz reported.

This is its story:

When power failed at night in downtown Jiddah, consumers appealed to the governor, Prince Mishal, who pleaded in vain with the city electrician.

The no-nonsense prince then pulled the switch on the electric executives' private power supply—"they must not enjoy the pleasure of electricity while their clients go without"—and sent technicians to fix the main plant.

Moscow Expels U.S. Reporter

MOSCOW (AP) — The Soviet Union has expelled the Moscow correspondent of the Washington Post because his newspaper is publishing the "Penkovsky Papers."

The correspondent, Stephen Rosenfeld, yesterday was given seven days to leave the country. He has been here a year and a half.

Oleg Penkovsky was a Soviet colonel executed for spying for the west. A book purporting to be his diaries has recently been published in the United States. The Soviet Union has denounced it as a forgery.

MARIN FILM FARE

Gambling Epic Fits Classic Mold

By LES DARD

Here's what's on tap this weekend at Marin area theaters:

TAMALPAIS THEATER

Taut, edge-of-the-seat drama is coupled with great acting in "The Cincinnati Kid," now on screen.

At times very similar to "The Hustler," the film depicts the attempt of an ambitious professional gambler to defeat the reigning king.

Steve McQueen is the poker player of the title. He comes to New Orleans to face the legendary undefeated champion, Edward G. Robinson. Their marathon contest is the gripping climax of the show.

Meanwhile though, McQueen has other problems. For instance: he is living with a sweet girl (Tuesday Weld), but is desired by another (Ann Margaret) —wife of his friend and backer, Karl Malden.

The performances here are simply terrific — keeping pace admirably with the taut story line. The smoky, mysterious atmosphere that is New Orleans is created with all the color and tone of life.

This is sure to be one of the big hits of the year.

RAFAEL THEATER

Charlton Heston forcefully plays the title role of the epic new film "The War Lord," now showing.

The setting is the 11th Century. War Lord Heston is sent to secure and hold a fortress that is an outpost of the Duke of Normandy's territories. With all his knights and warriors, this should be a simple matter, but Heston falls in love with a peasant girl, refuses to give her up, and has to fight the peasantry too.

Intermingled with the action, there is an interesting contrast between old and new values. For instance, Maurice Evans plays a Christian priest, but he and his flock sometimes slip back to the ancient Druidical rites.

Lots of action, good performances and very authentic reproduction of a colorful era will make this film appeal to all ages.

HISTORY RECREATED--Charlton Heston leads his victorious army as "The War Lord," now playing at the Rafael. Portraying a sometime Christian, sometimes pagan monk is Maurice Evans (right) in the colorful film set in the Middle Ages.

TIBURON PLAYHOUSE

The latest one from the fabulous Beatles is now showing, "Help!" and you don't have to be a Beatle manic to enjoy it.

The spontaneous humor which made such a hit in their previous film, "A Hard Day's Night," comes through even better in color.

Jack Lemmon and pretty Italian import Virna Lisi star in the comedy co-feature: "How to Murder Your Wife."

SEQUOIA THEATER
101 DRIVE-IN

Michael Caine stars as an incongruous secret agent in "The Ipcress File," a first-rate British thriller now on screen at both theaters.

Sent to recover a kidnapped British scientist, Caine discovers the secret of the "brain drain." This is an elaborate technique "they" are using to brainwash Britain's top scientists.

To supplement the intriguing story, special photography is tactfully employed.

An off-beat, but genuine, competitor for James Bond.

MOTOR MOVIES

On screen tonight and tomorrow night only is "The Amorous Adventure of Moll Flanders," an earlier-written version of "Tom Jones," female style. This one's also British.

Kim Novak plays the title role of a lusty heroine who makes good without being at all good in 18th Century England.

Sharing top billings are Richard Johnson, Angela Lansbury, Vittoria De Sica, George Sanders and Lili Palmer.

The second feature is a naval tale, set in the beginning of World War II. "In Harm's Way" stars John Wayne, Kirk Douglas and Patricia Neal.

NOVATO THEATER

Dean Martin and the ever-versatile Jerry Lewis team up in a double bill now on screen.

"Living It Up" is a zany entry that gets off to a bang start when Jerry misunderstands his doctor and thinks he is going to die of radiation poisoning. It's fun from there on in.

Co-featured is "Partners," another comedy favorite from a few years back.

It's a crazy spoof of the Western that any fan of Jerry's (or Dean's) won't want to miss.

LARK THEATER

Richard Lester, the Beatles' director, does a great job with "The Knack—and How to Get It," held over.

It's the story of three London bachelors and a naive girl.

It's all a lark, very British, and very funny.

FAIRFAX THEATER

"Ecco" is remaining here. You might find some of the scenes slightly sickening, but you'll have to admit they're interesting.

Some of the most breathtaking photography on record is contrasted with some of the most sordid.

As in its predecessors, "Ecco" consists of a number of scenes, ranging from karate experts and muscle men to witchcraft and a Black Mass.

An intriguing bill.

Greenbrae Construction Supply Co., San Quentin Road, Greenbrae, reported an open shed was entered and tools worth $25 were taken. The items were owned by Donald Stump, an employee, according to the report.

A spokesman for "Project Viet Nam," which has recruited two dozen doctors for voluntary service in the war-torn land, today said Stephens would leave for Saigon Dec. 3.

Galloway cattle are black and hornless.

The sale will take the form of a silent auction.

The auction will close at 9:30 p.m. Proceeds will be used to purchase art equipment and supplies and provide scholarships for college art students.

THE ELLISES AND A GOD'S EYE—Mr. and Mrs. Paul Ellis sit in their house-on-a-truck called Elendil with samples of their weaving. The square pattern between them is a god's eye. They hold a coin pouch which they also wove. (Independent-Journal photo)

MOTORIZED GYPSIES

Life Is Fantasy And 'God's Eyes'

By BRUCE COLEMAN

Elendil was the first king of Gondor.

Gandalf, sometimes called Gandy, was a wizard.

Strider was one of the names of Aragon, who is the rightful king of the West.

This is according to the fantasies written by J. R. R. Tolkien. But this is not true in Sausalito. Here Gandalf and Strider are dogs who live in the house called Elendil, built on the bed of a 1953 International truck, which stopped this week at Arques shipyard.

Here is the story:

Paul Ellis, 21, and his wife, both of whom make God's Eyes, love to travel.

So, in Bellingham, Wash., Ellis built a house which resembles that of a Gypsy caravan, on the bed of his truck.

The house has a rake shape and, when it was finished, they painted it "the color of lichen on trees," according to Mrs. Dara Ellis.

The Ellises call their rolling books by Tolkien. The Ellises' books by Tolkein. The Ellises' dogs are named for characters in the book.

The Ellis home on wheels has two bunks above the cab, a living room which Ellis says is "also a kitchen, family room, dog house, everything."

"I designed it," said Ellis. "It's similar to a gypsy caravan but pulled by a truck which I picked up for $80. I built the house for about $40. We have a gasoline stove, a table with one leg and storage on the ceiling." There are four windows in the house and the front door— the only door—is French with an East Indian curtain.

Queried as to what the Ellises do for a living, Ellis said," we make God's Eyes."

They displayed a squarish object wound with yarn which Mrs. Ellis said originated with Mexican Indians to use in ritual dances. Asked how they are made, Mrs. Ellis said, "by winding and turning the yarn."

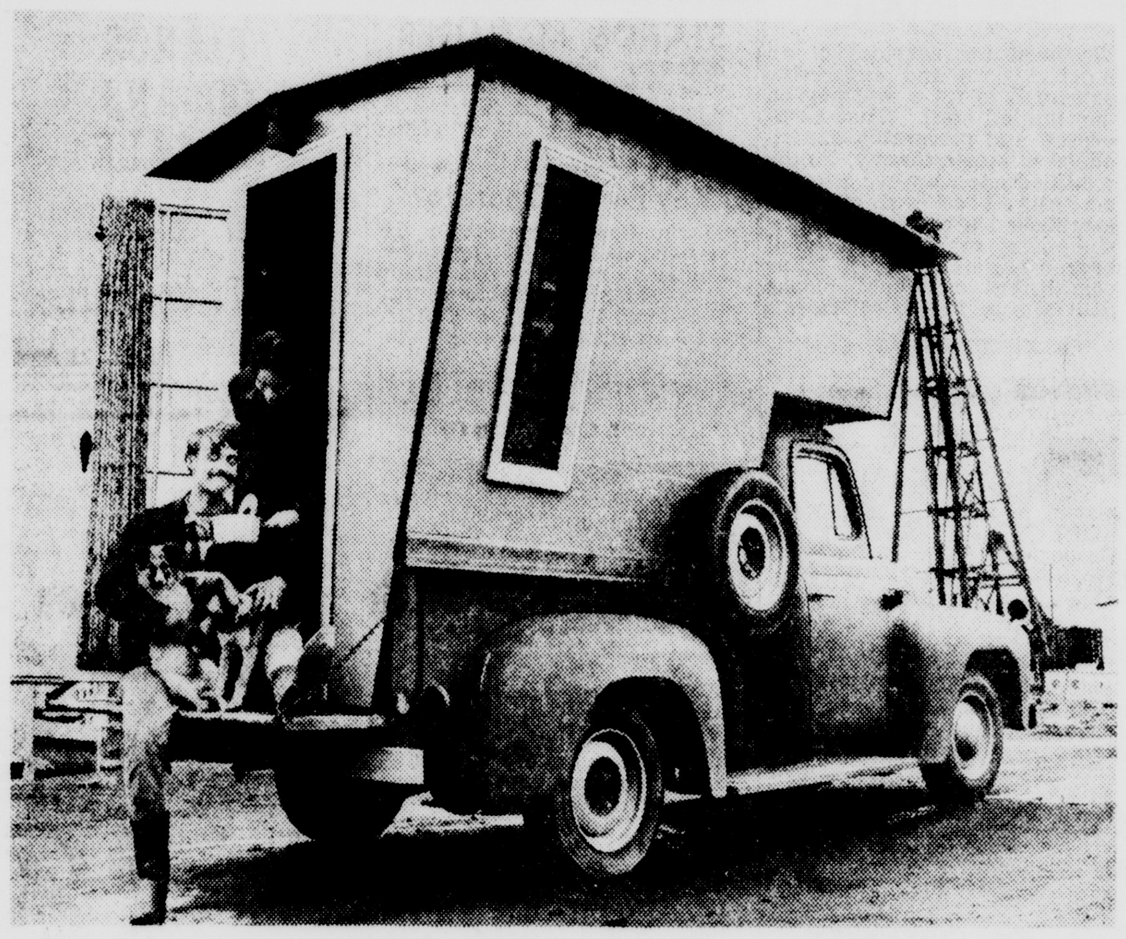
They also weave, do yarn painting (embroidery on burlap) and Ellis plays the guitar, sings and likes to paint.

Ellis related the Elendil is not designed for anyone in a great hurry. It is not streamlined. It is not large. "It is a beautiful situation to have in the woods." It is seven feet from truck floor to roof peak and six feet, eight inches wide at its widest. It took three weeks to build.

Asked if it were topheavy, Ellis replied: "We had the test. We ran into a storm a few days ago between Eugene, Ore., and Redding. The wind blew against us. We rocked a little bit. It slowed us to 30 miles and hour but we made it all right."

The prime advantage of a Gypsy house is you can move it anywhere you want, live anywhere. "We do like to travel," Ellis said.

But, with winter coming, God's Eye-maker Ellis mused he may build a house on a barge and just keep the Elindil of Gondor for traveling.



HOUSE CALLED ELENDIL—Mr. and Mrs. Paul Ellis and their dogs, Gandalf and Strider, all live in Elendil—for that's the name of this "camper house" that Ellis built on an old truck. The names Elendil, Gandalf and Strider are all taken from fantasies written by J. R. R. Tolkien. (Independent-Journal photos)

Diver Will Search For Ship's Hoard

Story and photo
By MICHAEL PERCY

Bert L. Gustafson of Tiburon, a man who among other things tames wild animals, will leave tomorrow for an underwater treasure hunt off the coast of Mexico.

Gustafson said he and his wife, Evelyn, plan to sail aboard the Johnson Line Freighter Californian for Venezuela. From there they will go to the island of Curacao in the Netherlands Antilles for about two weeks "just taking it easy and perhaps making a few practice dives."

Then they will fly to Mexico City, where they will be joined by sons Larry, 15, and Stephen, 17. A third son, Gary, 20, will remain at home.

The treasure hunt will take place in the waters off the Mexican village of Zihuantanejo, about 140 miles north of Acapulco.

"We've been going there for vacations for about four years," said Gustafson. "Last time we were down during the summer, a Mexican friend approached me with the treasure hunt idea."

Gustafson, who runs a physical therapy business in San Francisco and is a skin diver by avocation, was interested.

"My friend, Pancho de Carbajal, runs a hotel in Zihuantanejo and has a coffee plantation nearby," Gustafson said. "He said he knows the location of a sunken Chinese schooner off the coast. He said he wanted an experienced diver and someone he could trust to be his partner in the venture."

Gustafson said he has heard stories of Chinese trading ships sailing the Mexican coastline 200 years ago but isn't sure just what he is going to find.

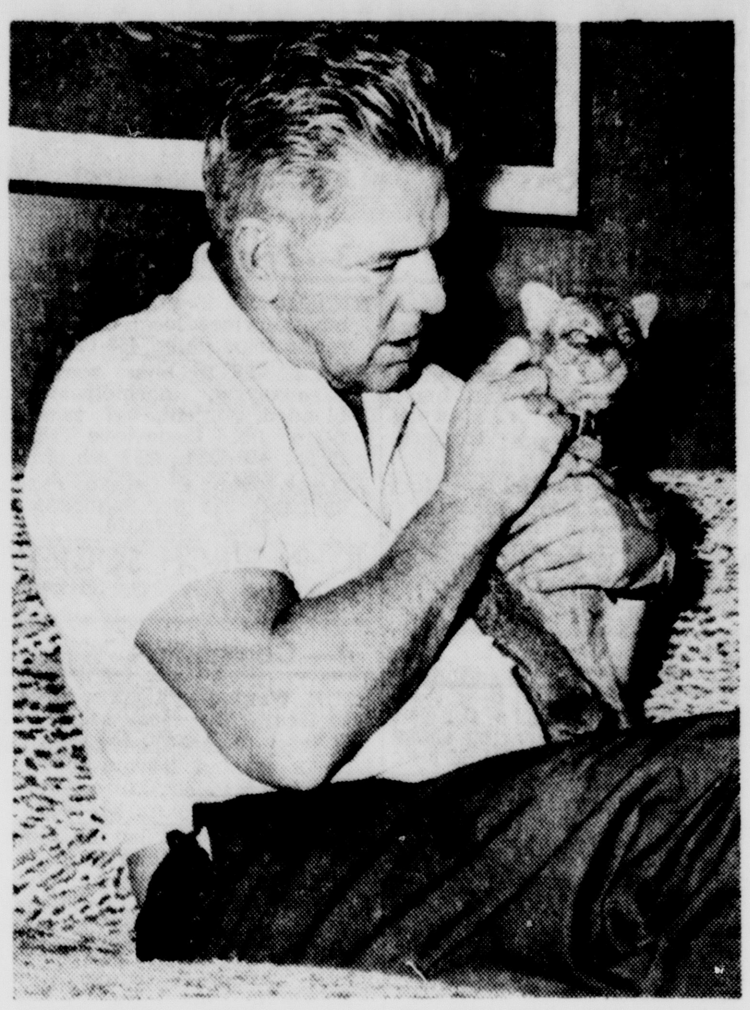
"If Pancho says there's a ship down there, you can be pretty sure he knows what he's talking about," Gustafson said. "But any ship that's been down for 200 years is going to be covered with coral.

"So this trip we'll probably just take a look at her. And, of course, if we do find any treasure we'll have to make a deal with the Mexican government. They keep a pretty close eye on the kind of undertaking we're planning."

Another aspect of 53-year-old Gustafson's trip will be a test for the family's pet Jaguarundi, Bongo. The Jaguarundi is a smaller version of the big jaguar, found in Mexico. Gustafson acquired the animal as a baby in San Diego about a year ago. It is now fully grown, and weighs 22 pounds and measures 46 inches from head to tip of tail.

"We keep him as a house pet," Gustafson said. "But I'm anxious to see how he gets along while we're away for five weeks. The Jaguarundi is a rare animal for the United States and I've never heard of one being tamed before . . .

"His best pal is our half dachsund - half cocker spaniel dog, Gladys. They sleep together, play together and get along just fine."



TREASURE HUNTER—Bert L. Gustafson, Tiburon skin diver, will leave his pet jaguarundi, Bongo, behind when he, his wife and two sons go treasure hunting for the wreck of a Chinese ship off the coast of Mexico. Gustafson acquired the jaguarundi as a kitten and has raised it as a pet.

Ballots To Show Incumbents

A bill that would permit senators and assemblymen running for re-election in reapportioned and renumbered districts to use the term "incumbent" or a designation of his office in next year's elections has been signed into law.

The bill was introduced by Assemblyman William T. Bagley, R-San Rafael, during the special session which ended on Nov. 4.

Gov. Edmund G. Brown also announced signing of a bill which provides that welfare recipients who are displaced by redevelopment projects can retain federal payments to assist in their relocation, without having welfare payments reduced.

Kenneth Turnage, 28, of 1400 Chase Street, Novato, suffered multiple face cuts and bruises on his left shoulder and arm in a motorcycle crash north of Novato at 4:15 a.m. yesterday, the California Highway Patrol reported.

The patrol said Turnage was northbound on Atherton Avenue when his cycle skidded on wet pavement at the Armstrong Avenue intersection and flipped into a drainage ditch. He was treated at Novato General Hospital.

Battery Charge Out In Family Fight Case

A battery complaint against James L. Walker, 34, has been dismissed in Marin Municipal Court.

Walker's wife, Carol J., of 1422 Lincoln Avenue, San Rafael, accused him of beating her on Aug. 30. However, Deputy Dist. Atty. Michael Anthony said Mrs. Walker's subsequent reluctance to testify caused him to move for dismissal of the charge.

VIET NAM HERO — Lt. Col. Richard E. Shade, husband of Mrs. Jacqueline Shade of San Rafael, wears Air Medal awarded him at Saigon for meritorious achievement in flights in support of ground forces in the Viet Nam war during July and August. The award was just announced from Saigon.

Marincello Protest Draws Mixed Reaction From County Supervisors

By RICHARD LYTTLE

Reaction among Marin County Supervisors to a petition for rehearing the Marincello master plan was varied today, with one board member saying it was an attempt to "stir something up" and another saying he "would have to have more information."

The petition was initiated by a protest group headed by George W. Wheelwright, who this week put his Green Gulch Ranch in southern Marin into an agricultural preserve.

The petition attacks the 3.5 dwelling units per acre allowed as Marincello's density, says that previous large developments have been held up pending a county general plan, charges that the project will create a blight next to the proposed Golden Gate Headlands State Park and that traffic access has not been adequately considered.

The petition questions the legality of a road across the park to provide Marincello access via the tunnel road now leading to the forts.

Supervisors asked that this route get full study when they approved the Marincello master plan by a 3-2 vote Nov. 12.

Supervisors William A. Gnoss, Thomas T. Storer and Ernest N. Kettenhofen voted for the Marincello plan.

It was Gnoss who had the most cautious reaction today. He said he did not know enough about the petition to comment. "All I know is just what I read in the paper," Gnoss said.

He said he was sure the board would listen and "be fair" if the case should be reheard.

Kettenhofen called the petition the work of "a few people who are trying to stir something up."

In hearings before the planning commission and supervisors, all protests were heard, Kettenhofen said. A rehearing would "have a destructive effect on orderly government," he declared.

Storer said the points made in the petition seemed to "carry no weight," but he would be willing to consider new evidence if it was material. He emphasized that he saw no new evidence in the case at this time.

Storer noted that apartment projects approved in the county regularly carry higher density than Marincello, some up to 18 units per acre. There was no protest from the State Division of Highways or the State Division of Beaches and Parks, he said.

Storer further said other large developments have been approved without master plans, and pointed to Drake's Beach Estates, since stopped by development of the Point Reyes National Seashore.

"This was an area of equal beauty," he said.

His opposition to the Drake's Beach development was one of his major campaign issues in his defeat last year of Supervisor George H. Ludy.

Two Boys Complain Of Teen-Age Attack

Two Santa Venetia boys were attacked by a gang of 10 teenagers at 10:45 p.m. Wednesday in San Rafael, they told police.

Robert J. Kirby, 15, of 105 Garden Avenue told police that he and a friend were walking past the Food Mart at Fifth and Tamalpais avenues when several cars drove up. The occupants piled out and began to fight, claimed Kirby, who said he was kicked in the leg before he and his friend could get away.

Restaurant Burglary Found Over Holiday

Burglary of the Black Forest Inn, 1315 Fourth Street, San Rafael, was discovered early yesterday by San Rafael Police Patrolman Terry V. Lucchesi.

Lucchesi found the rear door to the restaurant pried open at 12:30 a.m. Restaurant management reported $58 in coins missing.

Redwood Elects Spirit Leaders

Redwood High School spirit leaders for the basketball season were elected by about 1,000 voters (53 per cent of the student body) last week.

From 20 candidates, the seven elected are Robin Colthurst, drawing 770 votes; Shelly Parmelee, 668; Pat Russell, 613; Jill Johnsen, 608; Carolyn Brockbank, 523; Robyn Hill, 441, and Adrian Fritz, 391.

The Cheerios, a group of five students, were chosen as yell leaders with 609 votes over the Roto-Rooters with 225 and the Beavers with 154. Members of the winning group are Tom McCarthy, twins Linda and Cynthia Fitting, Lucia Blakeslee, and Drummond Pike.

Two Teen-Agers Hurt In Sausalito Traffic

Two Marin teen-agers received minor cuts and bruises early today when the car in which they were riding struck a metal guard rail at Bridgeway and Nevada Street in Sausalito.

Driver Jerry Webb, 17, of 15 Docul Drive, Novato, and Glen Adams, 18, of 334 Holly Drive, San Rafael, were treated at Marin General Hospital. Police said Webb and Adams were driving north at 1:13 a.m. when they saw lights of another car coming toward them. Webb told police he swerved to avoid hitting the car and struck the rail.

THE ELLISES AND A GOD'S EYE—Mr. and Mrs. Paul Ellis sit in their house-on-a-truck called Elendil with samples of their weaving. The square pattern between them is a god's eye. They hold a coin pouch which they also wove. (Independent-Journal photo)

MOTORIZED GYPSIES

Life Is Fantasy And 'God's Eyes'

By BRUCE COLEMAN

Elendil was the first king of Gondor.

Gandalf, sometimes called Gandy, was a wizard.

Strider was one of the names of Aragon, who is the rightful king of the West.

This is according to the fantasies written by J. R. R. Tolkien. But this is not true in Sausalito. Here Gandalf and Strider are dogs who live in the house called Elendil, built on the bed of a 1953 International truck, which stopped this week at Arques shipyard.

Here is the story:

Paul Ellis, 21, and his wife, both of whom make God's Eyes, love to travel.

So, in Bellingham, Wash., Ellis built a house which resembles that of a Gypsy caravan, on the bed of his truck.

The house has a rake shape and, when it was finished, they painted it "the color of lichen on trees," according to Mrs. Dara Ellis.

The Ellises call their rolling books by Tolkien. The Ellises' books by Tolkein. The Ellises' dogs are named for characters in the book.

The Ellis home on wheels has two bunks above the cab, a living room which Ellis says is "also a kitchen, family room, dog house, everything."

"I designed it," said Ellis. "It's similar to a gypsy caravan but pulled by a truck which I picked up for $80. I built the house for about $40. We have a gasoline stove, a table with one leg and storage on the ceiling." There are four windows in the house and the front door— the only door—is French with an East Indian curtain.

Queried as to what the Ellises do for a living, Ellis said," we make God's Eyes."

They displayed a squarish object wound with yarn which Mrs. Ellis said originated with Mexican Indians to use in ritual dances. Asked how they are made, Mrs. Ellis said, "by winding and turning the yarn."

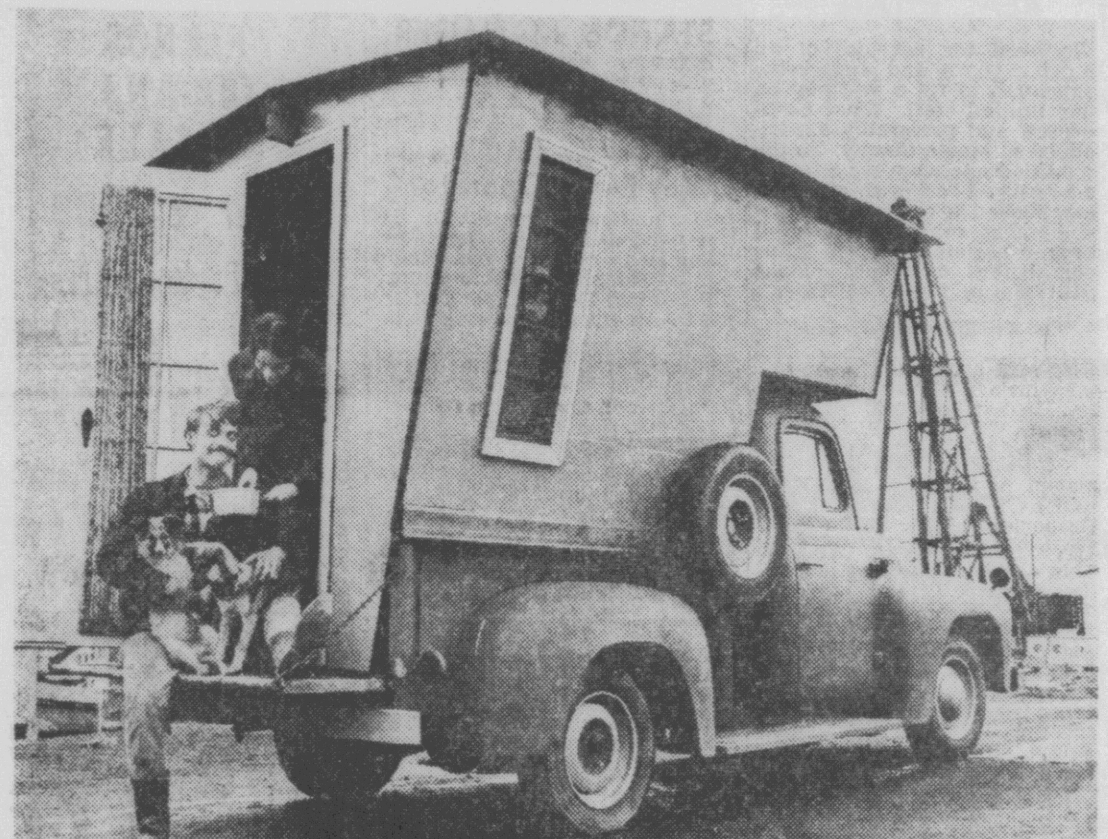
They also weave, do yarn painting (embroidery on burlap) and Ellis plays the guitar, sings and likes to paint.

Ellis related the Elendil is not designed for anyone in a great hurry. It is not streamlined. It is not large. "It is a beautiful situation to have in the woods." It is seven feet from truck floor to roof peak and six feet, eight inches wide at its widest. It took three weeks to build.

Asked if it were topheavy, Ellis replied: "We had the test. We ran into a storm a few days ago between Eugene, Ore., and Redding. The wind blew against us. We rocked a little bit. It slowed us to 30 miles and hour but we made it all right."

The prime advantage of a Gypsy house is you can move it anywhere you want, live anywhere. "We do like to travel," Ellis said.

But, with winter coming, God's Eye-maker Ellis mused he may build a house on a barge and just keep the Elindil of Gondor for traveling.



HOUSE CALLED ELENDIL—Mr. and Mrs. Paul Ellis and their dogs, Gandalf and Strider, all live in Elendil—for that's the name of this "camper house" that Ellis built on an old truck. The names Elendil, Gandalf and Strider are all taken from fantasies written by J. R. R. Tolkien. (Independent-Journal photos)

Diver Will Search For Ship's Hoard

Story and photo
By MICHAEL PERCY

Bert L. Gustafson of Tiburon, a man who among other things tames wild animals, will leave tomorrow for an underwater treasure hunt off the coast of Mexico.

Gustafson said he and his wife, Evelyn, plan to sail aboard the Johnson Line Freighter Californian for Venezuela. From there they will go to the island of Curacao in the Netherlands Antilles for about two weeks "just taking it easy and perhaps making a few practice dives."

Then they will fly to Mexico City, where they will be joined by sons Larry, 15, and Stephen, 17. A third son, Gary, 20, will remain at home.

The treasure hunt will take place in the waters off the Mexican village of Zihuantanejo, about 140 miles north of Acapulco.

"We've been going there for vacations for about four years," said Gustafson. "Last time we were down during the summer, a Mexican friend approached me with the treasure hunt idea."

Gustafson, who runs a physical therapy business in San Francisco and is a skin diver by avocation, was interested.

"My friend, Pancho de Carbajal, runs a hotel in Zihuantanejo and has a coffee plantation nearby," Gustafson said. "He said he knows the location of a sunken Chinese schooner off the coast. He said he wanted an experienced diver and someone he could trust to be his partner in the venture."

Gustafson said he has heard stories of Chinese trading ships sailing the Mexican coastline 200 years ago but isn't sure just what he is going to find.

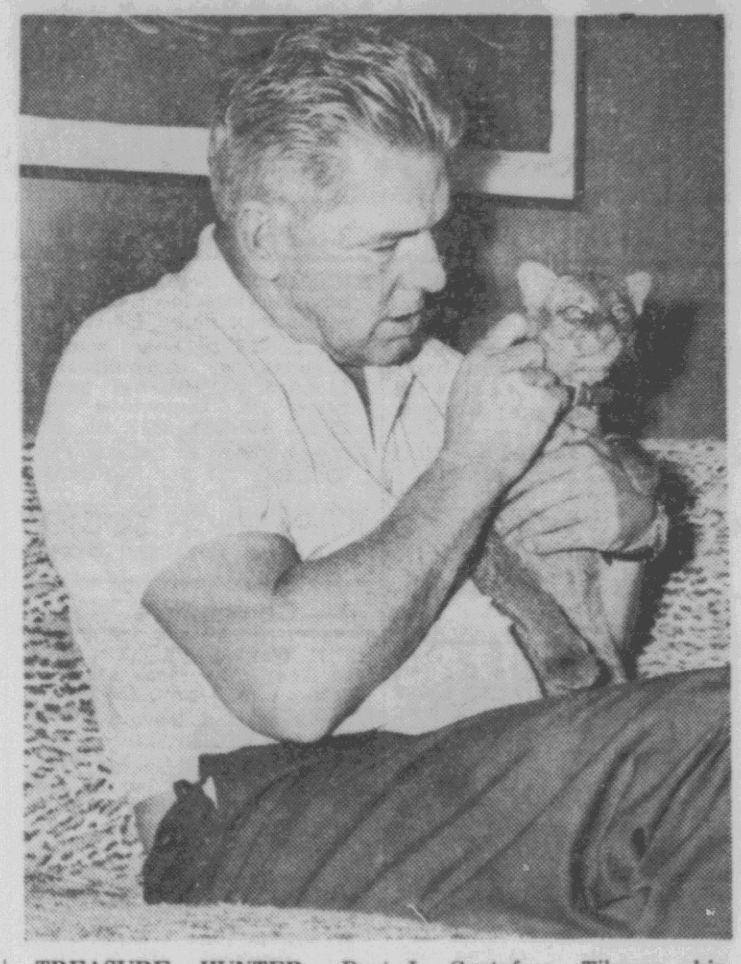
"If Pancho says there's a ship down there, you can be pretty sure he knows what he's talking about," Gustafson said. "But any ship that's been down for 200 years is going to be covered with coral.

"So this trip we'll probably just take a look at her. And, of course, if we do find any treasure we'll have to make a deal with the Mexican government. They keep a pretty close eye on the kind of undertaking we're planning."

Another aspect of 53-year-old Gustafson's trip will be a test for the family's pet Jaguarundi, Bongo. The Jaguarundi is a smaller version of the big jaguar, found in Mexico. Gustafson acquired the animal as a baby in San Diego about a year ago. It is now fully grown, and weighs 22 pounds and measures 46 inches from head to tip of tail.

"We keep him as a house pet," Gustafson said. "But I'm anxious to see how he gets along while we're away for five weeks. The Jaguarundi is a rare animal for the United States and I've never heard of one being tamed before . . .

"His best pal is our half dachsund - half cocker spaniel dog, Gladys. They sleep together, play together and get along just fine."



TREASURE HUNTER—Bert L. Gustafson, Tiburon skin diver, will leave his pet jaguarundi, Bongo, behind when he, his wife and two sons go treasure hunting for the wreck of a Chinese ship off the coast of Mexico. Gustafson acquired the jaguarundi as a kitten and has raised it as a pet.

Dodgers' Lefebvre N. L. Rookie Of Year

By C. C. MCGILLICUDDY

BOSTON (AP) — Second baseman Jim Lefebvre of Los Angeles, who once served the Dodgers as a bat boy, was named today the National League's 1965 Rookie of the Year.

Lefebvre, the fourth Dodger to win the award since it was inaugurated in 1949, polled 13 votes from a 20-man committee of the Baseball Writers Assn. of America.

Joe Morgan, Houston Astros, second baseman, received four votes and San Francisco relief pitcher Frank Linzy received three votes from the same committee that selected Willie Mays as the N.L.'s Most Valuable Player.

The first Dodger to win the award was the first winner, Don Newcombe, in 1949. Other Dodgers to win were Junior Gilliam in 1953 and Frank Howard in 1960.

Lefebvre is the fourth consecutive infielder to take rookie honors, following Richie Allen of the Phillies, Pete Rose of Cincinnati and the late Ken Hubbs of Chicago, in order.

The 22-year-old Lefebvre appeared in 157 games during his first season in the majors, scoring 57 runs and knocking another 69. He had 12 homers, 4 triples and 21 doubles in his 136 hits.

Although batting only .250, he earned a reputation as a clutch hitter, a reputation he enhanced with his World Series play.

Lefebvre was signed out of Morningside High School in Inglewood, Calif., in 1962 and batted .327 with Reno of the California State League. He moved up to Salem, Ore., in 1963 where he batted .283 and, following a tour of military service, played a half season with Spokane in the Pacific Coast League.

The Dodgers took the 5-foot-11 switch hitter to Florida last spring for a look and tore up his Spokane contract after he had won the regular second base job.

Morgan also appeared in 157 games, batting .271 and knocking in 40 runs. He produced 14 homers.

Linzy made 57 appearances for San Francisco, all in relief, and compiled a spectacular 1.42 earned run average. The 25-year-old right-hander won nine and lost three.

ENTIRE SEALS ROSTER FINED FOR INEPT PLAY

The entire San Francisco Seals hockey team with the exception of new coach Charlie Burns, has been fined for inept play in losing four of five games on its home ice, Gen. Mgr. Bud Poile announced yesterday.

The Western Hockey League team lost Wednesday night to the Vancouver Canucks 3-2. The Seals meet the league leading Victoria Maple Leafs tonight at the Cow Palace.

Poile would not disclose the fine. "It was the same for all," he said.

Pro Drafts Tomorrow: A Bitter War Of Dollars

Both Leagues Grab For College Elite

By MIKE RATHET

NEW YORK (AP)—Kentucky quarterback Rick Norton, who could become the Joe Namath of 1965, figures to be among the top college football players selected when the National and American leagues hold simultaneous—but separate—drafts tomorrow.

If last year is any indication, the drafts will once again touch off a multi-million dollar battle with $100,000 contracts plus additional inducements waved in front of the nation's college elite.

And it's more than possible that Norton might become the focal point of the battle. A protype passer who appears to be No. 1 among a small group of standout college quarterbacks, Norton very likely could be picked by two new teams — the NFL's Atlanta Falcons and the AFL's Miami Dolphins.

Both the Atlanta and Miami clubs become operational for the 1966 season and among their primary needs will be a quarterback.

In that event Norton could turn out to be the focal point of the money battle between the two leagues as Namath did last year.

Each new club will benefit from liberalized drafting procedures with Atlanta picking first and last on the first five rounds of the NFL draft, then first on the subsequent rounds through 20. The Dolphins will get the first two picks in the AFL draft, then select first on every round after that.

In all, the 15 NFL teams will select 305 players while the nine- team AFL will tap 271 with 20 rounds of seniors drafted, plus an additional 10 rounds of redshirts — players still in school whose college class is graduating.

49ERS 11TH

Picking after Atlanta in the NFL draft will be Los Angeles, Pittsburgh, Philadelphia, Dallas, Washington, Minnesota, St. Louis, Detroit, New York, San Francisco, Chicago, Green Bay, Cleveland, Baltimore and then Atlanta again.

Following Miami in the AFL draft will be Boston, Denver, Houston, New York, Kansas City, Oakland, San Diego and Buffalo.

In the charges and counter charges that have preceded the actual drafts, top college players have been linked with either the AFL or NFL and

The following players were among those supposed to have been drafted by the AFL:

New York: Bill Yearby, Michigan tackle; Sam Ball, Kentucky tackle; Carl McAdams, Oklahoma linebacker.

Oakland: Tom Mitchell, Bucknell end; Jim Fulgham, Minnesota tackle; Butch Allison, Missouri defensive end.

San Diego: Milt Morin, Massachusetts end; Eric Crabtree, Pittsburgh flanker; Don Davis, Los Angeles State guard.

Miami: Norton; Jim Grabowski, Illinois fullback; Dick Leftridge, West Virginia fullback.

Kansas City: Francis Peay, Missouri tackle; Bob Dunleavy, West Virginia end; Gary Pettigrew, Stanford linebacker.

Houston: Stan Hindman, Mississippi guard; Jack O'Billovich, Oregon State linebacker; Dave Ellis, North Carolina State tackle.

Denver: Bob Hadrick, Purdue end; Howard Twilley, Tulsa end; Jerry Shay, Purdue tackle.

Buffalo: Bill Malinchak, Indiana end; Mike Dennis, Mississippi halfback; Bill Johnson, U. of the South halfback.

Boston: Klar Singer, Purdue guard; Ken Hollister, Indiana tackle; Jim Boudreaux, Louisiana Tech end.

NFL TARGETS

The NFL, meanwhile, was supposed to have drawn up a list of 13 must players to sign.

On that list were Norton and Grabowski and three players drafted last year as futures, Texas Tech running back Donnie Anderson, Missouri back Johnny Roland and Notre Dame lineman Dick Arrington.

Also on the list were defensive back Nick Rassas of Notre Dame, receivers Aaron Brown of Minnesota and Freeman White of Nebraska and lineman Larry Gagner of Florida, Bruce Van Dyke of Missouri, Walt Barnes of Nebraska, Carl McAdams of Oklahoma and Tommy Nobis of Texas.

Others likely to go early are quarterbacks Gary Snook of Iowa and Randy Johnson of Texas A&M, running backs Mike Garrett of Southern California and Roger Bird of Kentucky, linemen Harold Lucas of Michigan State and John Niland of Iowa and kickers Charlie Gogolak of Princeton and Dick Kenney of Michigan State.

Dodger Rookie Thrilled; Calls Award 'Fantastic'

PLAYA DEL REY (AP) — "I'm just very thrilled about the whole thing. Being a Dodger is probably the greatest reward, and receiving the Rookie of the Year makes that honor just a little bit greater."

So said Dodgers' second baseman Jim Lefebvre last night after learning he was named the National League's Rookie of the Year by the Baseball Writers Assn. of America.

LeFebvre is the fourth Dodger to win the award since 1949.

"It's fantastic. It makes me feel real good. It's a good climax for a great year."

Recalling his start with the Dodgers, LeFebvre said:

"I was called to the Dodgers in spring training, and I wasn't even on the roster. I had to make the ball club, but I thought they were going to send me back to Spokane.

"I had to show what I could do. I had a good spring, and they kept me on the club."

LeFebvre, 22, said he's been in baseball four years, counting a stint in the Army. He said he leaves tomorrow morning for the Arizona Instructional League at Mesa, Ariz.

49ers Battle Minnesota Next Sunday

SAN FRANCISCO (UPI)—The San Francisco 49ers departed for Minneapolis today to meet the Minnesota Vikings in a battle which will pit the National Football League's best passing attack against the loop's best rushing team.

Coach Jack Christiansen's troops also will be out to solve the hex which Viking quarterback Fran Tarkington seems to hold over the 49ers.

The scrambling Tarkington has led Minnesota to victory over San Francisco in seven straight games, five of them league contests. In the last encounter between the two teams, he guided the Vikings from a 35-14 halftime deficit to a 42-41 victory.

Minnesota and San Francisco, who meet Sunday, currently are tied for fourth place in the Western Division standings, with identical records of five wins and five defeats.

Baltimore Clings To First Place In NFL

DETROIT (AP) — Johnny Unitas survived one of his roughest days in the National Football League yesterday but Detroit Coach Harry Gilmer said things might have been different if his Lions could have the final 24 seconds of the game back.

Unitas, battered by the Lions all afternoon and held to 14 completions in 34 attempts, tossed three scoring passes as the Colts gained a 24-24 tie and retained their one-game lead over Green Bay in the NFL's Western Conference.

Unitas completed only six passes in the second half, five of them were in the final quarter, including 51 and 15-yard scoring tosses to John Mackey.

The Lions, who held the Colts twice deep in their own territory before the tying score, got their last chance when Pat Studstill called for a fair catch on the Baltimore 42 with 24 seconds to go.

"I knew we had the option to try a free kick after the catch but felt we could try to complete a pass and then go for the field goal," Gilmer explained.

"I did not know that the clock would be started once we made our decision. I thought time would remain out until the ball was snapped," he said.

Milt Plum, noticing the clock was running, threw the ball out of bounds and Wayne Walker missed on a 50-yard field goal try in the final seconds.

"If I could play that last 24 seconds over, I'd do the same thing," Gilmer said. "But I'd have made darn sure that we had time out."

Officials explained later that the automatic time out after a fair catch does not apply in the final two minutes of each half.

The Lions' offense was sparked by Amos Marsh, who gained 146 yards in 23 carries, including touchdown runs of one and 62 yards. The latter was the longest scoring run in the league this season.

Unitas tossed a five-yard scoring pass to Alex Hawkins to complete a 74-yard drive the first time Baltimore had the ball.

Interceptions by Bruce Maher and Dick Lebeau set up two Detroit touchdowns and the Lions held a 21-10 halftime lead.

Plum threw a 13-yard scoring pass to Pat Studstill for the Lions' first touchdown.

Lou Michaels kicked a 42-yard field goal in the second quarter and Walker got one from 12 yards out in the third quarter for the only Lions' score of the second half.

UCLA Again Rated No. 1; USF Is 11th

NEW YORK (UPI)—UCLA, shooting for an unprecedented third straight National Collegiate Athletic Assn. championship, was the overwhelming pre-season choice of the United Press International board of coaches today to capture the 1965-66 major college basketball title.

Michigan and Minnesota, expected to battle for the Big Ten Conference championship, finished second and third, respectively, in the balloting of 35 coaches on the UPI rating board.

The UCLA Bruins received 29 first place votes despite the loss by graduation of All-Americas Gail Goodrich (UPI first team) and Keith Erickson (UPI third team). Michigan, with All-America Cazzie Russell returning, was the only other team to receive more than one first-place ballot, gathering a total of three. Minnesota, fourth-ranked St. Joseph's (Pa.) and seventh-ranked Providence were awarded the other top nominations.

Only two points separated fifth-ranked Duke, sixth-ranked Vanderbilt and Providence while Kansas grabbed the No. 8 spot. Bradley was placed ninth and Brigham Young was 10th.

The Bruins have depth and balance and solid veterans such as juniors Edgar Lacey (6-6) and Mike Lynn (6-7) and seniors Freddie Goss (6-1), Kenny Washington (6-3), Doug McIntosh (6-6) and Bruce Chambers (6-1).

San Francisco headed the second 10 followed by Kansas State, North Carolina State and Dayton in that order. St. John's, the national invitation tournament champ and Boston College tied for 15th.

Dodger Rookie Thrilled; Calls Award 'Fantastic'

PLAYA DEL REY (AP) — "I'm just very thrilled about the whole thing. Being a Dodger is probably the greatest reward, and receiving the Rookie of the Year makes that honor just a little bit greater."

So said Dodgers' second baseman Jim Lefebvre last night after learning he was named the National League's Rookie of the Year by the Baseball Writers Assn. of America.

LeFebvre is the fourth Dodger to win the award since 1949.

"It's fantastic. It makes me feel real good. It's a good climax for a great year."

Recalling his start with the Dodgers, LeFebvre said:

"I was called to the Dodgers in spring training, and I wasn't even on the roster. I had to make the ball club, but I thought they were going to send me back to Spokane.

"I had to show what I could do. I had a good spring, and they kept me on the club."

LeFebvre, 22, said he's been in baseball four years, counting a stint in the Army. He said he leaves tomorrow morning for the Arizona Instructional League at Mesa, Ariz.

Battered Unitas Rallies Colts To Tie With Lions

Hot Rally By Warriors Falls Short

SAN FRANCISCO (AP)—After a solid road trip, the San Francisco Warriors basketball team moves onto its home court tonight to defend against Philadelphia.

The Warriors still came out ahead on the trip after losing to the St. Louis Hawks Thursday night, 119-113.

San Francisco's overall road record was 3-2. The Warriors held onto second place in the Western Division of the National Basketball Association. Their season record is 11-10.

St. Louis had to work to win—surviving a blistering fourth quarter rally by San Francisco.

San Francisco's Guy Rodgers scored 26 points in the last half and finished with 37 for the night. Len Wilkens paced the Hawks with 29.

49ers Battle Minnesota Next Sunday

SAN FRANCISCO (UPI)—The San Francisco 49ers departed for Minneapolis today to meet the Minnesota Vikings in a battle which will pit the National Football League's best passing attack against the loop's best rushing team.

Coach Jack Christiansen's troops also will be out to solve the hex which Viking quarterback Fran Tarkington seems to hold over the 49ers.

The scrambling Tarkington has led Minnesota to victory over San Francisco in seven straight games, five of them league contests. In the last encounter between the two teams, he guided the Vikings from a 35-14 halftime deficit to a 42-41 victory.

Minnesota and San Francisco, who meet Sunday, currently are tied for fourth place in the Western Division standings, with identical records of five wins and five defeats.

Baltimore Clings To First Place In NFL

DETROIT (AP) — Johnny Unitas survived one of his roughest days in the National Football League yesterday but Detroit Coach Harry Gilmer said things might have been different if his Lions could have the final 24 seconds of the game back.

Unitas, battered by the Lions all afternoon and held to 14 completions in 34 attempts, tossed three scoring passes as the Colts gained a 24-24 tie and retained their one-game lead over Green Bay in the NFL's Western Conference.

Unitas completed only six passes in the second half, five of them were in the final quarter, including 51 and 15-yard scoring tosses to John Mackey.

The Lions, who held the Colts twice deep in their own territory before the tying score, got their last chance when Pat Studstill called for a fair catch on the Baltimore 42 with 24 seconds to go.

"I knew we had the option to try a free kick after the catch but felt we could try to complete a pass and then go for the field goal," Gilmer explained.

"I did not know that the clock would be started once we made our decision. I thought time would remain out until the ball was snapped," he said.

Milt Plum, noticing the clock was running, threw the ball out of bounds and Wayne Walker missed on a 50-yard field goal try in the final seconds.

"If I could play that last 24 seconds over, I'd do the same thing," Gilmer said. "But I'd have made darn sure that we had time out."

Officials explained later that the automatic time out after a fair catch does not apply in the final two minutes of each half.

The Lions' offense was sparked by Amos Marsh, who gained 146 yards in 23 carries, including touchdown runs of one and 62 yards. The latter was the longest scoring run in the league this season.

Unitas tossed a five-yard scoring pass to Alex Hawkins to complete a 74-yard drive the first time Baltimore had the ball.

Interceptions by Bruce Maher and Dick Lebeau set up two Detroit touchdowns and the Lions held a 21-10 halftime lead.

Plum threw a 13-yard scoring pass to Pat Studstill for the Lions' first touchdown.

Lou Michaels kicked a 42-yard field goal in the second quarter and Walker got one from 12 yards out in the third quarter for the only Lions' score of the second half.

Both Leagues Grab For College Elite

By MIKE RATHET

NEW YORK (AP)—Kentucky quarterback Rick Norton, who could become the Joe Namath of 1965, figures to be among the top college football players selected when the National and American leagues hold simultaneous—but separate—drafts tomorrow.

If last year is any indication, the drafts will once again touch off a multi-million dollar battle with $100,000 contracts plus additional inducements waved in front of the nation's college elite.

And it's more than possible that Norton might become the focal point of the battle. A protype passer who appears to be No. 1 among a small group of standout college quarterbacks, Norton very likely could be picked by two new teams — the NFL's Atlanta Falcons and the AFL's Miami Dolphins.

Both the Atlanta and Miami clubs become operational for the 1966 season and among their primary needs will be a quarterback.

In that event Norton could turn out to be the focal point of the money battle between the two leagues as Namath did last year.

Each new club will benefit from liberalized drafting procedures with Atlanta picking first and last on the first five rounds of the NFL draft, then first on the subsequent rounds through 20. The Dolphins will get the first two picks in the AFL draft, then select first on every round after that.

In all, the 15 NFL teams will select 305 players while the nine- team AFL will tap 271 with 20 rounds of seniors drafted, plus an additional 10 rounds of redshirts — players still in school whose college class is graduating.

49ERS 11TH

Picking after Atlanta in the NFL draft will be Los Angeles, Pittsburgh, Philadelphia, Dallas, Washington, Minnesota, St. Louis, Detroit, New York, San Francisco, Chicago, Green Bay, Cleveland, Baltimore and then Atlanta again.

Following Miami in the AFL draft will be Boston, Denver, Houston, New York, Kansas City, Oakland, San Diego and Buffalo.

In the charges and counter charges that have preceded the actual drafts, top college players have been linked with either the AFL or NFL and

The following players were among those supposed to have been drafted by the AFL:

New York: Bill Yearby, Michigan tackle; Sam Ball, Kentucky tackle; Carl McAdams, Oklahoma linebacker.

Oakland: Tom Mitchell, Bucknell end; Jim Fulgham, Minnesota tackle; Butch Allison, Missouri defensive end.

San Diego: Milt Morin, Massachusetts end; Eric Crabtree, Pittsburgh flanker; Don Davis, Los Angeles State guard.

Miami: Norton; Jim Grabowski, Illinois fullback; Dick Leftridge, West Virginia fullback.

Kansas City: Francis Peay, Missouri tackle; Bob Dunleavy, West Virginia end; Gary Pettigrew, Stanford linebacker.

Houston: Stan Hindman, Mississippi guard; Jack O'Billovich, Oregon State linebacker; Dave Ellis, North Carolina State tackle.

Denver: Bob Hadrick, Purdue end; Howard Twilley, Tulsa end; Jerry Shay, Purdue tackle.

Buffalo: Bill Malinchak, Indiana end; Mike Dennis, Mississippi halfback; Bill Johnson, U. of the South halfback.

Boston: Klar Singer, Purdue guard; Ken Hollister, Indiana tackle; Jim Boudreaux, Louisiana Tech end.

NFL TARGETS

The NFL, meanwhile, was supposed to have drawn up a list of 13 must players to sign.

On that list were Norton and Grabowski and three players drafted last year as futures, Texas Tech running back Donnie Anderson, Missouri back Johnny Roland and Notre Dame lineman Dick Arrington.

Also on the list were defensive back Nick Rassas of Notre Dame, receivers Aaron Brown of Minnesota and Freeman White of Nebraska and lineman Larry Gagner of Florida, Bruce Van Dyke of Missouri, Walt Barnes of Nebraska, Carl McAdams of Oklahoma and Tommy Nobis of Texas.

Others likely to go early are quarterbacks Gary Snook of Iowa and Randy Johnson of Texas A&M, running backs Mike Garrett of Southern California and Roger Bird of Kentucky, linemen Harold Lucas of Michigan State and John Niland of Iowa and kickers Charlie Gogolak of Princeton and Dick Kenney of Michigan State.

BASKETBALL POLL

UCLA Again Rated No. 1; USF Is 11th

NEW YORK (UPI)—UCLA, shooting for an unprecedented third straight National Collegiate Athletic Assn. championship, was the overwhelming pre-season choice of the United Press International board of coaches today to capture the 1965-66 major college basketball title.

Michigan and Minnesota, expected to battle for the Big Ten Conference championship, finished second and third, respectively, in the balloting of 35 coaches on the UPI rating board.

The UCLA Bruins received 29 first place votes despite the loss by graduation of All-Americas Gail Goodrich (UPI first team) and Keith Erickson (UPI third team). Michigan, with All-America Cazzie Russell returning, was the only other team to receive more than one first-place ballot, gathering a total of three. Minnesota, fourth-ranked St. Joseph's (Pa.) and seventh-ranked Providence were awarded the other top nominations.

Only two points separated fifth-ranked Duke, sixth-ranked Vanderbilt and Providence while Kansas grabbed the No. 8 spot. Bradley was placed ninth and Brigham Young was 10th.

The Bruins have depth and balance and solid veterans such as juniors Edgar Lacey (6-6) and Mike Lynn (6-7) and seniors Freddie Goss (6-1), Kenny Washington (6-3), Doug McIntosh (6-6) and Bruce Chambers (6-1).

San Francisco headed the second 10 followed by Kansas State, North Carolina State and Dayton in that order. St. John's, the national invitation tournament champ and Boston College tied for 15th.

There were three-way deadlocks for the last two places on the list among Tennessee, Louisville and West Virginia for 17th and New Mexico, Iowa and Princeton for 20th.

Tulsa Wins Bowl Bid; Nebraska Cops 10th Straight

By BOB GREEN
Associated Press Sports Writer

Glenn Dobbs is not one to make rash decisions. So the Tulsa coach gave long and careful consideration to the invitation for his football team to appear in the Bluebonnet Bowl game.

It took, oh, about two seconds.

"It just so happens we can go," Dobbs said after his swift-striking Hurricane had stormed over Colorado State University 48-20 yesterday with the record-breaking passing combination of Billy Anderson to Howard Twilley setting still more national marks.

Tulsa, which finished at 8-2, will play Tennessee in the Dec. 18 game in Houston. Tennessee, 5-1-2, has two games left, including tomorrow's match with Vanderbilt.

"This is the greatest thrill of my life," said Twilley, who finished second in the Heisman Trophy voting and comes from a Houston suburb.

Anderson, who passed for a national record 502 yards against Colorado State, had to engineer a big last quarter. Leading only 21-20, Anderson clicked on last-quarter touchdown passes covering 60, 63, 51 and 13 yards.

NEBRASKA WINS

Nebraska, ranked third in the nation, closed out a 10-0 regular season, its first perfect season in 50 years, with a 21-9 comeback against Oklahoma; Texas rallied for a 21-17 decision over Texas A&M, Cornell crushed Penn 38-14 and Virginia Tech beat VMI 44-13 in the other ma-

jor Thanksgiving Day games.

The long football weekend continues tomorrow with a flock of traditional games, topped by the Army-Navy match in Philadelphia.

Probably the most important game is Alabama's meeting with Auburn in Birmingham. Both are bound for bowl games, and the winner takes the Southeastern Conference title with him.

Alabama, 7-1-1 and Nebraska's opponent in the Orange Bowl, is ranked fifth nationally and is favored. Auburn, bolstered by an invitation to the Liberty Bowl, is 5-3-1 over-all, but 4-0-1 in the SEC. Both 'Bama and Auburn were tied by Tennessee.

In some of the other traditional games, Gator Bowl-bound Georgia Tech plays Georgia, Boston College is at Holy Cross, Arizona at Arizona State, Florida State at Sugar Bowl-bound Florida, Mississippi at Mississippi State, Baylor at Rice and Southern Methodist at Texas Christian.

IRISH VS. MIAMI

Notre Dame, ranked sixth after losing last week's tough battle with Michigan State, closes out at Miami, Wyoming is at Southern California, Brigham Young at New Mexico, and West Texas State at Texas Western in others.

Colorado State played it close for three periods, but the spectacular Tulsa attack finally proved too much.

Anderson completed 37 of 57 passes for a record 502 yards. Five went for touchdowns. Twilley caught a record 19 of them, for two touchdowns and 214 yards.

In addition to his two touchdowns, Twilly kicked four extra points for a total of 16 points and a season output of 127, clinching the national scoring title. He's the first end ever to win it.

Anderson finished his regular season career with 11 national records, Twilley with 10.

Anderson holds records for most pass attempts in a game, 65; most attempts in a season, 509; most completions in a game, 42; most completions in a season, 296; most total plays in a season, 585; most total offensive plays in a season, 585; yards gained passing in a season, 3,464; total offense in a season, 3,343; and passing yardage in a game, 502.

Twilley's records include season touchdown catches, 16; career touchdown catches, 32; passes caught in a game, 19; passes caught in a season, 134; passes caught in a career, 261; yards gained received in a season, 1,779; yards gained receiving in a career, 3,343; touchdown passes caught in a game, 5; conversion passes caught in a season, 6; conversion passes caught in a career, 12.

SOONERS SURPRISE

Oklahoma took a surprising 9-7 halftime lead against Nebraska, but the Cornhuskers' Harry Wilson broke it open with two third period touchdowns, one on a 66-yard run and one on a 38-yard pass.

Texas' embattled Longhorns also had to overcome a 17-0 A&M halftime lead and the morale-shaking effect of a trick play that netted 91 yards and a touchdown. Jim Helms smashed over for two last period Texas touchdowns that enabled the Longhorns to finish with a 6-4 record.

The trick play involved a lateral, which appeared to be an incomplete pass. After slamming the ball on the ground in disgust, and while the defenders were trotting back to position, Harry Ledbetter scooped up the ball, hurled a pass to Ken McLean, who trotted in with a 91-yard touchdown play.

STAR OF THE CAST

Los Angeles Ram quarterback Bill Munson has cast on his right leg autographed by nurse Lillian Schmidt in a Santa Monica hospital where Munson has been since injuring knee in San Francisco last Sunday against the 49ers. Munson underwent surgery Monday and will be out of action for the remainder of the season. (UPI Telephoto)

PREP BASKETBALL

Two Marin Quintets Win, But Three Lose

Wednesday was a bad day for Marin varsity basketball teams, as only two of five Marin League teams could manage wins over their out-of-town opponents. Fortunately, they were only practice games—the league season does not start until January.

Redwood was the big winner, as Dick Hart's Giants swamped the Analy Tigers 82-55. Shooting 47 per cent from the floor and 67 per cent from the free throw line, the Giants got every man on the team into the scoring column, but Russ Smith and Jack Fitzhenry were the big guns with 20 and 17, respectively. Andre Horn, with 11 points, and Bruce McGee, with 10, also twisted the Tigers' tails.

At the half Redwood led only by the slim margin of 35-27, but the Giants exploded for 32 points in the third quarter to put the game on ice. Redwood was strong off the boards, too, as Chuck Meyer and Duncan Williams paced them with eight rebounds each.

"Of course, I'm happy with the win," said Coach Hart, but he added, "We weren't trying to pour it on."

The Redwood "B" team also routed the Analy "B's" by an overwhelming 65-20 total. Bill Green led the scoring with 12 points.

SAN RAFAEL WINS

The other local victor was San Rafael, winning a 41-39 thriller over Sonoma. Dick Draney, a 6-foot 3-inch senior, scored the bucket that put the Bulldogs ahead to stay; he led the team with 18 rebounds and scored eight points as well.

The leading scorers for San Rafael were John Farrar and Joe Cunningham with 10 points each. Jim Magliulo led the defense, running all over the court to pick off seven interceptions.

The Tamalpais Indians traveled to Forestville to play El Molino High. A new school—this is only their second year—the Lions were supposed to be a weak team. They belied their reputation by scoring the most points in their history to scalp the Indians 66-63 in overtime.

The Tam "B" team had more success, winning 49-43.

Terra Linda dropped a 59-58 thriller to a San Francisco team, Lick-Wilmerding, but the Trojans got the most out of the practice game as Coach George Starn played his whole squad in the first half.

PERRON STARS

Six-foot senior Brian Perron was the only Trojan in double figures, but he scored enough for two; he canned six field goals and six free throws for 20 points, and he pulled down nine rebounds as well.

The Trojans trailed by only a single point, 32-33, at the half, and they pulled ahead for a while in the third quarter, but the visitors broke loose to take an eight-point lead with just three minutes to play. The Trojans came storming back to tie it at 57 all, but the visitors made two free throws to the Trojans' one, and that was that.

Despite the loss, Coach Starn considered the game a success; everyone got a chance to play and they still kept the score close.

The Marin Catholic Wildcats played another tough opponent—their Alumni. Pat Waltz scored 14 points and Bob Lombardi hauled down 13 rebounds, but it wasn't enough as the Wildcats bowed, 61-46.

PHILADELPHIA (AP) — Army and Navy meet in their annual football classic tomorrow, climaxing what truly has turned into a one-game season for both teams.

The cliche of Army-Navy meaning everything for the service squads, of what has gone before meaning nothing, is a reality this time. Both go into the showdown with mediocre records, no outside prestige at stake, and no glamorous stars to show off.

Nonetheless, the usual enthusiastic crowd of some 100,000 will pack mammoth John F. Kennedy Stadium in Philadelphia for the extravaganza, which will be nationally televised by NBC starting at 10:30 a.m., PST.

Navy is rated a touchdown favorite. The Middies have a 4-4-1 record in their first season under Coach Bill Elias, against somewhat sterner opposition than Army faced.

Army, in Paul Dietzel's fourth year as West Point coach, has won four and lost five.

Both teams field strong, aggressive defenses but Navy should have the definite edge on attack with a more diversified and balanced offense. Army relies heavily on a running game that has been less than dazzling, while the Cadets' passing is so spotty that even Navy professes to have no fear of it.

Defensively, Army is something to watch, however. Townsend Clarke, a fierce and clever 210-pound linebacker, leads the unit that also has standouts in linebacker Pete Braun, tackle John Carber, middle guard Vince Casillo, ends Tom Schartz and Sam Champi, and back Don Dietz.

Braun, Carber and Champi will play both ways for West Point.

Navy's defense emphasizes constant, quick pressure with fast-changing alignments and lots of blitzing. Don Downing, Gary Gray, Chris Hoch, Ron Buschbom and Fred Moosally are among the Middies who will be firing in.

Both sides have made backfield changes for this finale, and Army probably will go with a new formation. The Cadets are expected to switch from flanker-T to wing-T, discarding the wide man for another runner.

Army's starting backs include Curt Cook at quarter, Sonny Stowers and Fred Barofsky at half, and Mark Hamilton at full. Stowers is the top West Point ball carrier and prime offensive weapon. Barofsky has alternated at quarterback and fullback, and could be utilized on pass-run options.

To counteract Navy's driving defense, Army might be forced to pass more than usual.

To give the Middies more experience and better blocking, Elias is starting two fullbacks, 5-foot-6, 200-pound Danny Wong and rangy Al Roodhouse, along with two sophomores, quarterback John Cartwright and halfback Rob Taylor.

Roodhouse replaces Terry Murray, a sophomore halfback who is Navy's leading ground gainer.

In points scored and allowed, the two rivals are amazingly close. Navy has scored 121, allowed 122, and Army's figures are 112-125. Navy tied Stanford, a team that whipped Army, and both lost to powerful Notre Dame.

The Middies have dominated the 75-year-old series in the post-World War II period and had a string of five straight victories going last year when the West Pointers sprang an 11-8 upset. Over-all Army leads 31-29-5.

Emotions are running high for the game, as usual, on the teams, at the two academies, and among graduates the world over. And there will be the usual colorful pageantry, with the entire Middie brigade of 4,000 and the 3,000-man Corps of Cadets on hand for the show.

Both teams will arrive in Philadelphia today and work out this afternoon at the stadium.

N.Y. Rangers Fined $1,800 For Brawls

MONTREAL (AP) — New York Ranger General Manager Emile Francis and a dozen of his players are carrying lighter wallets today after National Hockey League President Clarance Campbell levied $1,800 in fines for their part in last Sunday night's brawl at Madison Square Garden.

Campbell fined Francis $250, tagged seven Rangers $150 each and five others $100 apiece for the melee which resulted after Francis left his side arena seat to argue over a disputed Detroit goal with judge Arthur Reichert.

The peppery general manager was exchanging angry words with Reichert when an unidentified fan joined the hassle. Suddenly the fan and Francis began throwing punches.

When they saw their GM in the middle of the hassle, several Ranger players scaled the 10-foot glass partition and came to Francis' aid. Fined $100 each for leaving the ice were Vic Hadfield, Earl Ingarfield, Johnny McKenzie, Arnie Brown and Harry Howell.

Seven other Rangers left the New York bench and went into the stands. Campbell tagged each of them — Don Simmons, Mike McMahon, Wayne Hillman, Larry Mickey, Rod Seiling, Garry Peters and Lou Angotti — $100 for going into the stands and an extra $50 apiece for leaving the bench.

It took Garden police 10 minutes to separate the players from the milling fans and Francis suffered a two-stitch cut over his left eye.

Ex-Paratrooper Shoots 66 To Lead Cajun Golf Event

By BEN THOMAS

LAFAYETTE, La. (AP) — Two blond giants who hit a golf ball a country mile were in the spotlight today as the $30,179 Cajun Classic — traditionally the final tourney on the PGA national circuit each year — went into its second round.

One is Jack Nicklaus, who not only has won two Masters' titles but has become the master of about all he can see on the fairways in just four years.

The other is Paul Bondeson, a 25-year-old ex-paratrooper who has never won a tournament. He had to lay off the tour during the summer to get what he calls his attitude straightened out.

By attitude, Bondeson — who made his first start in a PGA tourney at the Cajun Classic four years ago — means his tendency to get rattled and despondent over a bad shot and blow sky high.

Bondeson cut six strokes off par for a 66 and the first round lead in the Cajun Classic yesterday. A bogey on the final hole, a par 3 with a yawning lagoon in front of the green which he overshot, kept the handsome swinger from having a 65.

There's another golfer in good position to win his first tournament. John Josephson, a youngster from New Jersey who's playing in his first PGA tourney, carded a 68 and shared second place two strokes behind Bondeson with eight others including tour fixtures Frank Beard and Bert Weaver. No pro — not Nicklaus, nor Arnie Palmer, nor Gary Player — ever won his first time out.

Nicklaus, despite trouble with two par 5 holes remained in contention with a 69.

The Golden Bear electrified the gallery following him on the beautiful 75 degree Thanksgiving Day by booming a drive almost 400 yards on one par 5. Then he took a nine iron and hit the pin. The ball rolled past two feet and the Columbus, Ohio shotmaker tapped it in for an eagle.

Bondeson also got an eagle on a par 5, using a four wood on his second shot to place the ball four inches away from the cup.

It wasn't Nicklaus' power that got him into trouble twice for bogeys on two of the long holes. The experts who analyze big Jack's game say the weakest part is his short iron game — it wasn't weak at all with that nine iron to the pin on No. 11 — and the bogies came when his approach shot each time went into bunkers and he had bad sand shots.

"I didn't play well," said Nicklaus, "but I didn't play badly."

Bondeson has come close to a tour title in his four years and the Cajun Classic for the past three years has been won by a pro getting his first victory.

"I quit the tour after a bad spring," he said. "I worked in Rhode Island for a while and came back in August. I've got my attitude straightened out now. I've been in the money the past five tournaments and each time I've gotten a bigger check."

Bondeson won over $12,000 last year. This year he's picked up only $6,480 with most of that since August.

COLLEGE FOOTBALL: MORE ACTION ON TAP TOMORROW

Tulsa Wins Bowl Bid; Nebraska Cops 10th Straight

By BOB GREEN
Associated Press Sports Writer

Glenn Dobbs is not one to make rash decisions. So the Tulsa coach gave long and careful consideration to the invitation for his football team to appear in the Bluebonnet Bowl game.

It took, oh, about two seconds.

"It just so happens we can go," Dobbs said after his swift-striking Hurricane had stormed over Colorado State University 48-20 yesterday with the record-breaking passing combination of Billy Anderson to Howard Twilley setting still more national marks.

Tulsa, which finished at 8-2, will play Tennessee in the Dec. 18 game in Houston. Tennessee, 5-1-2, has two games left, including tomorrow's match with Vanderbilt.

"This is the greatest thrill of my life," said Twilley, who finished second in the Heisman Trophy voting and comes from a Houston suburb.

Anderson, who passed for a national record 502 yards against Colorado State, had to engineer a big last quarter. Leading only 21-20, Anderson clicked on last-quarter touchdown passes covering 60, 63, 51 and 13 yards.

NEBRASKA WINS

Nebraska, ranked third in the nation, closed out a 10-0 regular season, its first perfect season in 50 years, with a 21-9 comeback against Oklahoma; Texas rallied for a 21-17 decision over Texas A&M, Cornell crushed Penn 38-14 and Virginia Tech beat VMI 44-13 in the other ma-

jor Thanksgiving Day games.

The long football weekend continues tomorrow with a flock of traditional games, topped by the Army-Navy match in Philadelphia.

Probably the most important game is Alabama's meeting with Auburn in Birmingham. Both are bound for bowl games, and the winner takes the Southeastern Conference title with him.

Alabama, 7-1-1 and Nebraska's opponent in the Orange Bowl, is ranked fifth nationally and is favored. Auburn, bolstered by an invitation to the Liberty Bowl, is 5-3-1 over-all, but 4-0-1 in the SEC. Both 'Bama and Auburn were tied by Tennessee.

In some of the other traditional games, Gator Bowl-bound Georgia Tech plays Georgia, Boston College is at Holy Cross, Arizona at Arizona State, Florida State at Sugar Bowl-bound Florida, Mississippi at Mississippi State, Baylor at Rice and Southern Methodist at Texas Christian.

IRISH VS. MIAMI

Notre Dame, ranked sixth after losing last week's tough battle with Michigan State, closes out at Miami, Wyoming is at Southern California, Brigham Young at New Mexico, and West Texas State at Texas Western in others.

Colorado State played it close for three periods, but the spectacular Tulsa attack finally proved too much.

Anderson completed 37 of 57 passes for a record 502 yards. Five went for touchdowns. Twilley caught a record 19 of them, for two touchdowns and 214 yards.

In addition to his two touchdowns, Twilly kicked four extra points for a total of 16 points and a season output of 127, clinching the national scoring title. He's the first end ever to win it.

Anderson finished his regular season career with 11 national records, Twilley with 10.

Anderson holds records for most pass attempts in a game, 65; most attempts in a season, 509; most completions in a game, 42; most completions in a season, 296; most total plays in a season, 585; most total offensive plays in a season, 585; yards gained passing in a season, 3,464; total offense in a season, 3,343; and passing yardage in a game, 502.

Twilley's records include season touchdown catches, 16; career touchdown catches, 32; passes caught in a game, 19; passes caught in a season, 134; passes caught in a career, 261; yards gained received in a season, 1,779; yards gained receiving in a career, 3,343; touchdown passes caught in a game, 5; conversion passes caught in a season, 6; conversion passes caught in a career, 12.

SOONERS SURPRISE

Oklahoma took a surprising 9-7 halftime lead against Nebraska, but the Cornhuskers' Harry Wilson broke it open with two third period touchdowns, one on a 66-yard run and one on a 38-yard pass.

Texas' embattled Longhorns also had to overcome a 17-0 A&M halftime lead and the morale-shaking effect of a trick play that netted 91 yards and a touchdown. Jim Helms smashed over for two last period Texas touchdowns that enabled the Longhorns to finish with a 6-4 record.

The trick play involved a lateral, which appeared to be an incomplete pass. After slamming the ball on the ground in disgust, and while the defenders were trotting back to position, Harry Ledbetter scooped up the ball, hurled a pass to Ken McLean, who trotted in with a 91-yard touchdown play.

STAR OF THE CAST

Los Angeles Ram quarterback Bill Munson has cast on his right leg autographed by nurse Lillian Schmidt in a Santa Monica hospital where Munson has been since injuring knee in San Francisco last Sunday against the 49ers. Munson underwent surgery Monday and will be out of action for the remainder of the season. (UPI Telephoto)

PREP BASKETBALL

Two Marin Quintets Win, But Three Lose

Wednesday was a bad day for Marin varsity basketball teams, as only two of five Marin League teams could manage wins over their out-of-town opponents. Fortunately, they were only practice games—the league season does not start until January.

Redwood was the big winner, as Dick Hart's Giants swamped the Analy Tigers 82-55. Shooting 47 per cent from the floor and 67 per cent from the free throw line, the Giants got every man on the team into the scoring column, but Russ Smith and Jack Fitzhenry were the big guns with 20 and 17, respectively. Andre Horn, with 11 points, and Bruce McGee, with 10, also twisted the Tigers' tails.

At the half Redwood led only by the slim margin of 35-27, but the Giants exploded for 32 points in the third quarter to put the game on ice. Redwood was strong off the boards, too, as Chuck Meyer and Duncan Williams paced them with eight rebounds each.

"Of course, I'm happy with the win," said Coach Hart, but he added, "We weren't trying to pour it on."

The Redwood "B" team also routed the Analy "B's" by an overwhelming 65-20 total. Bill Green led the scoring with 12 points.

SAN RAFAEL WINS

The other local victor was San Rafael, winning a 41-39 thriller over Sonoma. Dick Draney, a 6-foot 3-inch senior, scored the bucket that put the Bulldogs ahead to stay; he led the team with 18 rebounds and scored eight points as well.

The leading scorers for San Rafael were John Farrar and Joe Cunningham with 10 points each. Jim Magliulo led the defense, running all over the court to pick off seven interceptions.

The Tamalpais Indians traveled to Forestville to play El Molino High. A new school—this is only their second year—the Lions were supposed to be a weak team. They belied their reputation by scoring the most points in their history to scalp the Indians 66-63 in overtime.

The Tam "B" team had more success, winning 49-43.

Terra Linda dropped a 59-58 thriller to a San Francisco team, Lick-Wilmerding, but the Trojans got the most out of the practice game as Coach George Starn played his whole squad in the first half.

PERRON STARS

Six-foot senior Brian Perron was the only Trojan in double figures, but he scored enough for two; he canned six field goals and six free throws for 20 points, and he pulled down nine rebounds as well.

The Trojans trailed by only a single point, 32-33, at the half, and they pulled ahead for a while in the third quarter, but the visitors broke loose to take an eight-point lead with just three minutes to play. The Trojans came storming back to tie it at 57 all, but the visitors made two free throws to the Trojans' one, and that was that.

Despite the loss, Coach Starn considered the game a success; everyone got a chance to play and they still kept the score close.

The Marin Catholic Wildcats played another tough opponent —their Alumni. Pat Waltz scored 14 points and Bob Lombardi hauled down 13 rebounds, but it wasn't enough as the Wildcats bowed, 61-46.

SERVICE CLASSIC

Navy Favored In 'Nothing' Battle

By JIM HACKLEMAN

PHILADELPHIA (AP) — Army and Navy meet in their annual football classic tomorrow, climaxing what truly has turned into a one-game season for both teams.

The cliche of Army-Navy meaning everything for the service squads, of what has gone before meaning nothing, is a reality this time. Both go into the showdown with mediocre records, no outside prestige at stake, and no glamorous stars to show off.

Nonetheless, the usual enthusiastic crowd of some 100,000 will pack mammoth John F. Kennedy Stadium in Philadelphia for the extravaganza, which will be nationally televised by NBC starting at 10:30 a.m., PST.

Navy is rated a touchdown favorite. The Middies have a 4-4-1 record in their first season under Coach Bill Elias, against somewhat sterner opposition than Army faced.

Army, in Paul Dietzel's fourth year as West Point coach, has won four and lost five.

Both teams field strong, aggressive defenses but Navy should have the definite edge on attack with a more diversified and balanced offense. Army relies heavily on a running game that has been less than dazzling, while the Cadets' passing is so spotty that even Navy professes to have no fear of it.

Defensively, Army is something to watch, however. Townsend Clarke, a fierce and clever 210-pound linebacker, leads the unit that also has standouts in linebacker Pete Braun, tackle John Carber, middle guard Vince Casillo, ends Tom Schartz and Sam Champi, and back Don Dietz.

Braun, Carber and Champi will play both ways for West Point.

Navy's defense emphasizes constant, quick pressure with fast-changing alignments and lots of blitzing. Don Downing, Gary Gray, Chris Hoch, Ron Buschbom and Fred Moosally are among the Middies who will be firing in.

Both sides have made backfield changes for this finale, and Army probably will go with a new formation. The Cadets are expected to switch from flanker-T to wing-T, discarding the wide man for another runner.

Army's starting backs include Curt Cook at quarter, Sonny Stowers and Fred Barofsky at half, and Mark Hamilton at full. Stowers is the top West Point ball carrier and prime offensive weapon. Barofsky has alternated at quarterback and fullback, and could be utilized on pass-run options.

To counteract Navy's driving defense, Army might be forced to pass more than usual.

To give the Middies more experience and better blocking, Elias is starting two fullbacks, 5-foot-6, 200-pound Danny Wong and rangy Al Roodhouse, along with two sophomores, quarterback John Cartwright and halfback Rob Taylor.

Roodhouse replaces Terry Murray, a sophomore halfback who is Navy's leading ground gainer.

In points scored and allowed, the two rivals are amazingly close. Navy has scored 121, allowed 122, and Army's figures are 112-125. Navy tied Stanford, a team that whipped Army, and both lost to powerful Notre Dame.

The Middies have dominated the 75-year-old series in the post-World War II period and had a string of five straight victories going last year when the West Pointers sprang an 11-8 upset. Over-all Army leads 31-29-5.

Emotions are running high for the game, as usual, on the teams, at the two academies, and among graduates the world over. And there will be the usual colorful pageantry, with the entire Middie brigade of 4,000 and the 3,000-man Corps of Cadets on hand for the show.

Both teams will arrive in Philadelphia today and work out this afternoon at the stadium.

N.Y. Rangers Fined $1,800 For Brawls

MONTREAL (AP) — New York Ranger General Manager Emile Francis and a dozen of his players are carrying lighter wallets today after National Hockey League President Clarance Campbell levied $1,800 in fines for their part in last Sunday night's brawl at Madison Square Garden.

Campbell fined Francis $250, tagged seven Rangers $150 each and five others $100 apiece for the melee which resulted after Francis left his side arena seat to argue over a disputed Detroit goal with judge Arthur Reichert.

The peppery general manager was exchanging angry words with Reichert when an unidentified fan joined the hassle. Suddenly the fan and Francis began throwing punches.

When they saw their GM in the middle of the hassle, several Ranger players scaled the 10-foot glass partition and came to Francis' aid. Fined $100 each for leaving the ice were Vic Hadfield, Earl Ingarfield, Johnny McKenzie, Arnie Brown and Harry Howell.

Seven other Rangers left the New York bench and went into the stands. Campbell tagged each of them — Don Simmons, Mike McMahon, Wayne Hillman, Larry Mickey, Rod Seiling, Garry Peters and Lou Angotti — $100 for going into the stands and an extra $50 apiece for leaving the bench.

It took Garden police 10 minutes to separate the players from the milling fans and Francis suffered a two-stitch cut over his left eye.

Ex-Paratrooper Shoots 66 To Lead Cajun Golf Event

By BEN THOMAS

LAFAYETTE, La. (AP) — Two blond giants who hit a golf ball a country mile were in the spotlight today as the $30,179 Cajun Classic — traditionally the final tourney on the PGA national circuit each year — went into its second round.

One is Jack Nicklaus, who not only has won two Masters' titles but has become the master of about all he can see on the fairways in just four years.

The other is Paul Bondeson, a 25-year-old ex-paratrooper who has never won a tournament. He had to lay off the tour during the summer to get what he calls his attitude straightened out.

By attitude, Bondeson — who made his first start in a PGA tourney at the Cajun Classic four years ago — means his tendency to get rattled and despondent over a bad shot and blow sky high.

Bondeson cut six strokes off par for a 66 and the first round lead in the Cajun Classic yesterday. A bogey on the final hole, a par 3 with a yawning lagoon in front of the green which he overshot, kept the handsome swinger from having a 65.

There's another golfer in good position to win his first tournament. John Josephson, a youngster from New Jersey who's playing in his first PGA tourney, carded a 68 and shared second place two strokes behind Bondeson with eight others including tour fixtures Frank Beard and Bert Weaver. No pro — not Nicklaus, nor Arnie Palmer, nor Gary Player — ever won his first time out.

Nicklaus, despite trouble with two par 5 holes remained in contention with a 69.

The Golden Bear electrified the gallery following him on the beautiful 75 degree Thanksgiving Day by booming a drive almost 400 yards on one par 5. Then he took a nine iron and hit the pin. The ball rolled past two feet and the Columbus, Ohio shotmaker tapped it in for an eagle.

Bondeson also got an eagle on a par 5, using a four wood on his second shot to place the ball four inches away from the cup.

It wasn't Nicklaus' power that got him into trouble twice for bogeys on two of the long holes. The experts who analyze big Jack's game say the weakest part is his short iron game — it wasn't weak at all with that nine iron to the pin on No. 11 — and the bogies came when his approach shot each time went into bunkers and he had bad sand shots.

"I didn't play well," said Nicklaus, "but I didn't play badly."

Bondeson has come close to a tour title in his four years and the Cajun Classic for the past three years has been won by a pro getting his first victory.

"I quit the tour after a bad spring," he said. "I worked in Rhode Island for a while and came back in August. I've got my attitude straightened out now. I've been in the money the past five tournaments and each time I've gotten a bigger check."

Bondeson won over $12,000 last year. This year he's picked up only $6,480 with most of that since August.

Pan American Retires Last Piston Plane

SAN FRANCISCO — An era ended today when Pan American Airways made its last scheduled piston plane flight over the Pacific.

It was a Douglas DC-7C which made its final journey from Pago Pago, American Samoa, to Nandi in the Fijis, carrying 26 passengers who toasted the event in champagne.

After its flight to the Fijis, the venerable piston-driven plane, which started service in 1956, will be ferried via Honolulu to San Francisco where it will be used in pilot training.

Retirement of the last reciprocating engine plane came almost on the nose of the 30th anniversary of Pan Am's pioneer flight in the Pacific on Nov. 22, 1935, when the China Clipper flew from San Francisco to Manila.

Motor vehicle miles traveled in California have increased by 30 per cent since 1960, bringing the present annual total to 86 billion vehicle miles.

Ship-Shore Teleprinter Now In Use

SAN FRANCISCO — A ship to shore teleprinter exchange service that will enable ships to "converse" with their home offices by teleprinter was announced today by ITT World Communications Inc., a subsidiary of International Telephone and Telegraph Corp.

A teleprinter installed aboard the S.S. Philippine Bear and a similar unit in the office of the Pacific Far East Lines "talked" to each other today.

A sister ship, the S.S. China Bear, also will employ Marine Telex when it departs for the Far East next month. Service will be extended to other units of the Pacific Far East Lines at a later date.

In addition to Telex subscribers in the United States, ships will have direct access to subscribers in more than 100 countries via ITT Worldcom's coastal stations and international Telex network.

"Because of its comparatively low cost, ship to shore Telex will enable vessels to transmit and receive a larger volume of information than is now possible with Morse code and other forms of marine communication," said James R. McNitt, president of ITT Worldcom.

Promotions Win Prizes

SAN FRANCISCO — A unique public relations program to introduce the first successful mechanical tomato harvester in the midst of the state's bracero crisis won the first annual "Awards of Excellence" competition $250 first prize today for Edgar H. Scholl, of Public Communications Bureau, Inc.

The awards were made by the San Francisco Bay Area Publicity Club at a luncheon meeting at the Merchandise Mart.

The harvester is manufactured by Blackwelder Manufacturing Co., Rio Vista, under license from the University of California.

The $100 second award went to Sherry Baker and the Presyterian Medical Center women's board for the promotion of San Francisco's first debutante ball.

The promotion of the "topping out" ceremony on the new Wells Fargo building by the American Bridge Division of United States Steel won the $50 third award for Harry H. Williams of U.S. Steel.

Farm Exports At Record High

WASHINGTON (AP) — Exports of U.S. farm products reached a record high last year, while imports fell off slightly.

The result was an increase in the favorable balance of trade from agricultural dealings.

An Agricultural Department report today put exports for the fiscal year that ended June 30 at $6.1 billion and predicted they will increase to $6.2 billion this year.

Passenger Record On Way For TWA

SAN FRANCISCO—An all-time single day's passenger boarding record was in the making today for Trans World Airlines on the eve of a heavily traveled Thanksgiving weekend.

TWA's reservations department is expecting more than 2,500 passengers on 30 scheduled jet departures. The previous record of 2,438 passengers departing TWA flights from the Bay Area's co-terminals of Oakland and San Francisco was set Sept. 3 during the Labor Day weekend.

Pan American Retires Last Piston Plane

SAN FRANCISCO — An era ended today when Pan American Airways made its last scheduled piston plane flight over the Pacific.

It was a Douglas DC-7C which made its final journey from Pago Pago, American Samoa, to Nandi in the Fijis, carrying 26 passengers who toasted the event in champagne.

After its flight to the Fijis, the venerable piston-driven plane, which started service in 1956, will be ferried via Honolulu to San Francisco where it will be used in pilot training.

Retirement of the last reciprocating engine plane came almost on the nose of the 30th anniversary of Pan Am's pioneer flight in the Pacific on Nov. 22, 1935, when the China Clipper flew from San Francisco to Manila.

Motor vehicle miles traveled in California have increased by 30 per cent since 1960, bringing the present annual total to 86 billion vehicle miles.

Fibreboard Dividend

Airlines, Electronics Lead Mixed Trading

NEW YORK (AP)—The stock market closed irregularly today. Trading was moderately active. Strength was shown by airlines, electronics, aerospace defense and selected railroad issues.

Volume for the day was estimated at 6.6 million shares compared with 7.89 million on Wednesday.

A generally lower tone prevailed among chemicals, nonferrous metals, utilities and oils.

Polaroid gained about 3, Xerox 4, Boeing, Zenith, United Air Lines, Chicago Great Western and AMP about 2 points each. Delta Airlines spurted 5 points.

Wallace Murray rose 7 points on top of its 8¾-point rise of Wednesday on news of its tender offer for stock of Simonds Saw & Steel. Simonds was unchanged following its rise of 8¼ Wednesday.

Ahead around 3 were Chicago Great Western preferred, Chicago North Western, Fairchild Camera and Wallace Murray preferred. National Airlines (new) rose more than 2.

Losses of less than a point were taken by Standard Oil (New Jersey), Phelps Dodge, Du Pont, Union Carbide, General Dynamics, Bethlehem, Royal Dutch, International Harvester, Allied Chemical and International Paper.

Prices advanced in heavy trading on The American Stock Exchange.

Corporate and U.S. Treasury bonds were about unchanged in light trading.

Ship-Shore Teleprinter Now In Use

SAN FRANCISCO — A ship to shore teleprinter exchange service that will enable ships to "converse" with their home offices by teleprinter was announced today by ITT World Communications Inc., a subsidiary of International Telephone and Telegraph Corp.

A teleprinter installed aboard the S.S. Philippine Bear and a similar unit in the office of the Pacific Far East Lines "talked" to each other today.

A sister ship, the S.S. China Bear, also will employ Marine Telex when it departs for the Far East next month. Service will be extended to other units of the Pacific Far East Lines at a later date.

In addition to Telex subscribers in the United States, ships will have direct access to subscribers in more than 100 countries via ITT Worldcom's coastal stations and international Telex network.

"Because of its comparatively low cost, ship to shore Telex will enable vessels to transmit and receive a larger volume of information than is now possible with Morse code and other forms of marine communication," said James R. McNitt, president of ITT Worldcom.

Promotions Win Prizes

SAN FRANCISCO — A unique public relations program to introduce the first successful mechanical tomato harvester in the midst of the state's bracero crisis won the first annual "Awards of Excellence" competition $250 first prize today for Edgar H. Scholl, of Public Communications Bureau, Inc.

The awards were made by the San Francisco Bay Area Publicity Club at a luncheon meeting at the Merchandise Mart.

The harvester is manufactured by Blackwelder Manufacturing Co., Rio Vista, under license from the University of California.

The $100 second award went to Sherry Baker and the Presyterian Medical Center women's board for the promotion of San Francisco's first debutante ball.

The promotion of the "topping out" ceremony on the new Wells Fargo building by the American Bridge Division of United States Steel won the $50 third award for Harry H. Williams of U.S. Steel.

Farm Exports At Record High

WASHINGTON (AP) — Exports of U.S. farm products reached a record high last year, while imports fell off slightly.

The result was an increase in the favorable balance of trade from agricultural dealings.

An Agricultural Department report today put exports for the fiscal year that ended June 30 at $6.1 billion and predicted they will increase to $6.2 billion this year.

Passenger Record On Way For TWA

SAN FRANCISCO—An all-time single day's passenger boarding record was in the making today for Trans World Airlines on the eve of a heavily traveled Thanksgiving weekend.

TWA's reservations department is expecting more than 2,500 passengers on 30 scheduled jet departures. The previous record of 2,438 passengers departing TWA flights from the Bay Area's co-terminals of Oakland and San Francisco was set Sept. 3 during the Labor Day weekend.

Gun Lack Worries Air Defense Command

By DONALD ZYLSTRA
Advance News Service

WASHINGTON — More than 135 U. S. planes, many of them jets, have been destroyed in the air war over North Viet Nam.

Yet only eight of these aircraft, which include some of the fastest and most maneuverable the United States has, have been brought down by missiles.

This means that guns, in fixed anti-aircraft sites and in the hands of mobile ground troops, have achieved the destruction of more than 95 per cent of all U. S. aircraft lost in North Viet Nam action.

In South Viet Nam, most of the aircraft lost have been helicopters and all have been shot down by guns. (There is no indication the Viet Cong have used missiles in anti-air warfare in South Viet Nam.) Viet Cong guns brought down five spotter aircraft in a single day's action south of Saigon this week.

This surprising effectiveness of guns against U. S. aircraft is prompting U. S. field commanders and strategists to reconsider the place of gunnery in modern warfare.

This question has been raised: If guns can be used with such telling effect against some of our best aircraft as well as against slower helicopters, how will U. S. ground forces defend themselves against enemy aircraft when the occasion arises?

Because the Communists have not mounted an air offensive in the Vietnamese War, U. S. commanders haven't had opportunities to compare their own anti-aircraft guns and missiles under battle conditions.

But should army ground commanders in Viet Nam have to face enemy airplanes any time soon, they would have only missiles to fire against them. The Army began phasing out all anti-aircraft guns in 1957.

By 1962, all these anti-aircraft guns had been removed from regular Army units. Only the reserves continue to drill with them. Anti-aircraft guns in the regular Army are now replaced by Hercules and Hawk anti-air missiles.

Impressed by the lessons learned by Air Force and Navy planes in raids over North Viet Nam, the Army is now planning a return to guns as a ground-to-air weapon to complement its anti-aircraft missiles.

After canceling the development of the Mauler missile system, described as a Hawk missile battery mounted on a single-tracked vehicle, the Army is faced with plugging a gap in its front-line ground-to-air defenses.

Chaparral, a tracked vehicle carrying four Sidewinder missiles, is being rushed to production as part of the answer. It features the adaptation of Sidewinder, a highly effective air-to-air missile, for firing from the ground by mounting four of them on a mobile, tracked vehicle.

Groups of army technicians and strategists are now considering the merits of three new anti-aircraft guns and will soon choose one to be used in combat, along with Chaparral, to give troops in forward areas light, quick-reacting protection against hostile planes.

The new gun to be chosen will be a light-caliber type and will be mounted on a vehicle. Guns under consideration include the Hispano-Suiza, a revolving six-barrel weapon which operates on the Gatling gun principle, and a husky twin-barrel 40 millimeter anti-aircraft weapon called the "Duster."

The Army, although it abandoned its anti-aircraft guns, has never departed from guns in ground warfare because of their superior accuracy over rockets at relatively short ranges.

The Navy has always kept its guns, in both the surface and anti-aircraft functions. The Navy's newest shore assault ships being readied for use in Southeast Asia feature a deliberate mix of missiles and guns as large as five inches.

Because the Navy has recognized gun value and accuracy at short range over missiles, it has continued to develop and improve its guns. The newest heavy Navy gun used in a dual anti-aircraft or surface-to-surface role is a five-inch 54-caliber model, capable of firing as many as 40 rounds a minute.

One of the considerations prompting retention of guns in the Navy is the stowage and ammunition supply problem. Once guns are within range, they can place explosives on a target with greater accuracy than missiles.

A supply of shells for guns can be carried in much less space than is needed for equivalent-caliber missiles.

Viet Nam Malaria Immune To Drugs

By CHARLES SCHAEFFER
Advance News Service

WASHINGTON—American servicemen in South Viet Nam are facing a microscopic enemy as "perfidious and uncanny" as the Viet Cong.

It is a strain of malaria resistant to even the newest drugs.

A medical scientist blames postwar overconfidence for the letup in research, permitting the malaria comeback.

Dr. Clay G. Huff of the Naval Medical Research Institute here said malaria among U.S. fighting men is a "serious problem." The number of cases, however, is classified as secret.

Dr. Huff told the annual meeting of the association of military surgeons that U.S. medical schools have virtually stopped teaching courses on the disease. "As a result, our newer generation of physicians has little or no knowledge of the diagnosis, clinical course, pathology, or treatment of malaria."

Drug resistant malaria was detected in South Viet Nam more than a year ago and so far has eluded efforts to bring it to bay.

But the actual immunity of some strains began building up even before then.

Dr. Huff said malaria had staged its comeback in three "discouraging" steps. First, many species of the anopheline mosquito have developed resistance to even the toughest long-lasting insecticide.

Other species have gradually acquired defenses against the early anti-malaria drugs developed after World War II.

The third and "most disconcerting discovery" has been the resistance to the new drug chloroquine to a severe form of malaria, the type called malignant tertian malaria. To treat these cases, doctors have been forced to switch to quinine, which is in short supply. It also causes unpleasant side effects.

Dr. Huff called for medical science to get back on a research track aimed at eradicating a disease threatening millions of persons around the world. Malaria is passed to humans by species of mosquitoes which pick up the tiny parasite in biting already infected victims, either man or animal.

For the first time, Dr. Huff says, he and other researchers have been able to grow and make electron microscope motion pictures of bird malaria parasites in egg embryos.

This is a research step, he said in an interview, that may help bare the life process of the stubborn parasite and perhaps lead to ways to break down the drug resistance in the human malarial culprit.

Dr. Huff said researchers have only recently pinpointed three species of monkey malaria parasites that are known to affect men. Still there is a large "information gap" about the disease.

"The species of mosquitoes which transmit malaria are legion. Their breeding habits, biting preferences, resting places and many other aspects of their biology are poorly known," he said.

Col. William D. Tigertt, director of the Walter Reed Institute of Medical Research here, said bubonic plague is a problem among the natives of Viet Nam, who are just about at the "iron age" of civilization.

Upwards of 4,000 cases have been uncovered in 1965, he said, representing just a fraction of the real problem because of poor disease reporting methods.

Because of an effective vaccine, he said, plague is not a problem among American troops. He said there was no evidence of the disease among U.S. servicemen.

France Enters Space Race By Orbiting First Satellite

Launched From Algeria

COMBINED AP & UPI

PARIS (UPI) — France today fired into orbit its first satellite, a simple 83.7-pound capsule launched by rocket. The feat put France in the space age along with the United States and the Soviet Union.

President Charles de Gaulle, personally drafted a communique announcing the event and congratulated the scientists and technicians involved.

De Gaulle hailed the achievement as a prelude to France's participation in the conquest of space.

The official announcement said a three-stage, 18-ton Diamond rocket—the rocket designed to deliver France's atomic bomb—took aloft and placed the A1 space capsule into orbit at 3:47 p.m. from the Algerian Sahara launch site.

Scientists had hoped to launch it Monday — De Gaulle's 75th birthday—but ran into technical difficulties and desert sandstorms.

France already has manufactured an atomic bomb and hopes to test its first hydrogen bomb soon in the Pacific Ocean.

The satellite was first the French have tried to launch.

The rocket, with a thrust of about 28 tons, lofted the A1 into an orbit whose apogee is 1,100 miles and whose perigee is 315 miles.

CHRISTMAS LIGHTS GO ON

Be it Sausalito or London, the end of November means the beginning of the Christmas season, nowadays. Rows of illuminated stars and spangles were switched on last night in London (above) making a glittering display of famed Regent Street, one of the huge city's principal shopping districts. Below, Sausalito workman Ted Anauer today puts up a silk screen print of an angel, surrounded by tinsel, to adorn a light pole on Bridgeway. Two Nuclear Ships Cruise Off Viet Nam

SAIGON (UPI) —The first nuclear powered U.S. Navy ships assigned to the Viet Nam war moved into combat stations off the coast of Viet Nam today. They are the carrier Enterprise, the largest ship afloat, and the guided-missile frigate Bainbridge.

While the Navy threw more muscle into the ever-growing American might, B-52 strategic bombers from Guam today struck enemy targets in Binh Tuy Province, 75 miles northeast of Saigon where U.S., Vietnamese and Australian troops were trying to prevent a vast rice harvest from falling into Viet Cong hands.

The campaign by the "several thousand" allied troops was in the fifth day of a probe through the Communist-dominated area, but there have been no reports of fighting. In the past villagers in the area have had to turn over their rice to the Viet Cong.

U.S. military sources said the harvest of about 3,400 tons of rice would be enough to feed several Viet Cong divisions for a year if it should fall into enemy hands.

California, As Always, Leads Traffic Deaths

SAN FRANCISCO (UPI)—California motorists once again led the nation in holiday traffic fatalities today in the second day of a rainy four-day Thanksgiving period.

A United Press International count showed a total of 19 traffic deaths in the state, with 13 in Northern California and six in the south.

A United Press International count showed at least 205 persons killed in traffic accidents nationwide since the start of the four-day holiday weekend.

The breakdown: traffic, 205; fires, 31; planes, 4; miscellaneous, 27, for a total of 267 deaths.

The holiday period, marred by bad weather in many parts of the state, began at 6 p.m. Wednesday. Law enforcement officials predicted a continued high fatality count because of wet roads and poor driving conditions.

Texas reported 16 dead in traffic and New York state counted four.

One of the worst accidents reported was the collision at Wichita, Kan., of two cars, one of which was pursued by police for speeding early yesterday. Five persons were killed and three were injured.

An explosion and fire at a Keokuk, Iowa, armory on Thanksgiving Eve killed seven persons when the roof collapsed on a roomful of square dancers.

McNamara To London, Viet Nam

Nuclear Weapon Spread, Strategy Conferences Set

COMBINED AP & UPI

LONDON — Robert S. McNamara, U.S. secretary of defense, talked over European defense and nuclear problems at luncheon today with Prime Minister Harold Wilson and top figures of the British government.

McNamara will hasten to Paris later in the day and then travel to Viet Nam.

Among other things, McNamara is in England to investigate the prospects for reaching agreements with the Russians to halt the spread of nuclear weapons without antagonizing the West Germans.

McNamara arrived here from Washington early today. In Paris he will attend the meeting tomorrow of NATO defense ministers.

Informed sources said talks at today's luncheon at No. 10 Downing Street were in the context of European defense and stopping dissemination of nuclear weapons and did not apparently deal with Britain's own defense review.

McNamara was accompanied by Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, Undersecretary of State George W. Ball and John T. Naughton, the assistant secretary of state for international security affairs. Before lunching with Wilson, McNamara met Foreign Secretary Michael Stewart and Defense Minister Denis Healy.

McNamara and his party arrived at London airport shortly before the West German Defense Minister Kai-Uwe Von Hassel, was due to depart for Paris. He has been having talks with Healey and Fred Mulley, deputy secretary for defense and minister of defense for the army.

American sources said McNamara and his team hoped to discuss some of the current issues in the North Atlantic Treaty Organization, including the ways in which both the United States and Britain would contribute to strengthening the alliance cooperation in the field of nuclear policy.

Before leaving Washington, McNamara told newsmen, "You can expect increasing emphasis" on the bombing operations against the North Vietnamese infiltration routes in South Viet Nam.

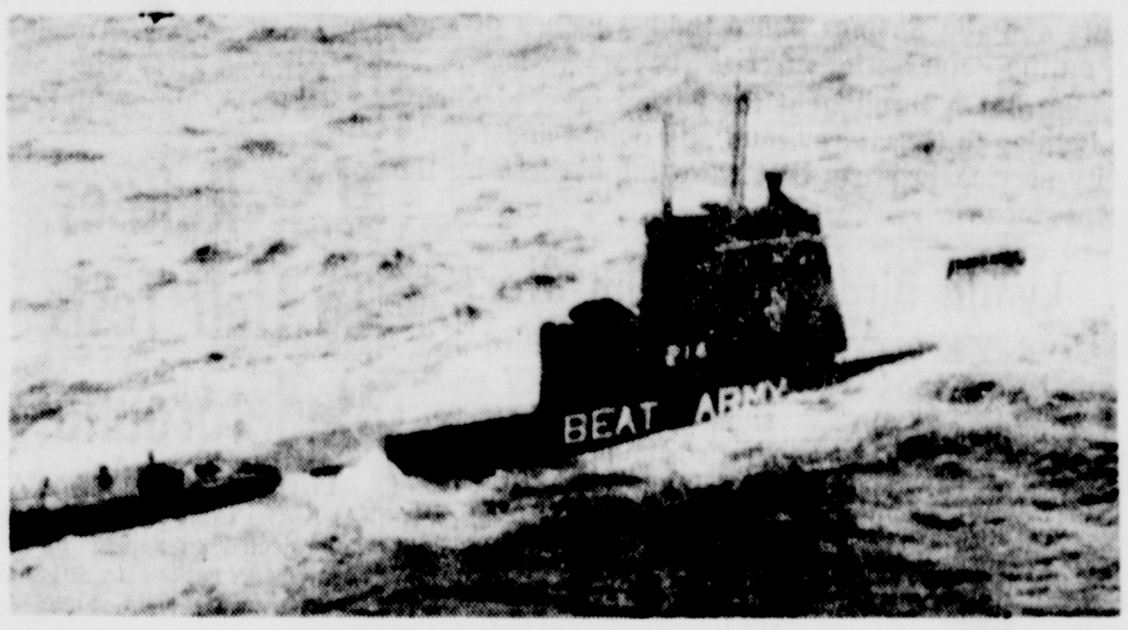
Americans In Paris Urge Peace Talks

PARIS (AP)—More than 200 Americans in Paris, led by Jean Davidson, son of the late sculptor Jo Davidson, today joined in urging a negotiated end to the war in Viet Nam.

The group presented a petition to a U.S. embassy official for forwarding to Washington.



COMFORT TO THE VIET CONG?

Communist Korean authorities might think the United States Army and Navy have declared war on each other and dropped their fighting with the Viet Cong and North Vietnamese, to judge by the sign sported today by the submarine Grouper off Norfolk, Va. But, it's just "big game fever" before tomorrow's annual football clash between West Point and Annapolis. Presumably, the Army has an amphibious tank all primed to take care of the sub. Supervisor Suggests Park As Memorial To Stevenson

A memorial park in Marin for the late Adlai Stevenson was proposed today by County Supervisor Ernest N. Kettenhofen.

Kettenhofen, in a letter to fellow supervisors, said there are ranch properties in southwest Marin of sufficient grandeur to provide a fitting memorial to the statesman.

The supervisor called for a world-wide campaign to raise funds for purchase of the property, which could be called "The Adlai Stevenson Memorial International Park."

Kettenhofen mentioned the Brazil Ranch as an example of what he has in mind. This land is owned by a group headed by Stevenson's son, John Fell Stevenson.

The Brazil Ranch has been eyed by the state for addition to Mount Tamalpais State Park, and also eyed by Nature Conservancy for preservation as open space.

Kettenhofen suggested that Nature Conservancy could serve as trustee in the worldwide drive for funds.

The supervisor said he does not want to single out any parcel at this time, but the Brazil Ranch is the largest single holding in the area. It was purchased by John Fell Stevenson and his associates with an eye to future development.

More Winds, Less Water Due Marin

After light overnight rain, gray clouds are expected to show their silver linings over Marin County tomorrow and give way to fairer weather, the U.S. Weather Bureau predicted today.

Winds of up to 25 miles an hour will combine with temperatures in the middle 50's to give the area an improved if somewhat gloomy weekend outlook.

Outdoor types will find sailing a little too rough for light craft in the Bay, but skiing conditions are reported as ideal in the Sierra, with more snow predicted tomorrow.

Snow level in the Yosemite region had dropped from 5,500 feet to 1,900 feet yesterday. Chains are required on Highways 50 and 80 in the Sierra.

Highest rainfall reading in the 24 hours to 8 a.m. today in Marin was .36 of an inch in Tamalpais Valley.

Other figures included: San Rafael .08, Sausalito .28, Mill Valley .20, Santa Venetia .18, Point Reyes Station .14, Woodacre .14, and Novato .03.

Probers Seek Source Of Gas In Armory

KEOKUK, Iowa (AP) — Officials agree that seeping gas ripped apart a National Guard armory in a fiery explosion killing seven people — but they don't know how it got into the building or what touched it off.

The blast turned a lighthearted Thanksgiving Eve square dance into a nightmare of death and pain. A survivor said it was "like a bomb going off."

Forty-four persons were hospitalized with burns and about 30 of them were in critical condition.

The victims were attending the weekly meeting of the Swing Ezy Club, a square dance group with most of its members from Keokuk and surrounding communities in Iowa, Illinois and Missouri.

Iowa Adjutant General Junior Miller and State Fire Marshal Wilbur Johnson explored the wrecked building yesterday.

They said they agreed with local officials that an accumulation of gas had burst the building with terrific force and searing heat.

An investigation is under way to determine how the gas leaked into the building and what set it off.

Sixty to 70 people were at the square dance when the blast tore the building apart Wednesday night. Most suffered burns and injuries.

Without warning, the violent explosion blew out the walls of the Armory and brought the roof crashing down on the dancers.

"It was a mass of human fire," said caller Kenny Anderson, a resident of Burlington. "I saw people screaming and timbers laying on top of some of them. One man was running through the wall all ablaze."

TURKEY FALL RESULTS IN CAR CRASH

Because of a falling turkey, a car was pushed over a bank yesterday in Sausalito.

Jean Claude Semeria told police at 4:50 p.m. that he was driving to his home at 34 Marie Street when a bag containing his turkey dinner fell over in the car against his foot.

Semeria reached down to straighten the bag. His car hit the parked car of Elvia Farnham in front of her home at 123 Girard Street. Miss Farnham's auto rolled down a bank, stopping in some bushes.

Police said there was minor damage to the left front fender of the Farnham car. The turkey was fine.

Courthouse Title Is Clear

Marin County Counsel Douglas J. Maloney said today that a check on the deed the county holds on the courthouse block in downtown San Rafael shows clear title.

Last Tuesday, when supervisors and San Rafael city councilmen held a joint session on the future of the property, Councilman Louis H. Baar reported he had heard from City Atty. David J. Menary that the title was in doubt.

Maloney said today he is having copies of the deed made, with a report of his title search, to be distributed to all interested.

Tornado Tops Southland's Woes

LOS ANGELES (UPI)—Southern California had a mixed-up Thanksgiving—a rare tornado, rain, snow, sunshine and below freezing temperatures.

About 2:30 p.m. yesterday a tornado whipped through the Los Angeles County Fairgrounds at Pomona. It narrowly missed 200 parked airplanes at Brackett Field and the tower had to warn three planes flying the area to get out of its path.

An extremely rare phenomenon in this area, the whirlwind leveled a 200-foot-wide swath at the fairgrounds, tossing 3-by-8-foot pieces of corrugated metal roofing 2,000 feet into the air, according to observers.

As evening progressed, the mercury slid to around the 30 degree mark in many fruit-growing communities around Los Angeles, sending growers scurrying for smudge pots to protect their crops.

In the San Jacinto Mountains above the desert resort of Palm Springs, more than 8 inches of snow fell on the Palm Springs Aerial Tramway.

Workmen throughout the region labored during the holiday to clear away mud and debris and restore utility service to areas that were hit hardest by the recent storm.

Lynda Bird Dates Film Star

JOHNSON CITY, Tex. (UPI)—Lynda Bird Johnson and Hollywood star George Hamilton IV star of the TV show "Shindig," were a chaperoned twosome at Acapulco, Mexico, today while her sister Luci and boy friend Patrick J. Nugent spent a farewell weekend at the LBJ ranch.

Lynda Bird

The White House said that the President's elder daughter, black-haired, brown-eyed Lynda, flew to Acapulco yesterday with Mr. and Mrs. Earl Deathe of Austin, Tex., long time friends of the Johnsons.

Hamilton

Informed sources said that Lynda, 21, was invited by Hamilton to spend the holiday weekend with him and several other guests at the plush Mexican resort, during a film festival.

Lynda spent only a few hours on the holiday with Luci, 18, who had flown to Texas with Nugent, 22, of Waukegan, Ill., who is being drafted.

Heiress Reportedly Located

CARACAS (UPI) — A woman believed to be 17-year-old Anna Maria Hitz, missing heiress to a $10-million Swiss coffee fortune, turned up here Thursday—married and the mother of a 24-day-old daughter.

Anna Maria

She said she was the wife of Ulrich Bierschenk, a 25-year-old Polish-born German with whom Miss Hitz was traveling when she dropped out of sight in California last month. The date of their marriage was not known.

The heiress' whereabouts became a matter of speculation when her mother, Anna Spring-Hitz of Washington, reported her missing this month. Mrs. Spring-Hitz said she feared her daughter might have been "kidnaped" by relatives of the late Swiss coffee magnate Othmar J. Hitz, from whom she was divorced several years ago.

Mrs. Hitz

Mrs. Bierschenk said she has cabled her mother to let her know that "I am happy, married and have a baby daughter," and to ask her to "leave me in peace."

In Washington, Mrs. Spring-Hitz said she had received no word from her daughter. Until she did, she said, she would continue to worry about Anna Maria's welfare.

Egyptian Relations

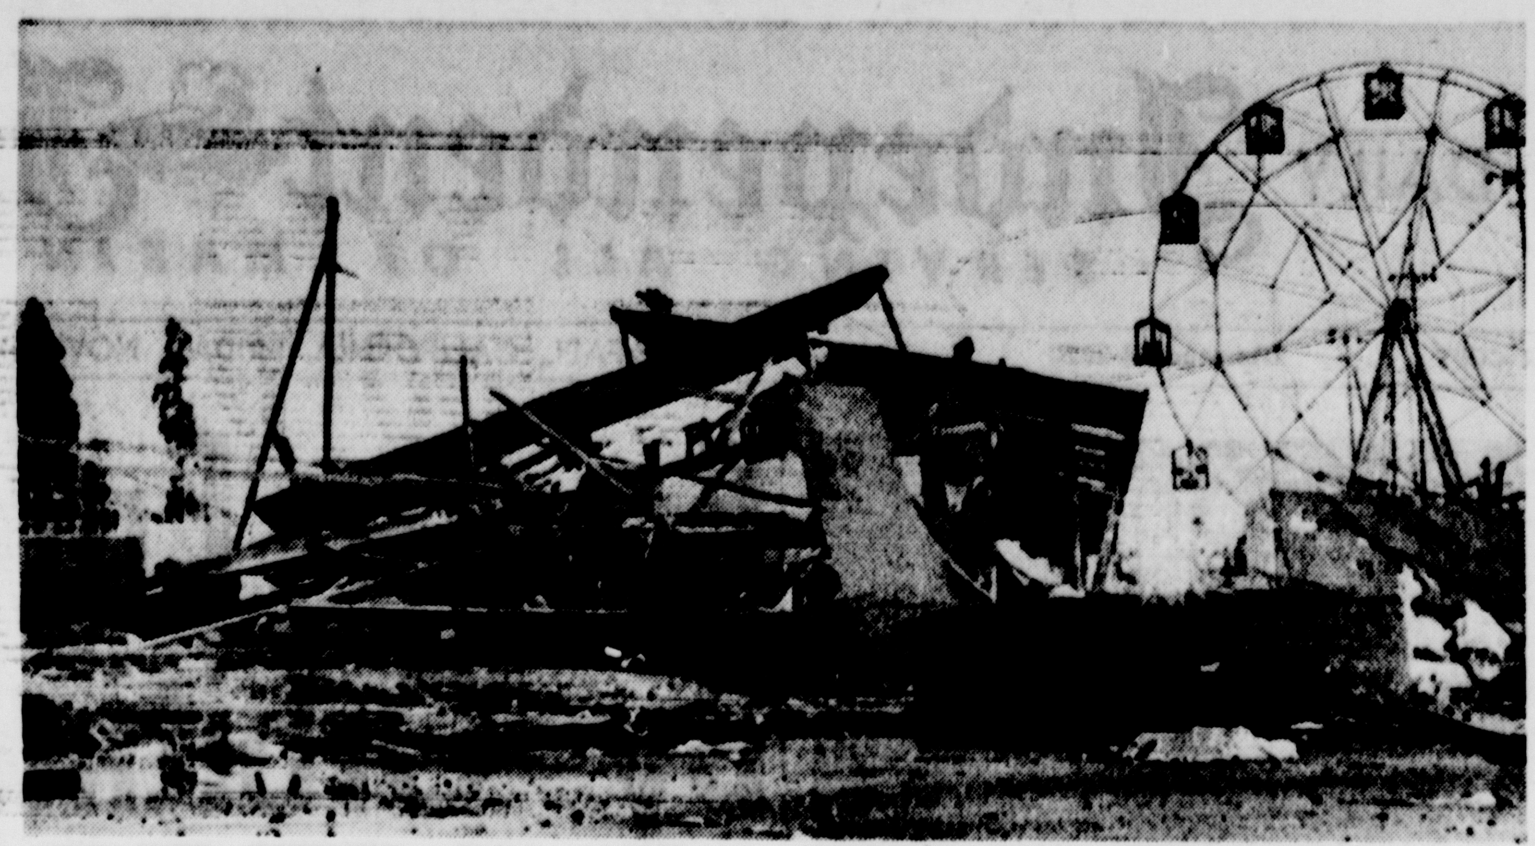
CAIRO (AP)—President Gamal Abdel Nasser told the opening session of the National Assembly yesterday that American-Egyptian relations are determined by the official U.S. position in Israel. Nasser said Egypt feels extreme friendship for the Soviet Union and would like closer ties with Red China.

Hot And Cold

114-1 — Hot and Cold

NEW YORK (UPI) — The lowest temperature reported to the U.S. Weather Bureau today, excluding Hawaii and Alaska, was minus 10 at Cut Bank, Mont. Highest temperature reported yesterday was 92 at McAllen and Presidio, Tex.

Most car license plates are manufactured in prisons and reformatories.



AND NOW, TORNADO — Debris, including a spare tire blown from a truck, litters the "fun zone" of Los Angeles County Fairgrounds at Pomona after the area was struck yesterday by a tornado, almost unheard of in California, but regarded by some residents as about the only weather phenomenon that hadn't already taken a swipe at the flood-plagued southland in the last week. (UPI Telephoto)

U.S. Refuses To Halt Tests Underground

UNITED NATIONS, N.Y. (AP)—The United States Thursday rejected an appeal by 34 non-nuclear nations to suspend all underground tests of nuclear weapons without requiring on-site inspections.

"A moratorium on underground testing is unacceptable to the United States," said U.S. disarmament negotiator William C. Foster, addressing the U.N. General Assembly's main political committee.

He called instead for a permanent agreement in the form of a comprehensive test-ban treaty. He said such a treaty must involve "some on-site inspection" to distinguish illegal underground tests from earthquakes.

As a signer of the 1963 Moscow test-ban treaty, the United States is obligated not to test nuclear weapons in the air, in space and under water, but the treaty does not outlaw tests underground.

A draft resolution sponsored Thursday by 34 U.N. members would have nuclear powers suspend all tests, including tests underground, until a comprehensive test-ban treaty with adequate safeguards can be worked out.

Foster noted that the Russians resumed testing Sept. 1, 1961, despite a voluntary moratorium on all nuclear tests that Britain, the United States and the Soviet Union had observed since Oct. 31, 1958.

Negro Jurors

MONTGOMERY, Ala. (AP)—A three-judge federal court opens a hearing today on a suit aimed at getting more Negroes listed on the jury rolls in Lowndes County, scene of two civil rights slayings this year. The Negroes who filed the suit, the Justice Department, and the Episcopal Society For Cultural and Racial Unity contend that only a fractional number of Negroes have been used on juries in the county, although 80 per cent of Lowndes County's population is Negro.

LBJ's Plans Extended For Staying At Ranch

JOHNSON CITY, Tex. (UPI) —President Johnson may extend his Texas visit into December now that his meeting with West German Chancellor Ludwig Erhard has been put off until Dec. 19-21.

The Chief Executive has not set a date for returning to Washington and apparently hopes to soak up more sunshine to aid recuperation from his gall bladder operation last Oct. 8.

Weather at his LBJ Ranch has been unseasonally warm and he has sandwiched rides around the hills with work on his new budget, state-of-the-union message and other duties.

The White House announced yesterday the postponement in Erhard's visit to Texas was proposed by the West German leader. Administration sources said Erhard, reported to be suffering from influenza, wanted to recover fully before making the trans-Atlantic journey to the meeting that had been set for Dec. 2-3.

This delay, however, will give Johnson a chance to confer with British Prime Minister Harold Wilson on Dec. 17 before the talks with Erhard.

One key issue involving both European leaders will be the West German demand for a greater voice in control of nuclear weapons in NATO defenses.

Wilson also plans to take up the British moves to try again to bring peace to Viet Nam despite previous rebuffs by the Hanoi regime in the North.

There are unconfirmed reports that Pakistani President Mohamed Ayub Khan is coming to the United States in mid-December and hopes to see the President.

Shastri Meeting

India's Prime Minister Lal Bahadur Shastri is expected to arrive sometime in January for yet another top-level session with Johnson.

Senate Democratic Leader Mike Mansfield, who is on a world tour that already has taken him to Paris and Moscow for talks with French President Charles De Gaulle and Soviet Premier Alexei Kosygin, also plans to brief Johnson on his return.

Red Cross Donates To India, Pakistan

WASHINGTON (UPI)—The American Red Cross has sent $5,000 each to the Pakistan and Indian Red Cross societies to aid refugees from the Kashmir conflict.

In addition, the Red Cross said yesterday, $10,000 worth of children's clothing, to be divided equally, is also being made available to the Red Cross societies of the two nations.

She Charges Groom Is Draft Dodger

SAN JOSE, Calif. (UPI) — Karen M. Wilson, 22, of Mountain View, Calif., has filed a complaint in Superior Court asking that her six-months marriage to Kenneth Wilson, 22, be annulled on grounds of fraud.

She charged her husband wed her only to dodge the draft. The couple was married last summer just before President Johnson withdrew draft exemptions for married men.

Peace March Rules Argued

WASHINGTON (UPI)—Organizers of tomorrow's "Peace March" on Washington protesting U.S. policy in Viet Nam are running into some roadblocks — not from the government but from some of the prospective marchers.

Representatives of a host of anti-war committees, mostly student groups, holding a four-day convention here in connection with the march, were sharply divided today as to just what its aims are.

"The tone mf the march will be affirmative and creative," says the call issued by the 40 sponsors. "There will be no civil disobedience."

Originally, they planned to ban use of signs and placards not prepared by the march committee. They felt this would keep the rally focused on its policy statement, which is that both sides are at fault, but that the United States should take the first step toward a cease-fire by ending its bombing of Communist North Viet Nam and suspending its steady military buildup.

Apparently, the other peace groups — ranging from the "Berkeley (Calif.) Viet Nam Day Committee" to the "Youth Against War and Fascism" — disagreed.

Havana May Host Afro-Asia Conference

LONDON (UPI) —A three-continent, 100-nation conference will open in Havana Jan. 3 to align Afro-Asian-Latin American strategy against worldwide "imperialism and colonialism in all its forms," official sources said today.

A preparatory committee in Prague which has been planning the meeting for some time gave the green light to the conference yesterday. It will be held in Havana from Jan. 3 to 10, the sources said.

The conference, which has strong Russian support and is to include also Communist China, may prove a substitute for the Afro-Asian conference which was to have taken place in Algiers earlier this month. The Algiers meeting was put off indefinitely because of Red Chinese opposition.

Peking apparently has been unable to block the Havana meeting where it may find itself in a delicate position of near isolation—unless it prefers to back out at the last minute.

The conference plans to draw up "a common program of action," although no details of its ultimate aims have so far emerged.

But among the plans which have become known is the idea of a joint program for a stepped-up struggle against "imperialism and colonialism in all their forms."

Another issue to be considered is a pledge of solidarity to North Viet Nam.

Further problems are to include disarmaent, economic cooperation among the emerging nations in the three continents and the fight against racial discrimination.

Some 100 nations from Africa, Asia and Latin America are expected to participate.

Youth Loses Hand Playing 'Chicken'

SAN FRANCISCO (UPI) — Fifteen-year-old Terry Suluga and a friend played "chicken" the other night by placing their hands on a railroad track to see who would pull away last as a train approached.

Terry won—but his courage cost him his left hand and all but the thumb and index finger of the right.

Mother, Six Children In Motel On Welfare

Marin County's welfare department is trying to support a mother and six children staying at a San Rafael motel where the rent is $125 a week.

The family was living at the San Rafael Inn since last August when the welfare department (now called the department of public social service) came to its aid.

Under the county's assistance formula for families with dependent children, a total of $418 a month was provided. This was for the couple and six children, ages 3 to 14.

However, the father, disabled from a back injury, has recently left the family, and the aid could drop to $364 a month.

With the $418 a month, the wife has been unable to pay all the bills for the furnished rooms at the motel, but does pay about $200 a month, still far above the $80 allowed in the aid formula.

Eleanor Wight, social services supervisor, said today it is very unusual for welfare recipients to stay in a motel.

In this case, she said, the family was evicted from a former unfurnished apartment and the furniture was impounded.

The mother said today that it will take $295 to get her furniture back and some extra money to have it moved.

Beverly Wood, social worker in charge of the case, said she will see if the present landlord will give the family an additional break so money can be saved to free the furniture.

"One of our biggest problems in Marin is finding cheap rentals for large families," Mrs. Wight said.

It is technically not the department's responsibility to find homes for such recipients, she explained.

Each revolution of the satellite is to take one hour and 48 minutes.

An announcement relayed from the launching base at Hammaguir said, "everything is functioning normally."

France is the third nation to launch a satellite with its own rocket. The others are the United States and Russia.

Italy launched a spacecraft into orbit from Wallops Island, Va., last December. But the rocket was a U.S. Scout.

This country has launched one Canadian and two British satellites into orbit and will shortly launch a second Canadian spacecraft. It plans to launch 10 other foreign satellites under present programs.

Since the space age began, the United States has launched 342 payloads into earth orbit or on lunar or planetary missions. Of these 247 were fired by the Defense Department, the rest by the civilian National Aeronautics and Space Administration.

Russian has had 158 successful launches. This counts the 97th Cosmos satellite orbited today.

power thus far, supplies and men, including regular Vietnamese army units, continue to flow to the Communists in the south.

Newsweek magazine reported this week, without any official denial, that Westmoreland's air staff wanted to use the Air Force's big B-52 bombers on antiaircraft guns, missile sites and industrial targets in North Viet Nam. Thus far, Washington has restricted B-52s to bombing Viet Cong strongholds in the South and sent much lighter planes to do precision bombing in the North.

McNamara's last visit to Viet Nam, in July, set the stage for the huge build-up of American power ordered by Johnson. Next week's trip will be the seventh the defense secretary has made to Southeast Asia since 1962.

Bomb Blast Hits Rural Postman

OKLAHOMA CITY (AP) — Wayne Best, 41, an Oklahoma City postman, escaped serious injury today when a rural mail box exploded as he opened it to deposit a customer's mail.

Best, a 20-year veteran of the postal service, was treated for minor injuries and released.

Postal Inspector H. D. Cooper said the explosion apparently was caused by a homemade bomb.

Cooper said Best and the box owner are well liked "and we don't know why anyone would have done something like this."

Talk Of Tshombe Return To Post

LEOPOLDVILLE, the Congo (AP) — There was speculation today that Moise Tshombe may be called back to the government now that his rival, Joseph Kasavubu, has been ousted from the presidency in a bloodless coup.

Tshombe supporters hailed the coup by Lt. Gen. Joseph Mobutu, who declared himself president yesterday for the next five years.

Mobutu, the army commander, seized power from Kasavubu and ousted Kasavubu's handpicked premier, Evariste Kimba.

A friend of the West, Mobutu, apparently believed Kasavubu had swung away from a pro-Western policy.

India Rejects Pakistan Talks

NEW DELHI, India (AP) — Prime Minister Lal Bahadur Shastri said today talks in the Soviet Union with Pakistani President Mohammed Ayub Khan would be unreal with firing continuing across the India-Pakistan border.

He was commenting on Pakistani Foreign Minister Z. A. Bhutto's statement in Moscow yesterday that Pakistan had accepted Soviet Premier Alex N. Kosygin's offer for the talks at Tashkent and that they were likely to be held in December or January.

Shastri said the immediate need was to create the necessary peaceful atmosphere on the subcontinent.

New Clue Found In Cancer Cases

CHICAGO (UPI) — Doctors may be able to detect cancer in some patients by reading their palms.

Three members of the University of Oregon's Medical School staff said they discovered that cancer patients frequently had small horny growths called keratoses on the palms of their hands.

Drs. Richard L. Dobson, Marvin R. Young and Jeffery S. Pinto found that these growths appear four to five times as frequently in persons with cancerous tumors as in a comparable group without cancer.

Church, Bircher Home Targets Of Fire Bombs

SALEM, Ind. (AP)—Bottles of flaming liquid were thrown early today through a stained glass window of a rural Baptist church and against a second-floor window at the home of C. Rod Heinrich, Salem coordinator for the Birch Society.

Sheriff's Deputy Clyde Nichols Jr., said the damage in the church was limited to a burned table and a scorched section of flooring in the sanctuary and vestibule. The major loss, he said, would be the smashed stain glass window.

The Molotov cocktail thrown against the Heinrich residence in this southern Indiana city, 25 miles northwest of Louisville, Ky., bounced back from a window screen but broke two panes and set fire to two curtains.

Deputy Nichols said: "It looks like the same person or persons threw the fire bombs but we don't see any connection between the Birch Society organizer and the church."

Clerk Survives Robber's Bullet

LONG BEACH (AP)—A Long Beach liquor store clerk gave thanks "for being alive," after he was shot in the belt buckle during a robbery earlier in the day.

Denver Bundy, 67, said yesterday, "I have to be the most thankful man in town," after James M. McCarthy, 37, allegedly walked into the liquor store in which Bundy works, fired his 22-caliber revolver at close range, and fled taking $50.

The bullet, however, hit Bundy's belt buckle, glanced, and lodged in his shirt. McCarthy was arrested 20 minutes later, and booked on suspicion of robbery and assault with intent to commit murder.

Dope, Theft Suspect Due In Court

Herman Joseph Sanchez, 20, charged with burglary and also being held for investigation of possession of marijuana, was to be arraigned this afternoon on the burglary charge.

Sanchez, of 5 West End Avenue, San Rafael, was arrested on a complaint charging him with the Nov. 9 burglary of an apartment house storeroom at 103 Ross Street, San Rafael.

Barbara Arrigni, manager, told police she entered the storeroom and found Sanchez holding several men's suits.

Officers said in a search of Sanchez during booking at County jail, 10 hand-rolled cigarettes —possibly containing marijuana —were found.

The contents have been taken to California Criminal Investigation and Identification Bureau in Sacramento for analysis, police said. Sanchez was held in lieu of $5,000 bail and on a hold order by California Youth Authority.

Queen's Official Still Defiant Of Rhodesia Order

SALISBURY, Rhodesia (AP) —Sir Humphrey Gibbs said today he intends to continue to be Britain's governor of Rhodesia and hopes to "provide a link which may provide a settlement of the present situation."

Prime Minister Ian Smith fired Gibbs as governor when he declared Rhodesia independent of Britain Nov. 11 and has since been trying to get him out of Government House.

"I intend to remain in Government House as the lawful governor of Rhodesia until such time as constitutional government is restored, which I very much hope will be soon," Gibbs said.

Gibbs, who said he was in good health, read a one-minute prepared statement to reporters from the step of Government House but would not answer questions.

Men Arrested In Postal Thefts

SAN FRANCISCO (UPI) — Even if they did it out of sympathy for overworked postmen around the holidays, nine men suspected of stealing five and a half bags of mail realized today it was against the law.

The sacks, which had disappeared over the past few months from a postal building here, were recovered Wednesday in a nearby abandoned warehouse.

Police arrested nine men in connection with the theft. One of the men, Jordan F. Bryant, 42, who lives in the warehouse, admitted taking two sacks from a postal truck, police said. He was charged with suspicion of grand theft, receiving stolen property and trespassing.

Also arrested and booked on possession of stolen property and trespassing were Stanley A. Petersen, 41; Joseph Jennings, 37, of San Francisco; and Daniel Curtin, 40; Edward Gardner, 55; William Hayward, 42; Dean Hibbert, 33; Frank Wells, 50, and Elvea Clemens, 33. The last six said they lived in the abandoned warehouse.

Rev. Oscar Johnson Dies

OAKLAND (AP) — Dr. C. Oscar Johnson, 79, internationally known Baptist minister whose career covered 60 years, died Wednesday of leukemia.

Dr. Johnson was president of the 23-million Baptist World Alliance from 1947 to 1950. He was elected in Copenhagen and bowed out after presiding at the Cleveland convention.

He was the only Baptist to serve high offices in both the southern and northern conventions of the church. He was vice president of the Southern Baptist Convention which has headquarters in Nashville, Tenn. Later he was president of the Northern Baptist Convention, now called the American Baptist Convention with headquarters at Valley Forge, Pa.

For 27 years, until he retired in 1958, he was pastor of the Third Baptist Church at St. Louis. Partly in belated recognition of that service, the Religious Heritage of America Foundation at Washington, D.C. named him Clergyman of the Year 1961.

Until four years ago, he continued in active service as a teacher at the Baptist Divinity School in Berkeley. But he still filled speaking engagements as far away as Florida until a few months ago.

He is survived by his widow, Rose; a son, Dr. Ralph Johnson, former president of the divinity school at Berkeley and now a pastor at Everett, Wash., and a daughter, Miss Ruth Johnson, counselor in the school system at San Jose.

Funeral services will be held Monday at the First Baptist Church in Oakland.

Bakers Strike Affects Millions In London Area

LONDON (UPI)—Housewives shivering in freezing cold formed breadlines in London long before dawn today in an attempt to beat Britain's widespread breadless weekend.

A 48-hour bakers' strike for more pay affected an estimated 20 million persons in London, its surrounding counties, western England and parts of the midlands, including the big city of Manchester. Many of them will be without bread all weekend.

Shops in these areas served by members of the Wholesale and Multiple Bakers' Federation, which normally bakes three out of every four British loaves, were completely sold out of bread.

The strike by 10,000 bakers in the affected areas was the second walkout in a week to back demands for a 30 per cent wage increase and shorter hours.

WILLIAM MARLAND

CHICAGO (UPI) —William Casey Marland, the former West Virginia governor who became a taxi cab driver in his fight against alcoholism, died today at his suburban home.

The one-time political "boy wonder," who at 34 became his state's youngest governor, had been suffering from cancer of the pancreas. He was 47.

Marland dropped out of West Virginia politics six years ago because of an admitted drinking problem and began wheeling a cab around Chicago at $60 to $90 a week "to help me compose my character."

He lived anonymously in a YMCA while his wife and their four children lived in Barrington, Ill. After his story brought him nationwide attention, he was offered several jobs.

Last April, he was hired to help run the industrial empire of James F. Edwards, an admiring multi-millionaire. He had worked in an executive capacity at Waterford Park race track, Chester, W. Va.

Stirlen-Pieper funeral home in Barrington said Marland returned to his home in that village several days ago when his illness worsened. His widow was with him when he died, the funeral home said.

Why So Much Stress On Red Body Counts?

By JOHN T. WHEELER

SAIGON (AP)—How accurate are announced claims of Viet Cong killed in battle in Viet Nam?

Why are such figures as enemy body counts used at all?

These questions are being raised anew today in the wake of the bloody Ia Drang Valley battles.

The validity of Saigon and Washington announcements of the enemy dead has been questioned by both U. S. officers and correspondents in the field. In some cases in the past the counts have unquestionably been inaccurate, can be misleading.

Some U. S. officers warn that the statistics, even when accurate, can be misleading.

The loss of a town, the breakthrough of an opponent's defensive positions, the crossing of a key river defense line, the failure of a massive attack to carry —these were some of the guidelines in past wars.

In August, American troops had their first major engagements with the Viet Cong. Saigon demanded enemy body counts quickly to show how things had gone.

In the field, unit commanders counted the bodies in front of their positions and took estimates from squads and platoons of what they felt was accurate. The Viet Cong as always tried to recover as many bodies as possible, partly to prevent any hard government victory claims with photographic proof.

In many instances, estimates of spotter plane pilots on the results of air strikes and artillery bombardment were thrown into the "confirmed body count" figure.

In the Ia Drang fighting, U. S. unit commanders reported the pressure from Saigon for a body count was immense. U. S. casualties were by far the highest of the war. At no point did the Americans control the complete battlefield when they were being required to count bodies. To try to make an accurate count would have meant more Americans killed.

The actual confirmed body count was only a fraction of the 1.209 Saigon claimed. The situation was such that combat units made derisive jokes about the count submitted to headquarters.

In the field officers went to units demanding a "wag" count to give to Saigon. This meant a wild guess of the number of enemy killed based on bodies counted and on estimates by individual squads, platoons and companies. As the pressure from Saigon mounted the jargon was altered to "swag" count, meaning stupid wild guess.

North Viet Nam has shown it is willing to sacrifice large numbers of men like a heavy bettor at a roulette table who wants to make one big kill.

The kill ratio by U. S. command figures is just under three Communists to one Allied dead.

The French average was 2.5 to one in their favor. They lost the war when Ho Chi Minh's biggest bet paid off at Dien Bien Phu.

NORFOLK, Va. (AP) — A Thanksgiving morning fire swept through a trailer here leaving three small children dead when their mother stepped out for a moment's chat with a neighbor.

Her second governor-general's award was in 1955 for her novel, "Earth and High Heaven."

Rebels Plan Santo Domingo Sabotage, Defector Says

WASHINGTON (AP) — A defector from the rebel forces in Santo Domingo says the group plans to assassinate U.S. Ambassador W. Tapley Bennett Jr., "sabotage the whole Dominican Republic" and take control of the country.

Juan Isidro Tapia, 24, said in testimony released today by the Senate Internal Security subcommittee that some bombings were carried out after a new government took office last September. The bombings, he said, had been planned early in the April revolution.

Tapia said he served the rebels as a commando captain and decided to defect when he became convinced the rebels ere not seeking a return to constitutional government, but Communist-style takeover of the country.

The plan to kill Bennett, he said, involves putting a time bomb in the ambassador's automobile. Rebel plotters, he added, have expert technicians — some of them trained in guerrilla camps of the Fidel Castro's Communist Cuba—to carry out such an assignment.

Rocket Testing Caused Quake?

HUNTSVILLE, Ala. (AP) — Space technicians are checking to see if reports of earth tremors in north Alabama could have been triggered by the testing of the Saturn 5 booster rocket.

National Aeronautics and Space Administration spokesmen said the 160-million horsepower booster was ground tested for its full flight duration of about 2½ minutes Wednesday at the Marshall Space Flight Center.

Within minutes after the testing was completed, reports of earth tremors poured into the Birmingham Weather Bureau about 100 miles away.

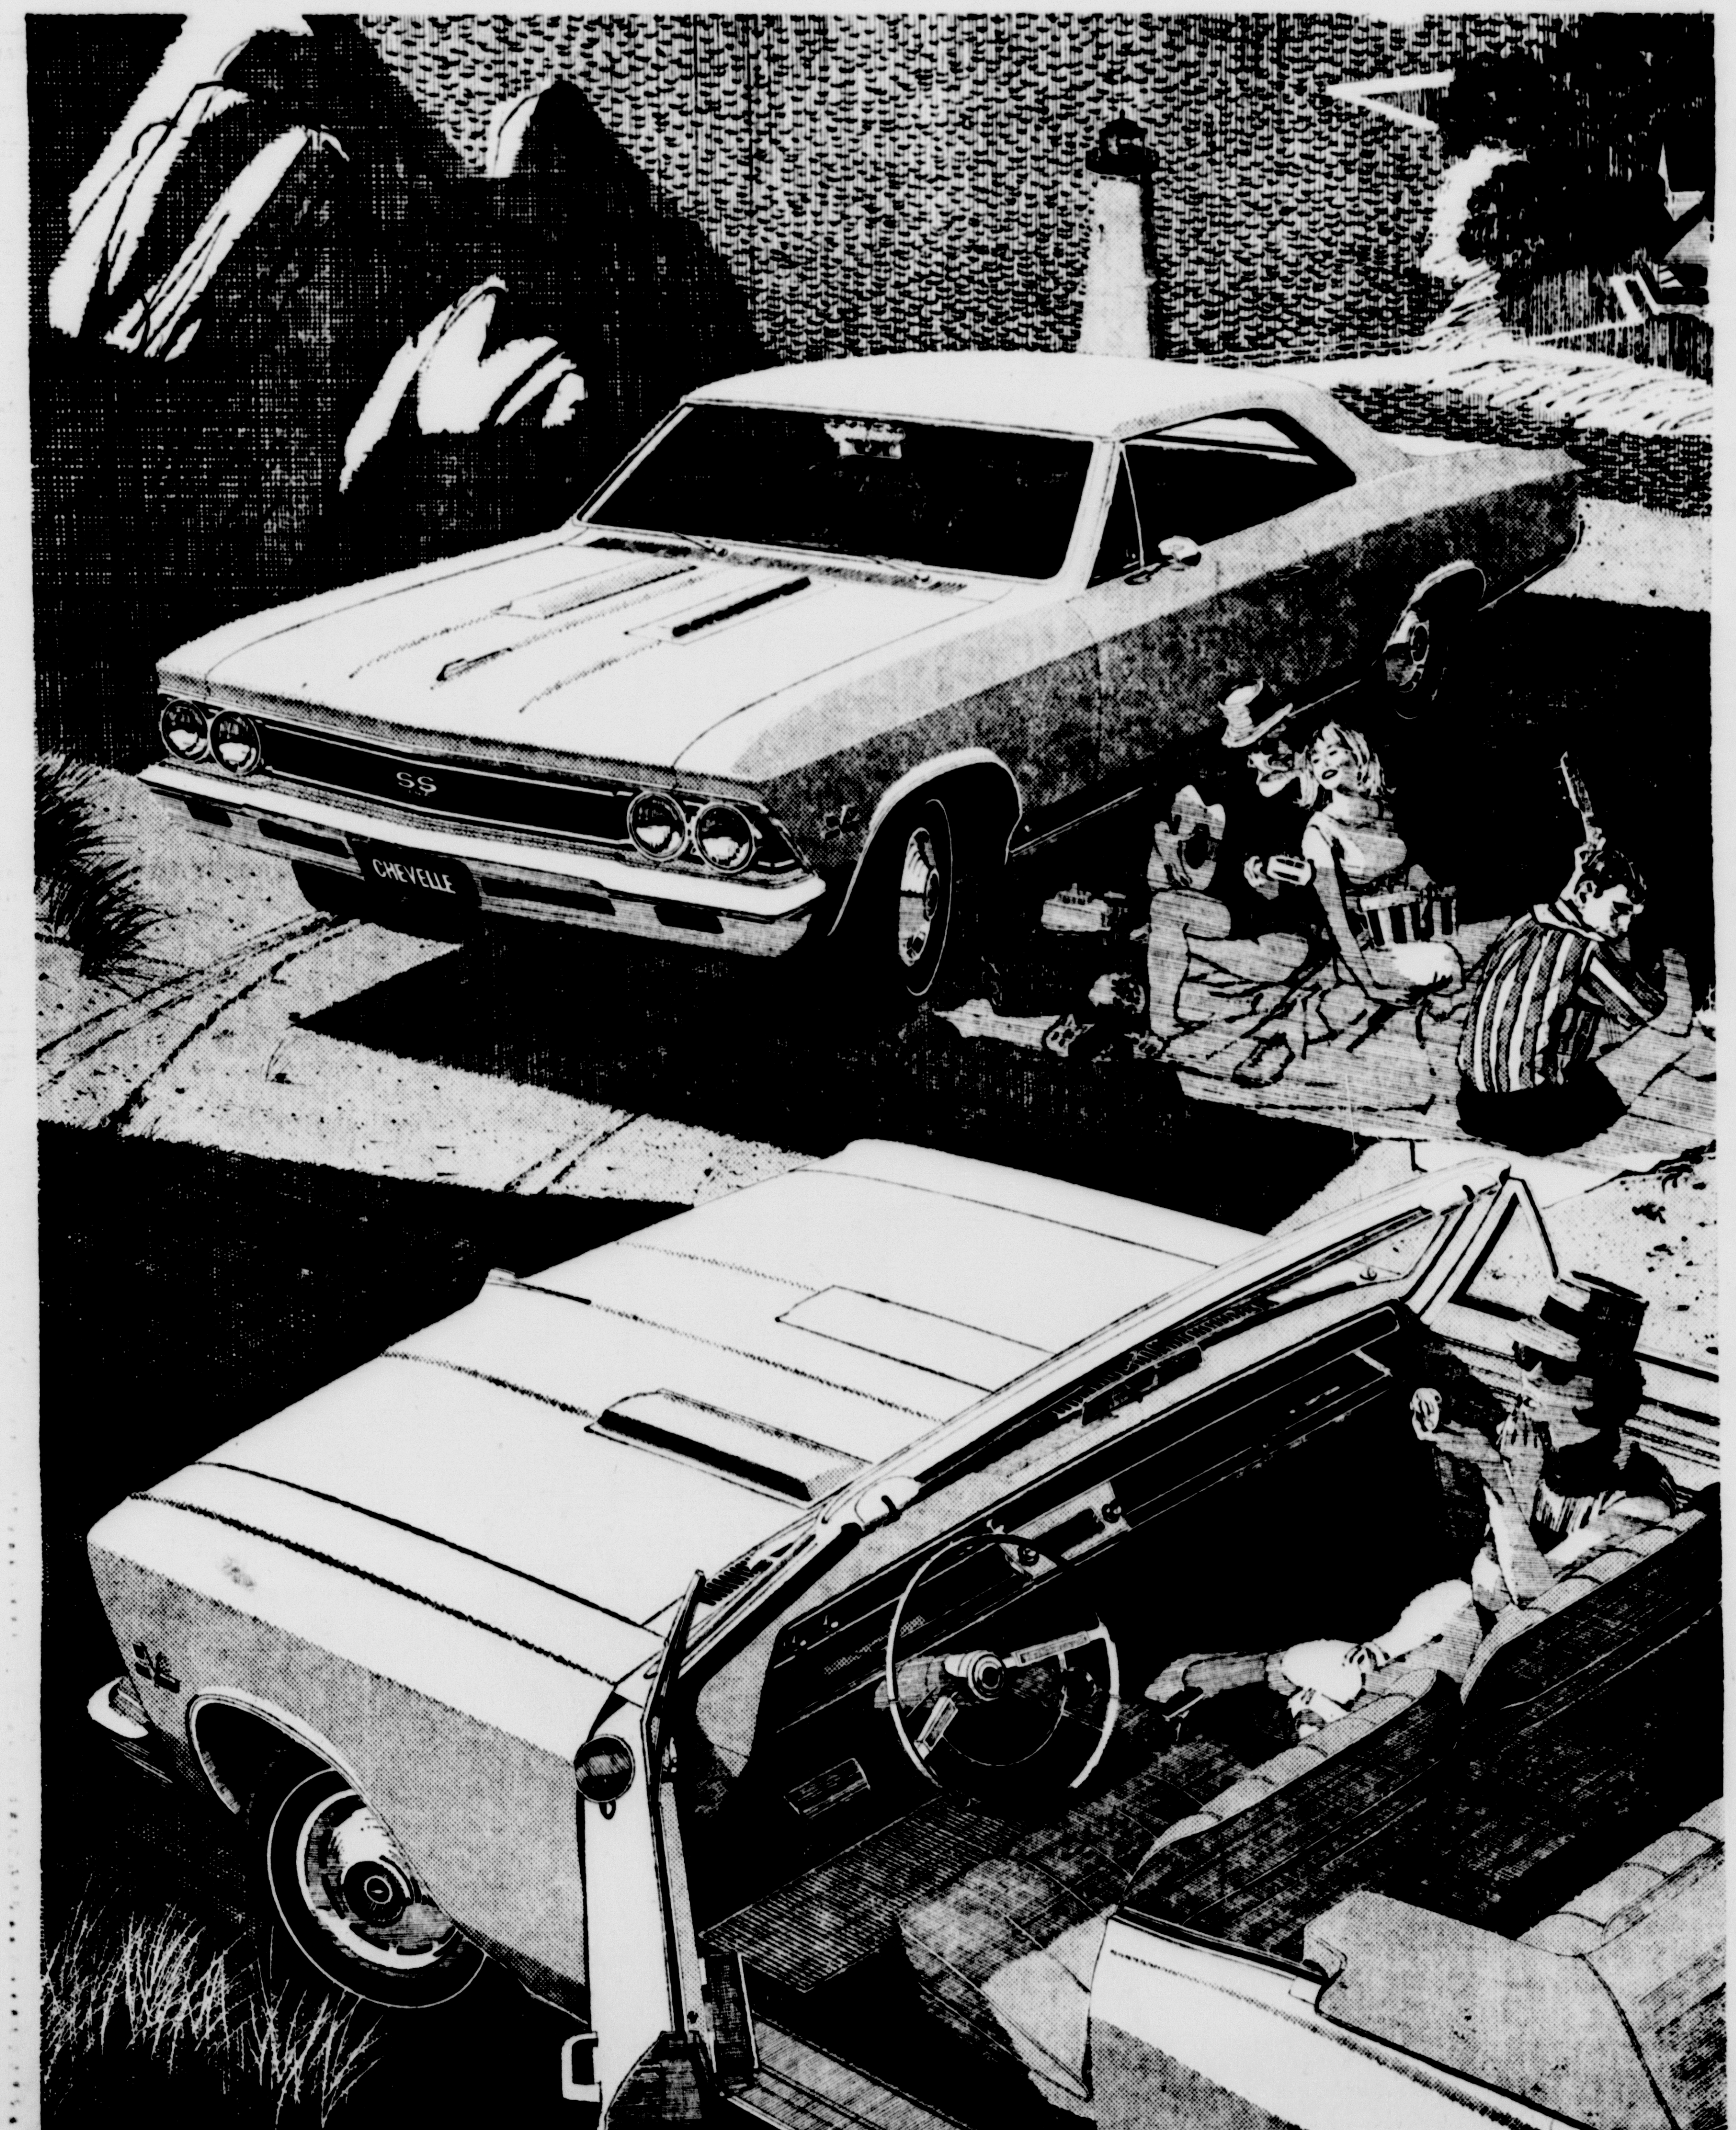
Now! New Chevelle SS 396 by Chevrolet



New '66 Chevelle SS 396 Convertible and Sport Coupe—with distinctive black grille and all-new Body by Fisher styling.

Equipped with a Turbo-Jet 396 V8, flat-cornering suspension and red stripe tires

As you probably gathered from the items ticked off above, these cars weren't meant for the driver who is willing to settle for frills and gadgetry.

They're engineered from the chassis on up as no-compromise road machines.

Standard output of the new Turbo-Jet 396 V8—which powers both the convertible and sport coupe SS 396 models —is 325 hp. This remarkably efficient power plant is also available in a 360-hp version.

So much for what happens on the straightaways. How about the curves? You ride on a specially designed SS 396 chassis — with flat-cornering front and rear suspension and wide-base wheels.

A fully synchronized 3-speed transmission with floor-mounted stick shift is standard. Or you can order a 4-speed or Powerglide — also Strato-bucket front seats, center console and full instrumentation, including tachometer.

Sound like a car you could get serious over? That, as you'll see when you drop down to your dealer's and try one of these SS 396's or any of the other new Chevelles, is precisely how Chevrolet engineers planned it. Seriously.

New Standard Safety and Convenience Features
- Seat belts, front and rear
- Padded instrument panel and sun visors
- Outside rearview mirror (always use it before passing)
- Shatter-resistant inside rearview mirror
- Windshield washers

Lawmakers Predict 'Subtle' Effects From Redistricting

Changes in boundaries in state legislative districts will have a subtle effect on California politics, Assemblyman William T. Bagley, R-San Rafael, told a radio station KTIM audience today.

"I don't anticipate the rape of Northern California," he said. "Los Angeles won't steal our water or cut our redwood trees or even steal our highway money."

Instead, there will be a different "political establishment" running the state, the assemblyman predicted. Los Angeles powers will have more say on who runs for office, he predicted.

State Sen. John F. McCarthy, R-San Rafael, said he felt the main hope for a return of some measure of control to Northern California was the Dirksen Amendment defeated this year in the United States Congress. (The Dirksen Amendment would provide specifically that one house of a bicameral state legislature need not be districted on a basis of population).

The comments came as the two discussed state reapportionment on KTIM's "Sounding Board." The program, directed by Kitty Oppenheimer, will be rebroadcast by tape recording at 12:30 p.m. Sunday.

The two legislators reviewed the history of the redistricting, which was required after a United States Supreme Court decision saying that both houses of a bicameral state legislature must have districts based on population.

McCarthy said he disagreed with the decision, and hoped the Dirksen Amendment would be adopted by Congress next year.

Bagley, however, said that move would be too late, since three-fourths of the state legislatures would have to ratify the change, and most of them would have been reapportioned by then.

Many new legislators, he noted, might be voting themselves out of their new jobs by supporting the amendment.

McCarthy complained about his own new district, which now includes Napa and most of Solano county, noting it was not contiguous by land, but only by water. He said the State Supreme Court's proposal for a district including Napa and Sonoma counties would have been better.

Bagley claimed the new lines were drawn up by a computer which the Democrats had in a locked room.

Into that machine were poured not just population figures, he said, but such things as the number of persons with Spanish surnames in each precinct, and previous voting records.

McCarthy claimed his new district was probably aimed as a slap at him as a Republican leader and at State Sen. Luther Gibson, D-Vallejo, who has earned displeasure in his own party.

Bagley said he was unhappy that so many districts were made "safe" for one party or another.

On the question of big pension benefits offered outgoing legislators in a bill vetoed by Gov. Edmund G. Brown, Bagley said most legislators did not even know about the rider that had been attached to the bill in conference at the last minute.

Both Bagley and McCarthy said they opposed the pensions.

Intercom Gear Stolen In New Keys Residence

Sue E. Bradley, 40 Madrona Avenue, Ross, told officers six bottles of liquor were taken from her summer home on Crecienta Street in Bolinas during the past four weeks.

Entry was possibly through an open window, according to the report.

Killing Ruins Holiday For Kin, Police

NEW YORK (UPI) —The rap on the door came as the Thanksgiving dinner was simmering in the kitchen at Donald Buckley's apartment.

The to Brooklyn detectives at the door noted the festively-set table and the scrubbed faces of Buckley's seven youngsters.

Donald Buckley, 43, a man who held to jobs so his family would have plenty to be thankful for, was dead. He was stabbed to death and robbed by a group of young hoodlums in Brooklyn's Bedford-Stuyvesant section yesterday after finishing work.

The detectives showed Doreen Buckley, 39, to sets of keys which she identified as belonging to her husband. Then they took her to the morgue while the teen-aged children minded the little ones.

Two dozen Brooklyn detectives skipped their Thanksgiving meals to hunt Buckyey's killers. With the aid of neighborhood residents, they had found fivs suspects by evening.

Daniel Robinson, 16, and Ronald Perkins, 17, both of Brooklyn, were booked

Rocket Firing Success Ends Joint Tests

ADELAIDE, Australia (AP)—The British Black Knight research rocket flashed back into the Earth's atmosphere at a 10,800 miles per hour after a successful firing at Woomera Rocket Range, officials said today.

Woomera officials told newsmen the rocket reached an altitude of 390 miles after it was fired last night. The upper stage was ignited after the rocket started to fall and pushed the vehicle to blazing brilliant destruction as it re-entered the atmosphere at a height of 300,000 feet.

The firing concluded "Project Dazzle," a series of upper atmosphere tests being conducted by Australia, Britain and the United States.

Light from the rocket could be seen 400 miles away.

Marin Dining And Wining

DINING OUT AND INNS

By HARRY CRAFT

If You Want To Celebrate Out There Are Plenty Of Places

Now that the first of the holiday dinners is over—comes next the office parties, club parties, luncheon group celebrations and group dinners. So—where should you hold them in Marin?

Here are a few suggestions—but let's classify the accommodations broadly as large (say from 80 on up—some of these places can handle over 200); medium (40-75) and small (20-35).

LARGE BANQUET ACCOMMODATIONS. Alta Mira Hotel, Sausalito; **Sabella's** in Mill Valley; **Tiburon Tommie's Mai Tai**, Tiburon; **Bob's of Marin**, Corte Madera; **Rancho Nicasio** in West Marin; **Dominic's Harbor Restaurant**, San Rafael, **Lin Fa Gardens**, Northgate Shopping Center; **Peacock Gap Country Club**, San Rafael; **Rancho Rafael**, Ignacio; **Cloud 5**, Novato; **Hill Top**, Novato; and the **Lodge** in Novato.

I'm inclined to think that under certain conditions both Sam's in Tiburon and **Deer Park Villa** in Fairfax, might qualify in this category—certainly Deer Park on Wednesday nights when the restaurant is ordinarily closed, and during any day for lunches.

Just about any restaurant in the county, in fact, will take special groups on their nights of closing—up to capacity. In most cases this would be on Monday or Tuesday. And if they are not open regularly for lunches, count them in as available for group luncheons.

For example — this year's luncheon for the Society for the Preservation of Executive Secretaries (secretaries and their bosses—or maybe it's the other way around) will be held Dec. 15 at **La Petite Auberge** in San Rafael. This restaurant is ordinarily closed for lunches but has agreed to turn it over to the group, which will number about 50, at that time. It probably could handle up to 80 or more almost as easily.

MEDIUM GROUPS. Any of the above restaurants that can take large groups. Also the **Dock** in Tiburon, **Gregory's Restaurant** in Corte Madera; the **Woodlands** in Kentfield; **Brothers Two Restaurant**, Northgate Shopping Center; **King Cotton**, San Rafael; **Le Chalet Basque** in Santa Venetia; **Nero's Restaurant**, Nave Lanes, Ignacio; **Black Point Inn.** Eventually the **Ark at Waldo Point** should be able to handle medium-sized groups when the upstairs in completed.

SMALL GROUPS. Caprice, Tiburon; I believe **El Borro** in Tiburon also qualifies; **Confucius** in the Bon Air Shopping Center can take small groups and screen them off in the regular dining room; **Blue Rock Inn**, Larkspur. Probably **MacArthur's** in San Anselmo could arrange for use of the dining room at certain times — certainly for lunches; **Chez Dumont** in San Anselmo has a small party room . . .

Drake's Arms at Inverness; **Bill and Adolph's West End Villa**, San Rafael. Other San Rafael restaurants: **Franchini's Chateau**, the **Griddle**, **Mission Inn**, **Pete's Pier 15**, **Travelers Inn** and maybe **Villa Rafael Motel. Spiro's Red Vest** in Novato should also be able to handle small groups during regular hours.

I may have missed one or two places, but I don't think so. I've tried to cover those with private or semi-private rooms. And some of places listed are small - medium and medium-large borderline cases.

Again, remember — you can make special group arrangements for almost any restaurant on its closing day if you can meet its minimum requirements. Wherever you go, make your reservation well in advance.

ANOTHER THING to remember: Be as accurate as possible in stating the number of guests expected. If you reserve for 50 and turn up with 75, don't blame the restaurant for running out of food—especially when it has to be ordered and prepared for the occasion. And if you have reserved for 60 and only 40 show—who's to pay for the food? The restaurant? Well, maybe—if it can be used in its regular service.

When it is impossible to determine with reasonable accuracy how many will be present, it's often customary to guarantee the restaurant payment for a minimum number of meals.

NEW COCKTAIL WAITRESS at the **Cellars** in San Rafael is **Judy Cloud** of Santa Venetia, truly something to behold. If she were a vocalist, **Dock Saltzman** would hire her in a minute for his group—or maybe he's been so busy looking he hasn't taken time for listening. Meanwhile he's auditioning girl vocalists during his playing nights at the Cellars—Friday and Saturday, from 9 p.m. to 2 a.m.

WITH ALL THE WORK that has been going on in front of **Le Chalet Basque** in Santa Venetia, **Raymond Coscaret** says he has lost only one parking space, so don't be annoyed if they are filled. There are more in back of the restaurant. I understand he expects to get the front completed in a few days, if the rain holds off — patio, ornamental iron fence and everything.

IF YOU'RE WONDERING what happened to **George Duke** and his orchestra since leaving the **Ark** in Sausalito, they are now holding themselves open for private engagements that crop up during December and January. George is listed in the Marin County telephone directory.

OUR NEXT Marin Dining and Wining Guide now appears to be slated for publication on Feb. 17, 1966. Until then keep the old one handy. It may be slightly dated—but it's still the most complete directory available.

In spite of some closures during the past year, they seem to more than offset by new openings. Total number of listings should again exceed the 100 mark by a comfortable margin.

A FEW DISHES to remember in your wanderings: Lobster tails Swedish style at the **Old Viking** in Lagunitas . . . The onion soup at the **Spinnaker** in Sausalito . . . Saltimboco at **Mission Inn**, San Rafael (but you'll have to order for a group) . . . Veal scallopini at **Enrico's, Fairfax** . . . Natur schnitzel out at **Inverness Lodge** . . . Jungfrau steak at **Gregory's**, Corte Madera . . . That sauce on the oysters at **Tarantino's** in Bolinas . . . Steaks for big eaters at **Galli's** in Ignacio . . . Abalone amandine at **MacArthur's**, San Anselmo . . . Those turkey sandwiches for lunch at **Rico's** in Sausalito—and the pastrami and Swiss cheese sandwiches at **Kappie's** in Tiburon . . . Steak and lobster-steak at **Rubini's** of Fairfax . . . The Scampi at **Bill and Adolph's West End Villa**, San Rafael . . . Salad—all kinds at **San Rafael Joe's** . . . Beef Bourguignon at **Chez Dumont** in San Anselmo . . .

What is your favorite—and where?

Maybe you'd like to tell me!

Citizens Angry At Hard-To-Hear Board Hearing

SAN FRANCISCO (UPI)—Some San Franciscans felt today that the state was not the only "bullheaded" party in the city's freeway controversy.

The Board of Supervisors and state officials attended an informal open meeting Wednesday on a proposed freeway that will cut through a corner of Golden Gate Park and destroy some trees.

About 75 spectators were forced to stand outside a rail a dozen or so feet from the conference table and were unable to hear the discussion.

Supervisor Joseph Tinney said there weren't enough microphones for every speaker, and a city attorney said the hearing was legal and within the Brown Act forbidding closed hearings.

State Public Works Director John Erreca said that "we might have been kind of bullheaded before" and suggested that federal requirements for the park route might be modified to reduce the amount of land needed.

However, many citizens were more concerned with what they didn't hear than what Erreca said.

Some 50 members of the audience signed a petition expressing their "outrage."

Demo Campaigner To Visit Clubs

Jack Tomlinson, northern California campaign manager for Gov. Edmund G. Brown, will outline next year's election program for the Mill Valley and Sausalito Democratic Clubs at the Alta Mira Hotel in Sausalito at 8 p.m. Tuesday.

Tomlinson, who has been on the governor's staff for several years, is now executive secretary of the California Democratic Coordinating Committee. He will give local party workers the strategy for the campaign.

A membership drive is now underway and inquiries concerning joining the clubs will be answered at the meeting, said Caroline Ramberg, publicity chairman.

Dystrophy Campaign

The muscular dystrophy campaign had collected $4,100 in Marin County, B. Cutler of Hamilton Air Force Base, campaign chairman, reported. The campaign will continue next month, not ending Nov. 30 as earlier reported.

West Berliners May Visit East

BERLIN (AP)—For the third straight year West Berliners will be able to visit relatives in Communist East Berlin this Christmas.

Processing of pass application from the 700,000 West Berliners with relatives in East Berlin is expected to begin Monday.

Holiday passes will be issued from Dec. 18 to Jan. 2, under an East-West pass agreement signed yesterday.

Novato Pair On Honeymoon Half A Century Delayed

A Novato couple are taking their honeymoon just 50 years late.

Mr. and Mrs. Joaquin P. Miranda of 1631 Centro Road, will observe their 50th wedding anniversary tomorrow all by themselves.

When they married half a century ago, Joaquin was an immigrant ranch hand from Portugal. Emma Mary Lee of Genoa, Nev., then 13 years old, was teaching him to read and write English when they fell in love.

Once, he wrote on a slip of paper to her: "will you marry me?" and she asnwered "yes." They were married in Minden, Nev.

The couple moved to Klamath Falls and Portland, Ore., where Joaquin learned to be a mechanic. Then they moved to San Francisco where he continued in the auto mechanic field. He has owned the Geary Street Garage in San Francisco for 35 years.

They had three children, Carmen, now Mrs. Lawrence Ray Simmons of Novato; Joaquin Junior of Novato and Rosa, now Mrs. Frank Ternullo of San Francisco. They also have six grandchildren and four great-grandchildren.

In 1950 they bought a house on an acre lot on Center Road, Novato, where they have lived ever since.

His hobby has been gardening and growing orchids. His garden has been the envy of the neighborhood, and his fruit trees and grape vines keep many friends in fresh fruit during the season. This year he grew pumpkin-like squash that were knee high and weighed 70 to 100 pounds each.

His orchids, however, are his pride and joy. He has more than 2,000 of them in green houses and lath houses. They are a year-round source of pleasure with their exotic blooms.

Their children wanted to give them some sort of anniversary party, but the happy couple said "no" to it. Instead, they left last Saturday, headed perhaps for Las Vegas and Los Angeles, but destination uncertain to enjoy the honeymoon which they missed 50 years ago.

Cat Show Solves Problem With Oversize Entry

FRESNO (AP) — Pierre may not have the most luxurious cage at the Valley Empire Cat Fanciers, Inc., championship show next month, but he will surely have the biggest.

The show's directors were in a quandary earlier this week when they found out Pierre was entered.

The show had no accommodations for Pierre, who is about 40 inches from nose to tail-tip and weighs 32 pounds.

The directors finally solved the problem by deciding to fit two ordinary cages together.

His owners, Mr. and Mrs. Fred Violette of Coalinga, say they entered him mostly to prove such a large housecat exists.

Hamburger and CHAMPAGNE?

Well, not for everybody.

You have to be 21 and come over to Sam's in Tiburon to get it.

And, if you find fulfillment in the works of Edgar Guest, Paul Harvey, Daddy Warbucks, Jane Addams, Norman Rockwell, and Henry Doelger... you might prefer to stick with Sam's tried and true Burger & Beer.

But if a spark of the *bon vivant* burns in your soul, your taste will be abundantly rewarded with this bizarre combination.

Sam's Anchor Cafe has even bottled its own champagne for the occasion.

That would be Sam's in Tiburon.

Sausalito Parents' Reactions Solicited

Four meetings for parents and pupils attending school in the **Sausalito** School District will be **sponsored** by the interpersonal **relations** committee of the Sausalito and Mill Valley School Districts, commencing Tuesday.

The meetings will discuss changes, including desegregation and cluster grouping, which went into effect Sept. 13.

"The committee wants honest reactions as to what is happening in classrooms, on buses and on playgrounds," said James E. Symons, one of 12 discussion leaders in the program. "It is not just a discussion of integration."

Meetings will be Tuesday for parents of fifth and sixth graders; Thursday, seventh and eighth graders; Dec. 7, kindergarteners and first graders, and Dec. 9, second, third and fourth graders. All meetings are at 7:30 p.m. at Richardson Bay School library, where parents will be divided into small discussion groups. Discussion leaders are from the four communities, said Symons.

The church bus from St. Andrew United Presbyterian Church, Marin City, where Symons is a minister, will transport people from Marin City to the meetings, leaving the community lounge at 7:15 p.m.

Cuban Sealift Is Completed

KEY WEST, Fla. (AP) — The sealift of Cuban refugees across the Florida Straits came to an end Wednesday after bringing 4,598 Cubans to the United States.

The excursion boat Skipper K, chartered by the U.S. government after Cuban Prime Minister Fidel Castro agreed to stop the perilous small-boat exodus, made the last run with 83 persons.

The exodus from Cuba will continue by air. Beginning Dec. 1, between 3,000 to 4,000 Cubans are expected to arrive in the United States monthly.

Brown Asks Court Nod On Redistricting Law

SAN FRANCISCO (AP)—Gov. Brown says the Legislature's reapportionment plan is constitutional, and has asked the State Supreme Court to approve it.

Brown, in a brief filed Wednesday, asked the court to order the secretary of state's office to follow the provisions of the plan in conducting next year's elections.

The governor noted that he vetoed a companion reapportionment bill that originally was designed to correct technical boundary line errors. Brown said it received his veto because it would have added further retirement benefits for lawmakers.

The Legislature, which approved the plan at a special session, was under court order to redistrict by Dec. 9 or have the court do the job.

The court will review the plan next month and decide if it meets the "one-man one-vote" mandate of the U.S. Supreme Court which ruled last year that both houses of state legislatures must be apportioned on a population basis.

The Senate, districted along geographical lines, was completely overhauled with populous Southern California wresting political control from the rural areas.

The Assembly, already aligned according to population, was only slightly altered.

Brown said the plan falls within the court's population guidelines whereby no district could vary more than 15 per cent from an ideal size based on population.

De Gaulle Speech To Be Televised

PARIS (AP)—President Charles de Gaulle will make a televised campaign speech Tuesday, the Elysee Palace said today.

It will be the first time De Gaulle will have actively entively entered the campaign for the Dec. 5 presidential elections since the campaign opened Nov. 19.

Sit-Ins Gird To Save Park From Freeway, But When?

BERKELEY, Calif. (UPI)—About 250 conservationists could stage an anti-freeway sit-in at Jedediah Smith Park in Del Norte County on eight hours notice, according to a spokesman for Active Conservation Tactics (ACT).

Jim Conley of ACT said yesterday the protestants would be drawn mainly from Bay Area colleges and universities and Humboldt State College in Arcata.

The "redwood army" could be mustered "on eight hours notice" if the state attempts to put a freeway through the park, Conley said.

However, a spokesman for the State Division of Highways said Conley's troops would have plenty of time to get their weapons in shape because "there are no funds earmarked for building it (the freeway) until 1968."

"Besides," said Robert H. Jarling," the commission has asked planners to find a route which would skirt the park."

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Notrump Bids Are Worst Tactics For Puzzling, Weak Hands

Most bridge players have one simple answer to all bidding problems:

"When you don't know what to bid, take a shot at notrump."

Actually, the right time to bid notrump is when you know exactly what you are doing.

North dealer
Neither side vulnerable

♡ K Q 10 5
♢ 9 3

WEST

EAST

♢ Q J 10 8
♣ A J 10 8 7 4 3

SOUTH
♠ 7 6 2
♡ 8 7 3
♢ K 5 4
♣ K Q 6 2

North	East	South	West
1 ♠	2 ♣	2 NT	Pass
3 ♠	Pass	3 NT	Double
All Pass			

Opening lead — ♣ 9

Today's hand was played in Paris, but it might have been bid and played just the same way in New York or Capetown.

South bid two notrump because he didn't know what to do—and this led to a severe penalty.

PASS WAS BEST

South should have passed over two clubs; if North could take no further action South would not miss a game by passing.

At most, South might have bid two spades, but two notrump was a bad overbid.

North had the right idea when he rebid the spades, but he should have bid four hearts over three notrump.

Four hearts might be a magnificent contract if South had four hearts to the ace or jack, and West's double indicated that three notrump was a dangerous contract.

PAY PRICE

When North and South stayed in three notrump they paid a stiff price for their optimism.

West opened the nine of clubs, and East won and shifted to the queen of diamonds.

Declarer discarded two hearts from dummy on the diamonds, hoping that the spades would break.

The defenders then took the ace of hearts, and gave dummy the king of hearts. West got in with the jack of spades to take two more heart tricks, collecting a penalty of 900 points.

Strangely enough, North would not have been doubled at four spades if South had raised to two spades at his first turn. North would have gone down two or three tricks, but this would not have been expensive at 50 points per trick.

DAILY QUESTION

Partner opens with one spade, and the next player passes.

You hold:

♠ J 10 5 4
♥ A J 6 2
♦ A 7 6 2
♣ 9

What do you say?

ANSWER: Bid three spades.

This shows good trump support with 13 to 16 points, counting distribution as well as high cards.

Paper Rise Seen

ROME (AP) — The world's capacity for manufacturing pulp and paper is expected to rise from this year's record 106 million metric tons to 124 million metric tons by 1968, according to new estimates by the U.N. Food and Agriculture Organization.

ALMANAC

FRIDAY'S ALMANAC

Today is Friday, Nov. 26, the 330th day of 1965 with 35 to follow.

The moon is approaching its first quarter; the morning star is Jupiter; the evening stars are Venus, Mars and Saturn.

In 1789, President George Washington set this day aside as one of national thanksgiving for adoption of the U.S. Constitution.

In 1925, Americans could buy a Ford roadster for $260.

In 1930, one-quarter of all the office space available in New York City's skyscrapers was for rent in the wake of the depression.

In 1940, the Nazis forced 500,000 Jews of Warsaw to live in a ghetto surrounded by an eight-foot concrete wall.

A Thought for the Day — Mark Twain said: "Habit is habit, and not to be flung out of the window by any man, but coaxed down stairs one step at a time."

AWARD FOR SERVICE—Maj. Barbara J. McNaul, 1441 Casa Buena Drive, Corte Madera, has received a second cluster to the Army Commendation Medal for meritorious service in her job as assistant secretary of the General Staff and Chief, Protocol Bureau, Sixth Army Headquarters, at the Presidio of San Francisco.

Division Of State Gets Opposition

SAN FRANCISCO (UPI) — Assembly Republican leader Robert T. Monagan said today that splitting California into two states could become an issue "only if future legislators act too much like politicians and not enough like statesmen."

Monagan said in a speech prepared for the Commonwealth Club that he was "unalterably opposed" to any move that would split the state.

"Our interests are far too interrelated to separate," he said. "Our goals are too common in nature and our financial responsibilities are too overlapping."

Monagan, mentioned as a potential GOP gubernatorial candidate, said both ends of the state faced the same major problems, primarily in urban areas.

"The reapportionment of the state legislature will offer new challenges which will increase the competition beteen the to areas of the state, but it need not bring about incompatability."

NEW DELHI, India (AP)—Mohammed Ayub Khan got the biggest ovation of all at a presidential palace ceremony honoring 63 Indian heroes—11 posthumously—of the 22-day September war with Pakistan over Kashmir.

This Mohammed Ayub Khan was not the president of Pakistan, but a no-relation namesake who commanded Indian cavalry in the Sialkot sector to block a Pakistani attack on the Indian main line of communications, according to his citation.

Frank Jordan Will Seek Seventh Term

SACRAMENTO (UPI) — Secretary of State Frank M. Jordan, 77, who succeeded his father in 1942, said yesterday he has changed his **mind** and would seek re-election to a seventh term.

Barring ill-health, Jordan said he would campaign again for the office his father, Frank C. Jordan, held for 30 years. Following the 1962 election, the incumbent said he planned not to seek another term.

Jordan, a Republican, declared State Real Estate Commissioner Milton Gordon would be his possible opposition.

Colored Emotions

LONDON (AP) — A color-choice test devised by Swiss Prof. Max Luscher of Basle University has been 90 per cent successful in selection of personnel, he told a news conference here. He said the first color chosen showed not what a person is but what he desired or wanted to do: red, attack; blue, calm and satisfaction; green, tension; yellow, change.

Family Feared Killed In Holiday Plane Crash

SAN ONOFRE (AP)—After a family of four failed to arrive at Van Nuys for a Thanksgiving get-together with relatives, the wreckage of a plane, believed to be theirs, was found washed up on the beach near here. A search was being made today for the victims.

The Coast Guard said it was feared the four were killed in the crash of their Piper Comanche plane yesterday. They were identified as Edward Wayne Rutherford, 28, of Vista, San Diego County, the pilot; his wife, Virginia, 26, and their children, Brian, 5, and Lorrell, 4.

Relatives said the Rutherfords took off about 2 p.m. Wednesday from Palomar Airport near Carlsbad and were due to arrive at Van Nuys airport about 3:15 p.m. They planned to have Thanksgiving dinner at the home of Mrs. Rutherford's sister, Mrs. Shirley Clark, and her husband Robert, with other members of the family at the Clark home in Reseda, Los Angeles County. When they failed to arrive the Clarks notified authorities.

A Coast Guard helicopter spotted wreckage of a plane on the coast three miles south of here late yesterday.

An entirely new suburb—with housing for 50,000—is rising in North Berlin.

Ike Continues Attack Recovery

WASHINGTON (UPI) —Former President Dwight D. Eisenhower, heartened by a Thanksgiving Day family reunion, continued his recovery Friday from two heart attacks.

The last medical report issued by doctors at Walter Reed Army Medical Center yesterday said Eisenhower was making "satisfactory progress" in regaining his health from the mild heart attacks suffered Nov. 9-10 at Augusta, Ga.

Doctors said in a statement the general got up for a short time Thanksgiving morning and was in good spirits.

SERVING ALL OF MARIN COUNTY

TODAY'S EDITORIAL

Marin Again Pioneering Preservation Of Nature

Once again, Marin County takes the lead in setting an example for conservation and preservation of natural beauty.

We refer to the historic signing of an agreement between the county and the owners of the 650-acre Green Gulch Ranch in Southern Marin to make the ranch an "agricultural preserve."

Mr. and Mrs. George W. Wheelwright, the landowners, became the first in the state to sign under the California Land Conservation Act of 1965.

As provided in the law, introduced by Assemblyman John C. Williamson, D-Bakersfield, participation in the agreement is purely voluntary, both for the county and for the ranch owner.

This law was passed to help relieve the economic pressures that have forced rich farmland and scenic grazing land throughout the state to yield to urban sprawl.

The pattern of urban sprawl is a familiar one, even in Marin County, and more so in other areas:

Homes radiate out from cities and population centers and begin encroaching on farm and grazing land. Rising land prices are accompanied by rising taxes. Farm land, which has a relativey low yield as compared with commercial areas and subdivisions, begin to feel the pinch of higher taxes. The pinch becomes so oppressive that the rancher is forced to sell his ranch to developers, who can get a better yield from subdivisions and shopping centers.

The new Land Conservation Act provides tax relief to bona fide ranchers who agree to keep their land agricultural for 10 years.

The relief comes through lower assessment valuations. The act permits the assessor to value the ranch as "agricultural" instead of appraising it as potential subdivision or commercial land.

Per square foot of land, the homeowner and the commercial owner will have to pay more than the farmer. But in exchange, the home and commercial owner are assured of open space, at least for 10 years.

It's a fair exchange.

As Assemblyman Williamson, the author of the bill, declared:

"The citizens of Marin deserve congratulations in selecting to serve on the Board of Supervisors, men with sufficient vision and energy to embark upon the perservation of this land . . .

"They are equally fortunate to have a couple as open to innovation and as concerned with the full measure of value of land to all the people as Mr. and Mrs. Wheelwright."

It is fitting that Marin is taking the lead in the new concept of preserving agricultural land.

We hope that others will follow the precedent set here.

The Greening Process

Summer brown and winter green—that's how it is on Marin's hills and in her valleys. The rains have come and the greening process is once again under way.

As long as we have watched the turning of the seasons, and it has been a long time now, we never cease to marvel at how quickly the grass begins to turn after the first good rain of autumn.

The parched and thirsting earth needs only water. And presto! A miracle in green.

MARIN POLITICAL VIEWS

Supervisor Storer Looks Like A Probable Congress Candidate

By WAT TAKESHITA

Takeshita

WEST MARIN Supervisor Tom Storer isn't committing himself yet, but it's better than an even bet that he's priming himself for a try at the Congressional seat held by Don Clausen.

Look at the public exposure he's been getting lately, especially on his proposal that ferryboats be revived between Marin and San Francisco.

Storer is thinking, not only in terms of passenger ferries but also the possibility of ferrying vehicles across the bay.

He envisages jitneys, carrying about 10 people, boarding ferries at several takeoff points (from Sausalito, Tiburon and perhaps near Corte Madera Creek) and discharging passengers at several points in downtown San Francisco.

The ferryboat revival idea seems to be catching fire on both sides of the Bay. This may be just the boost he needs to induce him to make the try for Congress.

ANOTHER MAN with similar ideas for Congress is George McCabe of Santa Rosa, who manages to keep himself in the public eye with his current work on the proposed Redwood National Park.

As consultant to Rep. Jeffery Cohelan of Berkeley, McCabe participated in the series of conferences and hearings in Washington last weekend. His prediction: The ambitious federal plan for a national redwood park including Del Norte Coast, Jedediah Smith, and Prairie Creek will probably be turned down because it's too costly and would throw the lumber industry into turmoil.

McCabe says that the state's plan for a National Redwood Park in Southern Humboldt County is more likely. This would comprise Humboldt Redwood State Park as a nucleus, with additional acreage including the Kings Range area which has several miles of ocean frontage.

CONGRESSMAN CLAUSEN hasn't taken a stand on the various redwood park proposals offered so far. He says his number one priority is the Point Reyes National Seashore. He is trying to get authorization for an appropriation of an additional $30 million needed to acquire the 53,000 acres for the Seashore. The original cost estimate was far too low, and Clausen has the job of trying to justify the additional outlay.

THE ANNUAL election and installation of officers for the Marin Federated Republican women is scheduled for Dec. 7. The slate of officers, suggested by the nominating committee, is headed by Barbara Hennessy.

LABOR LEADERS from Marin and other counties in the First Congressional District will meet on Dec. 4 (a week from tomorrow) in Petaluma to coordinate and develop a program for labor's political activity in 1966.

L. C. Brooks of Marin, secretary treasurer for the First Congressional District Committee on Political Education (COPE), announces that the meeting will start at 2 p.m. at the Petaluma Labor Administration Building, 331 Keller Street, Petaluma.

REMEMBER THAT "Hubert Humphrey Salutes California" $100 a plate dinner that was put off last month? It's been rescheduled for next Friday, Dec. 3, at the Fairmont Hotel in San Francisco.

Pre-School Stand Is Decried

Editor, Independent-Journal:

Having read the article, "Sausalito's Pre-School Program Hit by Doctor," I can hardly believe that Dr. Degengardt could represent the Marin Medical Society, or the medical profession in Marin County.

Any citizen who has examined the Sausalito pre-school program at all, would see the need to include in the program 30 per cent of the students whose families have an income of over $4,000. One can clearly understand this need, if one realizes that the entire Sausalito school system has become integrated. What would be the purpose of separating the pre-school program entirely, making this program available only to families of low income?

The federal government, under the Economics Opportunities Act, must have considered the integration factor, in allowing 30 per cent of the students to be those of families whose income is over $4,000. Under these circumstances, it would hardly seem the point that a family with income over $4,000 should be set apart, to have to pay a different and separate fee to a physician. Perhaps Dr. Degenhardt has done an injustice to his profession, by not understanding the situation, himself.

Assessment May Be Economic Key

Editor, Independent-Journal:

I was interested in your recent article which quoted the National Assn. of Home Builders on the fairly consistent decline in home building during the last two years while all other economic indicators go up and up. The most striking point in the article was that land costs have risen 75 per cent in the last five years, a figure that is obviously far out of keeping with the general inflationary rise of all other prices and wages.

Although this increase in land costs reflects several factors, the most consistent factor which has been found all over the country is the wolf of under assessment of land. This has been further spotlighted by the assessment scandal in California this year.

Only by full and accurate assessment of land are we going to minimize the artifical scarcity of land, and the speculative prices we must pay for land both for commercial and private home development. If not, the strong possibility exists that this persistent thorn in the side of our economy coupled with a burdensome war effort could prove to be a turn-around factor in what would otherwise be continued prosperity.

Doctor Shouldn't Criticize Center

Editor, Independent-Journal:

I do not think Dr. Degenhardt has any business to criticize the child care center in Marin City in his official capacity as president of the Marin Medical Society. He may be learned in the field of medicine, but when it comes to expressing an opinion such as this, he is as any other mortal man.

If the people who are running the program and the people who have their children enrolled therein are satisfied, I do not see that it should concern the Marin Medical Society.

It would be interesting, too, to see Dr. Degenhardt estimating the size of his patients' incomes, which again I don't think is any of his business.

Martha Gave Out, Police Came In

Editor, Independent-Journal:

I will long remember rainy Tuesday in marvelous Marin.

Like many a busy little suburban housewife, I hopped into the station wagon to pick up my first-grader in Larkspur as, of course, there is no school bus service. With my little brood (a 14-months-old and a 4-year-old) tucked snugly inside our faithful servant, I circled the street and dutifully stopped at the stop sign. Well, Martha decided she had had enough of us all and promptly gave up the ghost.

As there was no phone available I hoofed it a mile toting the two-ton 14-months-old and trailed by a lachrymal lad of 4 years who didn't find walking in the rain a treat at all.

Being a solid citizen I immediately phoned the police of my plight and that Martha would be towed away when my long-suffering groom came home from work. So! Long Suffering got home late due to rain, grabbed a bit of sustenance, hopped in No. 2 servant with a friend, scooted to Larkspur and there was Martha neatly tagged in pink.

In my ensuing conversation with the law I learned that so many citizens complained, and that since we didn't move the poor old girl soon enough, that we had to pay the fine.

I can't help but wonder if Marin's high divorce rate isn't because a suburban housewife almost has to have a boyfriend handy to help her out of life's little emergencies in the suburbs. I realize I am prejudiced about the ticket but I would like to state quietly: unfair!!!

Positive Word For Public Schools

Editor, Independent-Journal:

I would like to add a positive word to the often unjustly negative views of our public school system. Last night I attended the dedication of Gallinas School annex, a public school facility for hearing-handicapped pupils.

Doubtless this dedication was similiar to many other dedications, except for the addition of perhaps a little more amazement on the part of those who for the first time realized what is being done to help these special children, and surely a great deal more emotion on the parts of the parents and teaching staff.

It is a small building, as school buildings go, but it takes on the aspects of an enchanted cottage, for here, children who would seldom or perhaps never comprehend language by ear can nevertheless be taught the one vitally indispensable tool in today's loudly vocal world, clear communication.

Here, for a few hours a day, away from the loud silence they feel about them, the children are taught lip reading and to recognize words from the distorted sounds they do hear.

Words cannot be made big nor strong enough to praise our public school system for the miracle they are accomplishing here.

A VIVACIOUS Hollywood star was boasting about her new personal press agent. "Darlings, he's simply marvelous," she gurgled. U.S. Must Adjust Thinking Now Regarding U.N. Seat For Peking

WASHINGTON—The United States has led its last successful fight to keep Red China out of the UN.

When the issue next comes up, there is little doubt there will be enough votes to offer Peking a seat.

THIS MEANS that American opinion and American policy will need to adjust to the inevitable and to decide, well in advance of the next vote, what our own course should be.

Does this mean that a majority vote for Peking will prove that those who opposed Red China in the UN were wrong and those who supported her were right? Certainly not.

But it does mean realizing calmly that the world isn't going to come to an end if the UN votes to admit Red China.

Let us not be the ones to threaten to break up the United Nations or to withdraw when we don't get our way.

We could continue to argue that Peking does not meet the requirements of the UN charter. It doesn't.

The charter says its members must give up "armed force" as a means of settling disputes.

Mao Tse-tung says: "The seizure of power by armed force . . . is the highest form of revolution."

WE COULD continue to argue that Red China's presence will hamper still further the ability of the UN to keep the peace. If Peking had been on the Security Council, the UN would have been helpless to bring about the India-Pakistan truce.

But this is now a futile exercise. It is clear that the majority wants Red China inside instead of outside the UN.

Uncompromising opposition is now a lost cause and we ought to find the most constructive course the U.S. can pursue.

There are two lines of action we could usefully pursue.

ONE IS TO do everything possible to make sure that a vote to admit Red China is not a vote to expel Nationalist China. Here is a country of 12 million, more than most of the present UN states. There is no reason why Taiwan should lose its representation because the UN wants to admit another member. If the principle of universal membership is to govern, there is no basis for expelling Taiwan.

The other line of policy the U.S. might take is to help the UN find out if Peking really wants membership. The easiest way to do that is to put a simple resolution before the General Assembly inviting Peking to apply for admission. If it passes, the next step would be up to Red China.

Thus far, from Red China's standpoint, it is the UN which must make itself over to suit Peking, not Peking which should adjust itself to the UN. Even after the near-admission vote earlier this month Peking's official newspaper again stated what the UN would have to do to persuade Red China to join: oust Taiwan, expunge the 1950 resolution citing Peking as an aggressor against South Korea, condemn the U.S., and remove the "imperialist" nations (the Soviet Union, Britain, the U.S., India, etc.) from the UN.

APPARENTLY most of the UN states doubt that Peking means what it says. Perhaps it doesn't. Let's find out.

McNamara Opposed On Nuclear Vessels

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — The House Armed Services Committee is on a new collision course with Defense Secretary Robert McNamara.

Spearheaded by Representative L. Mendel Rivers, D-S.C., outspoken chairman, the congressional military specialists have served notice on McNamara of their intention to launch a multi-billion dollar nuclear surface fleet building program next year—with or without his approval.

The controversial Pentagon boss has been bluntly told that, as the first step in this huge eventful plan, the committee has decided to both "authorize" and "direct" the Navy to begin construction of a $400 million nuclear-powered carrier in 1966—which McNamara vigorously opposes.

Although the composition of the atomic fleet will not be determined until the legislators hold hearings early next year on the Navy's ship building requests, committee members are discussing a five-year program calling for the construction of at least 35 nuclear-powered surface vessels. The nuclear surface fleet would include all types of warships.

While the committee has decided to authorize only one atomic carrier next year, the lawmakers plan to make it crystal clear that it is the "intent of Congress" that several of these mighty floating "airbases" be laid down in the next five years.

If President Lydon B. Johnson supports McNamara, a bitter clash will ensue. Rivers is stressing that his committee is prepared to "direct" the undertaking of an atomic naval program under Congress' constitutional authority "to provide and maintain a Navy."

Stung by McNamara's decision to eliminate numerous reserve units without congressional approval, Representative Rivers is pulling no punches in espousing the committee's position.

The private word he has sent McNamara is:

"The Committee on Armed Services is serving notice that with or without departmental concurrence, it will authorize and even direct, if necessary, the construction of a new nuclear-powered aircraft carrier next year.

". . .We reject the concept that we must not build nuclear warships because we could build a larger number of conventional ships with the same amount of money.

"We are going to increase our naval shipbuilding program because if we don't, the obsolescence of our fleet will overcome us. The committee does not propose to be a party to any program that will lead the U.S. to the position of being the second greatest sea power in the world.

IN ADDITION to this history making atomic fleet program, the Armed Services Committee is prodding the Navy to seek funds to mount five and eight inch guns as well as missiles on the newer ships.

"In wars like Viet Nam," a committee report states, "naval guns have no substitute. The present deficiency must be overcome and corrected as soon as possible."

House Armed Services Committee members, who recently made an on-the-spot inspection of the Viet Nam fighting, report that "in spite of all the advances we have made in technology, the U.S. still has not found a sure-fire method of detecting enemy troop movements at night in the jungles." Intelligence sources say the Russians are testing a new portable "night viewing device" which can be operated by two guerrillas. . . Chairman Rivers, has ordered the committee's staff to begin a probe of "shortages in war equipment" in South Viet Nam.

Alas For The Days Of The Press Shop Cubicles For Baggy Pants

RAIN TO THE family man means baggy pants. And they don't have those "pants pressed while you wait" places any more where you could go into a cubby hole, take off your pants, have them pressed and walk out in three minutes a new man.

To a gal in our office who answers telephones "people are ruder in the rain."

"There's a scarcity of human beings in the square," says Si Weil, Redhill liquor proprietor.

Dan Dagney of Del's says "there's an influx when it lets up."

Checking the book houses we learned from Dolly Georgetti at Sausalito Public Library that on rainy days "people come in just like ants. They stop puttering with their boats and gardens," she added.

Dorothy Thomas at Mill Valley Library said the first heavy rain stops people but the next one brings them in as fast as ever.

THE CAROB TREES in Lytton Square have been trimmed and now look something like umbrellas. Don Dimitratos says "they were growing crazy and bothering people walking by."

Bruce W. Shaw, superintendent, Muir Woods National Monument, reports the rain brought a "drop in visitations."

But, he said, people still come in buses and "forge in" despite rain. Or, they hit the coffee shop and hope it will quit. One wrote in the visitors' book, "It was beautiful even though soggy and wet."

Jerry Wolfram at the 666th Radar Squadron says when high winds come, men increase pressure in the soft radome (golf ball) so it doesn't pull, and everyone with foul weather gear wears it. Bob Anderson compares the top of the mountain with a town and says he is something like a city manager. He says rain means everything turns green—even the Tamalpais Valley fire area. "It's beautiful," he said.

Old barnacled wood carver Barney West says "people don't do anything, especially in the first rains. Then, they come out again. There is a general retreat from buying at first except for groceries or a bottle of booze.

"THE FIRST RAIN is always fighting people. They get insecure. They imagine things. Their security is threatened.

"It is a very primitive instinct in man. He's frightened. It used to be, when rains came, they brought sickness. Man would have to hole up in a shelter, a cave or under a tree. But," said West, "I prefer it to the brown fog of L. A."

They told Eldon Beck, landscape architect, at a city council meeting that grass wouldn't grow in Old Mill Park. But, sure enough, it's growing like crazy and, between rains, the kids are swinging like 60 on the new equipment.

Marcy Christian called the other day saying she is looking for a little old lady who would like to have her black Peke, Rose. She said she, Mrs. Christian, is working now and being alone makes Rose nervous. Rose needs a little old lady, Mrs. Christian believes.

THE ONLY odd thing about Rose is that she snores.

Somehow, This Is Supposed To Explain Thanksgiving To French

WASHINGTON—(At the urgent request of the State Department we have been asked to reprint our column on explaining Thanksgiving Day to the French. It is hoped that this explanation will help bridge one of the major information gaps between these two great countries. If the French can't understand Thanksgiving, they can't understand America.)

One of our most important holidays is Thanksgiving Day (known in France as **Le jour de merci donnant**).

Le jour de merci donnant was first started by a group of Pilgrims (**Pelerins**) who fled from **l'Angleterre** before the McCarran Act to found a colony in the New World (**le Nouveau Monde**), where they could shoot Indians (**les peaux-rouges**) and eat turkey (**dinde**) to their heart's content. They landed at a place called Plymouth (now a famous **voiture americaine**) in a wooden sailing ship called the Mayflower (or **Fleur de mai**) in 1620. But while the **Pelerins** were killing the **dindes**, the **peaux-rouges** were killing the **Pelerins**, and there were several hard winters ahead for both of them. The only way the **peaux-rouges** helped the **Pelerins** was when they taught them to grow corn (**mais**). The reason they did this was because they liked corn with their **Pelerins**.

In 1623, after another harsh year, the **Pelerins'** crops were so good that they decided to have a celebration and give thanks because more **mais** was raised by the **Pelerins** than **Pelerins** were killed by **les peaux-rouges**.

EVERY YEAR on the **Jour de merci donnant** parents tell their children an **amusing** story about the first **celebration**.

It concerns a brave **captaine** named Miles Standish (**known in France as Kilometres Deboutish**) and a young, shy **lieutenant** named Jean Alden. Both of them were in love with a flower of Plymouth called Priscilla Mullens) no translation). The **vieux capitaine** said to the **jeune lieutenant**:

"Go to the damsel Pricilla (**allez tres vite chez Priscilla**), the loveliest maiden of Plymouth (**la plus jolie demoiselle de Plymouth**). Say that a blunt old captain, a man not of words but of action (**un vieux Fanfan la Tulipe**), offers his hand and his heart, the hand and heart of a soldier. Not in these words, you know, but this, in short, is my meaning.

"I am a maker of war (**je suis un fabricant de la querre**) and not a maker of phrases. You, bred as a scholar (**vous, qui etes pain comme un etudiant**), can say it in elegant language, such as you read in your books of the pleadings and wooings of lovers, such as you think best adapted to win the heart of the maiden."

Although Jean was fit to be tied (**convenable a etre emballe**), friendship prevailed over love and he went to do his duty. But instead of using elegant language he blurted out his mission. Priscilla was muted with amazement and sorrow. (**rendue muette par l'etonnement et la tristesse**).

At length she exclaimed, interrupting the ominous silence: "If the great captain of Plymouth is so very eager to wed me, why does he not come himself and take the trouble to woo me?" (**Ou estil, le vieux Kilometres? Pourquoi ne vient-il pas aupres de mot pour tenter sa chance?**)

Jean said that Kilometres Deboutish was very busy and didn't have time for those things. He staggered on, telling what a wonderful husband Kilometres would make. But finally Priscilla arched her eyebrows and said in a tremulous voice: "Why don't you speak for yourself, John?" (**A chacun sun gout.**)

And so, every fourth Thursday in November, American families sit down at a large table brimming with tasty dishes, and for the only time during the year eat better than the French do.

No one can deny that Le jour de merci donnant is a grande fete, and no matter how well-fed American families are, they never forget to give thanks to Kilometres Deboutish, who made this great day possible.

REMEMBER WHEN?

10 YEARS AGO

Marin County participated in a civil defense test to determine how fast the county can be re-occupied after a Bay Area nuclear attack.

A stringent anti-loitering law, aimed at curbing juvenile delinquency, was passed by the Marin County Board of Supervisors. The law prohibits any youth under 18 from loitering in a public place, or in a car on a public highway between 11 p.m. and sunrise.

COUNTY COMMENT

By WILLIAM D. (BILL) FUSSELMAN

Retirement Fund Investments In Public Projects Cost Taxpayer

FUSSELMAN

THE PROPOSAL to use retirement money for financing . . . "such public projects as the developing of the court house square . . . and the golf course that would be converted from a dump in Corte Madera," as was reported in the I.J., has two facets that, I believe, should be considered thoroughly.

There is no question that a 5.5 per cent interest return would be wonderful for the Fund's portfolio of investments. The most important consideration, though, is what will be the impact on Mr. Citizen Taxpayer's pocketbook.

You see, it goes like this: The retirement fund is made by a withholding from the salary of each non-elected member of county government and by those elected ones who subordinate themselves to the retirement system (It is not mandatory for them) and also from contributions by the county.

These amounts in toto are then included in the budget and become part of the tax levy. An interesting element in all this is that most of the employees are also taxpayers, so they pay twice.

FOR THE MOMENT, let's assume that any money borrowed from the retirement fund to be used for county projects will be paid back with interest at 5.5 per cent out of county funds which will be raised by taxes. This, then, must be observed: The county enjoys an interest rate on bonds slightly over 3 per cent. Therefore, the taxpayer will be paying the original contribution to the retirement fund plus the additional tax to amortize the loan for the projects, with an interest rate 2 and a fraction per cent more than normally would be paid on county borrowings.

IT IS MUCH better for the taxpayer when the retirement board invests funds in other securities, where the principal and interest payments come from outside sources. This brings us to another consideration respecting the present proposal.

It is stated that the county dump and conversion would cost some $600,000.

There has been no publication of the estimated receipts from dumping fees and a net return from the golf course. (This assumes a net profit can be assured from the latter.) Should such receipts be ample to pay the loan and interest back to the fund without a tax levy, then and then only would such a loan, in my opinion, be good financing and justified.

RESPECTING the court house square, the situation is basically the same. Unless the $1.4 million or any part is paid back by private enterprise, Mr. Citizen Taxpayer will be the angel for the project. It may be asked if the $7 million in the fund is to be built up into stratospheric amounts. The answer is this: From time to time actuaries review the situation and, when warranted, reductions are authorized in the contributions by both the county and employees.

THERE SHOULD have been more said in the column last Friday relating to density. As far as it went, what I said was correct.

One dwelling unit per acre means a one acre lot, if the property is subdivided. Two dwellings mean half acre lots or could indicate a duplex on an acre lot. An apartment building of several floors (high rise) and/or cluster housing (a number of dwellings close together) with a relatively large amount of open area such as lawns, parks, playgrounds etc., will be calculated and equated to such densities as 1.5 . . . 2.2. . . . or 3.5, which are being allowed by ordinance governing planned community zoning.

Sausalito Slates Lost, Found Sale

Chances of picking up an unusual—though well worn—Christmas gift will be excellent at the City of Sausalito public auction to be held at 9 a.m., Dec. 4 at the old Purity Store, 660 Bridgeway.

Items to be sold include a swing set, several trucks described as in "poor condition," two pewter mugs, a lawn mower, overnight bags and one water ski.

City Mgr. Charles A. Brown said today that some of the items are police "found" and evidence property. They include automobile parts and accessories, bicycles, silver, television sets, luggage and miscellaneous household items.

Full payment must be made at the time of sale and the successful bidder must remove his property no later than 4:30 p.m. that day.

The city will accept sealed bids prior to Dec. 4 and these will be included with bids during the auction. The bid must be accompanied by cashier's check, personal check or money order. Items may be inspected Dec. 3 between 4 and 5 p.m. at the former market.

The city will auction off its traffic control device, once used and still located at the entrance to the city parking lot at Humboldt and Bay Streets. The device, including two gates, two coin units and two treads, was replaced at the lot by parking meters.

Terra Linda High Grad To Receive Eagle Rank

JOHN B. BELLAMY III
Eagle Scout

John B. Bellamy III, son of Mrs. and Mrs. John B. Bellamy Jr. of Palo Alto, will receive the Eagle Scout badge at a special court of honor to be held by Boy Scout Troop 64 of Lucas Valley on Wedensday at 8 p.m. at the Marinwood Community Center.

A freshman at University of California at Davis, 18-year-old John graduated in June from Terra Linda High School, where he was voted the "Most Dependable Senior Boy." He received a Parent-Teacher Assn. scholarship for achievement in physical education.

He was a scout for many years in Marinwood's Troop 74, but transferred to the Lucas Valley troop to help scoutmaster Charles Convis reactivate the group. He served as junior assistant scoutmaster under Convis.

He holds the historic trails and 50-mile hike awards, the mile swim badge, and the 21 merit badges required for the Eagle rank. He earned badges in machinery, music, citizenship, cooking, camping, first aid, among other fields.

Carl G. Brown Jr. of Ross, past president of the Marin County Boy Scout Council, will deliver the award.

Top Soil Moving Contract Made

The Tamalpais High School District board Wednesday awarded a contract to move approximately 40,000 cubic yards of topsoil at the San Geronimo Valley High School site to Piombo Brothers of San Rafael.

That company was the lowest of four bidders at 25.7 cents per cubic yard. Next lowest bid was 26 cents per cubic yard by Merz Brothers, also of San Rafael.

The district wants to move the rich topsoil from the flatland area of the high school site before grading the surrounding knolls, said board secretary Mrs. Marion Higgins. Then it can be spread on the area to be turfed after the school is built.

Gravity Car On Go Again

Mill Valley's gravity car is on the go-go again.

First located in Old Mill Park, then moved about a year ago to grace the front of the bus depot in Lytton Square, it was moved this week to the corporation yard.

Don Dimitratos, park and recreation director, said the car, damaged by youngsters while in the square, is to be repaired by high school students headed by David Gilliam, then a decision will be reached by the parks and recreation commission as to where the car will go next.

San Rafael Officer Honored At Presidio

Army Second Lt. Fred H. Tarasawa of 238 Merrydale Road, San Rafael, was presented the Army Commendation Medal this week in ceremonies at the Presidio of San Francisco.

Tarasawa received the medal from Maj. Gen. F. R. Zierath, 15th Army Corps commander. He was cited for service as a communications officer and weapons platoon leader.

Teen-Agers Charged

Four teen-agers were arrested Wednesday night at a dance at the Novato Community Hall and booked in county jail on charges of possession of alcohol.

MANY THANKS

for paying your newspaperboy promptly

It's tough for a youngster to "come back some other time" for payment. As a young businessman, your I-J carrier boy is trying to do a job for you, rain or shine, on time. He really appreciates your paying him the first time he calls to collect. Keep it up, won't you?

SEEING THE SOVIET

'Fair Lady' Braves Language Barriers

One of a series of articles on a just-completed trip through Russia and India.

By BARBARA HOSMER

After hurrying through the night to the Leningrad comedy theater, the audience settled into the straight-backed armchairs as comfortably as possible, round Russian faces expectant as the lights dimmed. It was a common scene that takes place almost nightly in theaters throughout the Soviet Union.

But this night as the orchestra begins the overture, for an American the evening takes on an odd time-out-of-whack feeling, the music sounding so familiar in a setting so foreign. It is "My Fair Lady," far from home and in Russian, but she's still luverly in the person of a petite brunette with a captivating smile.

That a play by an Irishman about English and the English language, produced into musical form by Americans and now translated into Russian for the enjoyment of Soviet audiences, could come over the footlights with meaning and amusement is a wonder in itself, but there it was, the laughs still coming and in the right places.

The language of the play was translated so literally that even an American with only a smattering of Russian could get much of the dialogue and lyric. Cockney was simulated by using a lower sort of Russian speech, but some of the phonetics lessons as sung by the chorus were intact and very amusing to hear mixed in with the Russian, which has no equivalent of the "eye" sound so prominent in the cockney dialect of Eliza (Eleesa). Another technical problem was lack of the letter "H" in Russian, and much of the lyric centers around the cockney flower girl's learning to put in the "H"s to be able to pass in uppercrust society. This caused Professor Higgins sometimes to become "Genry Giggins" in the mouths of the cast, and perhaps it was for this reason that the song "Just You Wait, Henry Higgins" was not used, or possibly because it had to do with Eliza's spiteful imagining of herself getting the king to cut off 'Iggins 'ead, a non-constructive thought for a healthy Soviet society. But who knows?

Without exception, every voice in the cast was fine, Eliza and Professor "Giggins" especially. But to an American who had nothing to compare it with except the original New York production with Julie Andrews and Rex Harrison, the Leningrad show was done without the glossy Broadway sophistication and lilt familiar to American audiences, and had instead an amusing Russian flavor, with some distinctly non-Shavian touches.

One classic scene that stopped the show every night for years on Broadway passed completely over the heads of the Soviet citizens—the Ascot Gavotte race with its devastating comment on British reserve. The actors played it with some slight understanding but the whole scene passed in total silence, without a crinkle of humor from the audience until Eliza's broad dialogues fraught with faux pas finally drew guffaws from the appreciative Russians. One can only chalk it up as one effect of a certain historic isolation. . .

People were much more sympathetic and at ease with the rough and tumble Soho of Alfred P. Doolittle's rollicking "Get Me To the Church on Time." Funny as it is, the scene became more incredible as the supposedly cockney chorus — hefty, well-scrubbed and well-drilled—sang on more and more earnestly while the whole thing turned into a wild, leaping Russian folk dance, the huge actor in the Stanley Holloway part amiably flashing a

Dr. Spock's Wishes At Christmas Time—

NEW YORK (UPI)—Yes Virginia, there is a Santa Claus. But Dr. Benjamin Spock wishes he would remain in the hearts and minds of children and steer clear of street corners and department stores.

Spock, regarded an authority on children, said in a copyrighted article in Redbook Magazine today the experience of seeing a "live Santa" is "quite upsetting" to young children.

"Most of these characters believe their job is to talk and laugh louder than anyone else a small child has ever met," Spock said. "Their clothes and beards are equally strange."

Another "real hazard" of Christmas and Hanukka is gift giving, the doctor said. One of the strongest reactions a child has to the holidays is "greediness," he said.

Most children do not need—"practically or symbolically"—the many gifts they get, and he recommended that parents limit their presents to one or two for each child.

On the holiday season in general, Spock said it can cause a child to "go to pieces," and he suggested a minimum number of large family gatherings.

Redwood High P-TA Plans Rag Collection Campaign

A rag collection drive is scheduled at Redwood High School next week, and the Parent-Teacher Assn. hopes to make a bundle out of it.

"Rags to riches" is the idea, as Redwood classes compete to bring in the most bagsful of rags. The P-TA will award at least $25 to the winning class, and will itself benefit when United Textile Co. of San Francisco pays three cents a pound for the total. If 2,000 or more bags are brought in, the price goes up to four cents.

If it succeds, the rag drive will be the sole fund-raising activity of the P-TA this year, according to ways and means chairman Mrs. Austin Lea.

Empty bags provided by the textile company will be passed out on Monday and Tuesday to all students. They and their parents are asked to fill them with rags and return them to school starting Wednesday and no later than Friday. Each bag should be plainly marked with the grade which is to get credit, as the competition for prize money is keen among the classes.

Cloth of any description is acceptable. Clothes need not be stripped of buttons or zippers. Nylon, linen, wool, curtains, rugs—anything but plastics, mattresses or rugs too large for the shopping-size bags—will count in the weigh-in.

The rag drive is the first ever tried in Marin, to P-TA knowledge. The 800 students of St. Paul's School in San Francisco las year earned $1,500 for their P-TA. It'll take a heap o' rags to earn that much, but with the enthusiasm of 2,000 students and their parents, P-TA President Herbert Leney feels it's in the bag!

Tom Thumb Chapter To Hold Christmas Party In Tiburon

Tom Thumb Chapter of the Children's Home Society will hold a Christmas party on Dec. 6 at the home of Mrs. Edward Parnell in Tiburon.

Co-hostesses for the party to begin at 8:30 p.m., are Mesdames Andrew Kozak, Chester MacPhee, Glenn Cavilli and Russell Wardlaw.

The holiday celebration will give Mrs. David Dixon, president of Tom Thumb, the opportunity to welcome 14 new associate members, for whom this party will be their initiation into the group. They are Mesdames Richard Borders, Leonard Fisher, C. E. Wright, James O'Connor, Donald Bekins, Bruce Jacobs, Melvin Hechtman, Ronald Bell, Richard S. The non-stop coat takes you everywhere — here to a New York Fur Dressers plant—where the particular operation in the background is "drumming." Fur skins are being cleaned with a special sawdust to absorb the excess oil and dirt, giving a cleaner skin for handling and easy draping. The shirttale shape of this horizontal ranch mink coat, designed by Tiffeau Busch, is a length that looks equally well over a tweed skirt, pants or evening coat. Three buttons placed strategically create an empire closing. This year wear your mink hat unmatched, as shown by this white toque.

Party Circuit Fashions Need Special Care

Parties, gift exchanges, unexpected guests, and plenty of excitement round out the winter holiday social circle. It's time for celebration, dances, and good times for all.

Whether you're the hostess or the guest, you're always on view, so it's extra important to keep your clothes and hostess aprons bright, fresh, and ready.

For the party circuit, just follow these tips:

—When laundering, be sure to separate red and green holiday fashions and other dark colored clothes from white blouses and shirts, so there's no danger of fading or lint transfer.

—Follow manufacturers' laundering instructions, then damp dry or dry completely, as you prefer.

—When ironing, add the finishing touch of spray-on starch to each article to restore body and freshness. For larger items and heavier fabrics, spray and iron a portion at a time. For smaller items like aprons and lightweight fabrics like organdies, spray the article completely, roll it up to let the starch distribute evenly throughout, unroll, and iron at once.

—If an article is damp dry, press with a regular iron; if it is completely dry, press with a steam iron, as usual.

How To Make A Wife A Widow

You may be well on the road to making your wife a widow—without knowing it! If you're not yet a candidate for membership in the Coronary Club, you can become one soon by assuming the role of one of the following short-lived characters:

1. THE WORKHORSE. This part is a snap; all you have to do is try to get to the top in the shortest possible time and put your job ahead of all personal considerations. Go to the office evenings, Saturdays, Sundays and holidays. Or, at least take your brief case home; it's a good opportunity to review all the worries of your working day. It's also wise to stay up late working every night, because too much sleep may dull your senses.

Never say "No" to a request—no matter how "beat" you are, ond don't delegate responsibility. You're the only one that can be counted on, so carry the ball yourself at all times. And it's also a poor policy to take all the vacation time you have coming.

2. THE WEEKEND ATHLETE. When you assume this role, you'll be joining thousands of others who are on their way to "the happy hunting grounds" in a hurry! It's far easier to kill yourself having a good time than you may realize—especially if you've spent all week sitting behind a desk. Tempt the fates by lifting weights, running a mile or two before Sunday breakfast, or by indulging in a fast game of basketball or handball with the kids. And if you feel that a lack of supervised exercise is the reason for that spare tire around your middle, join a 3-hour calesthenics class at the local gym—but be sure to indulge only on the weekends.

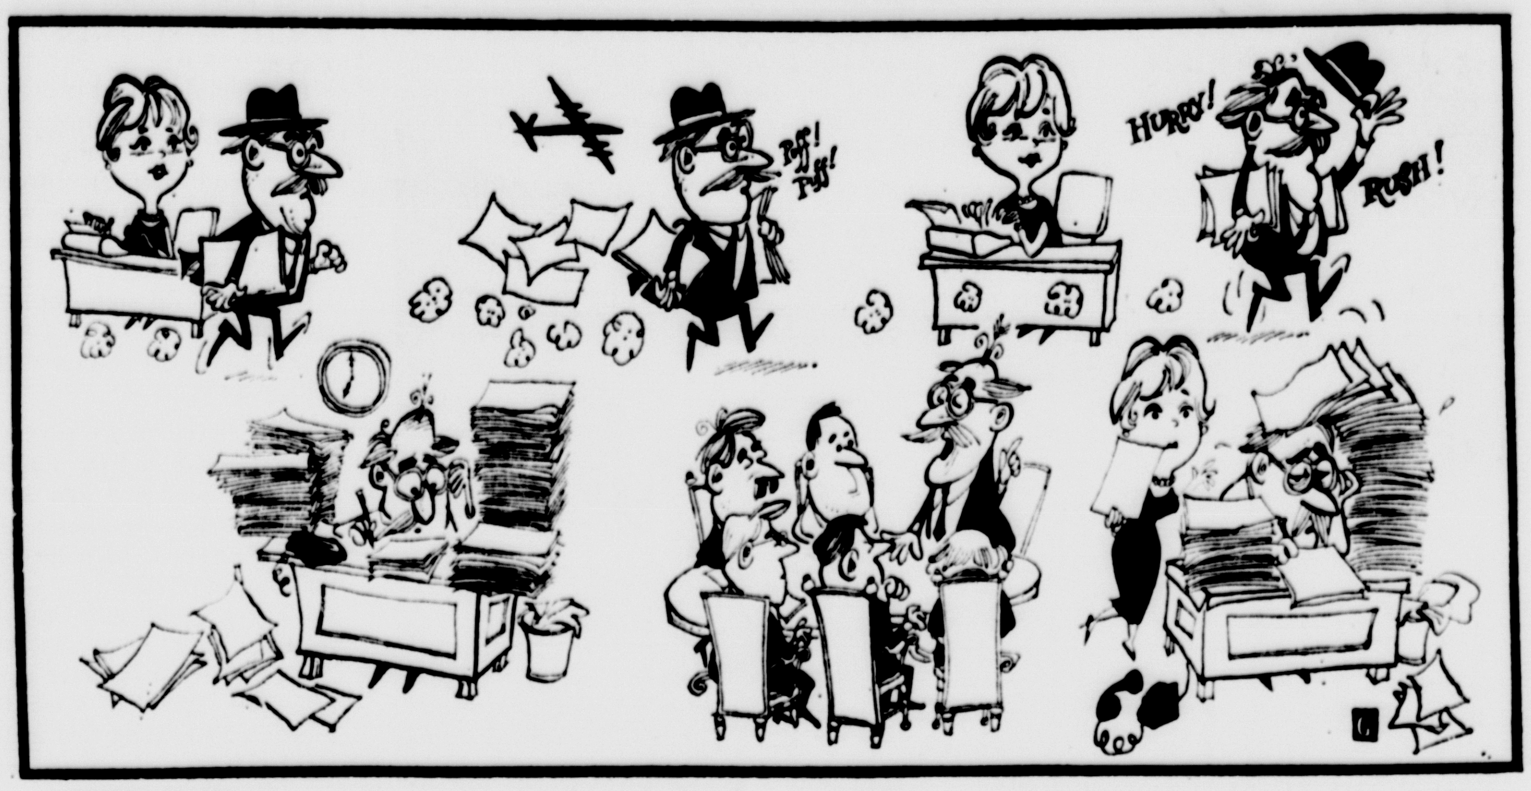
3. THE JET-SETTER. When you travel, make sure you wear yourself to a frazzle. One good way is to get up at the crack of dawn, catch a plane to your destination, work all day, then late at night jet back home—to save the few bucks a hotel or motel would cost you. If you drive on business or pleasure trips, instead of flying, drive all day and night to see your client or your friends—then head back immediately to the office or home.

If you sometimes feel that you can't catch up with yourself and that you're out of tune with your surroundings, you're probably a victim of "Jet Pace Fatigue." That's just fine! But don't listen to doctors, who have discovered that jet travel which crosses back and forth over time zones, upsets the body's metabolism. And don't follow the advice of the American Hotel & Motel Assn., that adequate rest and comfortable lodgings are important to your health during a long trip. After all, it's your life! What do they know?

4. THE MEAL-MISSER. Here's another ticket to the Coronary Club; just forget about your eating habits. A balanced diet at three regular meals a day is great for kids, but you're a busy grown man. A restful meal is a waste of time for the man-on-the-go. You'd probably get more done by working at your desk or cramming an extra conference into the meal hour. Missing meals has a way of making you hungry between meals. So keep plenty around to nibble on during the day. In the process of feeding your frustrations, you may eat your way into the hospital — and maybe even an early grave!

5. THE "TEACHER." When on the road make sure you're the fellow who teaches the other guys a lesson. It's really important. After all, the teacher should feel that he alone has the job of protecting the public—that that's a real service. On the highway, he zooms out around the offending driver or refuses to dim his lights if the other guy doesn't. He is often a "knight in an older-model" new car owners rarely do this. His common curse is, "I'll teach those dopes!" He's already worked himself into a wreck; the next wreck may be his car!

If you find yourself falling into any of these five roles, get out your shovel and start digging. The standard size for graves, by the way, is nine feet by 30 inches.



Puff!
Puff!
HURRY!
RUSH!

A SURE WAY to an early grave is to live too hard and too fast. All work and no play can make Jack a dull boy and perhaps even a dead one, long before his time. The American Hotel and Motel Association counsels living it up—but in moderation—by taking frequent vacations and by staying at a hotel or motel overnight on business trips rather than working around the clock and trying to get out of town and home again the same day.

Rum Flavored Diet

The flavor of alcohol makes its entrance into the liquid diet food field with a rum punch flavor from one manufacturer. Three other new flavors from the same manufacturer lend themselves to the addition of rum or brandy flavorings or the alcoholic beverages themselves. They are Danish coffee, French vanilla and double fudge.

SEEING THE SOVIET—

Continued from page 15

row of gold teeth as he belted out the chorus.

And the Russians, like Hollywood, couldn't resist adding the ballroom scene which was so cleverly avoided in the original Broadway version. This became the big production number, lavishly costumed and allowing the highly accomplished Soviet dancers to perform what seemed like 60 second fragments from the Bolshoi for several minutes before the entire stage went into a high-leaping and low-kicking folk routine reminiscent of the Moiseyev company that toured the U.S. Very good, but distinctly non-Mayfair, making one realize that he was still in the beautiful canalled city on the Gulf of Finland which was once the capital of Imperial Russia.

The Broadway gloss and the magic of an Andrews and Harrison had been left behind in the West, along with the subleties of the relationship between the cockney flower girl and the aloof phonetics professor, and the orchestra may have been a little too smooth, but, as Professor Giggins strode across the stage and demanded, "Gdyeh Eleesa?" one knew that the spirit of Shaw had crossed all borders successfully.

What Lerner and Loewe would have thought of the production one can only speculate, but no doubt Peter the Great would have been proud of this city he built as a "window to the West."

Rainbow Assembly To Fete Mothers

Methodist Women To Hold Christmas Bazaar Dec. 3

Many new items are being offered this year—all with a thought toward Christmas giving. Kickshaws, Philippine Christmas stars, hand-made articles, homemade candies and baked goods, plants for the house and garden, toys.

Two recurring features of the Bazaar are the salad luncheon, served from 11 a.m. to 1 p.m. by the ladies of the church and a dinner served by the Methodist Men from 5:30 p.m. to 8 p.m.

Co-ordinators for the event are Mesdames John Parsons, L. C. Vigars, Frank McKinsey, Ed Cala and Gordon Swartz.

Priceless Manuscripts Stolen From Vatican

VATICAN CITY (UPI) — Thieves have taken two priceless manuscripts and two relics worth nearly half a million dollars from the Vatican library, Vatican police reported today.

The hit-or-miss theft of the four unrelated items from the heart of the apostolic palace was the first reported at the Vatican in years. The theft was discovered this morning.

Although Vatican library sources said the two ancient literary manuscripts were "priceless" they put a value on the stolen relics as ranging from 200 to 300 million lire or up to $500,000.

The most valuable was an original work of Francesco Petrarch's "Canzoniere," the outstanding work of the 14th century poet. Much of it was in Petrarch's own handwriting and included important notations. "Canzoniere" includes a number of sonnets, madrigals and ballads.

The second manuscript was series of poems by Torquato Tasso, the 16th century Roman poet who wrote "Jerusalem Liberated" among other things.

The other subjects stolen were a replica of a crown of St. Stephan, the Hungarian saint and a national hero, and a box that contained objects belonging to Garcia Morena. Morena was the president of Ecuador who was assassinated at the end of the last century. The box and its contents had been sent to the late Pope Leo XIII.

Top Pianist Myra Hess Succumbs

LONDON (UPI) — Dame Myra Hess, the famed concert pianist, died of a heart attack in her home here last night, it was announced today. She was 75.

She made her last public appearance at London's Royal Festival Hall in September 1961. Since that time rheumatism of the hands had forced her retirement.

She had been seriously ill for several months.

Miss Hess became popular with the man-in-the-street during World War II when she gave hundreds of concerts, often staying at the keyboard during air raids.

Longfellow Tale Site Again Burns

SUDBURY, Mass. (UPI) — Fire today damaged historic Wayside Inn a 279-year-old hostelry immortalized in the poems of Henry Wadsworth Longfellow.

Twenty overnight guests fled down fire escapes or were escorted to safety while the two-alarm blaze roared through ventilating ducts and swept upstairs to the attic.

The blaze broke out almost 10 years after flames nearly destroyed the 28-room heritage-rich inn. That was at Christmastime in 1955. The inn since has been restored.

Prince Handles Power Blackout In Saudi Arabia

BEIRUT, Lebanon (AP)—They know how to deal with power blackouts in Saudi Arabia, the Jiddah newspaper Okaz reported.

This is its story:

When power failed at night in downtown Jiddah, consumers appealed to the governor, Prince Mishal, who pleaded in vain with the city electrician.

The no-nonsense prince then pulled the switch on the electric executives' private power supply—"they must not enjoy the pleasure of electricity while their clients go without"—and sent technicians to fix the main plant.

Private Shopping For Beatles

LONDON (AP)—Harrods, the London store where Queen Elizabeth II goes shopping, allowed the Beatles to do their Christmas shopping after hours behind locked doors last night.

That privilege has never before been granted—not even to the Queen, Jacqueline Kennedy or visiting royalty and nobility. They all had to jostle with Harrod's regular customers.

The management feared that mob scenes might erupt if they allowed the Beatles to shop during normal opening hours.

Moscow Expels U.S. Reporter

MOSCOW (AP) — The Soviet Union has expelled the Moscow correspondent of the Washington Post because his newspaper is publishing the "Penkovsky Papers."

The correspondent, Stephen Rosenfeld, yesterday was given seven days to leave the country. He has been here a year and a half.

Oleg Penkovsky was a Soviet colonel executed for spying for the west. A book purporting to be his diaries has recently been published in the United States. The Soviet Union has denounced it as a forgery.

MARIN FILM FARE

Gambling Epic Fits Classic Mold

By LES DARD

Here's what's on tap this weekend at Marin area theaters:

TAMALPAIS THEATER

Taut, edge-of-the-seat drama is coupled with great acting in "The Cincinnati Kid," now on screen.

At times very similar to "The Hustler," the film depicts the attempt of an ambitious professional gambler to defeat the reigning king.

Steve McQueen is the poker player of the title. He comes to New Orleans to face the legendary undefeated champion, Edward G. Robinson. Their marathon contest is the gripping climax of the show.

Meanwhile though, McQueen has other problems. For instance: he is living with a sweet girl (Tuesday Weld), but is desired by another (Ann Margaret) —wife of his friend and backer, Karl Malden.

The performances here are simply terrific — keeping pace admirably with the taut story line. The smoky, mysterious atmosphere that is New Orleans is created with all the color and tone of life.

This is sure to be one of the big hits of the year.

RAFAEL THEATER

Charlton Heston forcefully plays the title role of the epic new film "The War Lord," now showing.

The setting is the 11th Century. War Lord Heston is sent to secure and hold a fortress that is an outpost of the Duke of Normandy's territories. With all his knights and warriors, this should be a simple matter, but Heston falls in love with a peasant girl, refuses to give her up, and has to fight the peasantry too.

Intermingled with the action, there is an interesting contrast between old and new values. For instance, Maurice Evans plays a Christian priest, but he and his flock sometimes slip back to the ancient Druidical rites.

HISTORY RECREATED--Charlton Heston leads his victorious army as "The War Lord," now playing at the Rafael. Portraying a sometime Christian, sometimes pagan monk is Maurice Evans (right) in the colorful film set in the Middle Ages.

Lots of action, good performances and very authentic reproduction of a colorful era will make this film appeal to all ages.

TIBURON PLAYHOUSE

The latest one from the fabulous Beatles is now showing, "Help!" and you don't have to be a Beatle manic to enjoy it.

The spontaneous humor which made such a hit in their previous film, "A Hard Day's Night," comes through even better in color.

Jack Lemmon and pretty Italian import Virna Lisi star in the comedy co-feature: "How to Murder Your Wife."

SEQUOIA THEATER 101 DRIVE-IN

Michael Caine stars as an incongruous secret agent in "The Ipcress File," a first-rate British thriller now on screen at both theaters.

Sent to recover a kidnapped British scientist, Caine discovers the secret of the "brain drain." This is an elaborate technique "they" are using to brainwash Britain's top scientists.

To supplement the intriguing story, special photography is tactfully employed.

An off-beat, but genuine, competitor for James Bond.

MOTOR MOVIES

On screen tonight and tomorrow night only is "The Amorous Adventure of Moll Flanders," an earlier-written version of "Tom Jones," female style. This one's also British.

Kim Novak plays the title role of a lusty heroine who makes good without being at all good in 18th Century England.

Sharing top billings are Richard Johnson, Angela Lansbury, Vittoria De Sica, George Sanders and Lili Palmer.

The second feature is a naval tale, set in the beginning of World War II. "In Harm's Way" stars John Wayne, Kirk Douglas and Patricia Neal.

NOVATO THEATER

Dean Martin and the ever-versatile Jerry Lewis team up in a double bill now on screen.

"Living It Up" is a zany entry that gets off to a bang start when Jerry misunderstands his doctor and thinks he is going to die of radiation poisoning. It's fun from there on in.

Co-featured is "Partners," another comedy favorite from a few years back.

It's a crazy spoof of the Western that any fan of Jerry's (or Dean's) won't want to miss.

LARK THEATER

Richard Lester, the Beatles' director, does a great job with "The Knack—and How to Get It," held over.

It's the story of three London bachelors and a naive girl.

It's all a lark, very British, and very funny.

FAIRFAX THEATER

"Ecco" is remaining here. You might find some of the scenes slightly sickening, but you'll have to admit they're interesting.

Some of the most breathtaking photography on record is contrasted with some of the most sordid.

As in its predecessors, "Ecco" consists of a number of scenes, ranging from karate experts and muscle men to witchcraft and a Black Mass.

An intriguing bill.

Saw, Tools Gone In Two Thefts

Loss of a saw worth $135 in burglary of a house under construction by Dick York Construction Co. of Sausalito was reported Tuesday by sheriff's officers.

York said the building at 108 Marina Court, San Rafael, was entered via a bathroom window. Sheetrock stored inside was damaged, officers reported.

Greenbrae Construction Supply Co., San Quentin Road, Greenbrae, reported an open shed was entered and tools worth $25 were taken. The items were owned by Donald Stump, an employee, according to the report.

Team's Physician To Go To Viet Nam

WASHINGTON (UPI)—Dr. John E. Stephens of Columbus, Ohio, team physician for the Columbus Jets baseball team and other Pittsburgh Pirates farm clubs, has volunteered for a two-month medical tour of duty in South Viet Nam.

A spokesman for "Project Viet Nam," which has recruited two dozen doctors for voluntary service in the war-torn land, today said Stephens would leave for Saigon Dec. 3.

Galloway cattle are black and hornless.

Pottery Sale To Benefit Art Students

Pottery made by College of Marin students and then either abandoned or donated to the college will be auctioned during the college fine arts division's annual pottery sale Dec. 10 at 7:30 p.m. in Room 60 of the art building.

The 1,000 pieces of pottery were described by fine arts division chairman Edwin S. Cadogan as "running from the type that we don't quite know what they are to pottery which is so fine it could be submitted to juried exhibitions."

The sale will take the form of a silent auction.

The auction will close at 9:30 p.m. Proceeds will be used to purchase art equipment and supplies and provide scholarships for college art students.

Jewish Center Sets Art Show

More than 400 works by 80 Marin County and Bay Area artists will be on display when the 13th annual art exhibition at the Marin Jewish Community Center opens to the public Dec. 5 from 1 to 6 p.m.

A program of chamber music will be given during the exhibition by a quartet of Marin musicians under the direction of Abe Millstein.

The jurors this year are the painters Janet Schrock Jones and Henry Rasmuson, and the ceramacist Allan Weiderhoff who will choose about 40 works out of 250 for display in the juried section.

Works in this section will be on show at the center through Jan. 3. A preview for members and artists will be held Dec. 4 from 8:30 to 11 p.m.

Strike Ends

ST. HELENS, England (UPI) —A "stay down" strike by nine coal miners ended early today 2,000 feet below the earth's surface. The miners refused to come up yesterday as a protest against a coal board decision to close down their mine. An official talked them out of continuing the strike.

THE ELLISES AND A GOD'S EYE—Mr. and Mrs. Paul Ellis sit in their house-on-a-truck called Elendil with samples of their weaving. The square pattern between them is a god's eye. They hold a coin pouch which they also wove. (Independent-Journal photo)

MOTORIZED GYPSIES

Life Is Fantasy And 'God's Eyes'

By BRUCE COLEMAN

Elendil was the first king of **Gondor**.

Gandalf, sometimes called **Gandy**, was a wizard.

Strider was one of the names of Aragon, who is the rightful king of the West.

This is according to the fantasies written by J. R. R. Tolkien. But this is not true in Sausalito. Here Gandalf and Strider are dogs who live in the house called Elendil, built on the bed of a 1953 International truck, which stopped this week at Arques shipyard.

Here is the story:

Paul Ellis, 21, and his wife, both of whom make God's Eyes, love to travel.

So, in Bellingham, Wash., Ellis built a house which resembles that of a Gypsy caravan, on the bed of his truck.

The house has a rake shape and, when it was finished, they painted it "the color of lichen on trees," according to Mrs. Dara Ellis.

The Ellises call their rolling books by Tolkien. The Ellises' books by Tolkein. The Ellises' dogs are named for characters in the book.

The Ellis home on wheels has two bunks above the cab, a living room which Ellis says is "also a kitchen, family room, dog house, everything."

"I designed it," said Ellis. "It's similar to a gypsy caravan but pulled by a truck which I picked up for $80. I built the house for about $40. We have a gasoline stove, a table with one leg and storage on the ceiling." There are four windows in the house and the front door— the only door—is French with an East Indian curtain.

Queried as to what the Ellises do for a living, Ellis said," we make God's Eyes."

They displayed a squarish object wound with yarn which Mrs. Ellis said originated with Mexican Indians to use in ritual dances. Asked how they are made, Mrs. Ellis said, "by winding and turning the yarn."

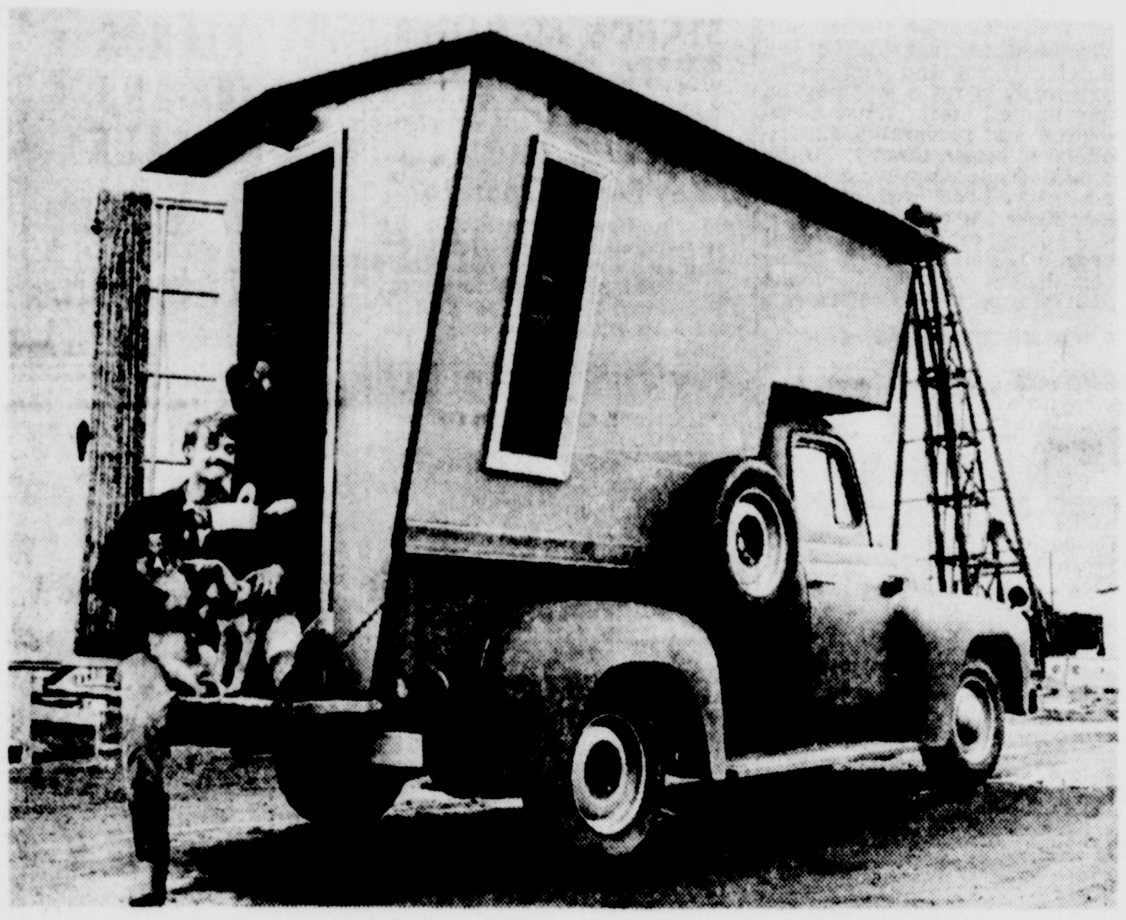
They also weave, do yarn painting (embroidery on burlap) and Ellis plays the guitar, sings and likes to paint.

Ellis related the Elendil is not designed for anyone in a great hurry. It is not streamlined. It is not large. "It is a beautiful situation to have in the woods." It is seven feet from truck floor to roof peak and six feet, eight inches wide at its widest. It took three weeks to build.

Asked if it were topheavy, Ellis replied: "We had the test. We ran into a storm a few days ago between Eugene, Ore., and Redding. The wind blew against us. We rocked a little bit. It slowed us to 30 miles and hour but we made it all right."

The prime advantage of a Gypsy house is you can move it anywhere you want, live anywhere. "We do like to travel," Ellis said.

But, with winter coming, God's Eye-maker Ellis mused he may build a house on a barge and just keep the Elindil of Gondor for traveling.



HOUSE CALLED ELENDIL—Mr. and Mrs. Paul Ellis and their dogs, Gandalf and Strider, all live in Elendil—for that's the name of this "camper house" that Ellis built on an old truck. The names Elendil, Gandalf and Strider are all taken from fantasies written by J. R. R. Tolkien. (Independent-Journal photos)

Marincello Protest Draws Mixed Reaction From County Supervisors

By RICHARD LYTTLE

Reaction among Marin County Supervisors to a petition for rehearing the Marincello master plan was varied today, with one board member saying it was an attempt to "stir something up" and another saying he "would have to have more information."

The petition was initiated by a protest group headed by George W. Wheelwright, who this week put his Green Gulch Ranch in southern Marin into an agricultural preserve.

The petition attacks the 3.5 dwelling units per acre allowed as Marincello's density, says that previous large developments have been held up pending a county general plan, charges that the project will create a blight next to the proposed Golden Gate Headlands State Park and that traffic access has not been adequately considered.

The petition questions the legality of a road across the park to provide Marincello access via the tunnel road now leading to the forts.

Supervisors asked that this route get full study when they approved the Marincello master plan by a 3-2 vote Nov. 12.

Supervisors William A. Gnoss, Thomas T. Storer and Ernest N. Kettenhofen voted for the Marincello plan.

It was Gnoss who had the most cautious reaction today. He said he did not know enough about the petition to comment. "All I know is just what I read in the paper," Gnoss said.

He said he was sure the board would listen and "be fair" if the case should be reheard.

Kettenhofen called the petition the work of "a few people who are trying to stir something up."

In hearings before the planning commission and supervisors, all protests were heard, Kettenhofen said. A rehearing would "have a destructive effect on orderly government," he declared.

Storer said the points made in the petition seemed to "carry no weight," but he would be willing to consider new evidence if it was material. He emphasized that he saw no new evidence in the case at this time.

Storer noted that apartment projects approved in the county regularly carry higher density than Marincello, some up to 18 units per acre. There was no protest from the State Division of Highways or the State Division of Beaches and Parks, he said.

Storer further said other large developments have been approved without master plans, and pointed to Drake's Beach Estates, since stopped by development of the Point Reyes National Seashore.

"This was an area of equal beauty," he said.

His opposition to the Drake's Beach development was one of his major campaign issues in his defeat last year of Supervisor George H. Ludy.

Two Boys Complain Of Teen-Age Attack

Two Santa Venetia boys were attacked by a gang of 10 teenagers at 10:45 p.m. Wednesday in San Rafael, they told police.

Robert J. Kirby, 15, of 105 Garden Avenue told police that he and a friend were walking past the Food Mart at Fifth and Tamalpais avenues when several cars drove up. The occupants piled out and began to fight, claimed Kirby, who said he was kicked in the leg before he and his friend could get away.

Restaurant Burglary Found Over Holiday

Burglary of the Black Forest Inn, 1315 Fourth Street, San Rafael, was discovered early yesterday by San Rafael Police Patrolman Terry V. Lucchesi.

Lucchesi found the rear door to the restaurant pried open at 12:30 a.m. Restaurant management reported $58 in coins missing.

Redwood Elects Spirit Leaders

Redwood High School spirit leaders for the basketball season were elected by about 1,000 voters (53 per cent of the student body) last week.

From 20 candidates, the seven elected are Robin Colthurst, drawing 770 votes; Shelly Parmelee, 668; Pat Russell, 613; Jill Johnsen, 608; Carolyn Brockbank, 523; Robyn Hill, 441, and Adrian Fritz, 391.

The Cheerios, a group of five students, were chosen as yell leaders with 609 votes over the Roto-Rooters with 225 and the Beavers with 154. Members of the winning group are Tom McCarthy, twins Linda and Cynthia Fitting, Lucia Blakeslee, and Drummond Pike.

Two Teen-Agers Hurt In Sausalito Traffic

Two Marin teen-agers received minor cuts and bruises early today when the car in which they were riding struck a metal guard rail at Bridgeway and Nevada Street in Sausalito.

Driver Jerry Webb, 17, of 15 Docul Drive, Novato, and Glen Adams, 18, of 334 Holly Drive, San Rafael, were treated at Marin General Hospital. Police said Webb and Adams were driving north at 1:13 a.m. when they saw lights of another car coming toward them. Webb told police he swerved to avoid hitting the car and struck the rail.

Diver Will Search For Ship's Hoard

Story and photo

By MICHAEL PERCY

Bert L. Gustafson of Tiburon, a man who among other things tames wild animals, will leave tomorrow for an underwater treasure hunt off the coast of Mexico.

Gustafson said he and his wife, Evelyn, plan to sail aboard the Johnson Line Freighter Californian for Venezuela. From there they will go to the island of Curacao in the Netherlands Antilles for about two weeks "just taking it easy and perhaps making a few practice dives."

Then they will fly to Mexico City, where they will be joined by sons Larry, 15, and Stephen, 17. A third son, Gary, 20, will remain at home.

The treasure hunt will take place in the waters off the Mexican village of Zihuantanejo, about 140 miles north of Acapulco.

"We've been going there for vacations for about four years," said Gustafson. "Last time we were down during the summer, a Mexican friend approached me with the treasure hunt idea."

Gustafson, who runs a physical therapy business in San Francisco and is a skin diver by avocation, was interested.

"My friend, Pancho de Carbajal, runs a hotel in Zihuantanejo and has a coffee plantation nearby," Gustafson said. "He said he knows the location of a sunken Chinese schooner off the coast. He said he wanted an experienced diver and someone he could trust to be his partner in the venture."

Gustafson said he has heard stories of Chinese trading ships sailing the Mexican coastline 200 years ago but isn't sure just what he is going to find.

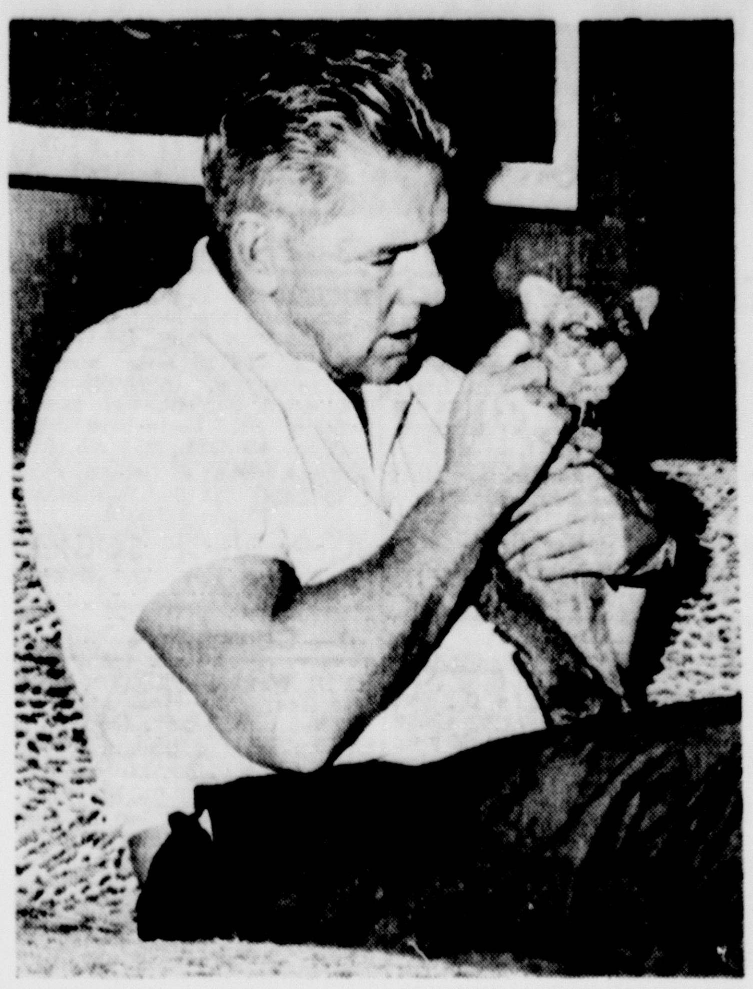
"If Pancho says there's a ship down there, you can be pretty sure he knows what he's talking about," Gustafson said. "But any ship that's been down for 200 years is going to be covered with coral.

"So this trip we'll probably just take a look at her. And, of course, if we do find any treasure we'll have to make a deal with the Mexican government. They keep a pretty close eye on the kind of undertaking we're planning."

Another aspect of 53-year-old Gustafson's trip will be a test for the family's pet Jaguarundi, Bongo. The Jaguarundi is a smaller version of the big jaguar, found in Mexico. Gustafson acquired the animal as a baby in San Diego about a year ago. It is now fully grown, and weighs 22 pounds and measures 46 inches from head to tip of tail.

"We keep him as a house pet," Gustafson said. "But I'm anxious to see how he gets along while we're away for five weeks. The Jaguarundi is a rare animal for the United States and I've never heard of one being tamed before . . .

"His best pal is our half dachsund - half cocker spaniel dog, Gladys. They sleep together, play together and get along just fine."



TREASURE HUNTER — Bert L. Gustafson, Tiburon skin diver, will leave his pet jaguarundi, Bongo, behind when he, his wife and two sons go treasure hunting for the wreck of a Chinese ship off the coast of Mexico. Gustafson acquired the jaguarundi as a kitten and has raised it as a pet.

Ballots To Show Incumbents

A bill that would permit senators and assemblymen running for re-election in reapportioned and renumbered districts to use the term "incumbent" or a designation of his office in next year's elections has been signed into law.

The bill was introduced by Assemblyman William T. Bagley, R-San Rafael, during the special session which ended on Nov. 4.

Gov. Edmund G. Brown also announced signing of a bill which provides that welfare recipients who are displaced by redevelopment projects can retain federal payments to assist in their relocation, without having welfare payments reduced.

Motorcycle Slides, Rider Is Injured

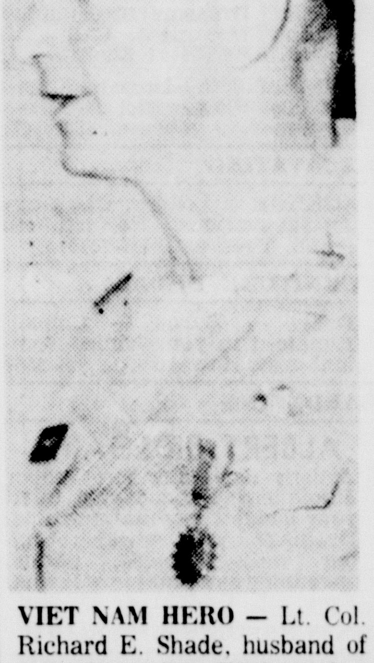
Kenneth Turnage, 28, of 1400 Chase Street, Novato, suffered multiple face cuts and bruises on his left shoulder and arm in a motorcycle crash north of Novato at 4:15 a.m. yesterday, the California Highway Patrol reported.

The patrol said Turnage was northbound on Atherton Avenue when his cycle skidded on wet pavement at the Armstrong Avenue intersection and flipped into a drainage ditch. He was treated at Novato General Hospital.

Battery Charge Out In Family Fight Case

A battery complaint against James L. Walker, 34, has been dismissed in Marin Municipal Court.

Walker's wife, Carol J., of 1422 Lincoln Avenue, San Rafael, accused him of beating her on Aug. 30. However, Deputy Dist. Atty. Michael Anthony said Mrs. Walker's subsequent reluctance to testify caused him to move for dismissal of the charge.



VIET NAM HERO — Lt. Col. Richard E. Shade, husband of Mrs. Jacqueline Shade of San Rafael, wears Air Medal awarded him at Saigon for meritorious achievement in flights in support of ground forces in the Viet Nam war during July and August. The award was just announced from Saigon.

Oldest Inmate Gets New Trial

Edward Louis Arguello, at 5 the oldest inmate on San Quentin's Death Row, has been granted a new trial by the state Supreme Court for the 1961 slaying of an 82-year-old San Diego widow.

The new trial decision is based on the admissibility of certain evidence at the first trial, including that obtained by an undercover police agent placed in Arguello's cell in San Diego in the guise of another inmate.

The condemned man was given a new penalty trial last year at which the sentence of death was confirmed.

Dodgers' Lefebvre N. L. Rookie Of Year

By C. C. MCGILLICUDDY

BOSTON (AP) — Second baseman Jim Lefebvre of Los Angeles, who once served the Dodgers as a bat boy, was named today the National League's 1965 Rookie of the Year.

Lefebvre, the fourth Dodger to win the award since it was inaugurated in 1949, polled 13 votes from a 20-man committee of the Baseball Writers Assn. of America.

Joe Morgan, Houston Astros, second baseman, received four votes and San Francisco relief pitcher Frank Linzy received three votes from the same committee that selected Willie Mays as the N.L.'s Most Valuable Player.

The first Dodger to win the award was the first winner, Don Newcombe, in 1949. Other Dodgers to win were Junior Gilliam in 1953 and Frank Howard in 1960.

Lefebvre is the fourth consecutive infielder to take rookie honors, following Richie Allen of the Phillies, Pete Rose of Cincinnati and the late Ken Hubbs of Chicago, in order.

The 22-year-old Lefebvre appeared in 157 games during his first season in the majors, scoring 57 runs and knocking another 69. He had 12 homers, 4 triples and 21 doubles in his 136 hits.

Although batting only .250, he earned a reputation as a clutch hitter, a reputation he enhanced with his World Series play.

Lefebvre was signed out of Morningside High School in Inglewood, Calif., in 1962 and batted .327 with Reno of the California State League. He moved up to Salem, Ore., in 1963 where he batted .283 and, following a tour of military service, played a half season with Spokane in the Pacific Coast League.

The Dodgers took the 5-foot-11 switch hitter to Florida last spring for a look and tore up his Spokane contract after he had won the regular second base job.

Morgan also appeared in 157 games, batting .271 and knocking in 40 runs. He produced 14 homers.

Linzy made 57 appearances for San Francisco, all in relief, and compiled a spectacular 1.42 earned run average. The 25-year-old right-hander won nine and lost three.

ENTIRE SEALS ROSTER FINED FOR INEPT PLAY

The entire San Francisco Seals hockey team with the exception of new coach Charlie Burns, has been fined for inept play in losing four of five games on its home ice, Gen. Mgr. Bud Poile announced yesterday.

The Western Hockey League team lost Wednesday night to the Vancouver Canucks 3-2. The Seals meet the league leading Victoria Maple Leafs tonight at the Cow Palace.

Poile would not disclose the fine. "It was the same for all," he said.

Dodger Rookie Thrilled; Calls Award 'Fantastic'

PLAYA DEL REY (AP) — "I'm just very thrilled about the whole thing. Being a Dodger is probably the greatest reward, and receiving the Rookie of the Year makes that honor just a little bit greater."

So said Dodgers' second baseman Jim Lefebvre last night after learning he was named the National League's Rookie of the Year by the Baseball Writers Assn. of America.

LeFebvre is the fourth Dodger to win the award since 1949.

"It's fantastic. It makes me feel real good. It's a good climax for a great year."

Recalling his start with the Dodgers, LeFebvre said:

"I was called to the Dodgers in spring training, and I wasn't even on the roster. I had to make the ball club, but I thought they were going to send me back to Spokane.

"I had to show what I could do. I had a good spring, and they kept me on the club."

LeFebvre, 22, said he's been in baseball four years, counting a stint in the Army. He said he leaves tomorrow morning for the Arizona Instructional League at Mesa, Ariz.

49ers Battle Minnesota Next Sunday

SAN FRANCISCO (UPI)—The San Francisco 49ers departed for Minneapolis today to meet the Minnesota Vikings in a battle which will pit the National Football League's best passing attack against the loop's best rushing team.

Coach Jack Christiansen's troops also will be out to solve the hex which Viking quarterback Fran Tarkington seems to hold over the 49ers.

The scrambling Tarkington has led Minnesota to victory over San Francisco in seven straight games, five of them league contests. In the last encounter between the two teams, he guided the Vikings from a 35-14 halftime deficit to a 42-41 victory.

Minnesota and San Francisco, who meet Sunday, currently are tied for fourth place in the Western Division standings, with identical records of five wins and five defeats.

Baltimore Clings To First Place In NFL

DETROIT (AP) — Johnny Unitas survived one of his roughest days in the National Football League yesterday but Detroit Coach Harry Gilmer said things might have been different if his Lions could have the final 24 seconds of the game back.

Unitas, battered by the Lions all afternoon and held to 14 completions in 34 attempts, tossed three scoring passes as the Colts gained a 24-24 tie and retained their one-game lead over Green Bay in the NFL's Western Conference.

Unitas completed only six passes in the second half, five of them were in the final quarter, including 51 and 15-yard scoring tosses to John Mackey.

The Lions, who held the Colts twice deep in their own territory before the tying score, got their last chance when Pat Studstill called for a fair catch on the Baltimore 42 with 24 seconds to go.

"I knew we had the option to try a free kick after the catch but felt we could try to complete a pass and then go for the field goal," Gilmer explained.

"I did not know that the clock would be started once we made our decision. I thought time would remain out until the ball was snapped," he said.

Milt Plum, noticing the clock was running, threw the ball out of bounds and Wayne Walker missed on a 50-yard field goal try in the final seconds.

"If I could play that last 24 seconds over, I'd do the same thing," Gilmer said. "But I'd have made darn sure that we had time out."

Officials explained later that the automatic time out after a fair catch does not apply in the final two minutes of each half.

The Lions' offense was sparked by Amos Marsh, who gained 146 yards in 23 carries, including touchdown runs of one and 62 yards. The latter was the longest scoring run in the league this season.

Unitas tossed a five-yard scoring pass to Alex Hawkins to complete a 74-yard drive the first time Baltimore had the ball.

Interceptions by Bruce Maher and Dick Lebeau set up two Detroit touchdowns and the Lions held a 21-10 halftime lead.

Plum threw a 13-yard scoring pass to Pat Studstill for the Lions' first touchdown.

Lou Michaels kicked a 42-yard field goal in the second quarter and Walker got one from 12 yards out in the third quarter for the only Lions' score of the second half.

Pro Drafts Tomorrow: A Bitter War Of Dollars

Both Leagues Grab For College Elite

By MIKE RATHET

NEW YORK (AP)—Kentucky quarterback Rick Norton, who could become the Joe Namath of 1965, figures to be among the top college football players selected when the National and American leagues hold simultaneous—but separate—drafts tomorrow.

If last year is any indication, the drafts will once again touch off a multi-million dollar battle with $100,000 contracts plus additional inducements waved in front of the nation's college elite.

And it's more than possible that Norton might become the focal point of the battle. A pro-type passer who appears to be No. 1 among a small group of standout college quarterbacks, Norton very likely could be picked by two new teams — the NFL's Atlanta Falcons and the AFL's Miami Dolphins.

Both the Atlanta and Miami clubs become operational for the 1966 season and among their primary needs will be a quarterback.

In that event Norton could turn out to be the focal point of the money battle between the two leagues as Namath did last year.

Each new club will benefit from liberalized drafting procedures with Atlanta picking first and last on the first five rounds of the NFL draft, then first on the subsequent rounds through 20. The Dolphins will get the first two picks in the AFL draft, then select first on every round after that.

In all, the 15 NFL teams will select 305 players while the nine- team AFL will tap 271 with 20 rounds of seniors drafted, plus an additional 10 rounds of redshirts — players still in school whose college class is graduating.

49ERS 11TH

Picking after Atlanta in the NFL draft will be Los Angeles, Pittsburgh, Philadelphia, Dallas, Washington, Minnesota, St. Louis, Detroit, New York, San Francisco, Chicago, Green Bay, Cleveland, Baltimore and then Atlanta again.

Following Miami in the AFL draft will be Boston, Denver, Houston, New York, Kansas City, Oakland, San Diego and Buffalo.

In the charges and counter charges that have preceded the actual drafts, top college players have been linked with either the AFL or NFL and

The following players were among those supposed to have been drafted by the AFL:

New York: Bill Yearby, Michigan tackle; Sam Ball, Kentucky tackle; Carl McAdams, Oklahoma linebacker.

Oakland: Tom Mitchell, Bucknell end; Jim Fulgham, Minnesota tackle; Butch Allison, Missouri defensive end.

San Diego: Milt Morin, Massachusetts end; Eric Crabtree, Pittsburgh flanker; Don Davis, Los Angeles State guard.

Miami: Norton; Jim Grabowski, Illinois fullback; Dick Leftridge, West Virginia fullback.

Kansas City: Francis Peay, Missouri tackle; Bob Dunleavy, West Virginia end; Gary Pettigrew, Stanford linebacker.

Houston: Stan Hindman, Mississippi guard; Jack O'Billovich, Oregon State linebacker; Dave Ellis, North Carolina State tackle.

Denver: Bob Hadrick, Purdue end; Howard Twilley, Tulsa end; Jerry Shay, Purdue tackle.

Buffalo: Bill Malinchak, Indiana end; Mike Dennis, Mississippi halfback; Bill Johnson, U. of the South halfback.

Boston: Klar Singer, Purdue guard; Ken Hollister, Indiana tackle; Jim Boudreaux, Louisiana Tech end.

NFL TARGETS

The NFL, meanwhile, was supposed to have drawn up a list of 13 must players to sign.

On that list were Norton and Grabowski and three players drafted last year as futures, Texas Tech running back Donnie Anderson, Missouri back Johnny Roland and Notre Dame lineman Dick Arrington.

Also on the list were defensive back Nick Rassas of Notre Dame, receivers Aaron Brown of Minnesota and Freeman White of Nebraska and lineman Larry Gagner of Florida, Bruce Van Dyke of Missouri, Walt Barnes of Nebraska, Carl McAdams of Oklahoma and Tommy Nobis of Texas.

Others likely to go early are quarterbacks Gary Snook of Iowa and Randy Johnson of Texas A&M, running backs Mike Garrett of Southern California and Roger Bird of Kentucky, linemen Harold Lucas of Michigan State and John Niland of Iowa and kickers Charlie Gogolak of Princeton and Dick Kenney of Michigan State.

NEW YORK (UPI)—UCLA, shooting for an unprecedented third straight National Collegiate Athletic Assn. championship, was the overwhelming pre-season choice of the United Press International board of coaches today to capture the 1965-66 major college basketball title.

Michigan and Minnesota, expected to battle for the Big Ten Conference championship, finished second and third, respectively, in the balloting of 35 coaches on the UPI rating board.

The UCLA Bruins received 29 first place votes despite the loss by graduation of All-Americas Gail Goodrich (UPI first team) and Keith Erickson (UPI third team). Michigan, with All-America Cazzie Russell returning, was the only other team to receive more than one first-place ballot, gathering a total of three. Minnesota, fourth-ranked St. Joseph's (Pa.) and seventh-ranked Providence were awarded the other top nominations.

Only two points separated fifth-ranked Duke, sixth-ranked Vanderbilt and Providence while Kansas grabbed the No. 8 spot. Bradley was placed nint and Brigham Young was 10th.

The Bruins have depth an balance and solid veterans suc as juniors Edgar Lacey (6-6 and Mike Lynn (6-7) an seniors Freddie Goss (6-1) Kenny Washington (6-3), Dou McIntosh (6-6) and Bruc Chambers (6-1).

Tulsa Wins Bowl Bid; Nebraska Cops 10th Straight

By BOB GREEN
Associated Press Sports Writer

Glenn Dobbs is not one to make rash decisions. So the Tulsa coach gave long and careful consideration to the invitation for his football team to appear in the Bluebonnet Bowl game.

It took, oh, about two seconds.

"It just so happens we can go," Dobbs said after his swift-striking Hurricane had stormed over Colorado State University 48-20 yesterday with the record-breaking passing combination of Billy Anderson to Howard Twilley setting still more national marks.

Tulsa, which finished at 8-2, will play Tennessee in the Dec. 18 game in Houston. Tennessee, 5-1-2, has two games left, including tomorrow's match with Vanderbilt.

"This is the greatest thrill of my life," said Twilley, who finished second in the Heisman Trophy voting and comes from a Houston suburb.

Anderson, who passed for a national record 502 yards against Colorado State, had to engineer a big last quarter. Leading only 21-20, Anderson clicked on last-quarter touchdown passes covering 60, 63, 51 and 13 yards.

NEBRASKA WINS

Nebraska, ranked third in the nation, closed out a 10-0 regular season, its first perfect season in 50 years, with a 21-9 comeback against Oklahoma; Texas rallied for a 21-17 decision over Texas A&M, Cornell crushed Penn 38-14 and Virginia Tech beat VMI 44-13 in the other ma-

jor Thanksgiving Day games.

The long football weekend continues tomorrow with a flock of traditional games, topped by the Army-Navy match in Philadelphia.

Probably the most important game is Alabama's meeting with Auburn in Birmingham. Both are bound for bowl games, and the winner takes the Southeastern Conference title with him.

Alabama, 7-1-1 and Nebraska's opponent in the Orange Bowl, is ranked fifth nationally and is favored. Auburn, bolstered by an invitation to the Liberty Bowl, is 5-3-1 over-all, but 4-0-1 in the SEC. Both 'Bama and Auburn were tied by Tennessee.

In some of the other traditional games, Gator Bowl-bound Georgia Tech plays Georgia, Boston College is at Holy Cross, Arizona at Arizona State, Florida State at Sugar Bowl-bound Florida, Mississippi at Mississippi State, Baylor at Rice and Southern Methodist at Texas Christian.

IRISH VS. MIAMI

Notre Dame, ranked sixth after losing last week's tough battle with Michigan State, closes out at Miami, Wyoming is at Southern California, Brigham Young at New Mexico, and West Texas State at Texas Western in others.

Colorado State played it close for three periods, but the spectacular Tulsa attack finally proved too much.

Anderson completed 37 of 57 passes for a record 502 yards. Five went for touchdowns. Twilley caught a record 19 of them, for two touchdowns and 214 yards.

In addition to his two touchdowns, Twilly kicked four extra points for a total of 16 points and a season output of 127, clinching the national scoring title. He's the first end ever to win it.

Anderson finished his regular season career with 11 national records, Twilley with 10.

Anderson holds records for most pass attempts in a game, 65; most attempts in a season, 509; most completions in a game, 42; most completions in a season, 296; most total plays in a season, 585; most total offensive plays in a season, 585; yards gained passing in a season, 3,464; total offense in a season, 3,343; and passing yardage in a game, 502.

Twilley's records include season touchdown catches, 16; career touchdown catches, 32; passes caught in a game, 19; passes caught in a season, 134; passes caught in a career, 261; yards gained received in a season, 1,779; yards gained receiving in a career, 3,343; touchdown passes caught in a game, 5; conversion passes caught in a season, 6; conversion passes caught in a career, 12.

SOONERS SURPRISE

Oklahoma took a surprising 9-7 halftime lead against Nebraska, but the Cornhuskers' Harry Wilson broke it open with two third period touchdowns, one on a 66-yard run and one on a 38-yard pass.

Texas' embattled Longhorns also had to overcome a 17-0 A&M halftime lead and the morale-shaking effect of a trick play that netted 91 yards and a touchdown. Jim Helms smashed over for two last period Texas touchdowns that enabled the Longhorns to finish with a 6-4 record.

The trick play involved a lateral, which appeared to be an incomplete pass. After slamming the ball on the ground in disgust, and while the defenders were trotting back to position, Harry Ledbetter scooped up the ball, hurled a pass to Ken McLean, who trotted in with a 91-yard touchdown play.

SERVICE CLASSIC

Navy Favored In 'Nothing' Battle

By JIM HACKLEMAN

PHILADELPHIA (AP) — Army and Navy meet in their annual football classic tomorrow, climaxing what truly has turned into a one-game season for both teams.

The cliche of Army-Navy meaning everything for the service squads, of what has gone before meaning nothing, is a reality this time. Both go into the showdown with mediocre records, no outside prestige at stake, and no glamorous stars to show off.

Nonetheless, the usual enthusiastic crowd of some 100,000 will pack mammoth John F. Kennedy Stadium in Philadelphia for the extravaganza, which will be nationally televised by NBC starting at 10:30 a.m., PST.

Navy is rated a touchdown favorite. The Middies have a 4-4-1 record in their first season under Coach Bill Elias, against somewhat sterner opposition than Army faced.

Army, in Paul Dietzel's fourth year as West Point coach, has won four and lost five.

Both teams field strong, aggressive defenses but Navy should have the definite edge on attack with a more diversified and balanced offense. Army relies heavily on a running game that has been less than dazzling, while the Cadets' passing is so spotty that even Navy professes to have no fear of it.

Defensively, Army is something to watch, however. Townsend Clarke, a fierce and clever 210-pound linebacker, leads the unit that also has standouts in linebacker Pete Braun, tackle John Carber, middle guard Vince Casillo, ends Tom Schartz and Sam Champi, and back Don Dietz.

Braun, Carber and Champi will play both ways for West Point.

Navy's defense emphasizes constant, quick pressure with fast-changing alignments and lots of blitzing. Don Downing, Gary Gray, Chris Hoch, Ron Buschbom and Fred Moosally are among the Middies who will be firing in.

Both sides have made backfield changes for this finale, and Army probably will go with a new formation. The Cadets are expected to switch from flanker-T to wing-T, discarding the wide man for another runner.

Army's starting backs include Curt Cook at quarter, Sonny Stowers and Fred Barofsky at half, and Mark Hamilton at full. Stowers is the top West Point ball carrier and prime offensive weapon. Barofsky has alternated at quarterback and fullback, and could be utilized on pass-run options.

To counteract Navy's driving defense, Army might be forced to pass more than usual.

To give the Middies more experience and better blocking, Elias is starting two fullbacks, 5-foot-6, 200-pound Danny Wong and rangy Al Roodhouse, along with two sophomores, quarterback John Cartwright and halfback Rob Taylor.

Roodhouse replaces Terry Murray, a sophomore halfback who is Navy's leading ground gainer.

In points scored and allowed, the two rivals are amazingly close. Navy has scored 121, allowed 122, and Army's figures are 112-125. Navy tied Stanford, a team that whipped Army, and both lost to powerful Notre Dame.

The Middies have dominated the 75-year-old series in the post-World War II period and had a string of five straight victories going last year when the West Pointers sprang an 11-8 upset. Over-all Army leads 31-29-5.

Emotions are running high for the game, as usual, on the teams, at the two academies, and among graduates the world over. And there will be the usual colorful pageantry, with the entire Middie brigade of 4,000 and the 3,000-man Corps of Cadets on hand for the show.

Both teams will arrive in Philadelphia today and work out this afternoon at the stadium.

PREP BASKETBALL

Two Marin Quintets Win, But Three Lose

Wednesday was a bad day for Marin varsity basketball teams, as only two of five Marin League teams could manage wins over their out-of-town opponents. Fortunately, they were only practice games—the league season does not start until January.

Redwood was the big winner, as Dick Hart's Giants swamped the Analy Tigers 82-55. Shooting 47 per cent from the floor and 67 per cent from the free throw line, the Giants got every man on the team into the scoring column, but Russ Smith and Jack Fitzhenry were the big guns with 20 and 17, respectively. Andre Horn, with 11 points, and Bruce McGee, with 10, also twisted the Tigers' tails.

At the half Redwood led only by the slim margin of 35-27, but the Giants exploded for 32 points in the third quarter to put the game on ice. Redwood was strong off the boards, too, as Chuck Meyer and Duncan Williams paced them with eight rebounds each.

"Of course, I'm happy with the win," said Coach Hart, but he added, "We weren't trying to pour it on."

The Redwood "B" team also routed the Analy "B's" by an overwhelming 65-20 total. Bill Green led the scoring with 12 points.

SAN RAFAEL WINS

The other local victor was San Rafael, winning a 41-39 thriller over Sonoma. Dick Draney, a 6-foot 3-inch senior, scored the bucket that put the Bulldogs ahead to stay; he led the team with 18 rebounds and scored eight points as well.

The leading scorers for San Rafael were John Farrar and Joe Cunningham with 10 points each. Jim Magliulo led the defense, running all over the court to pick off seven interceptions.

The Tamalpais Indians traveled to Forestville to play El Molino High. A new school—this is only their second year—the Lions were supposed to be a weak team. They belied their reputation by scoring the most points in their history to scalp the Indians 66-63 in overtime.

The Tam "B" team had more success, winning 49-43.

Terra Linda dropped a 59-58 thriller to a San Francisco team, Lick-Wilmerding, but the Trojans got the most out of the practice game as Coach George Starn played his whole squad in the first half.

PERRON STARS

Six-foot senior Brian Perron was the only Trojan in double figures, but he scored enough for two; he canned six field goals and six free throws for 20 points, and he pulled down nine rebounds as well.

The Trojans trailed by only a single point, 32-33, at the half, and they pulled ahead for a while in the third quarter, but the visitors broke loose to take an eight-point lead with just three minutes to play. The Trojans came storming back to tie it at 57 all, but the visitors made two free throws to the Trojans' one, and that was that.

Despite the loss, Coach Starn considered the game a success; everyone got a chance to play and they still kept the score close.

The Marin Catholic Wildcats played another tough opponent—their Alumni. Pat Waltz scored 14 points and Bob Lombardi hauled down 13 rebounds, but it wasn't enough as the Wildcats bowed, 61-46.

Ex-Paratrooper Shoots 66 To Lead Cajun Golf Event

By BEN THOMAS

LAFAYETTE, La. (AP) — Two blond giants who hit a golf ball a country mile were in the spotlight today as the $30,179 Cajun Classic — traditionally the final tourney on the PGA national circuit each year — went into its second round.

One is Jack Nicklaus, who not only has won two Masters' titles but has become the master of about all he can see on the fairways in just four years.

The other is Paul Bondeson, a 25-year-old ex-paratrooper who has never won a tournament. He had to lay off the tour during the summer to get what he calls his attitude straightened out.

By attitude, Bondeson — who made his first start in a PGA tourney at the Cajun Classic four years ago — means his tendency to get rattled and despondent over a bad shot and blow sky high.

Bondeson cut six strokes off par for a 66 and the first round lead in the Cajun Classic yesterday. A bogey on the final hole, a par 3 with a yawning lagoon in front of the green which he overshot, kept the handsome swinger from having a 65.

There's another golfer in good position to win his first tournament. John Josephson, a youngster from New Jersey who's playing in his first PGA tourney, carded a 68 and shared second place two strokes behind Bondeson with eight others including tour fixtures Frank Beard and Bert Weaver. No pro — not Nicklaus, nor Arnie Palmer, nor Gary Player — ever won his first time out.

Nicklaus, despite trouble with two par 5 holes remained in contention with a 69.

The Golden Bear electrified the gallery following him on the beautiful 75 degree Thanksgiving Day by booming a drive almost 400 yards on one par 5. Then he took a nine iron and hit the pin. The ball rolled past two feet and the Columbus, Ohio shotmaker tapped it in for an eagle.

Bondeson also got an eagle on a par 5, using a four wood on his second shot to place the ball four inches away from the cup.

It wasn't Nicklaus' power that got him into trouble twice for bogeys on two of the long holes. The experts who analyze big Jack's game say the weakest part is his short iron game — it wasn't weak at all with that nine iron to the pin on No. 11 — and the bogies came when his approach shot each time went into bunkers and he had bad sand shots.

"I didn't play well," said Nicklaus, "but I didn't play badly."

Bondeson has come close to a tour title in his four years and the Cajun Classic for the past three years has been won by a pro getting his first victory.

"I quit the tour after a bad spring," he said. "I worked in Rhode Island for a while and came back in August. I've got my attitude straightened out now. I've been in the money the past five tournaments and each time I've gotten a bigger check."

Bondeson won over $12,000 last year. This year he's picked up only $6,480 with most of that since August.

N.Y. Rangers Fined $1,800 For Brawls

MONTREAL (AP) — New York Ranger General Manager Emile Francis and a dozen of his players are carrying lighter wallets today after National Hockey League President Clarance Campbell levied $1,800 in fines for their part in last Sunday night's brawl at Madison Square Garden.

Campbell fined Francis $250, tagged seven Rangers $150 each and five others $100 apiece for the melee which resulted after Francis left his side arena seat to argue over a disputed Detroit goal with judge Arthur Reichert.

The peppery general manager was exchanging angry words with Reichert when an unidentified fan joined the hassle. Suddenly the fan and Francis began throwing punches.

When they saw their GM in the middle of the hassle, several Ranger players scaled the 10-foot glass partition and came to Francis' aid. Fined $100 each for leaving the ice were Vic Hadfield, Earl Ingarfield, Johnny McKenzie, Arnie Brown and Harry Howell.

Seven other Rangers left the New York bench and went into the stands. Campbell tagged each of them — Don Simmons, Mike McMahon, Wayne Hillman, Larry Mickey, Rod Seiling, Garry Peters and Lou Angotti — $100 for going into the stands and an extra $50 apiece for leaving the bench.

It took Garden police 10 minutes to separate the players from the milling fans and Francis suffered a two-stitch cut over his left eye.

Pan American Retires Last Piston Plane

SAN FRANCISCO — An era ended today when Pan American Airways made its last scheduled piston plane flight over the Pacific.

It was a Douglas DC-7C which made its final journey from Pago Pago, American Samoa, to Nandi in the Fijis, carrying 26 passengers who toasted the event in champagne.

After its flight to the Fijis, the venerable piston-driven plane, which started service in 1956, will be ferried via Honolulu to San Francisco where it will be used in pilot training.

Retirement of the last reciprocating engine plane came almost on the nose of the 30th anniversary of Pan Am's pioneer flight in the Pacific on Nov. 22, 1935, when the China Clipper flew from San Francisco to Manila.

Motor vehicle miles traveled in California have increased by 30 per cent since 1960, bringing the present annual total to 86 billion vehicle miles.

Farm Exports At Record High

WASHINGTON (AP) — Exports of U.S. farm products reached a record high last year, while imports fell off slightly.

The result was an increase in the favorable balance of trade from agricultural dealings.

An Agricultural Department report today put exports for the fiscal year that ended June 30 at $6.1 billion and predicted they will increase to $6.2 billion this year.

Passenger Record On Way For TWA

SAN FRANCISCO—An all-time single day's passenger boarding record was in the making today for Trans World Airlines on the eve of a heavily traveled Thanksgiving weekend.

TWA's reservations department is expecting more than 2,500 passengers on 30 scheduled jet departures. The previous record of 2,438 passengers departing TWA flights from the Bay Area's co-terminals of Oakland and San Francisco was set Sept. 3 during the Labor Day weekend.

Ship-Shore Teleprinter Now In Use

SAN FRANCISCO — A ship to shore teleprinter exchange service that will enable ships to "converse" with their home offices by teleprinter was announced today by ITT World Communications Inc., a subsidiary of International Telephone and Telegraph Corp.

A teleprinter installed aboard the S.S. Philippine Bear and a similar unit in the office of the Pacific Far East Lines "talked" to each other today.

A sister ship, the S.S. China Bear, also will employ Marine Telex when it departs for the Far East next month. Service will be extended to other units of the Pacific Far East Lines at a later date.

In addition to Telex subscribers in the United States, ships will have direct access to subscribers in more than 100 countries via ITT Worldcom's coastal stations and international Telex network.

"Because of its comparatively low cost, ship to shore Telex will enable vessels to transmit and receive a larger volume of information than is now possible with Morse code and other forms of marine communication," said James R. McNitt, president of ITT Worldcom.

Gun Lack Worries Air Defense Command

By DONALD ZYLSTRA
Advance News Service

WASHINGTON — More than 135 U. S. planes, many of them jets, have been destroyed in the air war over North Viet Nam.

Yet only eight of these aircraft, which include some of the fastest and most maneuverable the United States has, have been brought down by missiles.

This means that guns, in fixed anti-aircraft sites and in the hands of mobile ground troops, have achieved the destruction of more than 95 per cent of all U. S. aircraft lost in North Viet Nam action.

In South Viet Nam, most of the aircraft lost have been helicopters and all have been shot down by guns. (There is no indication the Viet Cong have used missiles in anti-air warfare in South Viet Nam.) Viet Cong guns brought down five spotter aircraft in a single day's action south of Saigon this week.

This surprising effectiveness of guns against U. S. aircraft is prompting U. S. field commanders and strategists to reconsider the place of gunnery in modern warfare.

This question has been raised: If guns can be used with such telling effect against some of our best aircraft as well as against slower helicopters, how will U. S. ground forces defend themselves against enemy aircraft when the occasion arises?

Because the Communists have not mounted an air offensive in the Vietnamese War, U. S. commanders haven't had opportunities to compare their own anti-aircraft guns and missiles under battle conditions.

But should army ground commanders in Viet Nam have to face enemy airplanes any time soon, they would have only missiles to fire against them. The Army began phasing out all anti-aircraft guns in 1957.

By 1962, all these anti-aircraft guns had been removed from regular Army units. Only the reserves continue to drill with them. Anti-aircraft guns in the regular Army are now replaced by Hercules and Hawk anti-air missiles.

Impressed by the lessons learned by Air Force and Navy planes in raids over North Viet Nam, the Army is now planning a return to guns as a ground-to-air weapon to complement its anti-aircraft missiles.

After canceling the development of the Mauler missile system, described as a Hawk missile battery mounted on a single-tracked vehicle, the Army is faced with plugging a gap in its front-line ground-to-air defenses.

Chaparral, a tracked vehicle carrying four Sidewinder missiles, is being rushed to production as part of the answer. It features the adaptation of Sidewinder, a highly effective air-to-air missile, for firing from the ground by mounting four of them on a mobile, tracked vehicle.

Groups of army technicians and strategists are now considering the merits of three new anti-aircraft guns and will soon choose one to be used in combat, along with Chaparral, to give troops in forward areas light, quick-reacting protection against hostile planes.

The new gun to be chosen will be a light-caliber type and will be mounted on a vehicle. Guns under consideration include the Hispano-Suiza, a revolving six-barrel weapon which operates on the Gatling gun principle, and a husky twin-barrel 40 millimeter anti-aircraft weapon called the "Duster."

The Army, although it abandoned its anti-aircraft guns, has never departed from guns in ground warfare because of their superior accuracy over rockets at relatively short ranges.

The Navy has always kept its guns, in both the surface and anti-aircraft functions. The Navy's newest shore assault ships being readied for use in Southeast Asia feature a deliberate mix of missiles and guns as large as five inches.

Because the Navy has recognized gun value and accuracy at short range over missiles, it has continued to develop and improve its guns. The newest heavy Navy gun used in a dual anti-aircraft or surface-to-surface role is a five-inch 54-caliber model, capable of firing as many as 40 rounds a minute.

One of the considerations prompting retention of guns in the Navy is the stowage and ammunition supply problem. Once guns are within range, they can place explosives on a target with greater accuracy than missiles.

A supply of shells for guns can be carried in much less space than is needed for equivalent-caliber missiles.

Viet Nam Malaria Immune To Drugs

By CHARLES SCHAEFFER
Advance News Service

WASHINGTON—American servicemen in South Viet Nam are facing a microscopic enemy as "perfidious and uncanny" as the Viet Cong.

It is a strain of malaria resistant to even the newest drugs.

A medical scientist blames postwar overconfidence for the letup in research, permitting the malaria comeback.

Dr. Clay G. Huff of the Naval Medical Research Institute here said malaria among U.S. fighting men is a "serious problem." The number of cases, however, is classified as secret.

Dr. Huff told the annual meeting of the association of military surgeons that U.S. medical schools have virtually stopped teaching courses on the disease. "As a result, our newer generation of physicians has little or no knowledge of the diagnosis, clinical course, pathology, or treatment of malaria."

Drug resistant malaria was detected in South Viet Nam more than a year ago and so far has eluded efforts to bring it to bay.

But the actual immunity of some strains began building up even before then.

Dr. Huff said malaria had staged its comeback in three "discouraging" steps. First, many species of the anopheline mosquito have developed resistance to even the toughest long-lasting insecticide.

Other species have gradually acquired defenses against the early anti-malaria drugs developed after World War II.

The third and "most disconcerting discovery" has been the resistance to the new drug chloroquine to a severe form of malaria, the type called malignant tertian malaria. To treat these cases, doctors have been forced to switch to quinine, which is in short supply. It also causes unpleasant side effects.

Dr. Huff called for medical science to get back on a research track aimed at eradicating a disease threatening millions of persons around the world. Malaria is passed to humans by species of mosquitoes which pick up the tiny parasite in biting already infected victims, either man or animal.

For the first time, Dr. Huff says, he and other researchers have been able to grow and make electron microscope motion pictures of bird malaria parasites in egg embryos.

This is a research step, he said in an interview, that may help bare the life process of the stubborn parasite and perhaps lead to ways to break down the drug resistance in the human malarial culprit.

Dr. Huff said researchers have only recently pinpointed three species of monkey malaria parasites that are known to affect men. Still there is a large "information gap" about the disease.

"The species of mosquitoes which transmit malaria are legion. Their breeding habits, biting preferences, resting places and many other aspects of their biology are poorly known," he said.

Col. William D. Tigertt, director of the Walter Reed Institute of Medical Research here, said bubonic plague is a problem among the natives of Viet Nam, who are just about at the "iron age" of civilization.

Upwards of 4,000 cases have been uncovered in 1965, he said, representing just a fraction of the real problem because of poor disease reporting methods.

Because of an effective vaccine, he said, plague is not a problem among American troops. He said there was no evidence of the disease among U.S. servicemen.
